Children and Adults Health Programs Group

MAR 12 2020

Christine Bates
Kid Care CHIP Manager
Wyoming Department of Health
Division of Healthcare Financing
6101 Yellowstone Road Suite 210
Cheyenne, WY 82002

Dear Ms. Bates:

Your title XXI Children's Health Insurance Program (CHIP) state plan amendment (SPA), WY-18-0013, submitted on June 29, 2018, with additional information submitted on March 9, 2020, has been approved. Through this SPA, Wyoming implements mental health parity requirements to ensure that treatment limitations applied to mental health (MH) and substance use disorder (SUD) benefits are no more restrictive than those applied to medical/surgical (M/S) benefits. This SPA has an effective date of October 2, 2017.

Sections 2103(c)(7)(A) of the Social Security Act (the Act), as implemented through regulations at 42 CFR 457.496(d)(3)-(5), requires states that provide both M/S and MH/SUD benefits to ensure that financial requirements and treatment limitations applied to MH/SUD benefits covered under the state child health plan are consistent with the mental health parity requirements of section 2705(a) of the Public Health Service Act, in the same manner that such requirements apply to a group health plan. Wyoming demonstrated compliance by providing the necessary assurances and supporting documentation that the state's application of non-quantitative treatment limitations and financial requirements to MH/SUD benefits are consistent with section 2103(c)(7)(A) of the Act.

In addition, Wyoming updated its member handbook to clarify its policies regarding the application of prior authorization to the physical, occupational, and speech therapy benefit, including being able to exceed the \$750 annual limit if medically necessary.

This SPA approval relates only to benefits provided under the CHIP state plan; Medicaid benefits will be analyzed separately.

Your title XXI project officer is Ms. Joyce Jordan. She is available to answer questions concerning this amendment and other CHIP-related issues. Ms. Jordan's contact information is as follows:

Centers for Medicare & Medicaid Services
Center for Medicaid and CHIP Services
Mail Stop: S2-01-16
7500 Security Boulevard
Baltimore, MD 21244-1850
Telephone: (410) 786-3413
E-mail: Joyce.Jordan@cms.hhs.gov

If you have additional questions, please contact Meg Barry, Acting Director, Division of State Coverage Programs at (410) 786-1536.

We look forward to continuing to work with you and your staff.

Sincerely,

/signed Amy Lutzky/

Amy Lutzky
Acting Deputy Director

TEMPLATE FOR CHILD HEALTH PLAN UNDER TITLE XXI OF THE SOCIAL SECURITY ACT
CHILDREN'S HEALTH INSURANCE PROGRAM

(Required under 4901 of the Balanced Budget Act of 1997 (New section 2101(b)))

State/Territory: Wyoming
(Name of State/Territory)

As a condition for receipt of Federal funds under Title XXI of the Social Security Act, (42 CFR 457.40(b))

Teri Green, State Medicaid Director
(Signature of Governor, or designee, of State/Territory, Date Signed)

submits the following Child Health Plan for the Children's Health Insurance Program and hereby agrees to administer the program in accordance with the provisions of the approved Child Health Plan, the requirements of Title XXI and XIX of the Act (as appropriate) and all applicable Federal regulations and other official issuances of the Department.

The following State officials are responsible for program administration and financial oversight (42 CFR 457.40(c)):

Name: Jan Stall	Position/Title: Eligibility and Operations Administrator
Name: Christine Bates	Position/Title: Kid Care CHIP Manager
Name:	Position/Title:

*Disclosure. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #34). The time required to complete this information collection is estimated to average 80 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, write to: CMS, 7500 Security Blvd., Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

Introduction: Section 4901 of the Balanced Budget Act of 1997 (BBA), public law 105-33 amended

the Social Security Act (the Act) by adding a new title XXI, the Children's Health Insurance Program (CHIP). In February 2009, the Children's Health Insurance Program Reauthorization Act (CHIPRA) renewed the program. The Patient Protection and Affordable Care Act of 2010 further modified the program.

This template outlines the information that must be included in the state plans and the state plan amendments (SPAs). It reflects the regulatory requirements at 42 CFR Part 457 as well as the previously approved SPA templates that accompanied guidance issued to States through State Health Official (SHO) letters. Where applicable, we indicate the SHO number and the date it was issued for your reference. The CHIP SPA template includes the following changes:

- Combined the instruction document with the CHIP SPA template to have a single document. Any modifications to previous instructions are for clarification only and do not reflect new policy guidance.
- Incorporated the previously issued guidance and templates (see the Key following the template for information on the newly added templates), including:
 - Prenatal care and associated health care services (SHO #02-004, issued November 12, 2002)
 - Coverage of pregnant women (CHIPRA #2, SHO # 09-006, issued May 11, 2009)
 - Tribal consultation requirements (ARRA #2, CHIPRA #3, issued May 28, 2009)
 - Dental and supplemental dental benefits (CHIPRA # 7, SHO # #09-012, issued October 7, 2009)
 - Premium assistance (CHIPRA # 13, SHO # 10-002, issued February 2, 2010)
 - Express lane eligibility (CHIPRA # 14, SHO # 10-003, issued February 4, 2010)
 - Lawfully Residing requirements (CHIPRA # 17, SHO # 10-006, issued July 1, 2010)
- Moved sections 2.2 and 2.3 into section 5 to eliminate redundancies between sections 2 and 5.
- Removed crowd-out language that had been added by the August 17 letter that later was repealed.

The Centers for Medicare & Medicaid Services (CMS) is developing regulations to implement the CHIPRA requirements. When final regulations are published in the Federal Register, this template will be modified to reflect those rules and States will be required to submit SPAs illustrating compliance with the new regulations. States are not required to resubmit their State plans based on the updated template. However, States must use the updated template when submitting a State Plan Amendment.

Federal Requirements for Submission and Review of a Proposed SPA. (42 CFR Part 457 Subpart A)

In order to be eligible for payment under this statute, each State must submit a Title XXI plan for approval by the Secretary that details how the State intends to use the funds and fulfill other requirements under the law and regulations at 42 CFR Part 457. A SPA is approved in 90 days unless the Secretary notifies the State in writing that the plan is disapproved or that specified additional information is needed. Unlike Medicaid SPAs, there is only one 90 day review period, or clock for CHIP SPAs, that may be stopped by a request for additional information and restarted after a complete response is received. More information on the SPA review process is found at 42 CFR 457 Subpart A.

