

# FRAMEWORK FOR THE ANNUAL REPORT OF THE CHILDREN'S HEALTH INSURANCE PLANS UNDER TITLE XXI OF THE SOCIAL SECURITY ACT

## Preamble

Section 2108(a) and Section 2108(e) of the Social Security Act (the Act) provide that each state and territory\* must assess the operation of its state child health plan in each federal fiscal year and report to the Secretary, by January 1 following the end of the federal fiscal year, on the results of the assessment. In addition, this section of the Act provides that the state must assess the progress made in reducing the number of uncovered, low-income children. The state is out of compliance with CHIP statute and regulations if the report is not submitted by January 1. The state is also out of compliance if any section of this report relevant to the state's program is incomplete.

The framework is designed to:

- Recognize the **diversity** of state approaches to CHIP and allow states **flexibility** to highlight key accomplishments and progress of their CHIP programs, **AND**
- Provide **consistency** across states in the structure, content, and format of the report, **AND**
- Build on data **already collected** by CMS quarterly enrollment and expenditure reports, **AND**
- Enhance **accessibility** of information to stakeholders on the achievements under Title XXI

The CHIP Annual Report Template System (CARTS) is organized as follows:

- Section I: Snapshot of CHIP Programs and Changes
- Section II: Program's Performance Measurement and Progress
- Section III: Assessment of State Plan and Program Operation
- Section IV: Program Financing for State Plan
- Section V: Program Challenges and Accomplishments

\* - When "state" is referenced throughout this template it is defined as either a state or a territory.

**\*Disclosure.** According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148. The time required to complete this information collection is estimated to average 40 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, write to: CMS, 7500 Security Blvd., Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

**DO NOT CERTIFY YOUR REPORT UNTIL ALL SECTIONS ARE COMPLETE.**

State/Territory: co

Name of State/Territory

The following Annual Report is submitted in compliance with Title XXI of the Social Security Act (Section 2108(a) and Section 2108(e)).

Signature: **Elizabeth Mattes**

CHIP Program Name(s): **All, Colorado**

CHIP Program Type:

- CHIP Medicaid Expansion Only
- Separate Child Health Program Only
- Combination of the above

Reporting Period: **2019** (**Note: Federal Fiscal Year 2019 starts 10/1/2018 and ends 9/30/2019**)

Contact Person/Title: **Elizabeth Mattes, CHP+ Program Coordinator**

Address: **1570 Grant Street**

City: **Denver** State: **co** Zip: **80203**

Phone: **303-866-3155** Fax: **303-866-2573**

Email: **elizabeth.mattes@state.co.us**

Submission Date: **12/19/2019**

(Due to your CMS Regional Contact and Central Office Project Officer by January 1st of each year)

## Section I. Snapshot of CHIP Program and Changes

- 1) To provide a summary at-a-glance of your CHIP program, please provide the following information. If you would like to make any comments on your responses, please explain in the narrative section below this table.

Provide an assurance that your state’s CHIP program eligibility criteria as set forth in the CHIP state plan in section 4, inclusive of PDF pages related to Modified Adjusted Gross Income eligibility, is accurate as of the date of this report.

Please note that the numbers in brackets, e.g., [500] are character limits in the Children’s Health Insurance Program (CHIP) Annual Report Template System (CARTS). You will not be able to enter responses with characters greater than the limit indicated in the brackets.

### CHIP Medicaid Expansion Program

Upper % of FPL (federal poverty level) fields are defined as Up to and Including

Does your program require premiums or an enrollment fee?

- NO  
 YES  
 N/A

Enrollment fee amount:

Premium fee amount:

If premiums are tiered by FPL, please breakout by FPL.

Premium Amount From (\$)	Premium Amount To (\$)	From % of FPL	Up to % of FPL

Yearly Maximum Premium Amount per Family: \$

If premiums are tiered by FPL, please breakout by FPL.

Premium Amount From (\$)	Premium Amount To (\$)	From % of FPL	Up to % of FPL

Premium Amount From (\$)	Premium Amount To (\$)	From % of FPL	Up to % of FPL

If yes, briefly explain fee structure: **[500]**

Which delivery system(s) does your program use?

- Managed Care
- Primary Care Case Management
- Fee for Service

Please describe which groups receive which delivery system: **[500]**

The Accountable Care Collaborative (ACC) is the overall service delivery structure for Colorado’s Medicaid program, in which seven statewide Regional Accountable Entities (RAEs) are responsible for administering both physical and behavioral health services. Enrollment in ACC is now mandatory for all Medicaid members, and therefore all members are, at minimum, enrolled into a PCCM model. In a few counties in CO, Medicaid members are able to, and may chose to enroll in a managed care model.

### Separate Child Health Program

Upper % of FPL (federal poverty level) fields are defined as Up to and Including

Does your program require premiums or an enrollment fee?

- NO
- YES
- N/A

Enrollment fee amount: 25

Premium fee amount:

If premiums are tiered by FPL, please breakout by FPL.

Premium Amount From (\$)	Premium Amount To (\$)	From % of FPL	Up to % of FPL

Yearly Maximum Premium Amount per Family: \$

If premiums are tiered by FPL, please breakout by FPL.

Premium Amount From (\$)	Premium Amount To (\$)	From % of FPL	Up to % of FPL

If yes, briefly explain fee structure: **[500]**

- The standard fees are:

\$0 for an adult pregnant woman in the CHP+ Prenatal Care Program; \$25 to enroll one child; \$35 to enroll two or more children; American Indians and Alaskan Natives do not have to pay a fee

- Families earning more than 214% of the Federal Poverty Level will pay higher fees:

\$75 to enroll one child; \$105 to enroll two or more children

Which delivery system(s) does your program use?

- Managed Care
- Primary Care Case Management
- Fee for Service

Please describe which groups receive which delivery system: **[500]**

All CHP+ beneficiaries 18 and under are enrolled in a MCO. Those who are presumptively eligible, pre-HMO (time span before being enrolled in an MCO), and prenatal women, are in Fee for Service.

2) Have you made changes to any of the following policy or program areas during the reporting period? Please indicate “yes” or “no change” by marking the appropriate column.

- a) Applicant and enrollee protections (e.g., changed from the Medicaid Fair Hearing Process to State Law)
- b) Application

Medicaid Expansion CHIP Program			Separate Child Health Program		
Yes	No Change	N/A	Yes	No Change	N/A
<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

## Section II Program's Performance Measurement and Progress

This section consists of two subsections that gather information about the CHIP and/or Medicaid program. Section IIA captures your enrollment progress as well as changes in the number and/or rate of uninsured children in your state. Section IIB captures progress towards meeting your state's general strategic objectives and performance goals.

---

### Section IIA: Enrollment And Uninsured Data

---

1. The information in the table below is the Unduplicated Number of Children Ever Enrolled in CHIP in your state for the two most recent reporting periods. The enrollment numbers reported below should correspond to line 7 (Unduplicated Number Ever Enrolled Year) in your state's 4<sup>th</sup> quarter data report (submitted in October) in the CHIP Statistical Enrollment Data System (SEDS). The percent change column reflects the percent change in enrollment over the two-year period. If the percent change exceeds 10 percent (increase or decrease), please explain in letter A below any factors that may account for these changes (such as decreases due to elimination of outreach or increases due to program expansions). This information will be filled in automatically by CARTS through a link to SEDS. Please wait until you have an enrollment number from SEDS before you complete this response. If the information displayed in the table below is inaccurate, please make any needed updates to the data in SEDS and then refresh this page in CARTS to reflect the updated data.

Program	FFY 2018	FFY 2019	Percent change FFY 2018-2019
CHIP Medicaid Expansion Program	80525	74363	-7.65
Separate Child Health Program	101674	99947	-1.7

- A. Please explain any factors that may account for enrollment increases or decreases exceeding 10 percent. **[7500]**
2. The tables below show trends in the number and rate of uninsured children in your state. Three year averages in Table 1 are based on the Current Population Survey. The single year estimates in Table 2 are based on the American Community Survey (ACS). CARTS will fill in the single year estimates automatically, and significant changes are denoted with an asterisk (\*). If your state uses an alternate data source and/or methodology for measuring change in the number and/or rate of uninsured children, please explain in Question #3.

Table 1: Number and percent of uninsured children under age 19 below 200 percent of poverty, Current Population Survey

Period	Uninsured Children Under Age 19 Below 200 Percent of Poverty		Uninsured Children Under Age 19 Below 200 Percent of Poverty as a Percent of Total Children Under Age 19	
	Number (In Thousands)	Std. Error	Rate	Std. Error
1996 - 1998	87	18.5	8.2	1.7
1998 - 2000	92	19.2	7.9	1.6
2000 - 2002	106	14.3	8.8	1.1
2002 - 2004	114	14.7	9.5	1.2
2003 - 2005	110	17.9	9.0	1.4
2004 - 2006	115	19.0	9.3	1.5
2005 - 2007	111	19.0	8.9	1.5
2006 - 2008	105	19.0	8.8	1.5
2007 - 2009	98	18.0	7.7	1.4
2008 - 2010	85	11.0	6.5	.9
2009 - 2011	87	9.0	6.7	.7
2010 - 2012	77	8.0	5.9	0

Table 2: Number and percent of uninsured children under age 19 below 200 percent of poverty, American Community Survey

Period	Uninsured Children Under Age 19 Below 200 Percent of Poverty		Uninsured Children Under Age 19 Below 200 Percent of Poverty as a Percent of Total Children Under Age 19	
	Number (In Thousands)	Margin of Error	Rate	Margin of Error
2013	62	6.0	4.8	.4
2014	40	5.0	3.1	.4
2015	27	4.0	2.1	.3
2016	28	5.0	2.1	.4
2017	26	4.0	2.0	.3
2018	28	5.0	2.2	.4
Percent change 2017 vs. 2018	7.7%	N/A	10.0%	N/A

- A. Please explain any activities or factors that may account for increases or decreases in your number and/or rate of uninsured children. **[7500]**  
 The rate of uninsured children under 19 below 200% of poverty in Colorado follows the national trend of a rising rate of uninsured individuals.
- B. Please note any comments here concerning ACS data limitations that may affect the reliability or precision of these estimates. **[7500]**

3. Please indicate by checking the box below whether your state has an alternate data source and/or methodology for measuring the change in the number and/or rate of uninsured children.

