

Iowa CARTS FY2021 Report

Basic State Information

Welcome!

We already have some information about your state from our records. If any information is incorrect, please contact the mdct_help@cms.hhs.gov.

1. State or territory name:

Iowa

2.

Program type:

- Both Medicaid Expansion CHIP and Separate CHIP
- Medicaid Expansion CHIP only
- Separate CHIP only

3. CHIP program name(s):

Medicaid Expansion, Healthy and Well Kids in Iowa (Hawki)

Who should we contact if we have any questions about your report?

4. Contact name:

Tashina Hornaday

5. Job title:

Management Analyst III

6. Email:

thornad@dhs.state.ia.us

7. Full mailing address:

Include city, state, and zip code.

Iowa Department of Human Services Iowa Medicaid 1305 E. Walnut Des Moines, IA
50315

8. Phone number:

515-201-3553

PRA Disclosure Statement.

This information is being collected to assist the Centers for Medicare & Medicaid Services (CMS) in partnership with States with the ongoing management of Medicaid and CHIP programs and policies. This mandatory information collection (42 U.S.C. 1397hh) will be used to help each state meet the statutory requirements at section 2108(a) of the Social Security Act to assess the operation of the State child health plan in each Federal fiscal year and to report the results of the assessment including the progress made in reducing the number of uncovered, low-income children. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #1). The time required to complete this information collection is estimated to average 40 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to CMS, 7500 Security Boulevard, Attn: Paperwork Reduction Act Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

Program Fees and Policy Changes

Part 1: Medicaid Expansion CHIP Enrollment Fees, Premiums, and Delivery Systems

1.

Does your program charge an enrollment fee?

Yes

No

2.

Does your program charge premiums?

Yes

No

3.

Is the maximum premium a family would be charged each year tiered by FPL?

Yes

No

4. Do premiums differ for different Medicaid Expansion CHIP populations beyond FPL (for example, by eligibility group)? If so, briefly explain the fee structure breakdown.

Na

5.

Which delivery system(s) do you use?

Select all that apply.

Managed Care

Primary Care Case Management

Fee for Service

6. Which delivery system(s) are available to which Medicaid Expansion CHIP populations? Indicate whether eligibility status, income level, age range, or other criteria determine which delivery system a population receives.

All Medicaid expansion is covered through Managed Care

Part 2: Separate CHIP Enrollment Fees, Premiums, and Delivery Systems

1.

Does your program charge an enrollment fee?

Yes

No

2.

Does your program charge premiums?

Yes

No

3.

Is the maximum premium a family would be charged each year tiered by FPL?

Yes

No

4. Do your premiums differ for different CHIP populations beyond FPL (for example, by eligibility group)? If so, briefly explain the fee structure breakdown.

Dental only: FPL 168 -204% is \$5/month/member, \$10/month for 2 or more family members, \$60-\$120 per year FPL 205-254% is \$10/month/member, \$20/month for 2 or more family members, \$120 to \$240 per year FPL 255-302% is \$15/month/member, \$30/month for 2 or more family members, \$180 to \$360 per year

5.

Which delivery system(s) do you use?

Select all that apply.

- Managed Care
- Primary Care Case Management
- Fee for Service

6. Which delivery system(s) are available to which CHIP populations? Indicate whether eligibility status, income level, age range, or other criteria determine which delivery system a population receives.

All CHIP populations are Managed Care

Part 3: Medicaid Expansion CHIP Program and Policy Changes

Indicate any changes you've made to your Medicaid Expansion CHIP program policies in the past federal fiscal year. Many changes listed in this section require a State Plan Amendment (SPA), while some don't, such as changing outreach efforts or changing the health plan enrollment process. Please submit a SPA to reflect any changes that do require a SPA.

1.

Have you made any changes to the eligibility determination process?

Yes

No

N/A

2.

Have you made any changes to the eligibility redetermination process?

Yes

No

N/A

3.

Have you made any changes to the eligibility levels or target populations?

For example: increasing income eligibility levels.

Yes

No

N/A

4.

Have you made any changes to the benefits available to enrollees?

For example: adding benefits or removing benefit limits.

Yes

No

N/A

5.

Have you made any changes to the single streamlined application?

Yes

No

N/A

6.

Have you made any changes to your outreach efforts?

For example: allotting more or less funding for outreach, or changing your target population.

Yes

No

N/A

7.

Have you made any changes to the delivery system(s)?

For example: transitioning from Fee for Service to Managed Care for different Medicaid Expansion CHIP populations.

Yes

No

N/A

8.

Have you made any changes to your cost sharing requirements?

For example: changing amounts, populations, or the collection process.

Yes

No

N/A

9.

Have you made any changes to the substitution of coverage policies?

For example: removing a waiting period.

Yes

No

N/A

10.

Have you made any changes to the enrollment process for health plan selection?

Yes

No

N/A

11.

Have you made any changes to the protections for applicants and enrollees?

For example: changing from the Medicaid Fair Hearing process to the review process used by all health insurance issuers statewide.

Yes

No

N/A

12.

Have you made any changes to premium assistance?

For example: adding premium assistance or changing the population that receives premium assistance.

Yes

No

N/A

13.

Have you made any changes to the methods and procedures for preventing, investigating, or referring fraud or abuse cases?

- Yes
- No
- N/A

14.

Have you made any changes to eligibility for "lawfully residing" pregnant women?

- Yes
- No
- N/A

15.

Have you made any changes to eligibility for "lawfully residing" children?

- Yes
- No
- N/A

16.

Have you made changes to any other policy or program areas?

- Yes
- No
- N/A

Part 4: Separate CHIP Program and Policy Changes

Indicate any changes you've made to your Separate CHIP program and policies in the past federal fiscal year. Many changes listed in this section require a State Plan Amendment (SPA), while some don't, such as changing outreach efforts or changing the health plan enrollment process. Please submit a SPA to reflect any changes that do require a SPA.

