U.S. Department of Health and Human Services  
200 Independence Avenue S.W.  
Washington, D.C. 20201

Dear Administrator Brooks-LaSure:

I am pleased to submit an amendment to the State of Utah's Special Terms and Conditions for the Medicaid Reform 1115 Demonstration. This amendment seeks approval to allow individuals to provide Long Term Services and Supports (LTSS) to individuals with behaviorally complex conditions. One LTSS provider will be selected through a Request for Proposal process.

The State of Utah appreciates your consideration of this amendment request. We look forward to the continued guidance and support from CMS in administering Utah's Medicaid Reform 1115 Demonstration.

Respectfully,

[Redacted Signature]

Jennifer Strohecker (Dec 19, 2022 13:57 MST)

Jennifer Strohecker

## Section 1115 Demonstration Amendment

### Long Term Services & Supports for Behaviorally Complex Individuals

#### Section I. Program Description and Objectives

Within the Medicaid population, there are individuals with behaviorally complex (BC) conditions that originate from a variety of complex medical, organic, cognitive, psychiatric and behavioral conditions. Individuals with BC conditions are a challenging population and present placement difficulties, especially when transitioning from inpatient to Long Term Services & Supports (LTSS) coverage and service options. Because limited options exist for individuals with BC conditions, transitions result in failed placements/discharges from inpatient facilities resulting in extended stays in higher levels of care than necessary. Examples include individuals discharged from the Utah State Hospital, or individuals discharged from a skilled nursing facility (SNF) who are later hospitalized but unable to return to a SNF due to significant behavioral issues. This amendment seeks approval from CMS to provide Long Term Services and Supports (LTSS) to individuals with behaviorally complex conditions. One LTSS provider will be selected through a Request for Proposal process.

#### Goals and Objectives

Under Section 1115 of the Social Security Act, States may implement “experimental, pilot or demonstration projects which, in the judgment of the Secretary [of Health and Human Services] is likely to assist in promoting the objectives of [Medicaid]”. The State believes this demonstration is likely to promote the objectives of Medicaid by improving participant health outcomes and quality of life. Providing these services will make it possible for Medicaid eligible members with BC conditions to receive appropriate LTSS coverage and services that have not been previously available. The Utah State Legislature has appropriated funding to facilitate the transition of individuals with BC conditions from an inpatient setting to LTSS in NF's and home and community based settings. The State is seeking flexibility to offer treatment alternatives which promote integration and transition to home and community-based placements where individuals may otherwise be placed in inpatient psychiatric settings due to lack of less-restrictive options.

### Operation and Proposed Timeline

The demonstration will operate statewide. The State intends to implement the proposed benefit as soon as possible after approval, but not before January 1, 2024. The State requests to operate the demonstration through June 30, 2027.

### Demonstration Hypotheses and Evaluation

With the help of an independent evaluator, the State will develop a plan for evaluating the hypothesis indicated below. Utah will identify validated performance measures that adequately assess the impact of these demonstrations to beneficiaries. The State will submit the evaluation plan to CMS for approval.

The State will conduct ongoing monitoring of this demonstration, and will provide information regarding monitoring activities in the required quarterly and annual monitoring reports.

The following hypothesis will be tested during the approval period:

Hypothesis	Anticipated Measure(s)	Data Sources	Evaluation Approach
This demonstration facilitates timely transition of members with BC conditions to receive LTSS through institutional and home and community-based services. Each placement represents an individual moving from a more restrictive setting, like an inpatient psychiatric setting, to a less restrictive setting of care.	<ul style="list-style-type: none"> <li>• Number of individuals served under this demonstration</li> </ul>	<ul style="list-style-type: none"> <li>• MMIS Data Warehouse</li> </ul>	Independent evaluator will design quantitative and qualitative measures to include quasi-experimental comparisons.

## Section II. Demonstration Eligibility

Medicaid eligible individuals eligible under this demonstration must meet the following requirement:

- Medicaid members who have one or more complex medical, organic, cognitive and psychiatric and/or behavioral conditions that result in difficulty finding appropriate LTSS options.

## Projected Enrollment

The projected enrollment for the demonstration population is a maximum of 50 Medicaid members at a time.