- Yes (please report your data in the table below)  
 No (skip to Question #4)

Please report your alternate data in the table below. Data are required for two or more points in time to demonstrate change (or lack of change). Please be as specific and detailed as possible about the method used to measure progress toward covering the uninsured.

Topic	Description
Data source(s)	
Reporting period (2 or more points in time)	
Methodology	
Population (Please include ages and income levels)	
Sample sizes	
Number and/or rate for two or more points in time	
Statistical significance of results	

A. Please explain why your state chose to adopt a different methodology to measure changes in the number and/or rate of uninsured children.

**[7500]**

B. What is your state's assessment of the reliability of the estimate? Please provide standard errors, confidence intervals, and/or p-values if available.

**[7500]**

C. What are the limitations of the data or estimation methodology?

**[7500]**

D. How does your state use this alternate data source in CHIP program planning?

**[7500]**

Enter any Narrative text related to Section IIA below. **[7500]**

## Section IIB: State Strategic Objectives And Performance Goals

This subsection gathers information on your state's general strategic objectives, performance goals, performance measures and progress towards meeting goals, as specified in your CHIP state plan. (If your goals reported in the annual report now differ from Section 9 of your CHIP state plan, please indicate how they differ in "Other Comments on Measure." Also, the state plan should be amended to reconcile these differences). The format of this section provides your state with an opportunity to track progress over time. This section contains templates for reporting performance measurement data for each of five categories of strategic objectives, related to:

- Reducing the number of uninsured children
- CHIP enrollment
- Medicaid enrollment
- Increasing access to care
- Use of preventative care (immunizations, well child care)

Please report performance measurement data for the three most recent years for which data are available (to the extent that data are available). In the first two columns, data from the previous two years' annual reports (FFY 2017 and FFY 2018) will be populated with data from previously reported data in CARTS. If you reported data in the two previous years' reports and you want to update/change the data, please enter that data. If you reported no data for either of those two years, but you now have data available for them, please enter the data. In the third column, please report the most recent data available at the time you are submitting the current annual report (FFY 2019).

In this section, the term performance measure is used to refer to any data your state provides as evidence towards a particular goal within a strategic objective. For the purpose of this section, "objectives" refer to the five broad categories listed above, while "goals" are state-specific, and should be listed in the appropriate subsections within the space provided for each objective.

**NOTES: Please do not reference attachments in this section. If details about a particular measure are located in an attachment, please summarize the relevant information from the attachment in the space provided for each measure.**

**In addition, please do not report the same data that were reported for Child Core Set reporting. The intent of this section is to capture goals and measures that your state did not report elsewhere. As a reminder, Child Core Set reporting migrated to MACPRO in December 2015. Historical data are still available for viewing in CARTS.**

Additional instructions for completing each row of the table are provided below.

### A. Goal:

For each objective, space has been provided to report up to three goals. Use this section to provide a brief description of each goal you are reporting within a given strategic objective. **All new goals should include a direction and a target. For clarification only, an example goal would be:** "Increase (direction) by 5 percent (target) the number of CHIP beneficiaries who turned 13 years old during the measurement year who had a second dose of MMR, three hepatitis B vaccinations and one varicella vaccination by their 13th birthday."

### B. Type of Goal:

For each goal you are reporting within a given strategic objective, please indicate the type of goal, as follows:

- **New/revised:** Check this box if you have revised or added a goal. Please explain how and why the goal was revised.
- **Continuing:** Check this box if the goal you are reporting is the same one you have reported in previous annual reports.
- **Discontinued:** Check this box if you have met your goal and/or are discontinuing a goal. Please explain why the goal was discontinued.

### **C. Status of Data Reported:**

Please indicate the status of the data you are reporting for each goal, as follows:

- **Provisional:** Check this box if you are reporting performance measure data for a goal, but the data are currently being modified, verified, or may change in any other way before you finalize them for FFY 2019.

**Explanation of Provisional Data** – When the value of the Status of Data Reported field is selected as “Provisional”, the state must specify why the data are provisional and when the state expects the data will be final.

- **Final:** Check this box if the data you are reporting are considered final for FFY 2019.
- **Same data as reported in a previous year’s annual report:** Check this box if the data you are reporting are the same data that your state reported for the goal in another annual report. Indicate in which year’s annual report you previously reported the data.

### **D. Measurement Specification:**

This section is included for only two of the objectives— objectives related to increasing access to care, and objectives related to use of preventative care—because these are the two objectives for which states may report using the HEDIS® measurement specification. In this section, for each goal, please indicate the measurement specification used to calculate your performance measure data (i.e., were the measures calculated using the HEDIS® specifications or some other method unrelated to HEDIS®).

Please indicate whether the measure is based on HEDIS® technical specifications or another source. If HEDIS® is selected, the HEDIS® Version field must be completed. If “Other” measurement specification is selected, the explanation field must be completed.

#### **HEDIS® Version:**

Please specify HEDIS® Version (example 2016). This field must be completed only when a user selects the HEDIS® measurement specification.

#### **“Other” measurement specification explanation:**

If “Other”, measurement specification is selected, please complete the explanation of the “Other” measurement specification. The explanation field must be completed when “Other” measurement specification has been selected.

### **E. Data Source:**

For each performance measure, please indicate the source of data. The categories provided in this section vary by objective. For the objectives related to reducing the number of uninsured children and CHIP or Medicaid enrollment, please indicate whether you have used eligibility/enrollment data, survey data (specify the survey used), or other source (specify the other source). For the objectives related to access to care and use of preventative care, please indicate whether you used administrative data (claims) (specify the kind of administrative data used), hybrid data (claims and medical records) (specify how the two were used to create the data source), survey data (specify the survey used), or other source (specify the other source). In all cases, if another data source was used, please explain the source.

## **F. Definition of Population Included in Measure:**

Numerator: Please indicate the definition of the population included in the numerator for each measure (such as the number of visits required for inclusion, e.g., one or more visits in the past year).

Denominator: Please indicate the definition of the population included in the denominator for each measure.

For measures related to increasing access to care and use of preventative care, please

- Check one box to indicate whether the data are for the CHIP population only, or include both CHIP and Medicaid (Title XIX) children combined.
- If the denominator reported is not fully representative of the population defined above (the CHIP population only, or the CHIP and Medicaid (Title XIX) populations combined), please further define the denominator. For example, denominator includes only children enrolled in managed care in certain counties, technological limitations preventing reporting on the full population defined, etc.). Please report information on exclusions in the definition of the denominator (including the proportion of children excluded). The provision of this information is important and will provide CMS with a context so that comparability of denominators across the states and over time can occur.

## **G. Deviations from Measure Specification**

For the measures related to increasing access to care and use of preventative care.

If the data provided for a measure deviates from the measure specification, please select the type(s) of measure specification deviation. The types of deviation parallel the measure specification categories for each measure. Each type of deviation is accompanied by a comment field that states must use to explain in greater detail or further specify the deviation when a deviation(s) from a measure is selected.

The five types (and examples) of deviations are:

- Year of Data (e.g., partial year),
- Data Source (e.g., use of different data sources among health plans or delivery systems),
- Numerator (e.g., coding issues),
- Denominator (e.g., exclusion of MCOs, different age groups, definition of continuous enrollment),
- Other.

When one or more of the types are selected, states are required to provide an explanation.

Please report the year of data for each performance measure. The year (or months) should correspond to the period in which enrollment or utilization took place. Do not report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to enrollment or utilization of services.

## **H. Date Range: available for 2019 CARTS reporting period.**

Please define the date range for the reporting period based on the “From” time period as the month and year which corresponds to the beginning period in which utilization took place and please report the “To” time period as the month and year which corresponds to the end period in which utilization took place. Do not report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to utilization of services.

## **I. Performance Measurement Data (HEDIS® or Other):**

In this section, please report the numerators and denominators, rates for each measure (or component). The template provides two sections for entering the performance measurement data, depending on

whether you are reporting using HEDIS® or other methodologies. The form fields have been set up to facilitate entering numerators and denominators for each measure. If the form fields do not give you enough space to fully report on the measure, please use the “additional notes” section.

The preferred method is to calculate a “weighted rate” by summing the numerators and denominators across plans, and then deriving a single state-level rate based on the ratio of the numerator to the denominator). The reporting unit for each measure is the state as a whole. If states calculate rates for multiple reporting units (e.g., individual health plans, different health care delivery systems), states must aggregate data from all these sources into one state rate before reporting the data to CMS. In the situation where a state combines data across multiple reporting units, all or some of which use the hybrid method to calculate the rates, the state should enter zeroes in the “Numerator” and “Denominator” fields. In these cases, it should report the state-level rate in the “Rate” field and, when possible, include individual reporting unit numerators, denominators, and rates in the field labeled “Additional Notes on Measure,” along with a description of the method used to derive the state-level rate.

## **J. Explanation of Progress:**

The intent of this section is to allow your state to highlight progress and describe any quality-improvement activities that may have contributed to your progress. Any quality-improvement activity described should involve the CHIP program, benefit CHIP enrollees, and relate to the performance measure and your progress. An example of a quality-improvement activity is a state-wide initiative to inform individual families directly of their children’s immunization status with the goal of increasing immunization rates. CHIP would either be the primary lead or substantially involved in the project. If improvement has not occurred over time, this section can be used to discuss potential reasons for why progress was not seen and to describe future quality-improvement plans. In this section, your state is also asked to set annual performance objectives for FFY 2020, 2021 and 2022. Based on your recent performance on the measure (from FFY 2017 through 2019), use a combination of expert opinion and “best guesses” to set objectives for the next three years. Please explain your rationale for setting these objectives. For example, if your rate has been increasing by 3 or 4 percentage points per year, you might project future increases at a similar rate. On the other hand, if your rate has been stable over time, you might set a target that projects a small increase over time. If the rate has been fluctuating over time, you might look more closely at the data to ensure that the fluctuations are not an artifact of the data or the methods used to construct a rate. You might set an initial target that is an average of the recent rates, with slight increases in subsequent years. In future annual reports, you will be asked to comment on how your actual performance compares to the objective your state set for the year, as well as any quality-improvement activities that have helped or could help your state meet future objectives.

## **K. Other Comments on Measure:**

Please use this section to provide any other comments on the measure, such as data limitations, plans to report on a measure in the future, or differences between performance measures reported here and those discussed in Section 9 of the CHIP state plan.

