Voluntary Benefit Package Selection Assurances - Eligibility Group under Section 1902(a)(10)(A) (i)(VIII) of the Act ABP2a

The state/territory has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements. Therefore the state/territory is deemed to have met the requirements for voluntary choice of benefit package for individuals exempt from mandatory participation in a section 1937 Alternative Benefit Plan.

Yes

Explain how the state has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements.

In accordance with CMS instruction and technical assistance, California has fully aligned its benefits in the ABP to reflect the State Plan, using the Blue Cross/Blue Shield FEHBP to define the EHBs. To the extent services are considered Long Term Services and Supports (LTSS), these services are only available under the ABP to individuals who meet the medically frail criteria. The criterion governing the availability of these State Plan services aligns with or is at least as stringent as the medically frail criteria. As such, those ABP recipients who qualify for State Plan LTSS services based on medical necessity will be considered medically frail and will not be subject to a separate determination beyond the applicable, service-specific needs assessment.

Attachment 3.1-C-

Selection of Benchmark Benefit Package or Benchmark-Equivalent Benefit Package ABP3

Select one of the following:

- The state/territory is amending one existing benefit package for the population defined in Section 1.
- The state/territory is creating a single new benefit package for the population defined in Section 1.

Name of benefit package:

Selection of the Section 1937 Coverage Option

The state/territory selects as its Section 1937 Coverage option the following type of Benchmark Benefit Package or Benchmark-Equivalent Benefit Package under this Alternative Benefit Plan (check one):

- Benchmark Benefit Package.
- Benchmark-Equivalent Benefit Package.

The state/territory will provide the following Benchmark Benefit Package (check one that applies):

- The Standard Blue Cross/Blue Shield Preferred Provider Option offered through the Federal Employee Health Benefit Program (FEHBP).
- State employee coverage that is offered and generally available to state employees (State Employee Coverage):
- A commercial HMO with the largest insured commercial, non-Medicaid enrollment in the state/territory (Commercial HMO):
- Secretary-Approved Coverage.
 - The state/territory offers benefits based on the approved state plan.
 - The state/territory offers an array of benefits from the section 1937 coverage option and/or base benchmark plan benefit packages, or the approved state plan, or from a combination of these benefit packages.
 - The state/territory offers the benefits provided in the approved state plan.
 - Benefits include all those provided in the approved state plan plus additional benefits.
 - Benefits are the same as provided in the approved state plan but in a different amount, duration and/or scope.
 - The state/territory offers only a partial list of benefits provided in the approved state plan.
 - The state/territory offers a partial list of benefits provided in the approved state plan plus additional benefits.

Please briefly identify the benefits, the source of benefits and any limitations:

Selection of Base Benchmark Plan

Alternative Benefit Plan

The state/territory must select a Base Benchmark Plan as the basis for providing Essential Health Benefits in its Benchmark or Benchmark-Equivalent Package.

The Base Benchmark Plan is the same as the Section 1937 Coverage option.

Indicate which Benchmark Plan described at 45 CFR 156.100(a) the state/territory will use as its Base Benchmark Plan:

- Largest plan by enrollment of the three largest small group insurance products in the state's small group market.
- Any of the largest three state employee health benefit plans by enrollment.
- Any of the largest three national FEHBP plan options open to Federal employees in all geographies by enrollment.
- Largest insured commercial non-Medicaid HMO.

Plan name:

Other Information Related to Selection of the Section 1937 Coverage Option and the Base Benchmark Plan (optional):

The state assures that all services in the base benchmark have been accounted for throughout the benefit chart found in ABP 5. The state assures the accuracy of all information in ABP 5 depicting amount, duration and scope parameters of services authorized in the currently approved Medicaid state plan.

EPSDT Assurances

If the target population includes persons under 21, please complete the following assurances regarding EPSDT. Otherwise, skip to the Prescription Drug Coverage Assurances below.

The alternative benefit plan includes beneficiaries under 21 years of age.

The state/territory assures that the notice to an individual includes a description of the method for ensuring access to EPSDT services (42 CFR 440.345).

The state/territory assures EPSDT services will be provided to individuals under 21 years of age who are covered under the state/territory plan under section 1902(a)(10)(A) of the Act.

Indicate whether EPSDT services will be provided only through an Alternative Benefit Plan or whether the state/territory will provide additional benefits to ensure EPSDT services:

Through an Alternative Benefit Plan.

Through an Alternative Benefit Plan with additional benefits to ensure EPSDT services as defined in 1905(r).

Other Information regarding how ESPDT benefits will be provided to participants under 21 years of age (optional):

Prescription Drug Coverage Assurances

The state/territory assures that it meets the minimum requirements for prescription drug coverage in section 1937 of the Act and implementing regulations at 42 CFR 440.347. Coverage is at least the greater of one drug in each United States Pharmacopeia (USP) category and class or the same number of prescription drugs in each category and class as the base benchmark.

The state/territory assures that procedures are in place to allow a beneficiary to request and gain access to clinically appropriate prescription drugs when not covered.

