Medicaid Section 1115 Substance Use Disorder & Serious Mental Illness and Serious Emotional Disturbance Demonstrations Monitoring Report Template

Note: PRA Disclosure Statement to be added here

1. Title page for the state's substance use disorder (SUD) and serious mental illness and serious emotional disturbance (SMI/SED) demonstrations or the SUD and SMI/SED components of the broader demonstration

This section collects information on the approval features of the state's section 1115 demonstration overall, followed by information for the SUD and SMI/SED components. The state completed this title page as part of its SUD and SMI/SED monitoring protocol(s). The state should complete this table using the corresponding information from its CMS-approved monitoring protocol(s) and submit this as the title page of all monitoring reports. The content of this table should stay consistent over time. Definitions for certain rows are below the table.

	Overall section 1115 demonstration
State	District of Columbia
Demonstration name	Behavioral Health Transformation
Approval period for section 1115 demonstration	01/01/2020 - 12/31/2024
Reporting period	01/01/2023 - 03/31/2023
	SUD demonstration
SUD component start date ^a	01/01/2020
Implementation date of SUD component, if different from SUD component start date ^b	
SUD-related demonstration goals and objectives	The goal of the demonstration is for the District to maintain and enhance access to opioid use disorder (OUD) and other substance use disorder (SUD) services; and continue delivery system improvements to provide more coordinated and comprehensive treatment for Medicaid beneficiaries with SUD. This demonstration authorizes the District to receive federal financial participation (FFP) for delivering high-quality, clinically appropriate treatment to beneficiaries diagnosed with SUD and receiving treatment while they are short-term residents in settings that qualify as Institutions for Mental Diseases (IMD). This demonstration also complements the District's efforts to implement models of care that are focused on increasing supports for individuals outside of institutions, in home and community-based settings (HCBS) to improve their access to SUD services at varied levels of intensity, and to combat OUD and other SUDs among District residents.
SUD demonstration year and quarter	SUD DY4Q1

	SMI/SED demonstration
SMI/SED component demonstration start date ^a	01/01/2020
Implementation date of SMI/SED component, if different from SMI/SED component start date ^b	
SMI/SED-related demonstration goals and objectives	The goal of this demonstration is for the District to maintain and enhance access to mental health services and continue delivery system improvements to provide more coordinated and comprehensive treatment for Medicaid beneficiaries with serious mental illness (SMI) and serious emotional disturbance (SED). This demonstration authorizes the District to receive federal financial participation (FFP) for delivering high-quality, clinically appropriate treatment to beneficiaries diagnosed with SMI and receiving treatment while they are short-term residents in settings that qualify as Institutions for Mental Diseases (IMD). This demonstration also complements the District's efforts to implement models of care that are focused on increasing supports for individuals outside of institutions, in home and community-based settings (HCBS) to improve their access to SMI/SED services at varied levels of intensity.
SMI/SED demonstration year and quarter	SMI/SED DY4Q1

^a **SUD and SMI/SED demonstration components start dates:** For monitoring purposes, CMS defines the start date of the demonstration as the *effective date* listed in the state's STCs at time of SUD and SMI/SED demonstration component approvals. For example, if the state's STCs at the time of SUD demonstration approval note that the SUD demonstration is effective January 1, 2020 – December 31, 2025, the state should consider January 1, 2020 to be the start date of the SUD demonstration. Note that the effective date is considered to be the first day the state may begin its SUD or SMI/SED demonstration component. In many cases, the effective date is distinct from the approval date of a demonstration; that is, in certain cases, CMS may approve a section 1115 demonstration with an effective date that is in the future. For example, CMS may approve an extension request on December 15, 2020, with an effective date of January 1, 2021 for the new demonstration period. In many cases, the effective date also differs from the date a state begins implementing its demonstration.

^b **Implementation date of SUD and SMI/SED demonstration components:** The date the state began claiming or will begin claiming federal financial participation for services provided to individuals in institutions for mental disease.

2. Executive summary

There were some significant changes in the SUD and SMI/SED metrics, as detailed below.