1.

Have you made any changes to the eligibility determination process?

- Yes
- No
- N/A

2.

Have you made any changes to the eligibility redetermination process?

- Yes
- No
- N/A

3.

Have you made any changes to the eligibility levels or target populations?

For example: increasing income eligibility levels.

- Yes
- No
- N/A

4.

Have you made any changes to the benefits available to enrollees?

For example: adding benefits or removing benefit limits.

- Yes
- No
- N/A

5.

Have you made any changes to the single streamlined application?

Yes

No

N/A

6.

Have you made any changes to your outreach efforts?

For example: allotting more or less funding for outreach, or changing your target population.

Yes

No

N/A

7.

Have you made any changes to the delivery system(s)?

For example: transitioning from Fee for Service to Managed Care for different Separate CHIP populations.

Yes

No

N/A

8.

Have you made any changes to your cost sharing requirements?

For example: changing amounts, populations, or the collection process.

Yes

No

N/A

9.

Have you made any changes to substitution of coverage policies?

For example: removing a waiting period.

Yes

No

N/A

10.

Have you made any changes to an enrollment freeze and/or enrollment cap?

Yes

No

N/A

11.

Have you made any changes to the enrollment process for health plan selection?

Yes

No

N/A

12.

Have you made any changes to the protections for applicants and enrollees?

For example: changing from the Medicaid Fair Hearing process to the review process used by all health insurance issuers statewide.

Yes

No

N/A

13.

Have you made any changes to premium assistance?

For example: adding premium assistance or changing the population that receives premium assistance.

Yes

No

N/A

14.

Have you made any changes to the methods and procedures for preventing, investigating, or referring fraud or abuse cases?

Yes

No

N/A

15.

Have you made any changes to your conception to birth expansion (as described in the October 2, 2002 final rule)?

For example: expanding eligibility or changing this population's benefit package.

Yes

No

N/A

16.

Have you made any changes to your Pregnant Women State Plan expansion?

For example: expanding eligibility or changing this population's benefit package.

Yes

No

N/A

17.

Have you made any changes to eligibility for "lawfully residing" pregnant women?

Yes

No

N/A

18.

Have you made any changes to eligibility for "lawfully residing" children?

Yes

No

N/A

19.

Have you made changes to any other policy or program areas?

- Yes
- No
- N/A

Enrollment and Uninsured Data

Part 1: Number of Children Enrolled in CHIP

This table is pre-filled with your SEDS data for the two most recent federal fiscal years (FFY). If the information is inaccurate, adjust your data in SEDS (go to line 7: "Unduplicated Number Ever Enrolled" in your fourth quarter SEDS report) and then refresh this page. If you're adjusting data in SEDS, allow one business day for the CARTS data below to update.

Program	Number of children enrolled in FFY 2020	Number of children enrolled in FFY 2021	Percent change
Medicaid Expansion CHIP	19,451	17,700	-9.002%
Separate CHIP	27,339	25,961	-5.04%

1. If you had more than a 3% percent change from last year, what are some possible reasons why your enrollment numbers changed?

Possible reasons for the decrease in the number of children enrolled in FFY21 is the continuation of the Public Health Emergency. Children who normally would have moved from the Separate CHIP to Medicaid Expansion are continuing in Separate CHIP and children that would typically be disenrolled due to their age were allowed to remain on the same plan. Iowa Medicaid began disenrolling age out kids on July 1, 2021 and after to an alternate program .

Part 2: Number of Uninsured Children in Your State

This table is pre-filled with data on uninsured children (age 18 and under) who are below 200% of the Federal Poverty Level (FPL) based on annual estimates from the American Community Survey. Due to the impacts of the COVID-19 PHE on collection of ACS data, the 2020 children's uninsurance rates are currently unavailable. Please skip to Question 3.

Year	Number of uninsured children	Margin of error	Percent of uninsured children (of total children in your state)	Margin of error
2016	11,000	3,000	1.5%	0.4%
2017	12,000	3,000	1.6%	0.4%
2018	10,000	2,000	1.4%	0.3%
2019	11,000	2,000	1.4%	0.3%
2020	Not Answered	Not Answered	Not Answered	Not Answered

Percent change between 2019 and 2020

Not Available

1. What are some reasons why the number and/or percent of uninsured children has changed?

2.

Are there any reasons why the American Community Survey estimates wouldn't be a precise representation of the actual number of uninsured children in your state?

Yes

No

3.

Do you have any alternate data source(s) or methodology for measuring the number and/or percent of uninsured children in your state?

Yes

No

4. Is there anything else you'd like to add about your enrollment and uninsured data?

No

5.

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Eligibility, Enrollment, and Operations

Program Outreach

1.

Have you changed your outreach methods in the last federal fiscal year?

Yes

No

2.

Are you targeting specific populations in your outreach efforts?

For example: minorities, immigrants, or children living in rural areas.

Yes

No

3. What methods have been most effective in reaching low-income, uninsured children?

For example: TV, school outreach, or word of mouth.

Meeting the clients where they are at e.g. schools, community outreach events, etc and social media platforms, etc.

4. Is there anything else you'd like to add about your outreach efforts?

No

5.

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Eligibility, Enrollment, and Operations

Substitution of Coverage

Substitution of coverage (also known as crowd-out) occurs when someone with private insurance drops their private coverage and substitutes it with publicly funded insurance such as CHIP.

1.

Do you track the number of CHIP enrollees who have access to private insurance?

- Yes
- No
- N/A

2.

Do you match prospective CHIP enrollees to a database that details private insurance status?

- Yes
- No
- N/A

5. Is there anything else you'd like to add about substitution of coverage that wasn't already covered? Did you run into any limitations when collecting data?

For number 3, above the eligibility system does not track the percentage.