**Objectives Related to Reducing the Number of Uninsured Children (Do not report data that was reported in Section IIA, Questions 2 and 3)**

FFY 2017	FFY 2018	FFY 2019
<p><b>Explanation of Progress:</b></p> <p><b>How did your performance in 2017 compare with the Annual Performance Objective documented in your 2016 Annual Report?</b> The baseline was established in 2014 with 41% of all CHP+ eligible enrollees have receiving a dental service. In 2015, the percentage jumped to 43.6 % of all CHP+ eligible enrollees have receiving a dental service. In 2016, the percentage moved up to 44.9. In 2017 we saw a slight decrease in the overall percentage, but we also saw a 20% increase in both the numerator and the denominator in 2017.</p> <p><b>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal?</b> Each of the CHP+ MCOs has a dental improvement activity to aid in this effort. One of the MCOs has the following effort: The application of fluoride varnish provided in a Primary Care setting, has been a benefit of the CHP+ plan for the past two years yet has been underutilized. The current focus is to work with providers to help eliminate barriers, stress the importance of oral health and encourage the increased utilization of fluoride varnish application.</p> <p>Another effort includes: Kaiser Permanente Colorado plans to improve the oral health educational messaging offered to pediatric patients at well-child visits from birth to age 5. Advice will be added to the “after visit summary” (AVS) which is stored in each patient’s electronic health record, and that all patients receive following an appointment.</p>	<p><b>Explanation of Progress:</b></p> <p><b>How did your performance in 2018 compare with the Annual Performance Objective documented in your 2017 Annual Report?</b> The baseline was established in 2014 with 41% of all CHP+ eligible enrollees have receiving a dental service. In 2015, the percentage jumped to 43.6 % of all CHP+ eligible enrollees have receiving a dental service. In 2016, the percentage moved up to 44.9. In 2017 we saw a slight decrease in the overall percentage, but we also saw a 20% increase in both the numerator and the denominator in 2017. In 2018 there was again a slight decrease in the percentage but the numerator increased by 15% and the denominator increased by 20%.</p> <p><b>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal?</b> Each of the CHP+ MCOs has a dental improvement activity to aid in this effort. One of the MCOs has the following effort: The application of fluoride varnish provided in a Primary Care setting, has been a benefit of the CHP+ plan for the past two years yet has been underutilized. The current focus is to work with providers to help eliminate barriers, stress the importance of oral health and encourage the increased utilization of fluoride varnish application.</p> <p>Another effort includes: Kaiser Permanente Colorado plans to improve the oral health educational messaging offered to pediatric patients at well-child visits from birth to age 5. Advice will be added to the “after visit summary” (AVS) which is stored in each patient’s electronic health record, and that all patients receive following an appointment.</p>	<p><b>Explanation of Progress:</b></p> <p><b>How did your performance in 2019 compare with the Annual Performance Objective documented in your 2018 Annual Report?</b> In 2018 there was again a slight decrease in the percentage but the numerator increased by 15% and the denominator increased by 20%. In 2019, there was a slight decrease in the rate by less than 1%; however, more children did receive services. The numerator increased by nearly 8% while the denominator increased by nearly 10%.</p> <p><b>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal?</b> Each of the CHP+ MCOs has a dental improvement activity to aid in this effort. The current focus is to work with providers to help eliminate barriers, stress the importance of oral health and encourage the increased utilization of fluoride varnish application. In January of 2019, Delta Dental of Colorado began a Performance Improvement Project to increase utilization in the 3-5 year old age group. The focus was to increase dental visits of any type in this particular age group. Since Delta Dental of Colorado is no longer the CHIP dental Contractor, DentaQuest will continue that work as of July 1, 2019 through the end of fiscal year 2020. DentaQuest will also implement measures to increase referrals from the physician to the dentist through targeted outreach to members and providers. The current contract with DentaQuest will implement a 10% increase over a four year period within the contract to increase these measures with failure to perform resulting in corrective action.</p>

FFY 2017	FFY 2018	FFY 2019
<p><b>Explanation of Progress:</b></p> <p><b>How did your performance in 2017 compare with the Annual Performance Objective documented in your 2016 Annual Report?</b> In 2015 45.18% was based on Well-Child Visits in the First 15 Months of Life Six or More Visits. CHP+ increased to 51.84% in 2016. In 2017, the rate dropped to 48.01%, which falls in the 10th-24th percentile ranking. The EQRO recommends that the CHP+ health plans analyze strategies that can be linked to improvements in documented well-child visits.</p> <p><b>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal?</b> One MCO has a goal to have improvement in Member participation in wellness services. The measurement will be the percentage of members accessing the wellness portal services and tools. Another MCO currently collaborates with providers to increase rates of depression screening at well-child visits.</p>	<p><b>Explanation of Progress:</b></p> <p><b>How did your performance in 2018 compare with the Annual Performance Objective documented in your 2017 Annual Report?</b> In 2015 45.18% was based on Well-Child Visits in the First 15 Months of Life Six or More Visits. CHP+ increased to 51.84% in 2016. In 2017, the rate dropped to 48.01%, which falls in the 10th-24th percentile ranking. The EQRO recommends that the CHP+ health plans analyze strategies that can be linked to improvements in documented well-child visits. In 2018 the rate rose slightly to 51.41 and remained in the 10th-24th percentile ranking.</p> <p><b>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal?</b> One MCO has a goal to have improvement in Member participation in wellness services. The measurement will be the percentage of members accessing the wellness portal services and tools. Another MCO currently collaborates with providers to increase rates of depression screening at well-child visits.</p>	<p><b>Explanation of Progress:</b></p> <p><b>How did your performance in 2019 compare with the Annual Performance Objective documented in your 2018 Annual Report?</b> The rate of well-child visits in the third, fourth, fifth, and sixth years of life has been improving among the CHP+ population: In 2017 the rate was 58.18%; In 2018 the rate was 63.21%; In 2019 the rate was 65.69%. The EQRO recommends that the CHP+ health plans analyze strategies that can be linked to improvements in documented well-child visits</p> <p><b>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal?</b> One MCO has a goal to have improvement in Member participation in wellness services. 1. What other strategies does your state use to measure and report on access to, quality, or outcomes of care received by your CHIP population? What have you found? **[7500]**

None at this time

2. What strategies does your CHIP program have for future measurement and reporting on access to, quality, or outcomes of care received by your CHIP population? When will data be available? **[7500]**

None at this time

3. Have you conducted any focused quality studies on your CHIP population, e.g., adolescents, attention deficit disorder, substance abuse, special health care needs or other emerging health care needs? What have you found? **[7500]**

None at this time

4. Please attach any additional studies, analyses or other documents addressing outreach, enrollment, access, quality, utilization, costs, satisfaction, or other aspects of your CHIP program's performance. Please include any analyses or descriptions of any efforts designed to reduce the number of uncovered children in the state through a state health insurance connector program or support for innovative private health coverage initiatives. **[7500]**

None at this time

Enter any Narrative text related to Section IIB below. [7500]

## Section III: Assessment of State Plan and Program Operation

**Please reference and summarize attachments that are relevant to specific questions**

Please note that the numbers in brackets, e.g., [7500] are character limits in the CHIP Annual Report Template System (CARTS). You will not be able to enter responses with characters greater than the limit indicated in the brackets.

### Section IIIA: Outreach

1. How have you redirected/changed your outreach strategies during the reporting period? **[7500]**

The primary outreach strategy for CHP+ has consistently utilized the outreach done through the Healthy Communities program. This is the same program for EPSDT Outreach and Administrative Case Management, and members in either program receive the same outreach and information specific to the program to which they are enrolled.

Outreach is two-fold: 1) Twenty-six (26) Healthy Communities contractors (composed of about 100 family health coordinators statewide) collaborate with local governmental and Community Based Organizations to conduct outreach events and to be known as a community resource for prospective Colorado Medical Assistance Program clients who are eligible, but not enrolled (EBNE); 2) Family Health Connectors outreach to newly enrolled EPSDT-eligible and pregnant woman in Medicaid as well as all members enrolled in CHP+ for the following: to explain their benefits and help them find a medical home/primary care provider; to discuss the importance of well-child visits with families, and follow up over time with reminders when it is time for a well-child visit; and to assist families in helping them to navigate the system, and troubleshooting issues with their program coverage.

2. What methods have you found most effective in reaching low-income, uninsured children (e.g., T.V., school outreach, word-of-mouth)? How have you measured effectiveness? **[7500]**

The Healthy Community teams play an important role in both the Medicaid and CHP+ programs by welcoming families to Medicaid/CHP+, explaining their new benefits, referring them to an appropriate medical home and other community services, and educating them about the importance of regular well-child visits and other preventive care. Family Health Coordinators employ a variety of methods to reach both potential and already enrolled members, and have traditionally built strong relationships with families on Medicaid/CHP+. These personal interactions that occur locally through the Healthy Communities program have proven to be a consistent asset to the Medicaid and CHP+ programs.

A cornerstone of CHP+ outreach is the leveraging of strong community partnerships. To reach all eligible families through as many avenues as possible, CHP+ works with more than 2000 community partners, inclusive of schools, doctors offices, health departments, community health centers, departments of social services, as well as other community groups. The state also works in partnership with CHP+ MCOs to increase outreach, including joint media campaigns, as well as the maintenance of toll-free telephone numbers and websites.

While it is difficult to measure the effectiveness of these activities, Colorado is following accepted best practices by leveraging strong community partnerships, and utilizing a multitude of outreach activities in order to reach a wide range of enrolled members and potential members.

3. Which of the methods described in Question 2 would you consider a best practice(s)? **[7500]**

As mentioned above, Colorado is following accepted best practices by leveraging strong community partnerships, and utilizing a multitude of outreach activities in order to reach a wide range of enrolled members and potential members. Using automated calls is an effective way to quickly reach a wide population, but cannot be the sole method of contact. It is most effective to help foster familiarity with the Healthy Communities program name and the Family Health Coordinators who provide outreach activities. Colorado does this via strong community partnerships and by utilizing automated calls, as well as face to face conversations, phone calls, personalized text messages, personalized emails, personalized print mailings, and mass media messaging to reach the broadest population possible.

4. Is your state targeting outreach to specific populations (e.g., minorities, immigrants, and children living in rural areas)?