3. Narrative information on implementation, by milestone and reporting topic

A. SUD component

D		State has no trends/update to report	Related metric(s)	S4.4
Promp 1.	Assessment of need and qualification for SUD se	(place an X)	(if any)	State response
1.1	Metric trends	rvices		
1.1.1	The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to assessment of need and qualification for SUD services.		#2 Medicaid Beneficiaries with Newly Initiated SUD	There was a 4% decrease in the number of beneficiaries with newly initiated SUD treatment/diagnosis between DY3 Q3 (7/1/22 – 9/30/22) and DY3 Q4 (10/1/22-12/31/22). We attribute the decrease this quarter to the design of the measure because beneficiaries with a diagnosis in the prior quarter are not counted this quarter.
1.2	Implementation update			
1.2.1	Compared to the demonstration design and operational details, the state expects to make the following changes to:			
	1.2.1.a The target population(s) of the demonstration	X		
	1.2.1.b The clinical criteria (e.g., SUD diagnoses) that qualify a beneficiary for the demonstration	X		
1.2.2	The state expects to make other program changes that may affect metrics related to assessment of need and qualification for SUD services.	X		

Promp	t	State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
2.	Access to Critical Levels of Care for OUD and o	other SUDs (Miles	tone 1)	
2.1	Metric trends			
2.1.1	The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to Milestone 1.		#7 Early Intervention #8 Outpatient	DHCF calculates the following changes that were less or more than 2% between DY3 Q3 (7/1/22 – 9/30/22) and DY3 Q4 (10/1/22-12/31/22).
			#10 Residential and Inpatient Services	Declines in the metrics on inpatient and residential care and withdrawal management were driven by targeted quality initiatives aimed at increasing enforcement of medical necessity criteria. We partially attribute the decline in outpatient services to billing issues in a few large providers.
			#11 Withdrawal Management	 Outpatient services decreased by 5%. Residential and inpatient services decreased by 16%. Withdrawal management decreased by 19%.
				There was a 50% decrease in the number of beneficiaries receiving early intervention services. We attribute this change to small numbers.

Promp	ot	State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
2.2.1	Compared to the demonstration design and operational details, the state expects to make the following changes to: 2.2.1.a Planned activities to improve access to SUD treatment services across the continuum of care for Medicaid beneficiaries (e.g., outpatient services, intensive outpatient services, medication-assisted treatment, services in intensive residential and inpatient settings, medically supervised withdrawal management)	X		
	2.2.1.b SUD benefit coverage under the Medicaid state plan or the Expenditure Authority, particularly for residential treatment, medically supervised withdrawal management, and medication-assisted treatment services provided to individual IMDs	X		
2.2.2	The state expects to make other program changes that may affect metrics related to Milestone 1.	X		

Promp	t Use of Evidence-based, SUD-specific Patient Pla	State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
3.1	Metric trends	cement Criteria (Wifestone 2)	
3.1.1	The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to Milestone 2.		#5 Medicaid Beneficiaries Treated in an IMD for SUD #36 Average Length of Stay in IMDs	 DHCF calculates the following changes that were less or more than 2% between DY2 and DY3. There was a 38% decrease in the number of beneficiaries treated in an IMD for SUD. We partially attribute this decline to new requirements for treatment. There was a 7% increase in the average length of stay in IMDs. We attribute this increase to differences in the IMD populations between 2021 compared to 2022 that would lead to longer stays in 2022.
3.2	Implementation update			
3.2.1	Compared to the demonstration design and operational details, the state expects to make the following changes to: 3.2.1.a Planned activities to improve providers' use of evidence-based, SUD-specific placement criteria	X		

Promp	ı t		State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
	3.2.1.b	Implementation of a utilization management approach to ensure (a) beneficiaries have access to SUD services at the appropriate level of care, (b) interventions are appropriate for the diagnosis and level of care, or (c) use of independent process for reviewing placement in residential treatment settings	X		
3.2.2		expects to make other program changes affect metrics related to Milestone 2.	X		

Promj		State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
4.	Use of Nationally Recognized SUD-specific Prog (Milestone 3)	gram Standards to	o Set Provider Quali	fications for Residential Treatment Facilities
4.1	Metric trends			
Milesto reporti	The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to Milestone 3. There are no CMS-provided metrics related to one 3. If the state did not identify any metrics for ng this milestone, the state should indicate it has no to report.		#13 SUD Provider Availability #14 SUD Provider Availability - MAT	DHCF calculates the following changes that were less or more than 2% between DY2 and DY3. We revised the methods used to identify providers and have calculated changes below based on revised figures for 2021. • The number of SUD providers increased by 15% from 861 to 992. • The number of MAT providers increased by 31% from 449 to 590. DHCF also revised DY1 figures. Revised results for DY1 were 806 SUD providers and 382 MAT providers.
4.2	Implementation update		<u> </u>	
4.2.1	Compared to the demonstration design and operational details, the state expects to make the following changes to: 4.2.1.a Implementation of residential treatment provider qualifications that meet the ASAM Criteria or other nationally recognized, SUD-specific program standards	X		
	4.2.1.b Review process for residential treatment providers' compliance with qualifications.	X		