6.

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Eligibility, Enrollment, and Operations

Renewal, Denials, and Retention

Part 1: Eligibility Renewal and Retention

1.

Does your state provide presumptive eligibility, allowing children to access CHIP services pending a final determination of eligibility?

This question should only be answered in respect to Separate CHIP.

Yes

No

N/A

2.

In an effort to retain children in CHIP, do you conduct follow-up communication with families through caseworkers and outreach workers?

Yes

No

3.

Do you send renewal reminder notices to families?

Yes

No

4. What else have you done to simplify the eligibility renewal process for families?

Iowa implemented passive renewal. If all eligibility conditions remain unchanged the child will automatically be renewed.

5. Which retention strategies have you found to be most effective?

Passive renewal

6. How do you measure the effectiveness of your retention strategies? What data sources and methodology do you use to track retention?

Iowa tracks how many passive renewal notices result in children being automatically renewed.

7. Is there anything else you'd like to add that wasn't already covered?

No

Part 2: CHIP Eligibility Denials (Not Redetermination)

1.

How many applicants were denied CHIP coverage in FFY 2021?

Don't include applicants being considered for redetermination - this data will be collected in Part 3.

14652

2.

How many applicants were denied CHIP coverage for procedural reasons?

For example: They were denied because of an incomplete application, missing documentation, or a missing enrollment fee.

5204

3.

How many applicants were denied CHIP coverage for eligibility reasons?

For example: They were denied because their income was too high or too low, they were determined eligible for Medicaid instead, or they had other coverage available.

8805

3a.

How many applicants were denied CHIP (Title XXI) coverage and determined eligible for Medicaid (Title XIX) instead?

70

4.

How many applicants were denied CHIP coverage for other reasons?

1782

5. Did you have any limitations in collecting this data?

Iowa determines Medicaid eligibility before determining CHIP eligibility. Some of the data above may include denials for Medicaid and thus would be denials for CHIP.

Table: CHIP Eligibility Denials (Not Redetermination)

This table is auto-populated with the data you entered above.

Type	Number	Percent
Total denials	14652	100%
Denied for procedural reasons	5204	35.52%
Denied for eligibility reasons	8805	60.09%
Denials for other reasons	1782	12.16%

Part 3: Redetermination in CHIP

Redetermination is the process of redetermining whether a child is eligible to renew in CHIP (Title XXI) every 12 months. This section doesn't apply to any mid-year changes in circumstances that may affect eligibility (for example: income, relocation, or aging out of the program).

1.

How many children were eligible for redetermination in CHIP in FFY 2021?

140196

2.

Of the eligible children, how many were then screened for redetermination?

3.

How many children were retained in CHIP after redetermination?

4.

How many children were disenrolled in CHIP after the redetermination process?

This number should be equal to the total of 4a, 4b, and 4c below.

Computed:

4a.

How many children were disenrolled for procedural reasons?

This could be due to an incomplete application, missing documentation, or a missing enrollment fee.

4b.

How many children were disenrolled for eligibility reasons?

This could be due to income that was too high or too low, eligibility in Medicaid (Title XIX) instead, or access to private coverage.

4c.

How many children were disenrolled for other reasons?

5. Did you have any limitations in collecting this data?

This includes the Medicaid Expansion children and Hawki children. Iowa chose to continue children on Medicaid Expansion and Hawki during the Public Health Emergency so redeterminations were not completed after March 2020.

Table: Redetermination in CHIP

These tables are auto-populated with the data you entered above.

Type	Number	Percent
Children screened for redetermination	Not Answered	Not Answered
Children retained after redetermination	Not Answered	Not Answered
Children disenrolled after redetermination	Not Answered	Not Answered

Table: Disenrollment in CHIP after Redetermination

Type	Number	Percent
Children disenrolled after redetermination	Not Answered	Not Answered
Children disenrolled for procedural reasons	Not Answered	Not Answered
Children disenrolled for eligibility reasons	Not Answered	Not Answered
Children disenrolled for other reasons	Not Answered	Not Answered

Part 4: Redetermination in Medicaid

Redetermination is the process of redetermining whether a child is eligible to renew in Medicaid (Title XIX) every 12 months. This section doesn't apply to any mid-year changes in circumstances that may affect eligibility (for example: income, relocation, or aging out of the program).

1.

How many children were eligible for redetermination in Medicaid in FFY 2021?

2.

Of the eligible children, how many were then screened for redetermination?

3.

How many children were retained in Medicaid after redetermination?

4.

How many children were disenrolled in Medicaid after the redetermination process?

This number should be equal to the total of 4a, 4b, and 4c below.

Computed:

4a.

How many children were disenrolled for procedural reasons?

This could be due to an incomplete application, missing documentation, or a missing enrollment fee.

4b.

How many children were disenrolled for eligibility reasons?

This could be due to an income that was too high and/or eligibility in CHIP instead.

4c.

How many children were disenrolled for other reasons?

5. Did you have any limitations in collecting this data?

Iowa chose to continue children on Medicaid Expansion and Hawki during the Public Health Emergency so redeterminations were not completed after March 2020.

Table: Redetermination in Medicaid

These tables are auto-populated with the data you entered above.

Type	Number	Percent
Children screened for redetermination	Not Answered	Not Answered
Children retained after redetermination	Not Answered	Not Answered
Children disenrolled after redetermination	Not Answered	Not Answered

Table: Disenrollment in Medicaid after Redetermination

Type	Number	Percent
Children disenrolled after redetermination	Not Answered	Not Answered
Children disenrolled for procedural reasons	Not Answered	Not Answered
Children disenrolled for eligibility reasons	Not Answered	Not Answered
Children disenrolled for other reasons	Not Answered	Not Answered

Part 5: Tracking a CHIP cohort (Title XXI) over 18 months

Tracking a cohort of children enrolled in CHIP (Title XXI) will indicate how long a specific group of children stays enrolled over an 18-month period. This information is required by Section 402(a) of CHIPRA.