When submitting a State plan amendment, states should redline the changes that are being made to the existing State plan and provide a “clean” copy including changes that are being made to the existing state plan.

The template includes the following sections:

1. **General Description and Purpose of the Children’s Health Insurance Plans and the Requirements-** This section should describe how the State has designed their program. It also is the place in the template that a State updates to insert a short description and the proposed effective date of the SPA, and the proposed implementation date(s) if different from the effective date. (Section 2101); (42 CFR 457.70)
2. **General Background and Description of State Approach to Child Health Coverage and Coordination-** This section should provide general information related to the special characteristics of each state’s program. The information should include the extent and manner to which children in the State currently have creditable health coverage, current State efforts to provide or obtain creditable health coverage for uninsured children and how the plan is designed to be coordinated with current health insurance, public health efforts, or other enrollment initiatives. This information provides a health insurance baseline in terms of the status of the children in a given State and the State programs currently in place. (Section 2103); (42 CFR 457.410(A))
3. **Methods of Delivery and Utilization Controls-** This section requires a description that must include both proposed methods of delivery and proposed utilization control systems. This section should fully describe the delivery system of the Title XXI program including the proposed contracting standards, the proposed delivery systems and the plans for enrolling providers. (Section 2103); (42 CFR 457.410(A))
4. **Eligibility Standards and Methodology-** The plan must include a description of the standards used to determine the eligibility of targeted low-income children for child health assistance under the plan. This section includes a list of potential eligibility standards the State can check off and provide a short description of how those standards will be applied. All eligibility standards must be consistent with the provisions of Title XXI and may not discriminate on the basis of diagnosis. In addition, if the standards vary within the state, the State should describe how they will be applied and under what circumstances they will be applied. In addition, this section provides information on income eligibility for Medicaid expansion programs (which are exempt from Section 4 of the State plan template) if applicable. (Section 2102(b)); (42 CFR 457.305 and 457.320)
5. **Outreach-** This section is designed for the State to fully explain its outreach activities. Outreach is defined in law as outreach to families of children likely to be eligible for child health assistance under the plan or under other public or private health coverage programs. The purpose is to inform these families of the availability of, and to assist them in enrolling their children in, such a program. (Section 2102(c)(1)); (42 CFR 457.90)
6. **Coverage Requirements for Children’s Health Insurance-** Regarding the required scope of health insurance coverage in a State plan, the child health assistance provided must consist of any of the four types of coverage outlined in Section 2103(a) (specifically, benchmark coverage;

benchmark-equivalent coverage; existing comprehensive state-based coverage; and/or Secretary-approved coverage). In this section States identify the scope of coverage and benefits offered under the plan including the categories under which that coverage is offered. The amount, scope, and duration of each offered service should be fully explained, as well as any corresponding limitations or exclusions. (Section 2103); (42 CFR 457.410(A))

7. **Quality and Appropriateness of Care-** This section includes a description of the methods (including monitoring) to be used to assure the quality and appropriateness of care and to assure access to covered services. A variety of methods are available for State's use in monitoring and evaluating the quality and appropriateness of care in its child health assistance program. The section lists some of the methods which states may consider using. In addition to methods, there are a variety of tools available for State adaptation and use with this program. The section lists some of these tools. States also have the option to choose who will conduct these activities. As an alternative to using staff of the State agency administering the program, states have the option to contract out with other organizations for this quality of care function. (Section 2107); (42 CFR 457.495)
8. **Cost Sharing and Payment-** This section addresses the requirement of a State child health plan to include a description of its proposed cost sharing for enrollees. Cost sharing is the amount (if any) of premiums, deductibles, coinsurance and other cost sharing imposed. The cost-sharing requirements provide protection for lower income children, ban cost sharing for preventive services, address the limitations on premiums and cost-sharing and address the treatment of pre-existing medical conditions. (Section 2103(e)); (42 CFR 457, Subpart E)
9. **Strategic Objectives and Performance Goals and Plan Administration-** The section addresses the strategic objectives, the performance goals, and the performance measures the State has established for providing child health assistance to targeted low income children under the plan for maximizing health benefits coverage for other low income children and children generally in the state. (Section 2107); (42 CFR 457.710)
10. **Annual Reports and Evaluations-** Section 2108(a) requires the State to assess the operation of the Children's Health Insurance Program plan and submit to the Secretary an annual report which includes the progress made in reducing the number of uninsured low income children. The report is due by January 1, following the end of the Federal fiscal year and should cover that Federal Fiscal Year. In this section, states are asked to assure that they will comply with these requirements, indicated by checking the box. (Section 2108); (42 CFR 457.750)
11. **Program Integrity-** In this section, the State assures that services are provided in an effective and efficient manner through free and open competition or through basing rates on other public and private rates that are actuarially sound. (Sections 2101(a) and 2107(e); (42 CFR 457, subpart I)
12. **Applicant and Enrollee Protections-** This section addresses the review process for eligibility and enrollment matters, health services matters (i.e., grievances), and for states that use premium assistance a description of how it will assure that applicants and enrollees are given the opportunity at initial enrollment and at each redetermination of eligibility to obtain health benefits coverage other than through that group health plan. (Section 2101(a)); (42 CFR 457.1120)

Program Options. As mentioned above, the law allows States to expand coverage for children through a separate child health insurance program, through a Medicaid expansion program, or through a combination of these programs. These options are described further below:

- **Option to Create a Separate Program-** States may elect to establish a separate child health program that are in compliance with title XXI and applicable rules. These states must establish enrollment systems that are coordinated with Medicaid and other sources of health coverage for children and also must screen children during the application process to determine if they are eligible for Medicaid and, if they are, enroll these children promptly in Medicaid.
- **Option to Expand Medicaid-** States may elect to expand coverage through Medicaid. This option for states would be available for children who do not qualify for Medicaid under State rules in effect as of March 31, 1997. Under this option, current Medicaid rules would apply.

Medicaid Expansion- CHIP SPA Requirements

In order to expedite the SPA process, states choosing to expand coverage only through an expansion of Medicaid eligibility would be required to complete sections:

- 1 (General Description)
- 2 (General Background)

They will also be required to complete the appropriate program sections, including:

- 4 (Eligibility Standards and Methodology)
- 5 (Outreach)
- 9 (Strategic Objectives and Performance Goals and Plan Administration including the budget)
- 10 (Annual Reports and Evaluations).