Promp	t		State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
	4.2.1.c	Availability of medication-assisted treatment at residential treatment facilities, either on-site or through facilitated access to services off site	X		
4.2.2		expects to make other program changes affect metrics related to Milestone 3.	X		

Promp	t	State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
5.	Sufficient Provider Capacity at Critical Levels o	f Care including	for Medication Assis	sted Treatment for OUD (Milestone 4)
5.1	Metric trends			
5.1.1	The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to Milestone 4.	X		
5.2	Implementation update			
5.2.1	Compared to the demonstration design and operational details, the state expects to make the following changes to: Planned activities to assess the availability of providers enrolled in Medicaid and accepting new patients across the continuum of SUD care.	X		
5.2.2	The state expects to make other program changes that may affect metrics related to Milestone 4.	X		

Promp	t	State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
6.	Implementation of Comprehensive Treatment and	nd Prevention St	rategies to Address (Opioid Abuse and OUD (Milestone 5)
6.1	Metric trends			
6.1.1	The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to Milestone 5.		#25 Readmissions Among Beneficiaries with SUD	DHCF calculated a 3% increase in readmissions among beneficiaries with SUD between DY2 and DY3. We attribute this increase to small numbers, as the rate increased from 15.2% to 15.7%.
6.2	Implementation update			
6.2.1	Compared to the demonstration design and operational details, the state expects to make the following changes to: 6.2.1.a Implementation of opioid prescribing guidelines and other interventions related to prevention of OUD	X		
	6.2.1.b Expansion of coverage for and access to naloxone	X		
6.2.2	The state expects to make other program changes that may affect metrics related to Milestone 5.	X		

Promp	t	State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
7.	Improved Care Coordination and Transitions bo	etween Levels of	Care (Milestone 6)	
7.1	Metric trends			
7.1.1	The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to Milestone 6.	X		
7.2	Implementation update			
7.2.1	Compared to the demonstration design and operational details, the state expects to make the following changes to: Implementation of policies supporting beneficiaries' transition from residential and inpatient facilities to community-based services and supports.	X		
7.2.2	The state expects to make other program changes that may affect metrics related to Milestone 6.	X		

Prompt		State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
8.	SUD health information technology (health IT)			
8.1	Metric trends			

Promp	t	State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
8.1.1	The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to its SUD health IT metrics.		Q1: Active DC HIE behavioral health provider users	Q1: The number of active DC HIE behavioral health provider users increased by 3% due to continued outreach to behavioral health providers.
			S1: DC Medicaid- enrolled behavioral health care facilities/ providers receiving data from the HIE	S2: The number of DC Medicaid-enrolled behavioral health care facilities/providers receiving data from the HIE increased by 5% corresponds to the increase in behavioral health provider users described above.
			Q2: Behavioral health providers managed in provider directory	Q2: The 4% increase in the number of behavioral health providers managed in provider director corresponds to the increase in behavioral health provider users described above.
			Q3: Number of DC HIE behavioral health users who performed a patient care snapshot or accessed the clinical information tab in the past 30 days	Q3: The 94% increase in this measure is due to more DC HIE users becoming aware of and utilizing the new clinical information tab.

