
State Demonstrations Group

September 16, 2016

Joseph Moser
Medicaid Director
Indiana Family and Social Services Administration
402 W. Washington Street, Room W461
Indianapolis, IN 46204

Dear Mr. Moser:

The Centers for Medicare & Medicaid Services (CMS) approved the State of Indiana's section 1115 demonstration, Healthy Indiana Plan 2.0 (HIP 2.0) (Project No. 11-W-00296/5) on January 27, 2015. This approval included a section 1916(f) waiver that allows the state to implement a graduated co-payment for non-emergent use of the emergency department and was scheduled to expire two years from the effective date of the demonstration.

The State of Indiana submitted its Emergency Department Copayment Protocol (Protocol) to CMS on May 1, 2015 as required by special term and condition (STC) VIII.6. During the time subsequent to that submission, CMS and the state collaborated to reach approval of the Protocol on February 4, 2016.

On February 4, 2016, CMS approved the state to implement the co-payment according to the agreed Protocol such that, the effective date of the waiver authority is also February 4, 2016. By way of this letter, CMS is changing the date of the expiration of the 1916(f) waiver to run through the end of the demonstration term of January 31, 2018.

We look forward to continuing to work with you and your staff on the HIP 2.0 demonstration. If you have any questions, please contact your project officer, Ms. Shanna Janu, at either 410-786-1370 or by email at Shanna.Janu@cms.hhs.gov.

Sincerely,

/s/

Eliot Fishman
Director
