<b>State</b>	Kentucky
<b>Demonstration name</b>	SUD Demonstration, Kentucky Helping to Engage and Achieve Long Term Health ( KY HEALTH)
<b>Approval date for demonstration</b>	January 12, 2018
<b>Approval period for SUD</b>	January 12, 2018 – September 30 , 2023
<b>Approval date for SUD, if different from above</b>	Enter approval date for the SUD demonstration as listed in the demonstration approval letter if different from above (MM/DD/YYYY).
<b>Implementation date of SUD, if different from above</b>	7/1/2019

<p><b>SUD (or if broader demonstration, then SUD - related) demonstration goals and objectives</b></p>	<p>Effective upon CMS’ approval of the SUD Implementation Protocol, as described in STC 93, the demonstration benefit package for all Medicaid beneficiaries as authorized by this demonstration will include OUD/SUD residential treatment, crisis stabilization and withdrawal management services provided in IMDs, which are not otherwise matchable expenditures under section 1903 of the Act. Medicaid beneficiaries residing in IMDs under the terms of this demonstration will have coverage of all benefits that would otherwise be covered if the beneficiary were not residing in an IMD. Effective upon CMS’ approval of this demonstration, methadone treatment services will be a covered service under the state plan for Medicaid beneficiaries.</p> <p>The coverage of OUD/SUD residential treatment, crisis stabilization, withdrawal management and methadone treatment services will expand Kentucky’s current SUD benefit package available to all Medicaid beneficiaries. Note: room and board costs are not considered allowable costs for residential treatment service providers unless they qualify as inpatient facilities under section 1905(a) of the Act.</p> <p>A waiver of the NEMT assurance is granted for methadone treatment services to allow the state not to provide NEMT for methadone services to all Medicaid beneficiaries, except that NEMT for methadone services will be provided for children under age 21 who are subject to EPSDT, former foster care youth, and for pregnant women. (A waiver of the NEMT assurance for all other Medicaid covered services is granted for beneficiaries eligible through the new adult group, as defined in 42 CFR 435.119, except for beneficiaries in that group who are under age 21 and subject to EPSDT, pregnant, medically frail, survivors of domestic violence, or former foster care youth.)</p>

## 2. Executive Summary

*The executive summary should be reported in the fillable box below. It is intended for summary-level information only. The recommended word count is 500 or less.*

During this reporting period the state awaited the oral arguments with the appellate court and an ultimate court ruling on the program. Kentucky HEALTH did continue to maintain courses designed for the My Rewards account. These courses are housed in a learning management system accessible to beneficiaries. Course topics include health, life skills and employment focused subjects. Conducted a My Rewards webinar on August 29, 2019 to connect with stakeholders who may have courses to submit.

The program has maintained the Community Forum platform to connect with stakeholders to announce program updates and host local community partners and other key information about support programs. During this reporting period, forums were held in person as well as virtually in Frankfort, Covington, Louisville, and Hazard, Kentucky.

Participated in the Kentucky Nonprofit Leadership forum, Kentucky Health Benefit Exchange monthly meetings, KWIB Board Meetings, DCBS Change Agent meetings to provide an update on the Kentucky HEALTH program.

Maintained bi-weekly Program Status and communication meetings to manage activity within the SUD component, and support communication needs and effort program wide.

Substance Use Disorder (SUD) component of KY HEALTH continues with a phased rollout. Phase one was implemented July 1, 2019 with effective State Plan Amendment and Administrative Regulation changes. These changes included adding coverage of methadone for Medication Assisted Treatment (MAT) in Narcotic Treatment Program, allowing service planning for SUD treatment, requiring utilization of the ASAM Criteria across the continuum, incorporated withdrawal management when at the appropriate levels, allow partial hospitalization in a Behavioral Health Service Organization (BHSO), and require care coordination within residential treatment.

SUD Phase One system changes were deployed 6/20/19 to allow providers to perform maintenance updates in Partner Portal, self-identifying SUD providers and newly enrolling Narcotic Treatment Programs. These maintenance updates were reviewed by the DMS Provider Licensing and Certification Branch before being transmitted to MCOs to facilitate claims processing. Beginning 7/1/2019 providers began submitting claims for SUD treatment in outpatient and residential facilities.

SUD Phase Two planning began July 1, 2019 to include Administrative Regulations changes and implementing the DMS Residential Provisional Certification for ASAM Level of Care. The residential provisional certification process was designed during this reporting period, as well as vendor joint application design (JAD) sessions to facilitate systems changes needed to implement the provisional residential LOC certification.