To track your cohort, identify a group of children ages 0 to 16 years who are newly enrolled in CHIP and/or Medicaid as of January through March 2020 (the second quarter of FFY 2020). Children in this cohort must be 16 years and 0 months or younger when they enroll to ensure they don't age out of the program by the end of the 18-month tracking period.

You'll identify a new cohort every two years. This last year you reported on the number of children at the start of the cohort (Jan - Mar 2020) and six months later (July - Sept 2020). This year you'll report on the same cohort at 12 months (Jan - Mar 2021) and 18 months later (July - Sept 2021). If data is unknown or unavailable, leave it blank - don't enter a zero unless the data is known to be zero.

Helpful hints on age groups

Children should be in age groups based on their age at the start of the cohort, when they're identified as newly enrolled in January, February, or March of 2020. For example, if a child is four years old when they're newly enrolled, they should continue to be reported in the "ages 1-5" group at 6 months, 12 months, and 18 months later.

The oldest children in the cohort must be no older than 16 years (and 0 months) to ensure they don't age out of the program at the end of the 18-month tracking period. That means children in the "ages 13-16" group who are newly enrolled in January 2020 must be born after January 2004. Similarly, children who are newly enrolled in February 2020 must be born after February 2004, and children newly enrolled in March 2020 must be born after March 2004.

1.

How does your state define "newly enrolled" for this cohort?

Newly enrolled in CHIP: Children in this cohort weren't enrolled in CHIP (Title XXI) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP in December 2019.

Newly enrolled in CHIP and Medicaid: Children in this cohort weren't enrolled in CHIP (Title XXI) or Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP or Medicaid in December 2019.

2.

Do you have data for individual age groups?

If not, you'll report the total number for all age groups (0-16 years) instead.

Yes

No

January - March 2020 (start of the cohort): included in 2020 report.

You completed this section in your 2020 CARTS Report. Please refer to that report to assist in filling out this section if needed.

3.

How many children were newly enrolled in CHIP between January and March 2020?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

12

745

600

235

July - September 2020 (6 months later): included in 2020 report.

4.

How many children were continuously enrolled in CHIP six months later?

Only include children that didn't have a break in coverage during the six-month period.

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

20. Is there anything else you'd like to add about your data?

No

Part 6: Tracking a Medicaid (Title XIX) cohort over 18 months

Tracking a cohort of children enrolled in Medicaid (Title XIX) will indicate how long a specific group of children stays enrolled over an 18-month period. This information is required by Section 402(a) of CHIPRA.

To track your cohort, identify a group of children ages 0 to 16 years, who are newly enrolled in Medicaid and/or CHIP as of January through March 2020 (the second quarter of FFY 2020). Children in this cohort must be 16 years and 0 months or younger when they enroll to ensure they don't age out of the program by the end of the 18-month tracking period.

You'll identify a new cohort every two years. This last year you reported the number of children identified at the start of the cohort (Jan-Mar 2020) and six months later (July-Sept 2020). This year you'll report numbers for the same cohort at 12 months (Jan-Mar 2021) and 18 months later (July-Sept 2021). If data is unknown or unavailable, leave it blank - don't enter a zero unless the data is known to be zero.

Helpful hints on age groups

Children should be in age groups based on their age at the start of the cohort, when they're identified as newly enrolled in January, February, or March of 2021. For example, if a child is four years old when they're newly enrolled, they should continue to be reported in the "ages 1-5" group at 6 months, 12 months, and 18 months later.

The oldest children in the cohort must be no older than 16 years (and 0 months) to ensure they don't age out of the program at the end of the 18-month tracking period. That means children in the "ages 13-16" group who are newly enrolled in January 2021 must be born after January 2004. Similarly, children who are newly enrolled in February 2021 must be born after February 2004, and children newly enrolled in March 2021 must be born after March 2004.

1.

How does your state define "newly enrolled" for this cohort?

Newly enrolled in Medicaid: Children in this cohort weren't enrolled in Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in Medicaid in December 2019.

Newly enrolled in CHIP and Medicaid: Children in this cohort weren't enrolled in CHIP (Title XXI) or Medicaid (Title XIX) during the previous month. For example: Newly enrolled children in January 2020 weren't enrolled in CHIP or Medicaid in December 2019.

2.

Do you have data for individual age groups?

If not, you'll report the total number for all age groups (0-16 years) instead.

Yes

No

January - March 2020 (start of the cohort): included in 2020 report

You completed this section in your 2020 CARTS Report. Please refer to that report to assist in filling out this section if needed.

3.

How many children were newly enrolled in Medicaid between January and March 2020?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

34

474

335

126

July - September 2020 (6 months later): included in 2020 report

You completed this section in your 2020 CARTS report. Please refer to that report to assist in filling out this section if needed.

4.

How many children were continuously enrolled in Medicaid six months later?

Only include children that didn't have a break in coverage during the six-month period.

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

33

449

324

122

5.

How many children had a break in Medicaid coverage but were re-enrolled in Medicaid six months later?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

6.

Of the children who had a break in Medicaid coverage (in the previous question), how many were enrolled in CHIP during the break?

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

7.

How many children were no longer enrolled in Medicaid six months later?

Possible reasons for no longer being enrolled:
b" Transferred to another health insurance program other than Medicaid
b" Didn't meet eligibility criteria anymore
b" Didn't complete documentation
b" Didn't pay a premium or enrollment fee

Ages 0-1

Ages 1-5

Ages 6-12

Ages 13-16

20. Is there anything else you'd like to add about your data?

No

Eligibility, Enrollment, and Operations

Cost Sharing (Out-of-Pocket Costs)

States can choose whether or not to require cost sharing in their CHIP program. Cost sharing includes payments such as enrollment fees, premiums, deductibles, coinsurance, and copayments.