Medicaid Expansion- Medicaid SPA Requirements

States expanding through Medicaid-only will also be required to submit a Medicaid State Plan Amendment to modify their Title XIX State plans. These states may complete the first check-off and indicate that the description of the requirements for these sections are incorporated by reference through their State Medicaid plans for sections:

- 3 (Methods of Delivery and Utilization Controls)
- 4 (Eligibility Standards and Methodology)
- 6 (Coverage Requirements for Children's Health Insurance)
- 7 (Quality and Appropriateness of Care)
- 8 (Cost Sharing and Payment)
- 11 (Program Integrity)
- 12 (Applicant and Enrollee Protections)

- **Combination of Options-** CHIP allows states to elect to use a combination of the Medicaid program and a separate child health program to increase health coverage for children. For example, a State

may cover optional targeted-low income children in families with incomes of up to 133 percent of poverty through Medicaid and a targeted group of children above that level through a separate child health program. For the children the State chooses to cover under an expansion of Medicaid, the description provided under “Option to Expand Medicaid” would apply. Similarly, for children the State chooses to cover under a separate program, the provisions outlined above in “Option to Create a Separate Program” would apply. States wishing to use a combination of approaches will be required to complete the Title XXI State plan and the necessary State plan amendment under Title XIX.

Proposed State plan amendments should be submitted electronically and one signed hard copy to the Centers for Medicare & Medicaid Services at the following address:

Name of Project Officer
Centers for Medicare & Medicaid Services
7500 Security Blvd
Baltimore, Maryland 21244
Attn: Children and Adults Health Programs Group
Center for Medicaid and CHIP Services
Mail Stop - S2-01-16

Section 1. General Description and Purpose of the Children’s Health Insurance Plans and the Requirements

1.1. The state will use funds provided under Title XXI primarily for (Check appropriate box) (Section 2101)(a)(1)); (42 CFR 457.70):

Guidance: Check below if child health assistance shall be provided primarily through the development of a separate program that meets the requirements of Section 2101, which details coverage requirements and the other applicable requirements of Title XXI.

1.1.1. Obtaining coverage that meets the requirements for a separate child health program (Sections 2101(a)(1) and 2103); OR

Guidance: Check below if child health assistance shall be provided primarily through providing expanded eligibility under the State’s Medicaid program (Title XIX). Note that if this is selected the State must also submit a corresponding Medicaid SPA to CMS for review and approval.

1.1.2. Providing expanded benefits under the State’s Medicaid plan (Title XIX) (Section 2101(a)(2)); OR

Guidance: Check below if child health assistance shall be provided through a combination of both 1.1.1. and 1.1.2. (Coverage that meets the requirements of Title XXI, in conjunction with an expansion in the State’s Medicaid program). Note that if this is selected the state must also submit a corresponding Medicaid state plan amendment to CMS for review and approval.

1.1.3. A combination of both of the above. (Section 2101(a)(2))

1.1-DS The State will provide dental-only supplemental coverage. Only States operating a separate CHIP program are eligible for this option. States choosing this option must also complete sections 4.1-DS, 4.2-DS, 6.2-DS, 8.2-DS, and 9.10 of this SPA template. (Section 2110(b)(5))

1.2. Check to provide an assurance that expenditures for child health assistance will not be claimed prior to the time that the State has legislative authority to operate the State plan or plan amendment as approved by CMS. (42 CFR 457.40(d))

1.3. Check to provide an assurance that the State complies with all applicable civil rights requirements, including title VI of the Civil Rights Act of 1964, title II of the Americans with Disabilities Act of 1990, section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, 45 CFR part 80, part 84, and part 91, and 28 CFR part 35. (42 CFR 457.130)

Guidance: The effective date as specified below is defined as the date on which the State begins to incur costs to implement its State plan or amendment. (42 CFR 457.65) The implementation date is defined as the date the State begins to provide services; or, the date on which the State puts into practice the new policy described in the State plan or amendment. For example, in a State that has increased eligibility, this is the date on which the State begins to provide coverage to enrollees (and not the date the State begins outreach or accepting applications).

- 1.4.** Provide the effective (date costs begin to be incurred) and implementation (date services begin to be provided) dates for this SPA (42 CFR 457.65). A SPA may only have one effective date, but provisions within the SPA may have different implementation dates that must be after the effective date.

Original Plan

Effective Date: July 1, 2002

Implementation Date: July 1, 2002

SPA #WY-18-0013 Purpose of SPA: Demonstrate compliance with the Mental Health Parity and Addiction Equity Act of 2008.

Proposed effective date: October 2, 2017

Proposed implementation date: October 2, 2017

- 1.4- TC** **Tribal Consultation** (Section 2107(e)(1)(C)) Describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment, when it occurred and who was involved.

Tribal notice was sent via email on June 28, 2018.

TN No: Approval Date Effective Date

6.2- MHPAEA Section 2103(c)(6)(A) of the Social Security Act requires that, to the extent that it provides both medical/surgical benefits and mental health or substance use disorder benefits, a State child health plan ensures that financial requirements and treatment limitations applicable to mental health and substance use disorder benefits comply with the mental health parity requirements of section 2705(a) of the Public Health Service Act in the same manner that such requirements apply to a group health plan. If the state child health plan provides for delivery of services through a managed care arrangement, this requirement applies to both the state and managed care plans. These requirements are also applicable to any additional benefits provided voluntarily to the child health plan population by managed care entities and will be considered as part of CMS’s contract review process at 42 CFR 457.1201(l).

6.2.1- MHPAEA Before completing a parity analysis, the State must determine whether each covered benefit is a medical/surgical, mental health, or substance use disorder benefit based on a standard that is consistent with state and federal law and generally recognized independent standards of medical practice. (42 CFR 457.496(f)(1)(i))

6.2.1.1- MHPAEA Please choose the standard(s) the state uses to determine whether a covered benefit is a medical/surgical benefit, mental health benefit, or substance use disorder benefit. The most current version of the standard elected must be used. If different standards are used for different benefit types, please specify the benefit type(s) to which each standard is applied. If “Other” is selected, please provide a description of that standard.

- International Classification of Disease (ICD) ICD-10-CM
- Diagnostic and Statistical Manual of Mental Disorders (DSM)
- State guidelines (Describe: _____)
- Other (Describe: _____)

6.2.1.2- MHPAEA Does the State provide mental health and/or substance use disorder benefits?