Yes  
 No

Have these efforts been successful, and how have you measured effectiveness? **[7500]**

5. What percentage of children below 200 percent of the federal poverty level (FPL) who are eligible for Medicaid or CHIP have been enrolled in those programs? **[5]**

(Identify the data source used). **[7500]**

The Department does not track this data.

Enter any Narrative text related to Section IIIA below. **[7500]**

### **Section IIIB: Substitution of Coverage (Crowd-out)**

Please answer the following questions as they apply to your state's program (some questions are not applicable to Medicaid expansion programs.) Medicaid expansion states should complete applicable responses and indicate those questions that are non-applicable with N/A. Please include percent calculations in your responses when applicable and requested.

1. Does your separate CHIP program require a child to be uninsured for a minimum amount of time prior to enrollment (waiting period)?

No  
 Yes  
 N/A

If no, skip to question 5. If yes, answer questions 2-4:

2. How many months does your program require a child to be uninsured prior to enrollment?
3. To which groups (including FPL levels) does the period of uninsurance apply? **[1000]**
4. List all exemptions to imposing the period of uninsurance **[1000]**

**Please answer questions 5, 7, 8 (and 6 and 9 if applicable) regardless of the response the state provided to question 1.**

5. Does your program match prospective enrollees to a database that details private insurance status?

- No  
 Yes  
 N/A

6. If answered yes to question 5, what database? **[1000]**

7. What percent of individuals screened for CHIP eligibility cannot be enrolled because they have group health plan coverage? **[5]** 6

a. Of those found to have had employer sponsored insurance and have been uninsured for only a portion of the state's waiting period, what percent meet the state's exemptions and federally required exemptions to the waiting period [(# individuals subject to the waiting period that meet an exemption/total # of individuals subject to the waiting period)\*100]? **[5]**

8. Do you track the number of individuals who have access to private insurance?

- Yes  
 No

9. If yes to question 8, what percent of individuals that enrolled in CHIP had access to private health insurance at the time of application during the last federal fiscal year [(# of individuals that had access to private health insurance/total # of individuals enrolled in CHIP)\*100]? **[5]**

Enter any Narrative text related to Section IIIB below. **[7500]**

## **Section IIIC: Eligibility**

This subsection should be completed by all states. Medicaid Expansion states should complete applicable responses and indicate those questions that are non-applicable with N/A.

### **Section IIIC: Subpart A: Eligibility Renewal and Retention**

1. Do you have authority in your CHIP state plan to provide for presumptive eligibility, and have you implemented this?

- Yes  
 No

If yes,

a. What percent of children are presumptively enrolled in CHIP pending a full eligibility determination? **[5]** 1

b. Of those children who are presumptively enrolled, what percent of those children are determined eligible and enrolled upon completion of the full eligibility determination? **[5]**

52

2. Select the measures from those below that your state employs to simplify an eligibility renewal and retain eligible children in CHIP.

- Conducts follow-up with clients through caseworkers/outreach workers
- Sends renewal reminder notices to all families
  - How many notices are sent to the family prior to disenrolling the child from the program? **[500]**  
An annual notice is sent to the member prior to their RRR due month ending.
  - At what intervals are reminder notices sent to families (e.g., how many weeks before the end of the current eligibility period is a follow-up letter sent if the renewal has not been received by the state?) **[500]**  
A renewal notice is sent 60 days prior to the RRR due month.
- Other, please explain: **[500]**

3. Which of the above strategies appear to be the most effective? Have you evaluated the effectiveness of any strategies? If so, please describe the evaluation, including data sources and methodology. **[7500]**

Yes the strategies used above have worked effectively for members in knowing when it's time to submit their renewal and when their coverage will end. Colorado has not measured the effectiveness of these strategies.

### Section IIIC: Subpart B: Eligibility Data

**Table 1. Data on Denials of Title XXI Coverage in FFY 2019**

States are required to report on all questions (1, 1.a., 1.b., and 1.c) in FFY 2019. Please enter the data requested in the table below and the template will tabulate the requested percentages. If you are unable to provide data in this section due to the single streamlined application, please note this in the response to question 2.

Measure	Number	Percent
1. Total number of denials of title XXI coverage	6693	100
a. Total number of procedural denials	66	1
b. Total number of eligibility denials	6562	98
i. Total number of applicants denied for title XXI and enrolled in title XIX	423	6.3
<input type="checkbox"/> (Check here if there are no additional categories)	65	1
c. Total number of applicants denied for other reasons Please indicate:		

2. Please describe any limitations or restrictions on the data used in this table:

1) Children are defined as those members through age 19 years and 0 month as of 9/30/2019. Please exclude member 19 years and 1 month and above.

- 2) Title XXI Children is CHP+ (Children Health Plan Plus) for Colorado.
- 3) The time frame is FFY2018-2019 (10/1/2018-9/30/2019).
- 4) Here the application is limited to only new application and confirm date or authorization date is between 10/1/2018 and 9/30/2019.
- 5) The data source includes a monthly snapshot table (COURT report) by the Colorado CBMS contractor (Deloitte) and CBMS DSS01.
- 6) Denial is defined as eligibility status in ('DE', 'FL').
- 7) The definition and category for procedural denial, eligibility denial and other denial are reviewed by Teresa Craig.
- 8) This report prioritizes eligibility denial as first level, procedural denial as second level, and other denial as third level. That means if a client have multiple denial reason codes belonging to three different categories, we will count his or her denial category as eligibility denial once and only one time.
- 9) for 2.b.i row, this report counts Medicaid enrollments after CHP+ denial during 10/1/2018 to 9/30/2019.
- 10) this report counts all denial for CHP+ new application for FFY18-19 regardless of final authorization result, so the percent for denial for all CHP+ applicants is higher than actual final result.
- 11) There are 3 CHP+ clients denied but without corresponding denial reason codes data in CBMS DSS01. This report codes their denials as other category (2.c).

## **Definitions:**

1. The “the total number of denials of title XXI coverage” is defined as the total number of applicants that have had an eligibility decision made for title XXI and denied enrollment for title XXI in FFY 2019. This definition only includes denials for title XXI at the time of initial application (not redetermination).
  - a. The “total number of procedural denials” is defined as the total number of applicants denied for title XXI procedural reasons in FFY 2019 (i.e., incomplete application, missing documentation, missing enrollment fee, etc.).
  - b. The “total number of eligibility denials” is defined as the total number of applicants denied for title XXI eligibility reasons in FFY 2019 (i.e., income too high, income too low for title XXI /referred for Medicaid eligibility determination/determined Medicaid eligible , obtained private coverage or if applicable, had access to private coverage during your state’s specified waiting period, etc.)
    - i. The total number of applicants that are denied eligibility for title XXI and determined eligible for title XIX.
  - c. The “total number of applicants denied for other reasons” is defined as any other type of denial that does not fall into 2a or 2b. Please check the box provided if there are no additional categories.

## Table 2. Redetermination Status of Children

For tables 2a and 2b, reporting is required for FFY 2019.

### Table 2a. Redetermination Status of Children Enrolled in Title XXI.

Please enter the data requested in the table below in the “Number” column, and the template will automatically tabulate the percentages.

Description	Number	Percent			
1. Total number of children who are enrolled in title XXI and eligible to be redetermined	121394	100%			
2. Total number of children screened for redetermination for title XXI	55588	45.79	100%		
3. Total number of children retained in title XXI after the redetermination process	29935	24.66	53.85		
4. Total number of children disenrolled from title XXI after the redetermination process	7533	6.21	13.55	100%	
a. Total number of children disenrolled from title XXI for failure to comply with procedures	3720			49.38	
b. Total number of children disenrolled from title XXI for failure to meet eligibility criteria	3053			40.53	100%
i. Disenrolled from title XXI because income too high for title XXI (If unable to provide the data, check here <input type="checkbox"/> )	2231				73.08
ii. Disenrolled from title XXI because income too low for title XXI (If unable to provide the data, check here <input type="checkbox"/> )	348				11.4
iii. Disenrolled from title XXI because application indicated access to private coverage or obtained private coverage (If unable to provide the data or if you have a title XXI Medicaid Expansion and this data is not relevant check here <input type="checkbox"/> )	411				13.46
iv. Disenrolled from title XXI for other eligibility reason(s) Please indicate: (If unable to provide the data check here <input type="checkbox"/> )	63				2.06
c. Total number of children disenrolled from title XXI for other reason(s) Please indicate: lack of CHP+ enrollment fee (Check here if there are no additional categories <input type="checkbox"/> )	760			10.09	

5. If relevant, please describe any limitations or restrictions on the data entered into this table. Please describe any state policies or procedures that may have impacted the redetermination outcomes data [7500].
- 1) Children are defined as those members through age 19 years and 0 month as of 9/30/2019. Please exclude member 19 years and 1 month and above.
  - 2) Title XXI Children is CHP+ (Children Health Plan Plus) for Colorado.
  - 3) The time frame is FFY2018-2019 (10/1/2018-9/30/2019).
  - 4) This report is limited to redetermination and the redetermination date is between 10/1/2018 and 9/30/2019.
  - 5) The data source includes a monthly snapshot table (COURT report) by the Colorado CBMS contractor (Deloitte) and CBMS DSS01.
  - 6) Screened redetermination excluded pending redetermination.
  - 7) disenrolled CHP+ redetermination is defined as eligibility status in ('DE','FL').
  - 8) The definition and category for procedural denial, eligibility denial and other denial are reviewed by Teresa Craig (update for FFY18-19).
  - 9) This report prioritizes eligibility denial as first level, procedural denial as second level, and other denial as third level. That means if a client have multiple denial reason codes belonging to three different categories, we will count his or her denial category as eligibility denial once and only one time.

- 10) For the breakout of eligibility denial (4.b), it prioritized as high income first, low income second, other private health insurance third, and other as last level.
- 11) This report captures the final denial as the denials. If a client is denied first then approved later in FFY18-19, he or she will not be counted as a denial here.