1.

Does your state require cost sharing?

Yes

No

2.

Who tracks cost sharing to ensure families don't pay more than the 5% aggregate household income in a year?

- Families ("the shoebox method")
- Health plans
- States
- Third party administrator
- Other

3. How are healthcare providers notified that they shouldn't charge families once families have reached the 5% cap?

In process to determine

4. Approximately how many families exceeded the 5% cap in the last federal fiscal year?

Unknown at this time

5.

Have you assessed the effects of charging premiums and enrollment fees on whether eligible families enroll in CHIP?

Yes

No

6.

Have you assessed the effects of charging copayments and other out-of-pocket fees on whether enrolled families use CHIP services?

Yes

No

8. Is there anything else you'd like to add that wasn't already covered?

Iowa is working with to determine how to best track cost sharing. This will require major system updates. The timeline for completion is August 2022.

Eligibility, Enrollment, and Operations

Employer Sponsored Insurance and Premium Assistance

States with a premium assistance program can use CHIP funds to purchase coverage through employer sponsored insurance (ESI) on behalf of eligible children and parents.

1.

Does your state offer ESI including a premium assistance program under the CHIP State Plan or a Section 1115 Title XXI demonstration?

Yes

No

Eligibility, Enrollment, and Operations

Program Integrity

States with a premium assistance program can use CHIP funds to purchase coverage through employer sponsored insurance (ESI) on behalf of eligible children and parents.

1.

Do you have a written plan with safeguards and procedures in place for the prevention of fraud and abuse cases?

Yes

No

2.

Do you have a written plan with safeguards and procedures in place for the investigation of fraud and abuse cases?

Yes

No

3.

Do you have a written plan with safeguards and procedures in place for the referral of fraud and abuse cases?

Yes

No

4. What safeguards and procedures are in place for the prevention, investigation, and referral of fraud and abuse cases?

The general public may report suspected fraud and abuse at the following websites to the state of Iowa: 1. Iowa Department of Inspections and Appeals: [https://dia.iowa.gov/abuse-fraud/medicaid-public-assistance#:~:text=Report%20Fraud&text=4615%20or%201.877.,446.3787%20\(toll%20free\).](https://dia.iowa.gov/abuse-fraud/medicaid-public-assistance#:~:text=Report%20Fraud&text=4615%20or%201.877.,446.3787%20(toll%20free).) 2. Iowa Department of Human Services: <https://dhs.iowa.gov/report-abuse-and-fraud> Through contract provisions, the Department requires managed care entities and PAHP plans to make available a mechanism for the general public to report suspected fraud and abuse cases. A streamlined referral process was implemented for reporting fraud and abuse cases by the managed care and PAHP to the Department. Credible allegation of fraud cases are referred to the Medicaid Fraud Control Unit (MFCU) for investigation.

5.

Do the Managed Care plans contracted by your Separate CHIP program have written plans with safeguards and procedures in place?

Yes

No

N/A

6.

How many eligibility denials have been appealed in a fair hearing in FFY 2021?

54

7.

How many cases have been found in favor of the beneficiary in FFY 2021?

0

8.

How many cases related to provider credentialing were investigated in FFY 2021?

33

9.

How many cases related to provider credentialing were referred to appropriate law enforcement officials in FFY 2021?

2

10.

How many cases related to provider billing were investigated in FFY 2021?

Eligibility, Enrollment, and Operations

Dental Benefits

Tell us about the children receiving dental benefits in your Separate CHIP program. Include children who are receiving full benefits and those who are only receiving supplemental dental benefits. Include the unduplicated number of children enrolled in all types of delivery systems (Managed Care, PCCM, and Fee for Service).

Note on age groups

Children should be in age groups based on their age on September 30th, the end of the federal fiscal year (FFY). For example, if a child turns three years old on September 15th, the child should be included in the "ages 3-5" group. Even if the child received dental services on September 1st while they were still two years old, all dental services should be counted as their age at the end of the FFY.

1.

Do you have data for individual age groups?

If not, you'll report the total number for all age groups (0-18 years) instead.

Yes

No

2.

How many children were enrolled in Separate CHIP for at least 90 continuous days during FFY 2021?

Ages 0-1

Ages 1-2

Ages 3-5

Ages 6-9

Ages
10-14

9370

Dental care service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D0100-D9999 (or equivalent CDT codes D0100-D9999, or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

4.

How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received at least one preventative dental care service during FFY 2021?

Dental care service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D0100 - D9999 (or equivalent CDT codes D0100 - D9999, or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

5.

How many children (who were enrolled in Separate CHIP for at least 90 continuous days) received dental treatment services during FFY 2021?

This includes orthodontics, periodontics, implants, oral and maxillofacial surgery, and other treatments.

Ages 0-1	Ages 1-2	Ages 3-5	Ages 6-9	Ages 10-14	Ages 15-18
0	60	1463	4438	5317	4043

Dental treatment service codes and definitions

The dental service must be provided by or under the supervision of a dentist as defined by HCPCS codes D2000-D9999 (or equivalent CDT codes D2000-D9999 or equivalent CPT codes that involve periodontics, maxillofacial prosthetics, implants, oral and maxillofacial surgery, orthodontics, adjunctive general services) based on an unduplicated paid, unpaid, or denied claim. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

6.

How many children in the "ages 6-9" group received a sealant on at least one permanent molar tooth during FFY 2021?

2291

Sealant codes and definitions

The sealant on a permanent molar tooth is provided by a dental professional for whom placing a sealant is within their scope of practice. It's defined by HCPCS code D1351 (or equivalent CDT code D1351) based on an unduplicated paid, unpaid, or denied claim. Permanent molars are teeth numbered 2, 3, 14, 15, 18, 19, 30, and 31, and additionally - for states covering sealants on third molars ("wisdom teeth") - teeth numbered 1, 16, 17, and 32. All data should be based on the definitions in the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416).