- Yes
- No

Guidance: If the State does not provide any mental health or substance use disorder benefits, the mental health parity requirements do not apply ((42 CFR 457.496(f)(1)). Continue on to Section 6.3.

6.2.2- MHPAEA Section 2103(c)(6)(B) of the Social Security Act (the Act) provides that to the extent a State child health plan includes coverage of early and periodic screening, diagnostic, and treatment

services (EPSDT) defined in section 1905(r) of the Act and provided in accordance with section 1902(a)(43) of the Act, the plan shall be deemed to satisfy the parity requirements of section 2103(c)(6)(A) of the Act.

6.2.2.1- MHPAEA Does the State child health plan provide coverage of EPSDT? The State must provide for coverage of EPSDT benefits, consistent with Medicaid statutory requirements, as indicated in section 6.2.26 of the State child health plan in order to answer “yes.”

Yes

No

Guidance: If the State child health plan *does not* provide EPSDT consistent with Medicaid statutory requirements at sections 1902(a)(43) and 1905(r) of the Act, please go to Section 6.2.3- MHPAEA to complete the required parity analysis of the State child health plan.

If the state *does* provide EPSDT benefits consistent with Medicaid requirements, please continue this section to demonstrate compliance with the statutory requirements of section 2103(c)(6)(B) of the Act and the mental health parity regulations of 42 CFR 457.496(b) related to deemed compliance. Please provide supporting documentation, such as contract language, provider manuals, and/or member handbooks describing the state’s provision of EPSDT.

6.2.2.2- MHPAEA EPSDT benefits are provided to the following:

All children covered under the State child health plan.

A subset of children covered under the State child health plan.

Please describe the different populations (if applicable) covered under the State child health plan that are provided EPSDT benefits consistent with Medicaid statutory requirements.

Guidance: If only a subset of children are provided EPSDT benefits under the State child health plan, 42 CFR 457.496(b)(3) limits deemed compliance to those children only and Section 6.2.3- MHPAEA must be completed as well as the required parity analysis for the other children.

6.2.2.3- MHPAEA To be deemed compliant with the MHPAEA parity requirements, States must provide EPSDT in accordance with sections 1902(a)(43) and 1905(r) of the Act (42 CFR

457.496(b)). The State assures each of the following for children eligible for EPSDT under the separate State child health plan:

- All screening services, including screenings for mental health and substance use disorder conditions, are provided at intervals that align with a periodicity schedule that meets reasonable standards of medical or dental practice as well as when medically necessary to determine the existence of suspected illness or conditions. (Section 1905(r))

- All diagnostic services described in 1905(a) of the Act are provided as needed to diagnose suspected conditions or illnesses discovered through screening services, whether or not those services are covered under the Medicaid state plan. (Section 1905(r))

- All items and services described in section 1905(a) of the Act are provided when needed to correct or ameliorate a defect or any physical or mental illnesses and conditions discovered by the screening services, whether or not such services are covered under the Medicaid State plan. (Section 1905(r)(5))

- Treatment limitations applied to services provided under the EPSDT benefit are not limited based on a monetary cap or budgetary constraints and may be exceeded as medically necessary to correct or ameliorate a medical or physical condition or illness. (Section 1905(r)(5))

- Non-quantitative treatment limitations, such as definitions of medical necessity or criteria for medical necessity, are applied in an individualized manner that does not preclude coverage of any items or services necessary to correct or ameliorate any medical or physical condition or illness. (Section 1905(r)(5))

- EPSDT benefits are not excluded on the basis of any condition, disorder, or diagnosis. (Section 1905(r)(5))

- The provision of all requested EPSDT screening services, as well as any corrective treatments needed based on those screening services, are provided or arranged for as necessary. (Section 1902(a)(43))

All families with children eligible for the EPSDT benefit under the separate State child health plan are provided information and informed about the full range of services available to them. (Section 1902(a)(43)(A))

Guidance: For states seeking deemed compliance for their entire State child health plan population, please continue to Section 6.3. If not all of the covered populations are offered EPSDT, the State must conduct a parity analysis of the benefit packages provided to those populations. Please continue to 6.2.3-MHPAEA.

Mental Health Parity Analysis Requirements for States Not Providing EPSDT to All Covered Populations

Guidance: The State must complete a parity analysis for each population under the State child health plan that is not provided the EPSDT benefit consistent with the requirements 42 CFR 457.496(b). If the State provides benefits or limitations that vary within the child or pregnant woman populations, states should perform a parity analysis for each of the benefit packages. For example, if different financial requirements are applied according to a beneficiary's income, a separate parity analysis is needed for the benefit package provided at each income level.

Please ensure that changes made to benefit limitations under the State child health plan as a result of the parity analysis are also made in Section 6.2.

6.2.3- MHPAEA In order to conduct the parity analysis, the State must place all medical/surgical and mental health and substance use disorder benefits covered under the State child health plan into one of four classifications: Inpatient, outpatient, emergency care, and prescription drugs. (42 CFR 457.496(d)(2)(ii); 42 CFR 457.496(d)(3)(ii)(B))

6.2.3.1 MHPAEA Please describe below the standard(s) used to place covered benefits into one of the four classifications.

The final regulations specify that requirements for FRs and treatment limitations apply by benefit classification. Kid Care CHIP benefits were classified and mapped into four categories, as directed by the CMS Parity Toolkit. The following definitions were used to determine benefit classifications:

Inpatient: Treatment as a registered bed patient in a hospital or facility other provider and for whom a room and board charge is made.

Outpatient: All covered services or supplies not included in inpatient, emergency care, or prescription drug categories.

Prescription Drugs: Medications that have been approved or regulated by the Food and Drug Administration that can, under federal and state law, be dispensed only pursuant to a Prescription Drug order from a licensed, certified, or otherwise legally authorized prescriber.

Emergency Care: All covered emergency services or items (including medications) provided in an emergency department (ED) or emergency room (ER) setting in an OP hospital setting.

6.2.3.1.1 MHPAEA The State assures that:

The State has classified all benefits covered under the State plan into one of the four classifications.

The same reasonable standards are used for determining the classification for a mental health or substance use disorder benefit as are used for determining the classification of medical/surgical benefits.

6.2.3.1.2- MHPAEA Does the State use sub-classifications to distinguish between office visits and other outpatient services?

Yes

No

6.2.3.1.2.1- MHPAEA If the State uses sub-classifications to distinguish between outpatient office visits and other outpatient services, the State assures the following:

The sub-classifications are only used to distinguish office visits from other outpatient items and services, and are not used to distinguish between similar services on other bases (ex: generalist vs. specialist visits).