**Definitions:**

1. The “total number of children who are eligible to be redetermined” is defined as the total number of children due to renew their eligibility in federal fiscal year (FFY) 2019, and did not age out (did not exceed the program’s maximum age requirement) of the program by or before redetermination. This total number may include those children who are eligible to renew prior to their 12 month eligibility redetermination anniversary date. This total must include ex parte redeterminations, the process when a state uses information available to it through other databases, such as wage and labor records, to verify ongoing eligibility. This total number must also include children whose eligibility can be renewed through administrative redeterminations, whereby the state sends the family a renewal form that is pre-populated with eligibility information already available through program records and requires the family to report any changes.
2. The “total number of children screened for redetermination” is defined as the total number of children that were screened by the state for redetermination in FFY 2019 (i.e., ex parte redeterminations and administrative redeterminations, as well as those children whose families have returned redetermination forms to the state ).
3. The “total number of children retained after the redetermination process” is defined as the total number of children who were found eligible and remained in the program after the redetermination process in FFY 2019.
4. The “total number of children disenrolled from title XXI after the redetermination process” is defined as the total number of children who are disenrolled from title XXI following the redetermination process in FFY 2019. This includes those children that states may define as “transferred” to Medicaid for title XIX eligibility screening.
  - a. The “total number of children disenrolled for failure to comply with procedures” is defined as the total number of children disenrolled from title XXI for failure to successfully complete the redetermination process in FFY 2019 (i.e., families that failed to submit a complete application, failed to provide complete documentation, failed to pay premium or enrollment fee, etc.).
  - b. The “total number of children disenrolled for failure to meet eligibility criteria” is defined as the total number of children disenrolled from title XXI for no longer meeting one or more of their state’s CHIP eligibility criteria (i.e., income too low, income too high, obtained private coverage or if applicable, had access to private coverage during your state’s specified waiting period, etc.). If possible, please break out the reasons for failure to meet eligibility criteria in i.-iv.
  - c. The “total number of children disenrolled for other reason(s)” is defined as the total number of children disenrolled from title XXI for a reason other than failure to comply with procedures or failure to meet eligibility criteria, and are not already captured in 4.a. or 4.b.  
The data entered in 4.a., 4.b., and 4.c. should sum to the total number of children disenrolled from title XXI (line 4).

**Table 2b. Redetermination Status of Children Enrolled in Title XIX.**

Please enter the data requested in the table below in the “Number” column, and the template will automatically tabulate the percentages.

Description	Number	Percent			
1. Total number of children who are enrolled in title XIX and eligible to be redetermined	550088	100%			
2. Total number of children screened for redetermination for title XIX	355548	64.63	100%		
3. Total number of children retained in title XIX after the redetermination process	312858	56.87	87.99		
4. Total number of children disenrolled from title XIX after the redetermination process	39309	7.15	11.06	100%	
a. Total number of children disenrolled from title XIX for failure to comply with procedures	14948			38.03	
b. Total number of children disenrolled from title XIX for failure to meet eligibility criteria	24341			61.92	100%
i. Disenrolled from title XIX because income too high for title XIX (If unable to provide the data, check here <input type="checkbox"/> )	1056				4.34
ii. Disenrolled from title XIX for other eligibility reason(s) Please indicate: (If unable to provide the data check here <input type="checkbox"/> )	23285				95.66

Description	Number	Percent			
c. Total number of children disenrolled from title XIX for other reason(s) Please indicate: (Check here if there are no additional categories <input type="checkbox"/> )	20			0.05	

5. If relevant, please describe any limitations or restrictions on the data entered into this table. Please describe any state policies or procedures that may have impacted the redetermination outcomes data [7500].
- 1) Children are defined as those members through age 19 years and 0 month as of 9/30/2019. Please exclude member 19 years and 1 month and above.
  - 2) Title XIX Children is Medicaid for Colorado.
  - 3) The time frame is FFY2018-2019 (10/1/2018-9/30/2019).
  - 4) This report is limited to redetermination and the redetermination date is between 10/1/2018 and 9/30/2019.
  - 5) Screened redetermination excluded pending redetermination.
  - 6) disenrolled CHP+ redetermination is defined as eligibility status in ('DE','FL').
  - 7) The definition and category for procedural denial, eligibility denial and other denial are reviewed by Teresa Craig (update for FFY18-19).
  - 8) This report prioritizes eligibility denial as first level, procedural denial as second level, and other denial as third level. That means if a client have multiple denial reason codes belonging to three different categories, we will count his or her denial category as eligibility denial once and only one time.
  - 9) This report captures the final denial as the denials. If a client is denied first then approved later in FFY18-19, he or she will not be counted as a denial here.

---

**Definitions:**

1. The “total number of children who are eligible to be redetermined” is defined as the total number of children due to renew their eligibility in federal fiscal year (FFY) 2019, and did not age out (did not exceed the program’s maximum age requirement) of the program by or before redetermination. This total number may include those children who are eligible to renew prior to their 12 month eligibility redetermination anniversary date. This total must include ex parte redeterminations, the process when a state uses information available to it through other databases, such as wage and labor records, to verify ongoing eligibility. This total number must also include children whose eligibility can be renewed through administrative redeterminations, whereby the state sends the family a renewal form that is pre-populated with eligibility information already available through program records and requires the family to report any changes.
2. The “total number of children screened for redetermination” is defined as the total number of children that were screened by the state for redetermination in FFY 2019 (i.e., ex parte redeterminations and administrative redeterminations, as well as those children whose families have returned redetermination forms to the state).
3. The “total number of children retained after the redetermination process” is defined as the total number of children who were found eligible and remained in the program after the redetermination process in FFY 2019.
4. The “total number of children disenrolled from title XIX after the redetermination process” is defined as the total number of children who are disenrolled from title XIX following the redetermination process in FFY 2019. This includes those children that states may define as “transferred” to CHIP for title XXI eligibility screening.
  - a. The “total number of children disenrolled for failure to comply with procedures” is defined as the total number of children disenrolled from title XIX for failure to successfully complete the redetermination process in FFY 2019 (i.e., families that failed to submit a complete application, failed to provide complete documentation, failed to pay premium or enrollment fee, etc.).
  - b. The “total number of children disenrolled for failure to meet eligibility criteria” is defined as the total number of children disenrolled from title XIX for no longer meeting one or more of their state’s Medicaid eligibility criteria (i.e., income too high, etc.).
  - c. The “total number of children disenrolled for other reason(s)” is defined as the total number of children disenrolled from title XIX for a reason other than failure to comply with procedures or failure to meet eligibility criteria, and are not already captured in 4.a. or 4.b.  
The data entered in 4.a., 4.b., and 4.c. should sum to the total number of children disenrolled from title XIX (line 4).

### Table 3. Duration Measure of Selected Children, Ages 0-16, Enrolled in Title XIX and Title XXI, Second Quarter FFY 2018

The purpose of tables 3a and 3b is to measure the duration, or continuity, of Medicaid and CHIP enrollees' coverage. This information is required by Section 402(a) of CHIPRA. **Reporting on this table is required.**

The measure is designed to capture continuity of coverage for a cohort of children in title XIX and title XXI for 18 months of enrollment. This means that reporting spans two CARTS reports over two years, with enrollment status at 6 months being reported in the first reporting year, and 12 and 18 month enrollment status reported in the second reporting year. **States identify a new cohort of children every two years. States identify newly enrolled children in the second quarter of FFY 2018 (January, February, and March of 2018) for the FFY 2018 CARTS report. This same cohort of children will be reported on in the FFY 2019 CARTS report for the 12 and 18 month status of children newly identified in quarter 2 of FFY 2018. If your eligibility system already has the capability to track a cohort of enrollees over time, an additional "flag" or unique identifier may not be necessary.**

**The FFY 2019 CARTS report is the second year of reporting in the cycle of two CARTS reports on the cohort of children identified in the second quarter of FFY 2018.** For the FFY 2018 report, States only reported on lines 1-4a of the tables. **In the FFY 2019 report, no updates will be made to lines 1-4a. For the FFY 2019 report, data will be added to lines 5-10a.** The next cohort of children will be identified in the second quarter of the FFY 2020 (January, February and March of 2020).

**Instructions:** For this measure, please identify newly enrolled children in both title XIX (for Table 3a) and title XXI (for Table 3b) in the second quarter of FFY 2018, ages 0 months to 16 years at time of enrollment. Children enrolled in January 2018 must have birthdates after July 2001 (e.g., children must be younger than 16 years and 5 months) to ensure that they will not age out of the program at the 18th month of coverage. Similarly, children enrolled in February 2018 must have birthdates after August 2001, and children enrolled in March 2018 must have birthdates after September 2001. Each child newly enrolled during this time frame needs a unique identifier or "flag" so that the cohort can be tracked over time. If your eligibility system already has the capability to track a cohort of enrollees over time, an additional "flag" or unique identifier may not be necessary. Please follow the child based on the child's age category at the time of enrollment (e.g., the child's age at enrollment creates an age cohort that does not change over the 18 month time span)

Please enter the data requested in the tables below, and the template will tabulate the percentages. In the FFY 2019 report you will enter data on lines 5-7a related to the 12-month enrollment status of children identified on line 1. You will also enter data on lines 8-10a related to the 18-month enrollment status of children identified on line 1. **Only enter a "0" (zero) if the data are known to be zero. If data are unknown or unavailable, leave the field blank.**

**Note that all data must sum correctly in order to save and move to the next page.** The data in each individual row must add across to sum to the total in the "All Children Ages 0-16" column for that row. And in each column, the data within each time period (6, 12 and 18 months) must each sum up to the data in row 1, which is the number of children in the cohort. This means that in each column, rows 2, 3 and 4 must sum to the total in row 1; rows 5, 6 and 7 must sum to row 1; and rows 8, 9 and 10 must sum to row 1. These tables track a child's enrollment status over time, so when data are added or modified at each milestone (6, 12, and 18 months), there should always be the same total number of children accounted for in line 1 "All Children Ages 0-16" over the entire 18 month period. **Rows numbered with an "a" (e.g., rows 3a and 4a) are excluded from the totals because they are subsets of their respective rows. The system will not move to the next section of the report until all applicable sections of the table for the reporting year are complete and sum correctly to line 1.**

**Table 3 a. Duration Measure of Children Enrolled in Title XIX**

Not Previously Enrolled in CHIP or Medicaid—“Newly enrolled” is defined as not enrolled in either title XXI or title XIX in the month before enrollment (i.e., for a child enrolled in January 2018, he/she would not be enrolled in either title XXI or title XIX in December 2017, etc.)

Not Previously Enrolled in Medicaid—“Newly enrolled” is defined as not enrolled in title XIX in the month before enrollment (i.e., for a child enrolled in January 2018, he/she would not be enrolled in title XIX in December 2017, etc.)