7.

Do you provide supplemental dental coverage?

Yes

No

8. Is there anything else you'd like to add about your dental benefits? If you weren't able to provide data, let us know why.

No

9.

Optional: Attach any additional documents here.

Eligibility, Enrollment, and Operations

CAHPS Survey Results

Children's Health Insurance Program Reauthorization Act (CHIPRA) requires that all CHIP programs submit survey results from the Consumer Assessment of Healthcare Providers and Systems (CAHPS). The survey assesses your CHIP program quality and customer satisfaction. For the 2021 CARTS report, we highly encourage states to report all raw CAHPS data to the Agency for Healthcare Research and Quality (AHRQ) CAHPS Database instead of reporting a summary of the data via CARTS. For 2022, the only option for reporting CAHPS results will be through the submission of raw data to ARHQ.

1.

Did you collect the CAHPS survey?

Yes

No

Part 2: You collected the CAHPS survey

Since you collected the CAHPS survey, please complete Part 2.

1.

Upload a summary report of your CAHPS survey results.

This is optional if you already submitted CAHPS raw data to the AHRQ CAHPS database. Submit results only for the CHIP population, not for both Medicaid (Title XIX) and CHIP (Title XXI) together. Your data should represent children enrolled in all types of delivery systems (Managed Care, PCCM, and Fee for Service).

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

2.

Which CHIP population did you survey?

- Medicaid Expansion CHIP
- Separate CHIP
- Both Separate CHIP and Medicaid Expansion CHIP
- Other

3.

Which version of the CAHPS survey did you use?

- CAHPS 5.0
- CAHPS 5.0H
- Other

4.

Which supplemental item sets did you include in your survey?

Select all that apply.

- None
- Children with Chronic Conditions
- Other

5.

Which administrative protocol did you use to administer the survey?

Select all that apply.

NCQA HEDIS CAHPS 5.0H

HRQ CAHPS

Other

5a. Which administrative protocol did you use?

The Adult Population was submitted to NCQA therefore SPH used the NCQA Approved Method. The Child Medicaid population was not submitted to NCQA; therefore, the CAHPS Protocol was followed (SPH still follows all NCQA standards for non-submitting populations)

6. Is there anything else you'd like to add about your CAHPS survey results?

Identified opportunities for improvement with the Rating of Specialists.

Part 3: You didn't collect the CAHPS survey

Eligibility, Enrollment, and Operations

Health Services Initiative (HSI) Programs

All states with approved HSI program(s) should complete this section. States can use up to 10% of their fiscal year allotment to develop Health Services Initiatives (HSI) that provide direct services and other public health initiatives for low-income children. [See Section 2105(a)(1)(D)(ii) of the Social Security Act.] States can only develop HSI programs after funding other costs to administer their CHIP State Plan, as defined in regulations at 42 CFR 457.10.

1.

Does your state operate Health Service Initiatives using CHIP (Title XXI) funds?

Even if you're not currently operating the HSI program, if it's in your current approved CHIP State Plan, please answer "yes."

Yes

No

Tell us about your HSI program(s).

1. What is the name of your HSI program?

Iowa Poison Control

2.

Are you currently operating the HSI program, or plan to in the future?

Yes

No

3. Which populations does the HSI program serve?

Children under age 19

4.

How many children do you estimate are being served by the HSI program?

23816

5.

How many children in the HSI program are below your state's FPL threshold?

Computed:

Skip to the next section if you're already reporting HSI metrics and outcomes to CMS, such as in quarterly or monthly reports.

6. How do you measure the HSI program's impact on the health of low-income children in your state? Define a metric to measure the impact.

The Poison Control Center will save annual health care costs by preventing emergency department visits, hospitalizations and other health care services.

7. What outcomes have you found when measuring the impact?

The estimated cost savings from this benefit is over \$15 million annually. In addition, if a patient does need hospitalization, a health care provider's consultation with a poison control center is shown to decrease a patient's length of stay in a hospital and hospital costs.

8. Is there anything else you'd like to add about this HSI program?

The FPL threshold is currently not tracked for this program.

9.

Optional: Attach any additional documents.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

1. What is the name of your HSI program?

Presumptive Eligibility

2.

Are you currently operating the HSI program, or plan to in the future?

Yes

No

3. Which populations does the HSI program serve?

Low-income children, Medicaid and CHIP.

4.

How many children do you estimate are being served by the HSI program?

3037

5.

How many children in the HSI program are below your state's FPL threshold?

3037

Computed: 100%

Skip to the next section if you're already reporting HSI metrics and outcomes to CMS, such as in quarterly or monthly reports.

6. How do you measure the HSI program's impact on the health of low-income children in your state? Define a metric to measure the impact.

7. What outcomes have you found when measuring the impact?

8. Is there anything else you'd like to add about this HSI program?

9.

Optional: Attach any additional documents.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Do you have another in this list?

Optional

State Plan Goals and Objectives

Part 1: Tell us about your goals and objectives

Tell us about the progress you've made on your performance goals in the past year. The objectives and goals you add to this section should match those reflected in your CHIP State Plan, Section 9. Submit a CHIP State Plan Amendment (SPA) if any of them are different. Objective 1 is required. We've provided examples for other objectives, but you can edit them so they match the objectives in your CHIP State Plan. You can add additional objectives and goals to fit what's in your CHIP State Plan.

1. Briefly describe your goal for this objective.

For example: In an effort to reduce the number of uninsured children, our goal is to enroll 90% of eligible children in the CHIP program.

The goal is to increase the number of children enrolled in the Hawki program by one percent over the last federal fiscal year.

2.

What type of goal is it?