Guidance: For purposes of this section, any reference to “classification(s)” includes sub-classification(s) in states using sub-classifications to distinguish between outpatient office visits from other outpatient services.

6.2.3.2 MHPAEA The State assures that:

Mental health/ substance use disorder benefits are provided in all classifications in which medical/surgical benefits are provided under the State child health plan.

Guidance: States are not required to cover mental health or substance use disorder benefits (42 CFR 457.496(f)(2)). However if a state does provide any mental health or substance use disorder benefits, those mental health or substance use disorder benefits must be provided in all the same classifications in which medical/surgical benefits are covered under the State child health plan (42 CFR 457.496(d)(2)(ii)).

Annual and Aggregate Lifetime Dollar Limits

6.2.4- MHPAEA A State that provides both medical/surgical benefits and mental health and/or substance use disorder benefits must comply with parity requirements related to annual and aggregate lifetime dollar limits for benefits covered under the State child health plan. (42 CFR 457.496(c))

6.2.4.1- MHPAEA Please indicate whether the State applies an aggregate lifetime dollar limit and/or an annual dollar limit on any mental health or substance abuse disorder benefits covered under the State child health plan.

Aggregate lifetime dollar limit is applied

Aggregate annual dollar limit is applied

No dollar limit is applied

Guidance: A monetary coverage limit that applies to *all* CHIP services provided under the State child health plan is not subject to parity requirements.

If there are no aggregate lifetime or annual dollar limits on any mental health or substance use disorder benefits, please go to section 6.2.5- MHPAEA.

6.2.4.2- MHPAEA Are there any medical/surgical benefits covered under the State child health plan that have either an aggregate lifetime dollar limit or an annual dollar limit? If yes, please specify what type of limits apply.

Yes (Type(s) of limit:

No

Guidance: If no aggregate lifetime dollar limit is applied to medical/ surgical benefits, the State may not impose an aggregate lifetime dollar limit on *any* mental health or substance use disorder benefits. If no aggregate annual dollar limit is applied to medical/surgical benefits, the State may not impose an aggregate annual dollar limit on *any* mental health or substance use disorder benefits. (42 CFR 457.496(c)(1))

6.2.4.3 – MHPAEA. States applying an aggregate lifetime or annual dollar limit on medical/surgical benefits and mental health or substance use disorder benefits must determine whether the portion of the medical/surgical benefits to which the limit applies is less than one-third, at least one-third but less than two-thirds, or at least two-thirds of all medical/surgical benefits covered under the State plan (42 CFR 457.496(c)). The portion of medical/surgical benefits subject to the limit is based on the dollar amount expected to be paid for all medical/surgical benefits under the State plan for the State plan year or portion of the plan year after a change in benefits that affects the applicability of the aggregate lifetime or annual dollar limits. (42 CFR 457.496(c)(3))

The State assures that it has developed a reasonable methodology to calculate the portion of covered medical/surgical benefits which are subject to the aggregate lifetime and/or annual dollar limit, as applicable.

Guidance: Please include the state’s methodology to calculate the portion of covered medical/surgical benefits which are subject to the aggregate lifetime and/or annual dollar limit and the results as an attachment to the State child health plan.

6.2.4.3.1- MHPAEA Please indicate the portion of the total costs for medical and surgical benefits covered under the State plan which are subject to a lifetime dollar limit:

- Less than 1/3
- At least 1/3 and less than 2/3
- At least 2/3

6.2.4.3.2- MHPAEA Please indicate the portion of the total costs for medical and surgical benefits covered under the State plan which are subject to an annual dollar limit:

- Less than 1/3
- At least 1/3 and less than 2/3
- At least 2/3

Guidance: If an aggregate lifetime limit is applied to less than one-third of all medical/surgical benefits, the State may not impose an aggregate lifetime limit on *any* mental health or substance use disorder benefits. If an annual dollar limit is applied to less than one-third of all medical surgical benefits, the State may not impose an annual dollar limit on *any* mental health or

substance use disorder benefits (42 CFR 457.496(c)(1)). Skip to section 6.2.5-MHPAEA.

If the State applies an aggregate lifetime or annual dollar limit to at least one-third of all medical/surgical benefits, please continue below to provide the assurances related to the determination of the portion of total costs for medical/surgical benefits that are subject to either an annual or lifetime limit.

6.2.4.3.2.1- MHPAEA If the State applies an aggregate lifetime or annual dollar limit to at least 1/3 and less than 2/3 of all medical/surgical benefits, the State assures the following (42 CFR 457.496(c)(4)(i)(B)); (42 CFR 457.496(c)(4)(ii)):

The State applies an aggregate lifetime or annual dollar limit on mental health or substance use disorder benefits that is no more restrictive than an average limit calculated for medical/surgical benefits.

Guidance: The state's methodology for calculating the average limit for medical/surgical benefits must be consistent with 42 CFR 457.496(c)(4)(i)(B) and 42 CFR 457.496(c)(4)(ii). Please include the state's methodology and results as an attachment to the State child health plan.

6.2.4.3.2.2- MHPAEA If at least 2/3 of all medical/surgical benefits are subject to an annual or lifetime limit, the State assures either of the following (42 CFR 457.496(c)(2)(i)); (42 CFR 457.496(c)(2)(ii)):

The aggregate lifetime or annual dollar limit is applied to both medical/surgical benefits and mental health and substance use disorder benefits in a manner that does not distinguish between medical/surgical benefits and mental health and substance use disorder benefits; or

The aggregate lifetime or annual dollar limit placed on mental health and substance use disorder benefits is no more restrictive than the aggregate lifetime or annual dollar limit on medical/surgical benefits.

Quantitative Treatment Limitations

6.2.5- MHPAEA Does the State apply quantitative treatment limitations (QTLs) on any mental health or substance use disorder benefits in any classification of benefits? If yes, specify the classification(s) of benefits in which the State applies one or more QTLs on any mental health or substance use disorder benefits.

Yes (Specify: _____)

No

Guidance: If the state does not apply any type of QTLs on any mental health or substance use disorder benefits in any classification, the state meets parity requirements for QTLs and should continue to Section 6.2.6 - MHPAEA. If the state does apply QTLs to any mental health or substance use disorder benefits, the state must conduct a parity analysis. Please continue.

