Dear Ms. Smith:

I am pleased to inform you that Wisconsin's Children's Health Insurance Program (CHIP) State Plan Amendment (SPA), WI-13-0031, submitted on September 6, 2013, has been approved. This SPA incorporates the MAGI-based eligibility process requirements, including the single streamlined application, into Wisconsin's CHIP State Plan, in accordance with the Affordable Care Act. The effective date of this SPA is October 1, 2013. The state allowed the Federally Facilitated Marketplace (FFM) to determine CHIP eligibility from October 1, 2013, to December 31, 2013. Effective January 18, 2014, the state elected to change their status and allow the FFM to assess CHIP eligibility.

Until December 31, 2014, the state is using interim paper and online alternative single streamlined applications; both applications provide the option to apply for multiple human services programs. On or before December 31, 2014, the state will implement revised alternative single streamlined paper and online applications that address CMS concerns outlined in the companion letter issued with this SPA approval.

Enclosed is a copy of the new state plan pages and attachments to be incorporated within a separate section at the end of Wisconsin's approved CHIP state plan:

- CS24
- Attachment 1 Statement related to coordination of eligibility and enrollment
- Attachment 2– Statement of use with respect to the alternative single, streamlined online application
- Attachment 3 Statement of use with respect to the alternative single, streamlined paper application

This approval and the attachments supercede the following sections of the current CHIP State Plan:

Necessary changes	Completion Date
The state will integrate questions for Medicaid, CHIP and APTC into a single application. (This includes questions related to employer sponsored health coverage and annual income. For the online application, the system should use the income and household attestation to trigger additional questions based on the program for which the applicant appears eligible.)	December 31, 2014

Please submit the revised alternative paper and online applications to CMS for review no later than December 1, 2014, to ensure approval by December 31, 2014.
