

1. Title page for the state’s substance use disorder (SUD) demonstration or the SUD component of the broader demonstration

The state should complete this title page at the beginning of a demonstration and submit as the title page for all monitoring reports. The content of this table should stay consistent over time. Definitions for certain rows are below the table.

State	<i>Oklahoma</i>
Demonstration name	<i>Institutions for Mental Diseases Waiver for Serious Mental Illness/Substance Use Disorder</i>
Approval period for section 1115 demonstration	<i>12/22/2020-12/31/2025</i>
SUD demonstration start date^a	<i>12/22/2020</i>
Implementation date of SUD demonstration, if different from SUD demonstration start date^b	<i>01/18/2021</i>
SUD (or if broader demonstration, then SUD -related) demonstration goals and objectives	<i>Increased rates of identification, initiation and engagement in treatment for SUD/OD; Increased adherence to and retention in treatment for SUD/OD; Reduced utilization of emergency department and inpatient hospital settings where utilization is preventable or medically inappropriate; Improved access to care for physical health conditions; Fewer preventable/medically inappropriate readmissions to the same or higher level of care; Reduction in overdose death, particularly those due to opioids.</i>
SUD demonstration year and quarter	<i>DY1 Q4</i>
Reporting period	<i>10/01/2021-12/31/2021</i>

^a **SUD demonstration start date:** For monitoring purposes, CMS defines the start date of the demonstration as the *effective date* listed in the state’s STCs at time of SUD demonstration approval. For example, if the state’s STCs at the time of SUD demonstration approval note that the SUD demonstration is effective January 1, 2020 – December 31, 2025, the state should consider January 1, 2020 to be the start date of the SUD demonstration. Note that the effective date is considered to be the first day the state may begin its SUD demonstration. In many cases, the effective date is distinct from the approval date of a demonstration; that is, in certain cases, CMS may approve a section 1115 demonstration with an effective date that is in the future. For example, CMS may approve an extension request on 12/15/2020, with an effective date of 1/1/2021 for the new demonstration period. In many cases, the effective date also differs from the date a state begins implementing its demonstration.

^b Implementation date of SUD demonstration: The date the state began claiming federal financial participation for services provided to individuals in institutions for mental disease.

2. Executive summary

The executive summary should be reported in the fillable box below. It is intended for summary-level information only. The recommended word count is 500 words or less.

With the approval of the demonstration on December 22, 2020 the State began implementation of the SUD portion of the demonstration on January 18, 2021.

Medicaid expansion was implemented in the state on July 1, 2021 and has added approximately 230,000 newly eligible adults to the Medicaid program as of the end of this reporting quarter. This change allows newly eligible expansion adults access to Medicaid physical and mental health services and providers previously unavailable to them.

The State was anticipating the implementation of managed care on October 1, 2021. However, on June 1, 2021 the State Supreme Court ruled that managed care could not be implemented without additional legislative authority. Implementation continues to remain on hold and is not moving forward as of this reporting period.

The State continues to provide technical assistance and training on the State's improved ASAM level of care determination tool, as well as best practices for the provision of Medication Assisted Treatment. Additionally, ODMHSAS is leading a statewide planning effort to support a comprehensive, statewide crisis response system in coordination with the new national 988 number coming in 2022. This effort includes expansion of crisis services provided within Urgent Recovery Clinics.
