Dear Mr. Fishman,

New York State is seeking approval from the Federal Centers for Medicare and Medicaid Services (CMS) to amend the 1115 Waiver Partnership Plan to extend the Clinic Uncompensated Care Program (authorized in STC section VII # 10,11), previously included as part of New York's Partnership Plan Waiver. The Waiver authority for this program was inadvertently allowed to sunset by the State which eliminated the State's ability to receive vital Federal matching funds. The State funds continue for the program through March 31, 2017. As such, New York is seeking authorization to extend the program concomitantly with this timeframe. Tribal notice was issued on May 21, 2015 and public notice was published on June 17, 2015. No comments were received.

Consistent with the prior Standard Terms and Conditions of the Partnership Plan, New York will provide grants to eligible voluntary, nonprofit, and publicly sponsored diagnostic and treatment centers (D&TCs) for services delivered to the uninsured. In order to be eligible, these facilities will be required to provide a comprehensive range of primary/mental health care services, provide at least five percent of their visits to uninsured individuals and must have a process for collecting payments from third-party payors.

On an annual basis, the Clinic Uncompensated Care Program distributes approximately \$110 million in Federal and State dollars to Article 28 and 31 clinics consistent with the requirements above (see attached chart for additional information). In meetings with facility representatives, it is clear these funds have been vital in allowing them to provide important primary and preventive health care services to the uninsured.

Since the initial federal approval of funding in 2011 the number of Article 28 and 31 clinics eligible and receiving funding has been relatively consistent. Annually approximately 75 Article 28s and 100 Article 31s meet the qualifying criteria described above. On average, these funds have covered 50% of their uncompensated care costs.

For example, in 2014 it was determined there was a regular (not including supplemental to new providers/sites) uncompensated care need of \$223 million which was reduced to \$191 million after collections. Of this amount, approximately \$103 million was paid meaning just under \$100 million in costs remained that impacted the provider's financial condition (see attached chart).

Finally, it is important to note that while numerous individuals will pick up coverage under the federal ACA there will still be New Yorkers who will still be uninsured after full implementation. Many of these uninsured people will continue to receive medical services, including behavioral health services, from the clinics currently receiving these uncompensated care payments. Elimination of this funding source will severely limit access to these services for the uninsured currently served in these clinics. Note that in 2014 approximately 1.9 million uncompensated visits were eligible for reimbursement under this program.

New York appreciates CMS' willingness to review the State's request and its consideration in continuing Federal funding for these essential providers. As always, my staff are available to discuss this issue with you more thoroughly. If questions, please contact Mike Ogborne at (518) 473-8822.

Sincerely,

PUBLIC NOTICE Department of Agriculture and Markets

In the Matter of Considering the Continuation of the New York State Onion Research and Development Program, Pursuant to Article 25 of the Agriculture and Markets Law and 1 NYCRR section 203.1

DETERMINATION

PRELIMINARY STATEMENT

Section 203.13 of Title One of the Official Compilation of Codes, Rules and Regulations of the State of New York ("1 NYCRR"), relating to the New York State Onion Research and Development Program ("Program"), provides that at least once during each six-year period the Program is in effect, the Commissioner shall conduct a referendum of eligible New York State onion growers to determine whether they approve the continuation of the Program. Continuation of the Program is subject to the approval of more than 50 percent of such growers voting in the referendum. Upon such approval, a new six-year period begins as of the first of April of the year following the date approval of continuation of the Program is certified.

FINDINGS AND CONCLUSIONS

Pursuant to a Notice of Referendum, dated March 19, 2015, a referendum of eligible New York State onion growers was conducted through May 15, 2015 inclusive, to determine whether such growers approve continuation of the Program. The results of the referendum have been duly recorded and verified as follows:

In favor --	43 (91%)
In opposition --	4 (9%)
Total eligible ballots counted and verified:	47

In addition, one ballot was declared ineligible because it was received after May 15, 2015.

CERTIFICATION

Upon the results of the referendum as set forth above, I hereby certify, pursuant to 1 NYCRR § 203.13 and Agriculture and Markets Law section 294(2), that the percentage of eligible New York State onion growers required to approve the continuation of the Onion Research and Development Program has been met, with 91 percent of such onion growers voting in favor of continuation of the Program.