**Definitions:**

1. The “total number of children newly enrolled in title XIX in the second quarter of FFY 2018” is defined as those children either new to public coverage or new to title XIX, in the month before enrollment. Please define your population of “newly enrolled” in the Instructions section.
2. The total number of children that were continuously enrolled in title XIX for 6 months is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and who were continuously enrolled through the end of June 2018
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and who were continuously enrolled through the end of July 2018
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and who were continuously enrolled through the end of August 2018
3. The total number who had a break in title XIX coverage during 6 months of enrollment (regardless of the number of breaks in coverage) but were re-enrolled in title XIX by the end of the 6 months, is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and who disenrolled and re-enrolled in title XIX by the end of June 2018
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and who disenrolled and re-enrolled in title XIX by the end of July 2018
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and who disenrolled and re-enrolled in title XIX by the end of August 2018
  - 3.a. From the population in #3, provide the total number of children who were enrolled in title XXI during their break in coverage.
4. The total number who disenrolled from title XIX, 6 months after their enrollment month is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and were disenrolled by the end of June 2018
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and were disenrolled by the end of July 2018
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and were disenrolled by the end of August 2018
  - 4.a. From the population in #4, provide the total number of children who were enrolled in title XXI in the month after their disenrollment from title XIX.
5. The total number of children who were continuously enrolled in title XIX for 12 months is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and were continuously enrolled through the end of December 2018
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and were continuously enrolled through the end of January 2019
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and were continuously enrolled through the end of February 2019

6. The total number of children who had a break in title XIX coverage during 12 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XIX by the end of the 12 months, is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and who disenrolled and then re-enrolled in title XIX by the end of December 2018
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and who disenrolled and then re-enrolled in title XIX by the end of January 2019
  - + the number of children with birthdates after September 2001 who were newly enrolled in March 2018 and who disenrolled and then re-enrolled in title XIX by the end of February 2019
 6.a. From the population in #6, provide the total number of children who were enrolled in title XXI during their break in coverage.
  
7. The total number of children who disenrolled from title XIX 12 months after their enrollment month is defined as the sum of:
  - the number of children with birthdates after July 2001, who were enrolled in January 2018 and were disenrolled by the end of December 2018
  - + the number of children with birthdates after August 2001, who were enrolled in February 2018 and were disenrolled by the end of January 2019
  - + the number of children with birthdates after September 2001, who were enrolled in March 2018 and were disenrolled by the end of February 2019
 7.a. From the population in #7, provide the total number of children, who were enrolled in title XXI in the month after their disenrollment from title XIX.
  
8. The total number of children who were continuously enrolled in title XIX for 18 months is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and were continuously enrolled through the end of June 2019
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and were continuously enrolled through the end of July 2019
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and were continuously enrolled through the end of August 2019
  
9. The total number of children who had a break in title XIX coverage during 18 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XIX by the end of the 18 months, is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and who disenrolled and re-enrolled in title XIX by the end of June 2019
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and who disenrolled and re-enrolled in title XIX by the end of July 2019
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and who disenrolled and re-enrolled in title XIX by the end of August 2019
 9.a. From the population in #9, provide the total number of children who were enrolled in title XXI during their break in coverage.
  
10. The total number of children who were disenrolled from title XIX 18 months after their enrollment month is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and disenrolled by the end of June 2019
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and disenrolled by the end of July 2019
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and disenrolled by the end of August 2019
 10.a. From the population in #10, provide the total number of children who were enrolled in title XXI (CHIP) in the month after their disenrollment from XIX.

### Table 3b. Duration Measure of Children Enrolled in Title XXI

Specify how your “newly enrolled” population is defined:

Not Previously Enrolled in CHIP or Medicaid—“Newly enrolled” is defined as not enrolled in either title XXI or title XIX in the month before enrollment (i.e., for a child enrolled in January 2018, he/she would not be enrolled in either title XXI or title XIX in December 2017, etc.)

Not Previously Enrolled in CHIP—“Newly enrolled” is defined as not enrolled in title XXI in the month before enrollment (i.e., for a child enrolled in January 2018, he/she would not be enrolled in title XXI in December 2017, etc.)

Table 3b. Duration Measure, Title XXI	All Children Ages 0-16		Age Less than 12 months		Ages  1-5		Ages 6-12		Ages 13-16	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent	Number	Percent
1. Total number of children newly enrolled in title XXI in the second quarter of FFY 2018	20933	100%	564	100%	7064	100%	9124	100%	4181	100%

**Definitions:**

1. The "total number of children newly enrolled in title XXI in the second quarter of FFY 2018" is defined as those children either new to public coverage or new to title XXI, in the month before enrollment. Please define your population of "newly enrolled" in the Instructions section.

2. The total number of children that were continuously enrolled in title XXI for 6 months is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and who were continuously enrolled through the end of June 2018
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and who were continuously enrolled through the end of July 2018
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and who were continuously enrolled through the end of August 2018
  
3. The total number who had a break in title XXI coverage during 6 months of enrollment (regardless of the number of breaks in coverage) but were re-enrolled in title XXI by the end of the 6 months, is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and who disenrolled and re-enrolled in title XXI by the end of June 2018
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and who disenrolled and re-enrolled in title XXI by the end of July 2018
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and who disenrolled and re-enrolled in title XXI by the end of August 2018
  - 3.a. From the population in #3, provide the total number of children who were enrolled in title XIX during their break in coverage.
  
4. The total number who disenrolled from title XXI, 6 months after their enrollment month is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and were disenrolled by the end of June 2018
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and were disenrolled by the end of July 2018
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and were disenrolled by the end of August 2018
  - 4.a. From the population in #4, provide the total number of children who were enrolled in title XIX in the month after their disenrollment from title XXI.
  
5. The total number of children who were continuously enrolled in title XXI for 12 months is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and were continuously enrolled through the end of December 2018
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and were continuously enrolled through the end of January 2019
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and were continuously enrolled through the end of February 2019
  
6. The total number of children who had a break in title XXI coverage during 12 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XXI by the end of the 12 months, is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and who disenrolled and then re-enrolled in title XXI by the end of December 2018
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and who disenrolled and then re-enrolled in title XXI by the end of January 2019
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and who disenrolled and then re-enrolled in title XXI by the end of February 2019
  - 6.a. From the population in #6, provide the total number of children who were enrolled in title XIX during their break in coverage.
  
7. The total number of children who disenrolled from title XXI 12 months after their enrollment month is defined as the sum of:
  - the number of children with birthdates after July 2001, who were enrolled in January 2018 and were disenrolled by the end of December 2018
  - + the number of children with birthdates after August 2001, who were enrolled in February 2018 and were disenrolled by the end of January 2019
  - + the number of children with birthdates after September 2001, who were enrolled in March 2018 and were disenrolled by the end of February 2019
  - 7.a. From the population in #7, provide the total number of children, who were enrolled in title XIX in the month after their disenrollment from title XXI.
  
8. The total number of children who were continuously enrolled in title XXI for 18 months is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and were continuously enrolled through the end of June 2019
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and were continuously enrolled through the end of July 2019
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and were continuously enrolled through the end of August 2019
  
9. The total number of children who had a break in title XXI coverage during 18 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XXI by the end of the 18 months, is defined as the sum of:
  - the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and who disenrolled and re-enrolled in title XXI by the end of June 2019
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and who disenrolled and re-enrolled in title XXI by the end of July 2019
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and who disenrolled and re-enrolled in title XXI by the end of August 2019
  - 9.a. From the population in #9, provide the total number of children who were enrolled in title XIX during their break in coverage.

10. The total number of children who were disenrolled from title XXI 18 months after their enrollment month is defined as the sum of:
- the number of children with birthdates after July 2001, who were newly enrolled in January 2018 and disenrolled by the end of June 2019
  - + the number of children with birthdates after August 2001, who were newly enrolled in February 2018 and disenrolled by the end of July 2019
  - + the number of children with birthdates after September 2001, who were newly enrolled in March 2018 and disenrolled by the end of August 2019
- 10.a. From the population in #10, provide the total number of children who were enrolled in title XIX (Medicaid) in the month after their disenrollment from XXI.

## Section IIID: Cost Sharing

1. Describe how the state tracks cost sharing to ensure enrollees do not pay more than 5 percent aggregate maximum in the year? If the state checks N/A for this question because no cost sharing is required, please skip to Section IIIE.

a. Cost sharing is tracked by:

Enrollees (shoebox method)

If the state uses the shoebox method, please describe informational tools provided to enrollees to track cost sharing. **[7500]**

Colorado informs members in the CHP+ Member's Benefit Book as well as on the CHP+ website about the annual Out of pocket limit.

- Health Plan(s)  
 State  
 Third Party Administrator  
 N/A (No cost sharing required)  
 Other, please explain. **[7500]**

2. When the family reaches the 5% cap, are premiums, copayments and other cost sharing ceased?  
 Yes  
 No

3. Please describe how providers are notified that no cost sharing should be charged to enrollees exceeding the 5% cap. **[7500]**

The member will notify the eligibility and enrollment contractor, who will notify the HMO, who will issue a letter stating they have reached their out of pocket limit. The member will show the provider the letter.

4. Please provide an estimate of the number of children that exceeded the 5 percent cap in the state's CHIP program during the federal fiscal year. **[500]**

0

5. Has your state undertaken any assessment of the effects of premiums/enrollment fees on participation in CHIP?

Yes  
 No If so, what have you found? **[7500]**

6. Has your state undertaken any assessment of the effects of cost sharing on utilization of health services in CHIP?

Yes  
 No If so, what have you found? **[7500]**

7. If your state has increased or decreased cost sharing in the past federal fiscal year, how is the state monitoring the impact of these changes on application, enrollment, disenrollment, and utilization of children's health services in CHIP. If so, what have you found? **[7500]**

There have been no changes to CHP+ cost sharing.

### **Section IIIE: Employer sponsored insurance Program (including Premium Assistance)**

1. Does your state offer an employer sponsored insurance program (including a premium assistance program under the CHIP State Plan or a Section 1115 Title XXI Demonstration) for children and/or adults using Title XXI funds?

- Yes, please answer questions below.  
 No, skip to Program Integrity subsection.