6.2.5.1- MHPAEA Does the State apply any type of QTL on any medical/surgical benefits?

Yes

No

Guidance: If the State does not apply QTLs on any medical/surgical benefits, the State may not impose quantitative treatment limitations on mental health or substance use disorder benefits, please go to Section 6.2.6- MHPAEA related to non-quantitative treatment limitations.

6.2.5.2- MHPAEA Within each classification of benefits in which the State applies a type of QTL on any mental health or substance use disorder benefits, the State must determine the portion of medical and surgical benefits in the classification which are subject to the limitation. More specifically, the State must determine the ratio of (a) the dollar amount of all payments expected to be paid under the State plan for medical and surgical benefits within a classification which are subject to the type of quantitative treatment limitation for the plan year (or portion of the plan year after a mid-year change affecting the applicability of a type of quantitative treatment limitation to any medical/surgical benefits in the class) to (b) the dollar amount expected to be paid for all medical and surgical benefits within the classification for the plan year. For purposes of this paragraph, all payments expected to be paid under the State plan includes payments expected to be made directly by the State and payments which are expected to be made by MCEs contracting with the State. (42 CFR 457.496(d)(3)(i)(C))

The State assures it has applied a reasonable methodology to determine the dollar amounts used in the ratio described above for each classification within which the State applies QTLs to mental health or substance use disorder benefits. (42 CFR 457.496(d)(3)(i)(E))

Guidance: Please include the state’s methodology and results as an attachment to the State child health plan.

6.2.5.3- MHPAEA For each type of QTL applied to any mental health or substance use disorder benefits within a given classification, does the State apply the same type of QTL to “substantially all” (defined as at least two-thirds) of the medical/surgical benefits within the same classification? (42 CFR 457.496(d)(3)(i)(A))

Yes

No

Guidance: If the State does not apply a type of QTL to substantially all medical/surgical benefits in a given classification of benefits, the State may not impose that type of QTL on mental health or substance use disorder benefits in that classification. (42 CFR 457.496(d)(3)(i)(A))

6.2.5.3.1- MHPAEA For each type of QTL applied to mental health or substance use disorder benefits, the State must determine the predominant level of that type which is applied to medical/surgical benefits in the classification. The “predominant level” of a type of QTL in a classification is the level (or least restrictive of a combination of levels) that applies to more than one-half of the medical/surgical benefits in that classification, as described in 42 CFR 457.496(d)(3)(i)(B). The portion of medical/surgical benefits in a classification to which a given level of a QTL type is applied is based on the dollar amount of payments expected to be paid for medical/surgical benefits subject to that level as compared to all medical/surgical benefits in the classification, as described in 42 CFR 457.496(d)(3)(i)(C). For each type of quantitative treatment limitation applied to mental health or substance use disorder benefits, the State assures:

The same reasonable methodology applied in determining the dollar amounts used to determine whether substantially all medical/surgical benefits within a classification are subject to a type of quantitative treatment limitation also is applied in determining the dollar amounts used to determine the predominant level of a type of quantitative treatment limitation applied to medical/surgical benefits within a classification. (42 CFR 457.496(d)(3)(i)(E))

The level of each type of quantitative treatment limitation applied by the State to mental health or substance use disorder benefits in any classification is no more restrictive than the predominant level of that type which is applied by the State to medical/surgical benefits within the same classification. (42 CFR 457.496(d)(2)(i))

Guidance: If there is no single level of a type of QTL that exceeds the one-half threshold, the State may combine levels within a type of QTL such that the combined levels are applied to at least half of all medical/surgical benefits within a classification; the predominant level is the least restrictive level of the levels combined to meet the one-half threshold. (42 CFR 457.496(d)(3)(i)(B)(2))

Non-Quantitative Treatment Limitations

6.2.6- MHPAEA The State may utilize non-quantitative treatment limitations (NQTs) for mental health or substance use disorder benefits, but the State must ensure that those NQTs comply with all the mental health parity requirements. (42 CFR 457.496(d)(4)); (42 CFR 457.496(d)(5))

6.2.6.1 – MHPAEA If the State imposes any NQTs, complete this subsection. If the State does not impose NQTs, please go to Section 6.2.7-MHPAEA.

The State assures that the processes, strategies, evidentiary standards or other factors used in the application of any NQTL to mental health or substance use disorder benefits are no more stringent than the processes, strategies, evidentiary standards or other factors used in the application of NQTs to medical/surgical benefits within the same classification.

Guidance: Examples of NQTs include medical management standards to limit or exclude benefits based on medical necessity, restrictions based on geographic location, provider specialty, or other criteria to limit the scope or duration of benefits and provider network design (ex: preferred providers vs. participating providers). Additional examples of possible NQTs are provided in 42 CFR 457.496(d)(4)(ii). States will need to provide a summary of its NQTL analysis, as well as supporting documentation as requested.

6.2.6.2 – MHPAEA The State or MCE contracting with the State must comply with parity if they provide coverage of medical or surgical benefits furnished by out-of-network providers.

6.2.6.2.1- MHPAEA Does the State or MCE contracting with the State provide coverage of medical or surgical benefits provided by out-of-network providers?

Yes

No

Guidance: The State can answer no if the State or MCE only provides out of network services in specific circumstances, such as emergency care, or when the network is unable to provide a necessary service covered under the contract.

6.2.6.2.2- MHPAEA If yes, the State must provide access to out-of-network providers for mental health or substance use disorder benefits. Please assure the following:

- The State attests that when determining access to out-of-network providers within a benefit classification, the processes, strategies, evidentiary standards, or other factors used to determine access to those providers for mental health/ substance use disorder benefits are comparable to and applied no more stringently than the processes, strategies, evidentiary standards or other factors used to determine access for out- of-network providers for medical/surgical benefits.

Availability of Plan Information

6.2.7- MHPAEA The State must provide beneficiaries, potential enrollees, and providers with information related to medical necessity criteria and denials of payment or reimbursement for mental health or substance use disorder services (42 CFR 457.496(e)) in addition to existing notice requirements at 42 CFR 457.1180.

6.2.7.1- MHPAEA Medical necessity criteria determinations must be made available to any current or potential enrollee or contracting provider, upon request. The state attests that the following entities provide this information:

- State
- Managed Care entities
- Both
- Other

Guidance: If other is selected, please specify the entity.