NOW, THEREFORE, upon the findings and conclusions herein, I determine that the Onion Research and Development Program (1 NYCRR Part 203) should be and hereby is continued pursuant and subject to Article 25 of the Agriculture and Markets Law and 1 NYCRR § 203.13.

PUBLIC NOTICE

Department of Health

On July 15, 1997, New York State's Medicaid demonstration program, The Partnership Plan, was approved by the Federal government under Section 1115 of the Social Security Act. This waiver has been extended and amended to reflect programmatic needs. Under the waiver, the State is required to seek Federal approval of any amendments.

The New York State Department of Health (NYSDOH) is seeking approval from the federal Centers for Medicare & Medicaid Services (CMS) for the following changes:

- to extend the Clinic Uncompensated Care Funding which expired on December 31, 2014. The proposed amendment would extend the federal funding agreement through March 31, 2017.

The Clinic Uncompensated Care program provides funding to qualifying clinic providers including mental health clinics to assist in covering the uncompensated costs of services provided to the uninsured population. In order to receive these funds, each provider must:

- provide a comprehensive range of health care or mental health services;
- have at least five percent of their annual visits providing services to uninsured individuals; and
- have a process in place to collect payments from third party payers.

Additional information concerning the Partnership Plan and any amendment requests can be obtained by writing to:

Department of Health, Office of Health Insurance Programs, Corning Tower (OCP Suite 720), Attention: Waiver Management Unit, Albany, NY 12237 or by e-mail: 1115waivers@health.state.ny.us

Written comments concerning the amendment will be accepted at the above address for a period of thirty (30) days from the date of this notice.

Partnership Plan information is also available to the public on-line at http://www.health.ny.gov/health_care/medicaid/redesign/medicaid_waiver_1115.htm

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with enacted statutory provisions. The following changes are proposed for Medicaid transportation services:

Non-Institutional Services

Effective July 1, 2015, the Commissioner of Health is adding two Long Island New York counties to the management of Medicaid transportation services, to complete the State's assumption of the Medicaid transportation management in all New York counties. The assumption of Medicaid transportation management in New York is a Medicaid Redesign Team's quality assurance and cost savings initiative.

The estimated cost of the contract for managing Medicaid transportation in these two counties for the State fiscal year 2015-16 is \$2 million.

The public is invited to review and comment on this proposed State Plan Amendment. Copies of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status.

Copies of the proposed State Plan Amendments will be on file in each local (county) social services district and available for public review.

For the New York City district, copies will be available at the following places:

PUBLIC NOTICE

**New York State and Local Retirement Systems
Unclaimed Amounts Payable to Beneficiaries**

Pursuant to the Retirement and Social Security Law, the New York State and Local Retirement Systems hereby gives public notice of the amounts payable to beneficiaries.

The State Comptroller, pursuant to Sections 109 (a) and 409 (a) of the Retirement and Social Security Law has received, from the New York State and Local Retirement Systems, a listing of beneficiaries or estates having unclaimed amounts in the Retirement System. A list of the names contained in this notice is on file and open to public inspection at the office of the New York State and Local Retirement Systems located at 110 State St., in the City of Albany, New York.

Set forth below are the names and addresses (last known) of beneficiaries and estates appearing from the records of the New York State and Local Retirement Systems, entitled to the unclaimed benefits.

At the expiration of six months from the date of publication of this list of beneficiaries and estates, unless previously paid to the claimant, the amounts shall be deemed abandoned and placed in the pension accumulation fund to be used for the purpose of said fund.

Any amounts so deemed abandoned and transferred to the pension accumulation fund, may be claimed by the executor or administrator of the estates or beneficiaries so designated to receive such amounts, by filing a claim with the State Comptroller. In the event such claim is properly made, the State Comptroller shall pay over to the estates or to the person or persons making such claim, the amount without interest.

PUBLIC NOTICE

Department of State
 Notice of Routine Program Change
 Town of Penfield
 Local Waterfront Revitalization Program

PURSUANT to 15 CFR 923.84(b), the New York State Department of State (DOS) has submitted a routine program change to the federal Office of Coastal Management (OCM). The change to the New York State Coastal Management Program (CMP) covered by this request is the incorporation of the amendment to the Town of Penfield Local Waterfront Revitalization Program (LWRP) into the State's CMP.