Check all that apply and complete each question for each authority

- Purchase of Family Coverage under the CHIP state plan (2105(c)(3))  
 Additional Premium Assistance Option under CHIP state plan (2105(c)(10))  
 Section 1115 Demonstration (Title XXI)

2. Please indicate which adults your state covers with premium assistance. (Check all that apply.)

- Parents and Caretaker Relatives  
 Pregnant Women

3. Briefly describe how your program operates (e.g., is your program an employer sponsored insurance program or a premium assistance program, how do you coordinate assistance between the state and/or employer, who receives the subsidy if a subsidy is provided, etc.) **[7500]**

4. What benefit package does the ESI program use? **[7500]**

5. Are there any minimum coverage requirements for the benefit package?

- Yes  
 No

6. Does the program provide wrap-around coverage for benefits?

- Yes  
 No

7. Are there limits on cost sharing for children in your ESI program?

- Yes
- No

8. Are there any limits on cost sharing for adults in your ESI program?

- Yes
- No

9. Are there protections on cost sharing for children (e.g., the 5 percent out-of-pocket maximum) in your premium assistance program?

- Yes
- No

If yes, how is the cost sharing tracked to ensure it remains within the 5 percent yearly aggregate maximum **[7500]**?

10. Identify the total number of children and adults enrolled in the ESI program for whom Title XXI funds are used during the reporting period (provide the number of adults enrolled in this program even if they were covered incidentally, i.e., not explicitly covered through a demonstration).

Number of childless adults ever-enrolled during the reporting period

Number of adults ever-enrolled during the reporting period

Number of children ever-enrolled during the reporting period

11. Provide the average monthly enrollment of children and parents ever enrolled in the premium assistance program during FFY 2019.

Children  
Parents

12. During the reporting period, what has been the greatest challenge your ESI program has experienced? **[7500]**

13. During the reporting period, what accomplishments have been achieved in your ESI program? **[7500]**

14. What changes have you made or are planning to make in your ESI program during the next fiscal year? Please comment on why the changes are planned. **[7500]**

15. What do you estimate is the impact of your ESI program (including premium assistance) on enrollment and retention of children? How was this measured? **[7500]**

16. Provide the average amount each entity pays towards coverage of the dependent child/parent under your ESI program:

Population	State	Employer	Employee
Child			
Parent			

17. Indicate the range in the average monthly dollar amount of premium assistance provided by the state on behalf of a child or parent.

	Low	High
Children		
Parent		

18. If you offer a premium assistance program, what, if any, is the minimum employer contribution? **[500]**

19. Please provide the income levels of the children or families provided premium assistance.

Income level of	From	To
Children	% of FPL <b>[5]</b>	% of FPL <b>[5]</b>
Parents	% of FPL <b>[5]</b>	% of FPL <b>[5]</b>

20. Is there a required period of uninsurance before enrolling in premium assistance?

- Yes  
 No

If yes, what is the period of uninsurance? **[500]**

21. Do you have a waiting list for your program?

- Yes  
 No

22. Can you cap enrollment for your program?

- Yes  
 No

23. What strategies has the state found to be effective in reducing administrative barriers to the provision of premium assistance in ESI? **[7500]**

Enter any Narrative text related to Section III E below. **[7500]**

## Section III F: Program Integrity

### COMPLETE ONLY WITH REGARD TO SEPARATE CHIP PROGRAMS, I.E., THOSE THAT ARE NOT MEDICAID EXPANSIONS)

1. Does your state have a written plan that has safeguards and establishes methods and procedures for:
  - (1) prevention:  
 Yes  
 No
  - (2) investigation:  
 Yes  
 No
  - (3) referral of cases of fraud and abuse?  
 Yes  
 No

Please explain: **[7500]**

The State does not need its own written plan because most care is delivered through managed care plans, which do have written plans.

Do managed health care plans with which your program contracts have written plans?

- Yes  
 No

Please Explain: **[500]**

Each Managed Care Organization has documented its own fraud and abuse policies.

2. For the reporting period, please report the
  - 0 Number of fair hearing appeals of eligibility denials
  - 0 Number of cases found in favor of beneficiary
3. For the reporting period, please indicate the number of cases investigated, and cases referred, regarding fraud and abuse in the following areas:
  - Provider Credentialing
    - 0 Number of cases investigated
    - 0 Number of cases referred to appropriate law enforcement officials
  - Provider Billing
    - 0 Number of cases investigated
    - 0 Number of cases referred to appropriate law enforcement officials
  - Beneficiary Eligibility
    - 0 Number of cases investigated
    - 0 Number of cases referred to appropriate law enforcement officials

Are these cases for:

CHIP

Medicaid and CHIP Combined

4. Does your state rely on contractors to perform the above functions?

Yes, please answer question below.

No

5. If your state relies on contractors to perform the above functions, how does your state provide oversight of those contractors? Please explain: **[7500]**

The Colorado State CHP+ MCO contract manager receives quarterly reports showing the number of cases, and requests additional information if necessary. The states EQRO also reviews appeal and grievance polices and procedures as part of their compliance visits.

6. Do you contract with managed care health plans and/or a third party contractor to provide this oversight?

Yes

No

Please Explain: **[500]**

Each Managed Care Organization has documented its own fraud and abuse policies, and the State of Colorado MCO contract manager monitors. The states EQRO also reviews appeal and grievance polices and procedures as part of their compliance visits.

Enter any Narrative text related to Section IIIF below. **[7500]**

## Section III G: Dental Benefits:

Please **ONLY** report data in this section for children in Separate CHIP programs and the Separate CHIP part of Combination programs. Reporting is required for all states with Separate CHIP programs and Combination programs. If your state has a Combination program or a Separate CHIP program but you are not reporting data in this section on children in the Separate CHIP part of your program, please explain why. Explain: [7500]

Data for this table are based on the definitions provided on the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416)

1. **Information on Dental Care for Children in Separate CHIP Programs (including children in the Separate CHIP part of Combination programs). Include all delivery system types, e.g. MCO, PCCM, FFS.**

Data for this table are based on the definitions provided on the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416)

- a. **Annual Dental Participation Table for Children Enrolled in Separate CHIP programs and the Separate CHIP part of Combination programs (for Separate CHIP programs, please include ONLY children receiving full CHIP benefits and supplemental benefits).**

FFY 2019	Total (All age groups)	<1 year	1 – 2 years	3 – 5 years	6 – 9 years	10–14 years	15–18 years
<b>Total Individuals Enrolled for at Least 90 Continuous Days<sup>1</sup></b>	123064	851	9939	20590	27417	34728	25181
<b>Total Enrollees Receiving Any Dental Services<sup>2</sup> [7]</b>	52136	24	2845	8999	13945	16299	9103
<b>Total Enrollees Receiving Preventive Dental Services<sup>3</sup> [7]</b>	49016	14	2610	8588	13272	15551	8222

<sup>1</sup> **Total Individuals Enrolled for at Least 90 Continuous Days** – Enter the total unduplicated number of children who have been continuously enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days in the federal fiscal year, distributed by age. For example, if a child was enrolled January 1st to March 31st, this child is considered continuously enrolled for at least 90 continuous days in the federal fiscal year. If a child was enrolled from August 1st to September 30th and from October 1st to November 30th, the child would not be considered to have been enrolled for 90 continuous days in the federal fiscal year. Children should be counted in age groupings based on their age at the end of the fiscal year. For example, if a child turned 3 on September 15th, the child should be counted in the 3-6 age grouping.

<sup>2</sup> **Total Enrollees Receiving Any Dental Services** - Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days who received at least one dental service by or under the supervision of a dentist as defined by HCPCS codes D0100 - D9999 (or equivalent CDT codes D0100 - D9999 or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim.

<sup>3</sup> **Total Enrollees Receiving Preventive Dental Services** - Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days who received at least one preventive dental service by or under the supervision of a dentist as defined by HCPCS codes D1000 - D1999 (or equivalent CDT codes D1000 - D1999 or equivalent CPT codes, that is, only those CPT codes

FFY 2019	Total (All age groups)	<1 year	1 – 2 years	3 – 5 years	6 – 9 years	10–14 years	15–18 years
Total Enrollees Receiving Dental Treatment Services <sup>4</sup> [7]	19034	10	583	2800	6009	6376	3752

b. For the age grouping that includes children 8 years of age, what is the number of such children who have received a sealant on at least one permanent molar tooth<sup>5</sup>? [7]

3015

2. Does the state provide supplemental dental coverage?

Yes

No

If yes, how many children are enrolled? [7]

What percent of the total number of enrolled children have supplemental dental coverage? [5]

Enter any Narrative text related to Section III G below. [7500]

---

that are for preventive dental services and only if provided by or under the supervision of a dentist), based on an unduplicated paid, unpaid, or denied claim.

<sup>4</sup> **Total Enrollees Receiving Dental Treatment Services** - Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days who received at least one treatment service by or under the supervision of a dentist, as defined by HCPCS codes D2000 - D9999 (or equivalent CDT codes D2000 - D9999 or equivalent CPT codes, that is, only those CPT codes that involve periodontics, maxillofacial prosthetics, implants, oral and maxillofacial surgery, orthodontics, adjunctive general services, and only if provided by or under the supervision of a dentist), based on an unduplicated paid, unpaid, or denied claim.

Report all dental services data in the age category reflecting the child's age at the end of the federal fiscal year even if the child received services while in two age categories. For example, if a child turned 10 on September 1st, but had a cleaning in April and a cavity filled in September, both the cleaning and the filling would be counted in the 10-14 age category.

<sup>5</sup> **Receiving a Sealant on a Permanent Molar Tooth** -- Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for 90 continuous days and in the age category of 6-9 who received a sealant on a permanent molar tooth, as defined by HCPCS code D1351 (or equivalent CDT code D1351), based on an unduplicated paid, unpaid, or denied claim. For this line, include sealants placed by any dental professional for whom placing a sealant is within his or her scope of practice. Permanent molars are teeth numbered 2, 3, 14, 15, 18, 19, 30, 31, and additionally, for those states that cover sealants on third molars, also known as wisdom teeth, the teeth numbered 1, 16, 17, 32.

Report all sealant data in the age category reflecting the child's age at the end of the federal fiscal year even if the child was factually a different age on the date of service. For example, if a child turned 6 on September 1st, but had a sealant applied in July, the sealant would be counted in the age 6-9 category.