Promp	ot		State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
8.2	Impleme	entation update			
8.2.1	operation following	d to the demonstration design and all details, the state expects to make the g changes to:			
	8.2.1.a	How health IT is being used to slow down the rate of growth of individuals identified with SUD	X		
	8.2.1.b	How health IT is being used to treat effectively individuals identified with SUD	X		
	8.2.1.c	How health IT is being used to effectively monitor "recovery" supports and services for individuals identified with SUD	X		
	8.2.1.d	Other aspects of the state's plan to develop the health IT infrastructure/capabilities at the state, delivery system, health plan/MCO, and individual provider levels	X		
	8.2.1.e	Other aspects of the state's health IT implementation milestones	X		
	8.2.1.f	The timeline for achieving health IT implementation milestones	X		
	8.2.1.g	Planned activities to increase use and functionality of the state's prescription drug monitoring program	X		
8.2.2		expects to make other program changes affect SUD metrics related to health IT.	X		

Prompt		State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
9.	Other SUD-related metrics			
9.1	Metric trends			

9.1.1	The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to other SUD-related metrics.	#23 Emergency Department Utilization for SUD per 1,000 Medicaid Beneficiaries #24 Inpatient Stays for SUD per 1,000 Medicaid Beneficiaries #28/30 SUD Spending and Per Capita SUD Spending #29/31 SUD Spending and Per Capita SUD Spending within IMDs #35: Critical Incidents Related to SUD Services	DHCF calculates the following changes that were less or more than 2% between DY3 Q3 (7/1/22 – 9/30/22) and DY3 Q4 (10/1/22-12/31/22). Declines among the inpatient metrics were driven by targeted quality initiatives aimed at increasing enforcement of medical necessity criteria. Enrollment increases between quarters also contributed to the decline in these metrics. • There was a 7% decrease in the rate of ED utilization for SUD per 1,000 beneficiaries. • There was an 8% decrease in the rate of inpatient stays for SUD per 1,000 beneficiaries. DHCF calculates the following changes that were less or more than 2% between DY2 and DY3. • There was a 6% decrease in SUD spending and per capita SUD spending. This is partially attributable to IMD spending declines and partially attributable to other utilization declines over the year caused by targeted quality initiatives aimed at increasing enforcement of medical necessity criteria, efforts to reduce readmissions, and billing issues. • There was a 34% decrease in SUD spending within IMDs. We partially attribute this decline to new requirements for treatment. • There was a 7% increase in per capita SUD spending within IMDs. We attribute this increase to differences in the IMD populations between 2021 compared to 2022 that would lead

7.1.2	Describe and explain any changes to the organization of the state's Medicaid behavioral health service delivery system compared to those described in the Initial Assessment of the Availability of Mental Health Services. Recommended word count is 500 words or less.	X		

Promp	ıt	State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
7.1.3	Describe and explain any changes in the availability of mental health services for Medicaid beneficiaries with SMI/SED in the state compared to those described in the Initial Assessment of the Availability of Mental Health Services. At minimum, explain any changes across the state in the availability of the following services: inpatient mental health services; outpatient and community-based services; crisis behavioral health services; and care coordination and care transition planning. Recommended word count is 500 words or less.	X		
7.1.4	Describe and explain any changes in gaps the state identified in the availability of mental health services or service capacity while completing the Annual Availability Assessment compared to those described in the Initial Assessment of the Availability of Mental Health Services. Recommended word count is 500 words or less.	X		
7.1.5	Describe and explain whether any changes in the availability of mental health services have impacted the state's maintenance of effort (MOE) on funding outpatient community-based mental health services. Recommended word count is 500 words or less.	X

7.2	Implementation update			
7.2.1	Compared to the demonstration design and operational details, the state expects to make the following changes to: 7.2.1.a The state's strategy to conduct annual assessments of the availability of mental health services across the state and updates on steps taken to increase availability	X		
	7.2.1.b Strategies to improve state tracking of availability of inpatient and crisis stabilization beds	X

8.	Maintenance of effort (MOE) on funding outpat	ient community-l	based mental health	services
8.1	MOE dollar amount			
8.1.1	Provide as a dollar amount the level of state appropriations and local funding for outpatient community-based mental health services for the most recently completed state fiscal year.	X		
8.2	Narrative information			
8.2.1	Describe and explain any reductions in the MOE dollar amount below the amount provided in the state's application materials. The state should confirm that it did not move resources to increase access to treatment in inpatient or residential settings at the expense of community-based services.	X		

Promp	ıt	State has no trends/update to report (place an X)	Related metric(s) (if any)	State response
9.	SMI/SED financing plan			
9.1	Implementation update	_		
9.1.1	Compared to the demonstration design and operational details, the state expects to make the following changes to: 9.1.1.a Increase availability of non-hospital, non-residential crisis stabilization services, including services made available through crisis call centers, mobile crisis units, and observation/assessment centers, with a coordinated community crisis response that involves law enforcement and other first responders	X		
	9.1.1.b Increase availability of on-going community-based services, e.g., outpatient, community mental health centers, partial hospitalization/day treatment, assertive community treatment, and services in integrated care settings such as the Certified Community Behavioral Health Clinic model	X		