## Section III. Demonstration Benefits

If approved under this demonstration, qualified Medicaid members will be eligible to receive the following services:

- Ability to receive rehabilitative services in a skilled nursing facility with professionals who are licensed to provide care to individuals with substance use disorder, severe mental illness, or other behaviorally complex conditions.

## Section IV. Delivery System

Services for Demonstration members will be provided initially through fee for service (FFS). At a future date, the State may continue delivery of these services through FFS or may transition delivery of these services to managed care under 1915(b) authority or by amendment to the Demonstration.

## Section V. Delivery System

Eligible individuals will be enrolled in the demonstration as of the implementation date of this amendment.

## Section VI. Demonstration Financing and Budget Neutrality

Refer to Budget Neutrality- Attachment 1 for the State's historical and projected expenditures for the requested period of the demonstration.

Below is the projected enrollment and expenditures for the remaining demonstration years.

	DY22 (SFY 24)	DY23 (SFY 25)	DY24 (SFY 26)	DY25(SFY 27)
--	---------------	---------------	---------------	--------------

Enrollment	50	50	50	50
Expenditures	\$5,746,800	\$6,034,100	\$6,335,800	\$6,652,600

### Section VII. Proposed Waiver and Expenditure Authority

The State requests the following proposed waivers and expenditure authority to operate the demonstration.

Waiver and Expenditure Authority	Reason and Use of Waiver
Section 1902(a)(10)(B)- Amount, Duration, and Scope of Services and Comparability	To enable the State to vary the amount, duration, and scope of services provided to individuals in the demonstration group.
Section 1902(a)(23)(A)- Freedom of Choice	To enable the State to restrict freedom of choice of providers for the population affected by this demonstration.

### Expenditure Authority

The State requests expenditure authority to provide LTSS for individuals with BC conditions through institutional services.

### Section VIII. Compliance with Public Notice and Tribal Consultation

#### Public Notice Process

Public notice of the State's request for this demonstration amendment, and notice of public hearing were advertised in the newspapers of widest circulation and sent to an electronic mailing list. In addition, the abbreviated public was posted to the State's Medicaid website at <https://medicaid.utah.gov/1115-waiver>.

Two public hearings to take public comment on this request were held. The first public hearing was held on December 12, 2022 from 3:00 pm to 4:00 pm. The second public

hearing was held on December 15, 2022, from 2:00 to 4:00 pm, during the Medical Care Advisory Committee (MCAC) meeting. Both public hearings were held via video and teleconferencing. The state received nine comments from individuals and agencies. This includes comments provided during both public hearings, email and online portal comments, and mailed comments. The State reviewed and considered all public comments received.

Commenters were generally in support of the amendment but had several concerns. One commenter was concerned with Utah's low funding rates. Two commenters were concerned with the amendment's broad eligibility requirements. Another commenter asked when Utah expects to implement the amendment and how long an individual would be served under the demonstration. The commenter also asked what the transition process (out of the facility and back into the community) would entail and if the state felt it was feasible to find a skilled nursing provider that is able to provide all of the necessary support in this setting. Several commenters expressed concern with these individuals being institutionalized and one was concerned that these individuals' civil rights would be violated. The commenter stated it was unclear why these individuals cannot be served in community based settings and wondered how other programs would interact with this demonstration. Another commenter stated the amendment is too general in its presentation for approval and recommended tabling the amendment for further review and discussion.

In response to these concerns, the state explained the demonstration is designed to be a short term placement and may include a rate structure where reimbursement is higher for the first 60 days, then decreases for longer stays. The intent of the funding is to build the capacity to serve these individuals in a lower level of care than an inpatient setting, which allows members to stabilize and transition back into the community. In regards to broad eligibility, the intent is to serve individuals by multiple specialists.

### **Public Comment**

The public comment period was held November 24, 2022 through December 23, 2022.

### **Tribal Consultation**

In accordance with the Utah Medicaid State Plan, and section 1902(a)(73) of the Social Security Act and the Utah Department of Health (UDOH) Intergovernmental Policy 01.19 Formal UDOH Tribal Consultation and Urban Indian Organization Conferment Process Policy

<https://healthnet.utah.gov/download/policies/edo-admin/01.19-Formal-UDOH-Tribal-Consu>

[ltation-UIO-Conf-Policy.pdf](#) , the State ensures that a meaningful consultation process occurs in a timely manner on program decisions or policy impacting Indian Tribes and the Urban Indian Organization (UIO) in the State of Utah. The state notified the UDOH Indian Health Liaison of the waiver amendment. As a result of this notification, the state began the tribal consultation process by attending the Utah Indian Health Advisory Board (UIHAB) meeting on December 9, 2022 to present this demonstration amendment.