### Section IIIH: CHIPRA CAHPS Requirement:

CHIPRA section 402(a)(2), which amends reporting requirements in section 2108 of the Social Security Act, requires Title XXI Programs (i.e., CHIP Medicaid Expansion programs, Separate Child Health Programs, or a combination of the two) to report CAHPS results to CMS starting December 2013. While Title XXI Programs may select any CAHPS survey to fulfill this requirement, CMS encourages these programs to align with the CAHPS measure in the Children’s Core Set of Health Care Quality Measures for Medicaid and CHIP (Child Core Set). Starting in 2013, Title XXI Programs should submit summary level information from the CAHPS survey to CMS via the CARTS attachment facility. We also encourage states to submit raw data to the Agency for Healthcare Research and Quality’s CAHPS Database. More information is available in the Technical Assistance fact sheet, Collecting and Reporting the CAHPS Survey as Required Under the CHIPRA: <https://www.medicaid.gov/medicaid/quality-of-care/downloads/cahpsfactsheet.pdf>

If a state would like to provide CAHPS data on both Medicaid and CHIP enrollees, the agency must sample Title XIX (Medicaid) and Title XXI (CHIP) programs separately and submit separate results to CMS to fulfill the CHIPRA Requirement.

#### Did you Collect this Survey in Order to Meet the CHIPRA CAHPS Requirement?

- Yes
- No

#### If Yes, How Did you Report this Survey (select all that apply):

- Submitted raw data to AHRQ (CAHPS Database)
- Submitted a summary report to CMS using the CARTS attachment facility (NOTE: do not submit raw CAHPS data to CMS)
- Other. Explain: Submitted to MACPro

#### If No, Explain Why:

Select all that apply (Must select at least one):

- Service not covered
- Population not covered
  - Entire population not covered
  - Partial population not coveredExplain the partial population not covered:
- Data not available
  - Explain why data not available
    - Budget constraints
    - Staff constraints
    - Data inconsistencies/accuracy
  - Please explain:
    - Data source not easily accessible
  - Select all that apply:
    - Requires medical record review
    - Requires data linkage which does not currently exist
    - Other:

Information not collected.

Select all that apply:

Not collected by provider (hospital/health plan)

Other:

Other:

Small sample size (less than 30)

Enter specific sample size:

Other. Explain:

**Definition of Population Included in the Survey Sample:**

Definition of population included in the survey sample:

Denominator includes CHIP (Title XXI) population only.

Survey sample includes CHIP Medicaid Expansion population.

Survey sample includes Separate CHIP population.

Survey sample includes Combination CHIP population.

If the denominator is a subset of the definition selected above, please further define the denominator, and indicate the number of children excluded:

**Which Version of the CAHPS® Survey was Used?**

CAHPS® 5.0.

CAHPS® 5.0H.

Other. Explain:

**Which Supplemental Item Sets were Included in the Survey?**

No supplemental item sets were included

CAHPS Item Set for Children with Chronic Conditions

Other CAHPS Item Set. Explain: Added 5 questions from the PCMH supplements

**Which Administrative Protocol was Used to Administer the Survey?**

NCQA HEDIS CAHPS 5.0H administrative protocol

HRQ CAHPS administrative protocol

Other administrative protocol. Explain:

Enter any Narrative text related to Section IIIH below. [7500]

## Section IV. Program financing for State Plan

1. Please complete the following table to provide budget information. Describe in narrative any details of your planned use of funds below, including the assumptions on which this budget was based (per member/per month rate, estimated enrollment and source of non-federal funds).

(Note: This reporting period equals federal fiscal year 2019. If you have a combination program you need only submit one budget; programs do not need to be reported separately.)

### COST OF APPROVED CHIP PLAN

<b>Benefit Costs</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>
Insurance payments	0	0	0
Managed Care	210488477	226701719	240079564
Fee for Service	140656724	115712209	117934281
<b>Total Benefit Costs</b>	<b>351145201</b>	<b>342413928</b>	<b>358013845</b>
(Offsetting beneficiary cost sharing payments)	-1125028	-1131830	-1190623
<b>Net Benefit Costs</b>	<b>\$ 350020173</b>	<b>\$ 341282098</b>	<b>\$ 356823222</b>

<b>Administration Costs</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>
Personnel	626874	387647	274747
General Administration	2391863	2509217	2340528
Contractors/Brokers (e.g., enrollment contractors)	1474722	1870865	1870865
Claims Processing	3094673	3167032	2349036
Outreach/Marketing costs	19227	25575	25575
Other (e.g., indirect costs)	214904	107773	12432
Health Services Initiatives	849016	714000	714000
<b>Total Administration Costs</b>	<b>8671279</b>	<b>8782109</b>	<b>7587183</b>
<b>10% Administrative Cap (net benefit costs ÷ 9)</b>	<b>38891130</b>	<b>37920233</b>	<b>39647025</b>

	<b>2019</b>	<b>2020</b>	<b>2021</b>
<b>Federal Title XXI Share</b>	<b>315648478</b>	<b>267799118</b>	<b>236866763</b>
<b>State Share</b>	<b>43042974</b>	<b>82265089</b>	<b>127543642</b>
<b>TOTAL COSTS OF APPROVED CHIP PLAN</b>	<b>358691452</b>	<b>350064207</b>	<b>364410405</b>

2. What were the sources of non-federal funding used for state match during the reporting period?

- State appropriations
- County/local funds
- Employer contributions
- Foundation grants
- Private donations
- Tobacco settlement
- Other (specify) **[500]** The non-federal funding for CHP+ expenditures include state appropriations, tobacco settlement, the CO Immunization Fund, and the Colorado Health Accountability and Sustainability Fund.

3. Did you experience a short fall in CHIP funds this year? If so, what is your analysis for why there were not enough federal CHIP funds for your program? **[1500]**  
 Colorado did not experience a shortfall in funding.

4. In the tables below, enter 1) number of eligibles used to determine per member per month costs for the current year and estimates for the next two years; and, 2) per member per month (PMPM) cost rounded to a whole number. If you have CHIP enrollees in a fee for service program, per member per month cost will be the average cost per month to provide services to these enrollees.

### A. Managed Care

Year	Number of Eligibles	PMPM (\$)
2019	81659	\$215
2020	82050	\$230
2021	83485	\$240

### A. Fee For Service

Year	Number of Eligibles	PMPM (\$)
2019	60722	\$193
2020	58121	\$166
2021	59099	\$166

Enter any Narrative text related to Section IV below. **[7500]**

## Section V: Program Challenges and Accomplishments

1. For the reporting period, please provide an overview of your state's political and fiscal environment as it relates to health care for low income, uninsured children and families, and how this environment impacted CHIP. **[7500]**

The economy in Colorado has continued to strengthen, yet the rate of uninsured individuals has remained steady at 6.5%. The rate of uninsured has remained highest in the mountainous and rural areas of the state, where insurance premiums are among the highest in the country. The number of Coloradans covered by CHP+ has remained unchanged (1.1% in 2017 and 1.2% in 2019); The number of Coloradans covered by Medicaid has decreased (19.9% in 2017 and 18.7% in 2019); the number of Coloradans covered by employer sponsored insurance has increased (49.4% in 2017 and 52.7% in 2019). By FY2021, the eFMAP for CHP+ will revert to the original rate of 65%, which may have budgetary implications.

2. During the reporting period, what has been the greatest challenge your program has experienced? **[7500]**

Limited staff resources devoted to the program, as well as staff turnover, has been an ongoing challenge for the CHP+ program. Colorado currently only has one FTE fully devoted to the full scope of managing the CHP+ program, leaving little time to focus on short and long term program improvements. Colorado has also struggled to develop a more robust monitoring and evaluation strategy and improved reporting of quality and performance measures. The department has implemented a new NCQA certified tool to calculate HEDIS core measures, but still experiences challenges related to a lack of access to appropriate data, limited resources devoted to monitoring and evaluating, and capturing data from difficult to reach populations.

3. During the reporting period, what accomplishments have been achieved in your program? **[7500]**

One of the biggest accomplishments during the reporting period for the CHP+ program has been the augmentation of services for prenatal women to be inclusive of dental benefits, effective October 2019. These benefits include preventive and diagnostic services, restorative services, endodontic, periodontic, prosthodontic, oral surgery, and limited orthodontic services. Also, despite the negative climate which is causing a national trend of reduced enrollment in public coverage programs, Colorado has maintained the healthcare coverage and gains observed following the passage of ACA. However, investigating further the unchanged rate of uninsured individuals, the state has begun to see a shift, and despite the stable rate of CHP+ coverage and increase in employer-sponsored insurance coverage, there has been a significant decrease in Medicaid coverage.

4. What changes have you made or are planning to make in your CHIP program during the next fiscal year? Please comment on why the changes are planned. **[7500]**

Colorado is focused on the following priorities for 2020 (as well as longer term):

Transition of the State Managed Care Network (SMCN) - Currently, one of the MCOs for the CHP+ program functions in a ASO capacity, delivering care in a FFS model. Beginning July 2020, the functions of the ASO will be absorbed by the Department, and members previously enrolled in

the ASO will be enrolled in one of the five MCOs that administer care for CHP+ beneficiaries, and the previous need for a “pre-HMO period” for CHP+ beneficiaries will be eliminated, reflecting an increased continuity of care.

Parity regulations - Implement policies, procedures, and requirements to ensure CHP+ MCOs are in compliance with the new mental health parity regulations and reporting requirements

Increased resources - Seeking additional resources and staff members to allow for a greater focus on improving current CHP+ operations, developing a more robust monitoring and evaluation strategy and improving quality and performance reporting, as well as begin to explore opportunities for longer-term program improvements.

Improving Access - In the rural and mountainous areas of Colorado, healthcare access continues to be an issue for a variety of reasons, one of which stems from a workforce shortage. As a improvement focus for the CHP+ program, there will be a long-term focus on continuing to expand the coverage of CHP+ MCOs into other counties, thus increasing member choice.

Align with the Accountable Care Collaborative (ACC) – The ACC is the overall service delivery structure for Colorado’s Medicaid program, in which seven statewide Regional Accountable Entities (RAEs) are responsible for administering both physical and behavioral health services. One of Colorado’s longer-term priorities is to explore the feasibility of greater alignment between the ACC program and the CHP+ program

Enter any Narrative text related to Section V below. **[7500]**