A major component of the State's CMP is the provision that local governments be allowed to prepare and amend Local Waterfront Revitalization Programs, which further detail and make geographically specific the State's coastal policies. Each LWRP is reviewed for consistency with the State's CMP and approved if it meets the guidelines established in the State CMP and Article 42 of the NYS Executive Law.

The Town of Penfield LWRP Amendment is a long-term management program for the Town's waterfront resources along Irondequoit Creek and Bay, prepared under the provisions of Article 42 of the Executive Law and its implementing regulations to update the original Penfield LWRP, approved in 1991. The LWRP Amendment revises the inland alignment of the coastal boundary by excluding the primarily built-out residential neighborhoods east of Empire Boulevard and east of Irondequoit Creek, based on the consideration that the potential future development of these areas could be controlled by existing Town legislation or regulations to have a minimal impact on the adjacent environmentally sensitive areas along Irondequoit Creek and Bay. The Penfield LWRP Amendment also includes revised comprehensive text and graphics describing the existing and proposed land uses and controls adopted since 1991, such as the Environmental Protection Overlay Districts, providing additional protections for wetlands, steep slopes, floodplains, watercourses, and woodlands resources, and the LaSalle's Landing Development District, designed to protect sensitive environmental features and encourage water oriented recreation and other appropriate uses adjacent to parts of Irondequoit Bay. Other regulations reflected in the Penfield LWRP Amendment, adopted since 1991, include: the Construction Stormwater Pollution Prevention and Erosion and Sediment Control Law (Local Law No. 3 - 2007), Design and Management of Post-Construction Stormwater Pollution Prevention Measures Law (Local Law No. 4 - 2007), Stormwater Illicit Discharge Connection Law (Local Law No. 5 - 2007), Town of Penfield Stormwater Management Policy (adopted 1988 and revised 2000), Irondequoit Bay Harbor Management Plan (adopted 2003), Irondequoit Bay Harbor Management Law (adopted 2008), and the Penfield Waterfront Consistency Review Law (adopted 1991 and amended in 2015).

The Town of Penfield prepared the LWRP Amendment in partnership with the New York State Department of State, in accordance with the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act and the New York State Coastal Management Program. The draft LWRP Amendment was circulated by the Department of State to potentially affected State, federal, and regional agencies during a review period from May 8, 2013 to July 12, 2013. Following this review period, the Department of State coordinated responses to comments received with the Town of Penfield, and revised the draft LWRP where necessary. The Town of Penfield LWRP Amendment was adopted by resolution by the Town of Penfield Town Board on March 4, 2015, and approved by the New York State Secretary of State on May 26, 2015, pursuant to the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act (NYS Executive Law, Article 42).

The Town of Penfield Local Waterfront Revitalization Program is available online at http://www.dos.ny.gov/opd/programs/WFRevitalization/LWRP_status.html

Any comments on whether or not the action constitutes a routine program change to the State's approved Coastal Management Program

should be submitted by July 10, 2015 to: Jackie Rolleri, Stewardship Division, Office of Coastal Management, National Oceanic and Atmospheric Administration, 1305 East-West Highway, Silver Spring, MD 20910

Further information on this routine program change may be obtained from: Renee Parsons, Office of Planning and Development, NYS Department of State, 99 Washington Ave., Suite 1010, Albany, NY 12231-0001, (518) 473-2464

Dear Colleague:

The New York State Department of Health is submitting a request to the federal Centers for Medicare and Medicaid Services (CMS) to amend the 1115 Partnership Plan Waiver.

Specifically, New York is seeking approval to extend the Clinic Uncompensated Care Funding authorized in Special Terms and Conditions (STC) VII 10 and 11, which expired on December 31, 2014. The proposed amendment would extend the federal funding agreement through March 31, 2017.

The clinic uncompensated care program provides funding to qualifying clinic providers including mental health clinics to assist in covering the uncompensated costs of services provided to the uninsured population. In order to receive these funds, each provider must:

- provide a comprehensive range of health care or mental health services;
- have at least five percent of their annual visits providing services to uninsured individuals; and
- have a process in place to collect payments from third party payers.

I appreciate the opportunity to share this information with you and look forward to responding to any comments or concerns that you may have. Please forward your comments or concerns to the Waiver Management Unit email at: 1115waivers@health.ny.gov. We look forward to your continued collaboration.

Sincerely,

John Ulberg