- New goal
- Continuing goal
- Discontinued goal

Define the numerator you're measuring

3. Which population are you measuring in the numerator?

For example: The number of children enrolled in CHIP in the last federal fiscal year.

The increase in number of children enrolled in the Hawki program under age 19 that are below 302% FPL from September 2021 less the enrollment as of October 2020

4.

Numerator (total number)

486

Define the denominator you're measuring

5. Which population are you measuring in the denominator?

For example: The total number of eligible children in the last federal fiscal year.

The number of children enrolled in Hawki under age 19 that are below 302% FPL as of September 2020.

6.

Denominator (total number)

64787

Computed: 0.75%

7.

What is the date range of your data?

Start

mm/yyyy

07 / 2020

End

mm/yyyy

06 / 2021

8.

Which data source did you use?

- Eligibility or enrollment data
- Survey data
- Another data source

9. How did your progress towards your goal last year compare to your previous year's progress?

Although the numbers show a percent increase, Iowa did not meet the 1% goal. The low percentage is likely due to transitioning members to alternate programs that aged out as no transition were completed due since March 2020 due to the PHE.

10. What are you doing to continually make progress towards your goal?

Continuing grassroots outreach and presumptive eligibility to increase the number of children enrolled.

11. Anything else you'd like to tell us about this goal?

The PHE may have had an impact on the total number of children enrolled as no disenrollment was completed since March 2020. Beginning in June 2021 members were transitioned to alternate programs as they aged out of CHIP.

12.

Do you have any supporting documentation?

Optional

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Do you have another in this list?

Optional

1. What is the next objective listed in your CHIP State Plan?

You can edit the suggested objective so it matches what's in your CHIP State Plan.

1. Briefly describe your goal for this objective.

For example: In an effort to increase access to care, our goal is to increase the number of children who have visited a primary care physician by 5%.

2.

What type of goal is it?

- New goal
- Continuing goal
- Discontinued goal

Define the numerator you're measuring

3. Which population are you measuring in the numerator?

For example: The number of children enrolled in CHIP who visited a primary care physician in the last federal fiscal year.

4.

Numerator (total number)

Define the denominator you're measuring

5. Which population are you measuring in the denominator?

For example: The total number of children enrolled in CHIP in the last federal fiscal year.

6.

Denominator (total number)

Computed:

7.

What is the date range of your data?

Start

mm/yyyy

 /

End

mm/yyyy

 /

8.

Which data source did you use?

- Eligibility or enrollment data

9. How did your progress towards your goal last year compare to your previous year's progress?

10. What are you doing to continually make progress towards your goal?

11. Anything else you'd like to tell us about this goal?

12.

Do you have any supporting documentation?

Optional

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

1. Briefly describe your goal for this objective.

For example: In an effort to increase the use of preventative care, our goal is to increase the number of children who receive one or more well child visits by 5%.

2.

What type of goal is it?

- New goal
- Continuing goal
- Discontinued goal

Define the numerator you're measuring

3. Which population are you measuring in the numerator?

For example: The number of children who received one or more well child visits in the last federal fiscal year.

4.

Numerator (total number)

0

Define the denominator you're measuring

5. Which population are you measuring in the denominator?

For example: The total number of children enrolled in CHIP in the last federal fiscal year.

6.

Denominator (total number)

0

Computed:

7.

What is the date range of your data?

Start

mm/yyyy

01 / 2021

End

mm/yyyy

12 / 2021

8.

Which data source did you use?

- Eligibility or enrollment data
- Survey data
- Another data source

9. How did your progress towards your goal last year compare to your previous year's progress?

10. What are you doing to continually make progress towards your goal?

Part 2: Additional questions

1. Do you have other strategies for measuring and reporting on your performance goals? What are these strategies, and what information have you found through this research?

Not at this time.

2. Do you plan to add new strategies for measuring and reporting on your goals and objectives? What do you plan to do, and when will this data become available?

Iowa is looking to add new strategies for measuring and reporting on goals and objective. Unknown timeline for completion at this time.

3. Have you conducted any focused studies on your CHIP population? (For example: studies on adolescents, attention deficit disorder, substance use, special healthcare needs, or other emerging healthcare needs.) What have you discovered through this research?

Not at this time

4.

Optional: Attach any additional documents here.

For example: studies, analyses, or any other documents that address your performance goals.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Program Financing

Tell us how much you spent on your CHIP program in FFY 2021, and how much you anticipate spending in FFY 2022 and 2023.

Part 1: Benefit Costs

Please type your answers in only. Do not copy and paste your answers.

1.

How much did you spend on Managed Care in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021

2022

2023

\$ 163,068,699

\$ 171,383,094

\$ 181,620,783

2.

How much did you spend on Fee for Service in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021

2022

2023

\$ 6,462,219

\$ 5,362,566

\$ 5,737,238

3.

How much did you spend on anything else related to benefit costs in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021

2022

2023

\$ 0

\$ 0

\$ 0

4.

How much did you receive in cost sharing from beneficiaries to offset your costs in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021

2022

2023

\$ 70,687

\$ 2,750,336

\$ 4,523,796

Table 1: Benefits Costs

This table is auto-populated with the data you entered above.

Type	FFY 2021	FFY 2022	FFY 2023
Managed Care	163068699	171383094	181620783
Fee for Service	6462219	5362566	5737238
Other benefit costs	0	0	0
Cost sharing payments from beneficiaries	70687	2750336	4523796
Total benefit costs	169601605	179495996	191881817

Part 2: Administrative Costs

Please type your answers in only. Do not copy and paste your answers.

1.

How much did you spend on personnel in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

This includes wages, salaries, and other employee costs.

2021

2022

2023

\$ 1,261,905

\$ 1,371,521

\$ 1,328,877

2.

How much did you spend on general administration in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021

2022

2023

\$ 138,533

\$ 150,566

\$ 145,885

3.