6.2.7.2- MHPAEA Reason for any denial for reimbursement or payment for mental health or substance use disorder benefits must be made available to the enrollee by the health plan or the State. The state attests that the following entities provide denial information:

- State
- Managed Care entities
- Both

Other

Guidance: If other is selected, please specify the entity.

8.4. The State assures that it has made the following findings with respect to the cost sharing in its plan: (Section 2103(e))

8.4.1. Cost-sharing does not favor children from higher income families over lower income families. (Section 2103(e)(1)(B)) (42 CFR 457.530)

8.4.2. No cost-sharing applies to well-baby and well-child care, including age-appropriate immunizations. (Section 2103(e)(2)) (42 CFR 457.520)

8.4.3. No additional cost-sharing applies to the costs of emergency medical services delivered outside the network. (Section 2103(e)(1)(A)) (42 CFR 457.515(f))

8.4.1- MHPAEA There is no separate accumulation of cumulative financial requirements, as defined in 42 CFR 457.496(a), for mental health and substance abuse disorder benefits compared to medical/surgical benefits. (42 CFR 457.496(d)(3)(iii))

8.4.2- MHPAEA If applicable, any different levels of financial requirements that are applied to different tiers of prescription drugs are determined based on reasonable factors, regardless of whether a drug is generally prescribed for medical/surgical benefits or mental health/substance use disorder benefits. (42 CFR 457.496(d)(3)(ii)(A))

8.4.3- MHPAEA Cost sharing applied to benefits provided under the State child health plan will remain capped at five percent of the beneficiary's income as required by 42 CFR 457.560 (42 CFR 457.496(d)(3)(i)(D)).

8.4.4- MHPAEA Does the State apply financial requirements to any mental health or substance use disorder benefits? If yes, specify the classification(s) of benefits in which the State applies financial requirements on any mental health or substance use disorder benefits.

Yes (Specify: Wyoming CHIP applies a co-payment to all services, both medical/surgical and MH/SUD, as outlined in Section 8.)

No

Guidance: For the purposes of parity, financial requirements include deductibles, copayments, coinsurance, and out of pocket maximums; premiums are excluded from the definition. If the state does not apply financial requirements on any mental health or substance use disorder benefits, the state meets parity requirements for financial requirements. If the state does apply financial requirements to mental health or substance use disorder benefits, the state must

conduct a parity analysis. Please continue below.

Please ensure that changes made to financial requirements under the State child health plan as a result of the parity analysis are also made in Section 8.2.

8.4.5- MHPAEA Does the State apply any type of financial requirements on any medical/surgical benefits?

Yes

No

Guidance: If the State does not apply financial requirements on any medical/surgical benefits, the State may not impose financial requirements on mental health or substance use disorder benefits.

8.4.6- MHPAEA Within each classification of benefits in which the State applies a type of financial requirement on any mental health or substance use disorder benefits, the State must determine the portion of medical and surgical benefits in the class which are subject to the limitation.

The State assures it has applied a reasonable methodology to determine the dollar amounts used in the ratio described above (Section 6.2.5.2-MHPAEA) for each classification or within which the State applies financial requirements to mental health or substance use disorder benefits. (42 CFR 457.496(d)(3)(i)(E))

Guidance: Please include the state’s methodology and results of the parity analysis as an attachment to the State child health plan.

8.4.7- MHPAEA For each type of financial requirement applied to any mental health or substance use disorder benefits within a given classification, does the State apply the same type of financial requirement to at least two-thirds (“substantially all”) of all the medical/surgical benefits within the same classification? (42 CFR 457.496(d)(3)(i)(A))

Yes

No

Guidance: If the State does not apply a type of financial requirement to substantially all medical/surgical benefits in a given classification of benefits, the State may not impose financial requirements on mental health or substance use disorder benefits in that classification. (42 CFR 457.496(d)(3)(i)(A))

8.4.8- MHPAEA For each type of financial requirement applied to substantially all medical/surgical benefits in a classification, the State must determine the predominant level (as defined in 42 CFR 457.496(d)(3)(i)(B)) of that type which is applied to medical/surgical benefits in the classification. For each type of financial requirement applied to substantially all medical/surgical benefits in a classification, the State assures:

- The same reasonable methodology applied in determining the dollar amounts used in determining whether substantially all medical/surgical benefits within a classification are subject to a type of financial requirement also is applied in determining the dollar amounts used to determine the predominant level of a type of financial requirement applied to medical/surgical benefits within a classification. (42 CFR 457.496(d)(3)(i)(E))
- The level of each type of financial requirement applied by the State to mental health or substance use disorder benefits in any classification is no more restrictive than the predominant level of that type which is applied by the State to medical/surgical benefits within the same classification. (42 CFR 457.496(d)(2)(i))

Guidance: If there is no single level of a type of financial requirement that exceeds the one-half threshold, the State may combine levels within a type of financial requirement such that the combined levels are applied to at least half of all medical/surgical benefits within a classification; the predominant level is the least restrictive level of the levels combined to meet the one-half threshold. (42 CFR 457.496(d)(3)(i)(B)(2))

Key for Newly Incorporated Templates

The newly incorporated templates are indicated with the following letters after the numerical section throughout the template.

- PC- Prenatal care and associated health care services (SHO #02-004, issued November 12, 2002)
- PW- Coverage of pregnant women (CHIPRA #2, SHO # 09-006, issued May 11, 2009)
- TC- Tribal consultation requirements (ARRA #2, CHIPRA #3, issued May 28, 2009)
- DC- Dental benefits (CHIPRA # 7, SHO # #09-012, issued October 7, 2009)
- DS- Supplemental dental benefits (CHIPRA # 7, SHO # #09-012, issued October 7, 2009)
- PA- Premium assistance (CHIPRA # 13, SHO # 10-002, issued February 2, 2010)
- EL- Express lane eligibility (CHIPRA # 14, SHO # 10-003, issued February 4, 2010)
- LR- Lawfully Residing requirements (CHIPRA # 17, SHO # 10-006, issued July 1, 2010)

GLOSSARY

Adapted directly from Sec. 2110. DEFINITIONS.