One commenter asked if this would be a statewide program. The state explained that it will be a sole source contract with a single facility but that members statewide could obtain services from the site.

### **Tribal Consultation & Conferment Policy Process**

In the event that a grant, project, policy, waiver renewal or amendment is requested, the Office of AI/AN Health Affairs is contacted. If the request is within the 90 days of submission, the Office's AI/AN Health Liaison will provide an opportunity for presentation to the Utah Indian Health Advisory Board (UIHAB) Tribal and UIO representatives. The Liaison will request an executive summary of the materials to be included in the distribution of the meeting agenda and materials to the UIHAB representatives and Tribal leadership. The information is disseminated to the UIHAB representatives and leadership at least 10 days prior to the meeting for review. During the UIHAB meeting, presenters will address any questions or concerns raised by the representatives. If the UIHAB representatives provide resolutions to or are in agreement with the changes, amendments they will make a motion to pass or support by a majority. If additional Consultation is required, the UIHAB will inform the presenters of that need at that time. If a Tribal or UIO representative would like to have the presentation provided to their leadership, they can also make a formal request at that time. The Office of AI/AN Health Affairs will coordinate with the presenter and the UIHAB representatives or the Tribe or UIO to schedule an additional Consultation or Conferment meeting on the issue(s) or concern(s) raised.

Description/Agenda:

## Integrated Behavioral Health Services and Long-Term Services and Supports for Behaviorally Complex Individuals Public Hearings

The Utah Department of Health and Human Services, Division of Integrated Healthcare will hold public hearings to discuss two amendments to Utah's Medicaid Reform 1115 Demonstration. The Department will also accept public comment regarding the amendments online, by email, or mail during the public comment period from November 24, 2022, to December 23, 2022.

Utah Medicaid is requesting authority to implement provisions of Senate Bill 41 'Behavioral Health Services Amendments', which passed during the 2022 Utah Legislative General Session. This amendment seeks approval from the Centers for Medicare & Medicaid Services (CMS) to allow individuals to receive existing state plan-covered physical and behavioral services through a contracted local mental health authority, which will be selected through a Request for Proposal process.

Utah Medicaid is also requesting authority to implement a second amendment to Utah's Medicaid Reform 1115 Demonstration. This amendment seeks approval from CMS to provide Long Term Services and Supports (LTSS) to individuals who have behaviorally complex conditions. One LTSS provider will be selected through a Request for Proposal process.

Public Hearings:

The Department will conduct two public hearings to discuss the demonstration amendments. The dates and times are listed below. Due to the COVID-19 public health emergency, both public hearings will be held via video and teleconferencing.

Monday, December 12, 2022, from 3:00 pm to 4:00 pm.

Video Conference: Google Meet Meeting [meet.google.com/dtv-read-thf](https://meet.google.com/dtv-read-thf)

Or join by phone: (US) +1 209-806-3237 PIN: 354 734 298 #

Thursday, December 15, 2022, from 2:00 to 4:00 pm, during the Medical Care Advisory Committee (MCAC) meeting

Video Conference: Google Meet Meeting [meet.google.com/hdo-xdkn-yvt](https://meet.google.com/hdo-xdkn-yvt)

Or join by phone: (US) +1 405-696-0719 PIN: 248 965 765 #

Individuals requiring an accommodation to fully participate in either meeting may contact Laura Belgique at [lbelgique@utah.gov](mailto:lbelgique@utah.gov) or (801) 538-6241 by 5:00 p.m. on December 8, 2022.

Public Comment:

A copy of the public notice and proposed amendments are available online at:

<https://medicaid.utah.gov/1115-waiver/>

The public may comment on the proposed amendment requests during the public comment period from

November 24, 2022, to December 23, 2022.

Comments may be submitted using the following methods:

Integrated Behavioral Health Services and Long- Term Services and Supports for Behaviorally Complex Individuals Public Hearings The Utah Department of Health and Human Services, Division of Integrated Healthcare will hold public hearings to discuss two amendments to Utah's Medicaid Reform 1115 Demonstration.