How much did you spend on contractors and brokers, such as enrollment contractors in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021

2022

2023

\$ 2,461,479

\$ 2,675,296

\$ 2,592,115

4.

How much did you spend on claims processing in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021

2022

2023

\$ 0

\$ 0

\$ 0

5.

How much did you spend on outreach and marketing in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021

2022

2023

\$ 611,431

\$ 611,431

\$ 611,431

6.

How much did you spend on your Health Services Initiatives (HSI) if you had any in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021

2022

2023

\$ 1,173,518

\$ 1,275,456

\$ 1,235,799

7.

How much did you spend on anything else related to administrative costs in FFY 2021? How much do you anticipate spending in FFY 2022 and 2023?

2021

2022

2023

\$ 193,414

\$ 263,327

\$ 236,129

Table 2: Administrative Costs

This table is auto-populated with the data you entered above. Your total administrative costs cannot be more than 10% of your total CHIP program costs (the sum of your benefit and administrative costs). The 10% administrative cap is calculated by dividing the total benefit costs by 9.

Type	FFY 2021	FFY 2022	FFY 2023
Personnel	1261905	1371521	1328877
General administration	138533	150566	145885
Contractors and brokers	2461479	2675296	2592115
Claims processing	0	0	0
Outreach and marketing	611431	611431	611431
Health Services Initiatives (HSI)	1173518	1275456	1235799
Other administrative costs	193414	263327	236129
Total administrative costs	5840280	6347597	6150236
10% administrative cap	18828914.56	19332813.78	20314913.89

Table 3: Federal and State Shares

CHIP is funded by federal and state budgets. The federal share of funding is calculated by multiplying your state's Federal Medical Assistance Percentage (eFMAP) by your total program costs (the sum of your benefit and administrative costs). The remaining amount of your total program costs is covered by your state share of funding. This table is auto-calculated using the data you entered above. The federal and state shares for FFY 2023 will be calculated once the eFMAP rate for 2023 becomes available. In the meantime, these values will be blank.

FMAP Table	FFY 2021	FFY 2022	FFY 2023
Total program costs	175441885	185843593	198032053
eFMAP	73.23	73.5	Not Available
Federal share	128476092.39	136595040.85	Not Available
State share	46965792.61	49248552.15	Not Available

8.

What were your state funding sources in FFY 2021?

Select all that apply.

- State appropriations
- County/local funds
- Employer contributions
- Foundation grants
- Private donations
- Tobacco settlement
- Other

9.

Did you experience a shortfall in federal CHIP funds this year?

- Yes
- No

Part 3: Managed Care Costs

Complete this section only if you have a Managed Care delivery system.

1.

How many children were eligible for Managed Care in FFY 2021? How many do you anticipate will be eligible in FFY 2022 and 2023?

2021

2022

2023

81495

80788

87010

2.

What was your per member per month (PMPM) cost based on the number of children eligible for Managed Care in FFY 2021? What is your projected PMPM cost for FFY 2022 and 2023?

Round to the nearest whole number.

2021

2022

2023

\$ 171

\$ 177

\$ 173

Type	FFY 2021	FFY 2022	FFY 2023
Eligible children	81495	80788	87010
PMPM cost	171	177	173

Part 4: Fee for Service Costs

Complete this section only if you have a Fee for Service delivery system.

1.

How many children were eligible for Fee for Service in FFY 2021? How many do you anticipate will be eligible in FFY 2022 and 2023?

2021

2022

2023

199

202

203

2.

What was your per member per month (PMPM) cost based on the number of children eligible for Fee For Service in FFY 2021? What is your projected PMPM cost for FFY 2022 and 2023?

The per member per month cost will be the average cost per month to provide services to these enrollees. Round to the nearest whole number.

2021

2022

2023

\$ 895

\$ 905

\$ 922

Type	FFY 2021	FFY 2022	FFY 2023
Eligible children	199	202	203
PMPM cost	895	905	922

1. Is there anything else you'd like to add about your program finances that wasn't already covered?

Managed care eligibles continue to receive certain services through fee for service (dental, school-based services). These costs are included in the managed care PMPM total rather than the fee for service PMPM total.

2.

Optional: Attach any additional documents here.

Click Choose Files and make your selection(s) then click Upload to attach your files. Click View Uploaded to see a list of all files attached here.

Files must be in one of these formats: PDF, Word, Excel, or a valid image (jpg or png)

Challenges and Accomplishments

1. How has your state's political and fiscal environment affected your ability to provide healthcare to low-income children and families?

The governor and legislators continue to support the Hawki and Medicaid Expansion programs to provide healthcare to low-income children and families.

2. What's the greatest challenge your CHIP program has faced in FFY 2021?

The greatest challenge in FFY 2021 continued to be the COVID-19 Public Health Emergency. Iowa continued to ensure both the Medicaid Expansion and the Hawki program members continued to receive health care coverage. We expanded telehealth services, temporarily discontinued the collection of premiums and did not cancel or disenroll members since March 18, 2020. In June of 2021 members that aged out of CHIP were transitioned to an alternate coverage group.

3. What are some of the greatest accomplishments your CHIP program has experienced in FFY 2021?

The greatest accomplishments in the CHIP program are the continued expansion of telehealth services to Medicaid Expansion and Hawki populations as this continues to enable children to see their providers during the public health emergency.

4. What changes have you made to your CHIP program in FFY 2021 or plan to make in FFY 2022? Why have you decided to make these changes?

When the Public Health Emergency ends, Iowa will determine what services and process that we implemented due to the PHE that we want to keep and which we will roll back to the level prior to the Public Health Emergency. Iowa will be implementing new performance goals, as well as implementing new strategies for measuring and reporting the performance goals.

5. Is there anything else you'd like to add about your state's challenges and accomplishments?

6.

Optional: Attach any additional documents here.