4. Narrative information on other reporting topics applicable to both SUD and SMI/SED components

Promp	ts	State has no update to report (place an X)	State response
10.	Budget neutrality		
10.1	Current status and analysis		
10.1.1	Describe the current status of budget neutrality and an analysis of the budget neutrality to date. If the SUD and SMI/SED components are part of a broader demonstration, the state should provide an analysis of the SUD- and SMI/SED-related budget neutrality and an analysis of budget neutrality as a whole.		The District has requested an extension to submit the DY4Q1 budget neutrality report. In addition, the District is planning to submit a request for technical corrections to the PMPM threshold upon which our 1115 Behavioral Health Transformation waiver budget neutrality is based in quarter 4 of FY23.
10.2	Implementation update		
10.2.1	The state expects to make other program changes that may affect budget neutrality.		The District plans to implement changes to the methodologies used to calculate rates for some waiver services in FY24 (Q4 of WY4). Many of these services will also be carved into our managed care contracts. These changes will likely result in rate increases and/or significant shifts from the underlying assumptions used to calculate the current PMPM thresholds. The agency is in the midst of fine-tuning these anticipated programmatic changes and is unable to calculate impact at this time.

11.	SUD- and SMI/SED-related demonstration operation	ons and policy	
11.1	Considerations		
11.1.1	The state should highlight significant SUD and SMI/SED (or if broader demonstration, then SUD-and SMI/SED-related) demonstration components' operations or policy considerations that could positively or negatively affect beneficiary enrollment, access to services, timely provision of services, budget neutrality, or any other provision that has potential for beneficiary impacts. Also note any activity that may accelerate or create delays or impediments in achieving the SUD and SMI/SED demonstration components approved goals or objectives, if not already reported elsewhere in this document. See Monitoring Report Instructions for more detail.		The COVID-19 public health emergency has the potential to broadly affect DC Medicaid. The public health emergency would impact beneficiary enrollment, access to services, and timely provision of services.
11.2	Implementation update		
11.2.1	The state experienced challenges in partnering with entities contracted to help implement the demonstration (e.g., health plans, credentialing vendors, private sector providers) and/or noted any performance issues with contracted entities.	X	
11.2.2	The state is working on other initiatives related to SUD, OUD and/or SMI/SED.		In August 2022, the District received a third State Opioid Response (SOR) grant.

Prompts	State has no update to report (place an X)	State response
11.2.3 The initiatives described above are related to the SUD and/or SMI/SED demonstration components. (The state should note similarities and differences from the SUD and SMI/SED demonstration components).		 The SOR 3 grant complements the 1115 SUD demonstration. The funding allows the District to support behavioral health transformation in several ways: Increase entry points into the system of care (e.g., stabilization and sobering center, satellite Opioid Treatment Programs) Improve the coordination of care for individuals as they move through the system by expanding care management initiatives in the community and at the DC Jail Provide training, technical assistance, coaching, and consultation to SUD providers/health care professionals to increase their ability to address an individual's whole person needs Implement a coordinated approach at the community level by facilitating key stakeholders in each ward to work collaboratively around harm reduction, prevention, community outreach and education initiatives, and sustainability planning
11.2.4 Compared to the demonstration design and operational details, the state expects to make the following changes to:		
11.2.4.a How the delivery system operates under the demonstration (e.g., through the managed care system or fee for service)	X	
11.2.4.b Delivery models affecting demonstration participants (e.g., Accountable Care Organizations, Patient Centered Medical Homes)	X	
11.2.4.c Partners involved in service delivery	X	

Prompts	State has no update to report (place an X)	State response
11.2.4.d <i>SMI/SED-specific:</i> The state Medicaid agency's Memorandum of Understanding (MOU) or other agreement with its mental health services agency	X	