TOTAL COST

\$235.40

**Integrated Behavioral Health Services and Long- Term Services and Supports for Behaviorally Complex Individuals Public Hearings**

The Utah Department of Health and Human Services, Division of Integrated Healthcare will hold public hearings to discuss two amendments to Utah's Medicaid Reform 1115 Demonstration. The Department will also accept public comment regarding the amendments online, by email, or mail during the public comment period from November 24, 2022, to December 23, 2022.

Utah Medicaid is requesting authority to implement provisions of Senate Bill 41 "Behavioral Health Services Amendments", which passed during the 2022 Utah Legislative General Session. This amendment seeks approval from the Centers for Medicare & Medicaid Services (CMS) to allow individuals to receive existing state plan-covered physical and behavioral services through a contracted local mental health authority, which will be selected through a Request for Proposal process.

Utah Medicaid is also requesting authority to implement a second amendment to Utah's Medicaid Reform 1115 Demonstration. This amendment seeks approval from CMS to provide Long Term Services and Supports (LTSS) to individuals who have behaviorally complex conditions. One LTSS provider will be selected through a Request for Proposal process.

**Public Hearings:**

The Department will conduct two public hearings to discuss the demonstration amendments. The dates and times are listed below. Due to the COVID-19 public health emergency, both public hearings will be held via video and teleconferencing.

- Monday, December 12, 2022, from 3:00 pm to 4:00 pm.
  - Video Conference: Google Meet Meeting [meet.google.com/dtv-read-thf](https://meet.google.com/dtv-read-thf)
  - Or join by phone: (US) +1 209-806-3237 PIN: 354 734 298 #
- Thursday, December 15, 2022, from 2:00 to 4:00 pm, during the Medical Care Advisory Committee (MCAC) meeting
  - Video Conference: Google Meet Meeting [meet.google.com/hdo-xd-ku-yvt](https://meet.google.com/hdo-xd-ku-yvt)
  - Or join by phone: (US) +1 405-696-0719 PIN: 248 965 765 #

Individuals requiring an accommodation to fully participate in either meeting may contact Laura Belgique at [lbelgique@utah.gov](mailto:lbelgique@utah.gov) or 1 (801) 538-6241 by 5:00 p.m. on December 8, 2022.

**Public Comment:**

A copy of the public notice and proposed amendments are available online at: <https://medicaid.utah.gov/1115-waiver/>

The public may comment on the proposed amendment requests during the public comment period from November 24, 2022, to December 23, 2022.

Comments may be submitted using the following methods:

### Questions:

Andrew Riggle asked a couple of questions. 1. on the population eligibility for the behavioral complex amendment, who would be eligible for this, how would their eligibility be determined? 2. Would this be a contract with a single facility? 3. Is this a short-term placement? 3.1. How long would an individual be served under this program, and how would transition out of the facility be happening?

Brian Roach mentioned I will respond to each question individually. 2. Yes, the intent language in the funding would go in the RFP as a single entity. 3. It is designed to be somewhat short-term. However, we're not writing into the waiver any specific boundaries. We are envisioning a tiered rates structure for the first 60 days, then a lower rate for days after that with the goal to transition members to the community. 1. I think the intent is to require multiple specialties in a single setting, substance use disorder counselors, mental health counselors, psychologist, and psychiatrist. At this stage we are probably keeping it fairly broad for CMS authority and then later we would refine it a little bit when it comes to the contract setting.

Andrew Riggle asked there don't seem to be a lot of skilled nursing facilities that have staff or the expertise for folks with cognitive intellectual behavioral or psychological needs. Is it the states sense that you can find a provider in a skilled nursing who is able to provide all of the necessary support in a setting or how are the unique needs of this population going to be addressed in a skilled nursing environment?

Brian Roach mentioned the intent of the funding is to allow some capacity building by skilled nursing facility.

Ron Farber asked rehab verses long-term care our concern is if an individual is renting an apartment and goes to the hospital then is transferred to a LTSS facility. How long is rehab going to take place.

Brian Roach mentioned our New Choices Waiver does not have

## Director's Report:

Brian Roach gave an update on Medicaid ARPA Funds, Medicaid Policies, SPAs, and Rules.