CHILD HEALTH ASSISTANCE- For purposes of this title, the term ‘child health assistance’ means payment for part or all of the cost of health benefits coverage for targeted low-income children that includes any of the following (and includes, in the case described in Section 2105(a)(2)(A), payment for part or all of the cost of providing any of the following), as specified under the State plan:

1. Inpatient hospital services.
2. Outpatient hospital services.
3. Physician services.
4. Surgical services.
5. Clinic services (including health center services) and other ambulatory health care services.
6. Prescription drugs and biologicals and the administration of such drugs and biologicals, only if such drugs and biologicals are not furnished for the purpose of causing, or assisting in causing, the death, suicide, euthanasia, or mercy killing of a person.
7. Over-the-counter medications.
8. Laboratory and radiological services.
9. Prenatal care and pre-pregnancy family planning services and supplies.
10. Inpatient mental health services, other than services described in paragraph (18) but including services furnished in a State-operated mental hospital and including residential or other 24-hour therapeutically planned structured services.
11. Outpatient mental health services, other than services described in paragraph (19) but including services furnished in a State-operated mental hospital and including community-based services.
12. Durable medical equipment and other medically-related or remedial devices (such as prosthetic devices, implants, eyeglasses, hearing aids, dental devices, and adaptive devices).
13. Disposable medical supplies.
14. Home and community-based health care services and related supportive services (such as home health nursing services, home health aide services, personal care, assistance with activities of daily living, chore services, day care services, respite care services, training for family members, and minor modifications to the home).
15. Nursing care services (such as nurse practitioner services, nurse midwife services, advanced practice nurse services, private duty nursing care, pediatric nurse services, and respiratory care services) in a home, school, or other setting.
16. Abortion only if necessary to save the life of the mother or if the pregnancy is the result of an act of rape or incest.
17. Dental services.
18. Inpatient substance abuse treatment services and residential substance abuse treatment services.
19. Outpatient substance abuse treatment services.
20. Case management services.
21. Care coordination services.
22. Physical therapy, occupational therapy, and services for individuals with speech, hearing, and language disorders.

23. Hospice care.
24. Any other medical, diagnostic, screening, preventive, restorative, remedial, therapeutic, or rehabilitative services (whether in a facility, home, school, or other setting) if recognized by State law and only if the service is--
 - a. prescribed by or furnished by a physician or other licensed or registered practitioner within the scope of practice as defined by State law,
 - b. performed under the general supervision or at the direction of a physician, or
 - c. furnished by a health care facility that is operated by a State or local government or is licensed under State law and operating within the scope of the license.
25. Premiums for private health care insurance coverage.
26. Medical transportation.
27. Enabling services (such as transportation, translation, and outreach services) only if designed to increase the accessibility of primary and preventive health care services for eligible low-income individuals.
28. Any other health care services or items specified by the Secretary and not excluded under this section.

TARGETED LOW-INCOME CHILD DEFINED- For purposes of this title--

1. **IN GENERAL-** Subject to paragraph (2), the term 'targeted low-income child' means a child--
 - a. who has been determined eligible by the State for child health assistance under the State plan;
 - b. (i) who is a low-income child, or
(ii) is a child whose family income (as determined under the State child health plan) exceeds the Medicaid applicable income level (as defined in paragraph (4)), but does not exceed 50 percentage points above the Medicaid applicable income level; and
 - c. who is not found to be eligible for medical assistance under title XIX or covered under a group health plan or under health insurance coverage (as such terms are defined in Section 2791 of the Public Health Service Act).
2. **CHILDREN EXCLUDED-** Such term does not include--
 - a. a child who is a resident of a public institution or a patient in an institution for mental diseases; or
 - b. a child who is a member of a family that is eligible for health benefits coverage under a State health benefits plan on the basis of a family member's employment with a public agency in the State.
3. **SPECIAL RULE-** A child shall not be considered to be described in paragraph (1)(C) notwithstanding that the child is covered under a health insurance coverage program that has been in operation since before July 1, 1997, and that is offered by a State which receives no Federal funds for the program's operation.
4. **MEDICAID APPLICABLE INCOME LEVEL-** The term 'Medicaid applicable income level' means, with respect to a child, the effective income level (expressed as a percent of the poverty line) that has been specified under the State plan under title XIX (including under a waiver authorized by the Secretary or under Section 1902(r)(2)), as of June 1, 1997, for the child to be eligible for medical

assistance under Section 1902(1)(2) for the age of such child.

5. **TARGETED LOW-INCOME PREGNANT WOMAN.**—The term ‘targeted low-income pregnant woman’ means an individual— (A) during pregnancy and through the end of the month in which the 60-day period (beginning on the last day of her pregnancy) ends; (B) whose family income exceeds 185 percent (or, if higher, the percent applied under subsection (b)(1)(A)) of the poverty line applicable to a family of the size involved, but does not exceed the income eligibility level established under the State child health plan under this title for a targeted low-income child; and (C) who satisfies the requirements of paragraphs (1)(A), (1)(C), (2), and (3) of Section 2110(b) in the same manner as a child applying for child health assistance would have to satisfy such requirements.

ADDITIONAL DEFINITIONS- For purposes of this title:

1. **CHILD-** The term ‘child’ means an individual under 19 years of age.
2. **CREDITABLE HEALTH COVERAGE-** The term ‘creditable health coverage’ has the meaning given the term ‘creditable coverage’ under Section 2701(c) of the Public Health Service Act (42 U.S.C. 300gg(c)) and includes coverage that meets the requirements of section 2103 provided to a targeted low-income child under this title or under a waiver approved under section 2105(c)(2)(B) (relating to a direct service waiver).
3. **GROUP HEALTH PLAN; HEALTH INSURANCE COVERAGE; ETC-** The terms ‘group health plan’, ‘group health insurance coverage’, and ‘health insurance coverage’ have the meanings given such terms in Section 2191 of the Public Health Service Act.
4. **LOW-INCOME CHILD -** The term ‘low-income child’ means a child whose family income is at or below 200 percent of the poverty line for a family of the size involved.
5. **POVERTY LINE DEFINED-** The term ‘poverty line’ has the meaning given such term in section 673(2) of the Community Services Block Grant Act (42 U.S.C. 9902(2)), including any revision required by such section.
6. **PREEXISTING CONDITION EXCLUSION-** The term ‘preexisting condition exclusion’ has the meaning given such term in section 2701(b)(1)(A) of the Public Health Service Act (42 U.S.C. 300gg(b)(1)(A)).
7. **STATE CHILD HEALTH PLAN; PLAN-** Unless the context otherwise requires, the terms ‘State child health plan’ and ‘plan’ mean a State child health plan approved under Section 2106.
8. **UNINSURED CHILD-** The term ‘uninsured child’ means a child that does not have creditable health coverage.