Promp	ts	State has no update to report (place an X)	State response
12.	SUD and SMI/SED demonstration evaluation upda	te	
12.1	Narrative information		
12.1.1	Provide updates on SUD and SMI/SED evaluation work and timeline. The appropriate content will depend on when this monitoring report is due to CMS and the timing for the demonstration. There are specific requirements per 42 Code of Federal Regulations (CFR) § 431.428a(10) for annual reports. See Monitoring Report Instructions for more details.		 In accordance with the District's approved evaluation design: AIR continued to develop code for quantitative data analysis and DHCF provided guidance as needed. AIR conducted listening sessions with agency staff. AIR continued work on developing the interim evaluation report by analyzing quantitative and qualitative data and conducting report writing. AIR delivered the draft interim evaluation report.
12.1.2	Provide status updates on deliverables related to the demonstration evaluation and indicate whether the expected timelines are being met and/or if there are any real or anticipated barriers in achieving the goals and timeframes agreed to in the STCs.	X	
12.1.3	List anticipated evaluation-related deliverables related to this demonstration and their due dates.	X

13.1	General reporting requirements		
13.1.1	The state reporting requirements The state reports changes in its implementation of the demonstration that might necessitate a change to approved STCs, implementation plan, or monitoring protocol.	X	
13.1.2	The state anticipates the need to make future changes to the STCs, implementation plan, or monitoring protocol, based on expected or upcoming implementation changes.	X	
13.1.3	Compared to the demonstration design and operational details, the state expects to make the following changes to: 13.1.3.a The schedule for completing and		
	submitting monitoring reports	X	
	13.1.3.b The content or completeness of submitted monitoring reports and/or future monitoring reports	X	
13.1.4	The state identified current or anticipated issues submitting timely post-approval demonstration deliverables, including a plan for remediation.	X	
13.1.5	Provide updates on the results of beneficiary satisfaction surveys, if conducted during the reporting year, including updates on grievances and appeals from beneficiaries, per 42 CFR § 431.428(a)5.	X

13.2	Post-award public forum		
13.2.2	If applicable within the timing of the demonstration, provide a summary of the annual post-award public forum held pursuant to 42 CFR § 431.420(c) indicating any resulting action items or issues. A summary of the post-award public forum must be included here for the period during which the forum was held and in the annual monitoring report.	X	

Promp	ts	State has no update to report (place an X)	State response
14.	Notable state achievements and/or innovations		
14.1	Narrative information		
14.1.1	Provide any relevant summary of achievements and/or innovations in demonstration enrollment, benefits, operations, and policies pursuant to the hypotheses of the SUD and SMI/SED (or if broader demonstration, then SUD- or SMI/SED-related) demonstration components or that served to provide better care for individuals, better health for populations, and/or reduce per capita cost. Achievements should focus on significant impacts to beneficiary outcomes. Whenever possible, the summary should describe the achievement or innovation in quantifiable terms (e.g., number of impacted beneficiaries).	X	

^{*}The state should remove all example text from the table prior to submission.

Note: Licensee and states must prominently display the following notice on any display of Measure rates:

SUD measures IET-AD, FUA-AD, FUM-AD, and AAP [Metrics #15, 17(1), 17(2), and 32] and SMI/SED measures MPT, FUH-CH, FUH-AD, FUA-AD, FUM-AD, AAP, and APM measures (#13, 14, 15, 16, 17, 18, 7, 8, 9, 10, 26, 29) are Healthcare Effectiveness Data and Information Set (HEDIS®) measures that are owned and copyrighted by the National Committee for Quality Assurance (NCQA). HEDIS measures and specifications are not clinical guidelines, do not establish a standard of medical care and have not been tested for all potential applications. The measures and specifications are provided "as is" without warranty of any kind. NCQA makes no representations, warranties or endorsements about the quality of any product, test or protocol identified as numerator compliant or otherwise identified as meeting the requirements of a HEDIS measure or specification. NCQA makes no representations, warranties, or endorsement about the quality of any organization or clinician who uses or reports performance measures and NCQA has no liability to anyone who relies on HEDIS measures or specifications or data reflective of performance under such measures and specifications.

The measure specification methodology used by CMS is different from NCQA's methodology. NCQA has not validated the adjusted measure specifications but has granted CMS permission to adjust. A calculated measure result (a "rate") from a HEDIS measure that has not been certified via NCQA's Measure Certification Program, and is based on adjusted HEDIS specifications, may not be called a "HEDIS rate" until it is audited and designated reportable by an NCQA-Certified HEDIS Compliance Auditor. Until such time, such measure rates shall be designated or referred to as "Adjusted, Uncertified, Unaudited HEDIS rates."