The state/territory assures that when it pays for outpatient prescription drugs covered under an Alternative Benefit Plan, it meets the requirements of section 1927 of the Act and implementing regulations at 42 CFR 440.345, except for those requirements that are directly contrary to amount, duration and scope of coverage permitted under section 1937 of the Act.

The state/territory assures that when conducting prior authorization of prescription drugs under an Alternative Benefit Plan, it complies with prior authorization program requirements in section 1927(d)(5) of the Act.

Other Benefit Assurances

The state/territory assures that substituted benefits are actuarially equivalent to the benefits they replaced from the base benchmark plan, and that the state/territory has actuarial certification for substituted benefits available for CMS inspection if requested by CMS.

The state/territory assures that individuals will have access to services in Rural Health Clinics (RHC) and Federally Qualified Health Centers (FQHC) as defined in subparagraphs (B) and (C) of section 1905(a)(2) of the Social Security Act.

The state/territory assures that payment for RHC and FQHC services is made in accordance with the requirements of section 1902(bb) of the Social Security Act.

Alternative Benefit Plan

- The state/territory assures that it will comply with the requirement of section 1937(b)(5) of the Act by providing, effective January 1, 2014, to all Alternative Benefit Plan participants at least Essential Health Benefits as described in section 1302(b) of the Patient Protection and Affordable Care Act.
- The state/territory assures that it will comply with the mental health and substance use disorder parity requirements of section 1937(b)(6) of the Act by ensuring that the financial requirements and treatment limitations applicable to mental health or substance use disorder benefits comply with the requirements of section 2705(a) of the Public Health Service Act in the same manner as such requirements apply to a group health plan.
- The state/territory assures that it will comply with section 1937(b)(7) of the Act by ensuring that benefits provided to Alternative Benefit Plan participants include, for any individual described in section 1905(a)(4)(C), medical assistance for family planning services and supplies in accordance with such section.
- The state/territory assures transportation (emergency and non-emergency) for individuals enrolled in an Alternative Benefit Plan in accordance with 42 CFR 431.53.
- The state/territory assures, in accordance with 45 CFR 156.115(a)(4) and 45 CFR 147.130, that it will provide as Essential Health Benefits a broad range of preventive services including: "A" and "B" services recommended by the United States Preventive Services Task Force; Advisory Committee for Immunization Practices (ACIP) recommended vaccines; preventive care and screening for infants, children and adults recommended by HRSA's Bright Futures program/project; and additional preventive services for women recommended by the Institute of Medicine (IOM).

Managed Care Options

Managed Care Assurance

- The state/territory certifies that it will comply with all applicable Medicaid laws and regulations, including but not limited to sections 1903(m), 1905(t), and 1932 of the Act and 42 CFR Part 438, in providing managed care services through this Alternative Benefit Plan. This includes the requirement for CMS approval of contracts and rates pursuant to 42 CFR 438.6.

Managed Care Implementation

Please describe the implementation plan for the Alternative Benefit Plan under managed care including member, stakeholder, and provider outreach efforts.

CA has actively engaged in numerous activities to ensure successful expansion of Medicaid coverage to newly eligible adults. CA is expecting that approximately 600,000 eligible beneficiaries will be covered on January 1, 2014 with a projected take up between 30,000-45,000 a month over the course of the first year. CA has 35 health plan contract amendments and has worked closely with the Region 9 team to ensure all 35 contracts are executed prior to January 1, 2014. To ensure network adequacy, CA assessed health plan capacity based on the provider ratios, such as PCPs (1:2000) and Physicians (1:1200) as well as measures of time and distance to Hospitals and PCPs (10 miles or 30 minutes). Additionally, CA took into account the Primary Care Physicians who are accepting new patients.

The majority of the newly eligible adults will be enrolled in Medi-Cal managed care through the administrative eligibility transition of the current Low Income Health Program (LIHP) population. LIHP is a county-based, optional health care services program under the California "Bridge to Reform" §1115 Medicaid Demonstration. To meet expansion goals, DHCS in collaboration with stakeholders implemented a LIHP Transition Plan to ensure a seamless transition of LIHP enrollees to the Medi-Cal Program. CA monitors network capacity and access issues on a quarterly basis. Additionally, CA monitors access to care through an Ombudsman's office for Managed Care enrollees and a compliance call center through its Licensing department. CA will determine trends or daily activities to work with health plans to address issues or concerns of access to care. As a result of extensive preparation, CA remains in good standing to implement effective January 1, 2014.

Alternative Benefit Plan

The managed care program is operating under (select one):

- Section 1915(a) voluntary managed care program.
- Section 1915(b) managed care waiver.
- Section 1932(a) mandatory managed care state plan amendment.
- Section 1115 demonstration.
- Section 1937 Alternative (Benchmark) Benefit Plan state plan amendment.

Identify the date the managed care program was approved by CMS:

Describe program below:

The State submitted a section 1115 Demonstration proposal as a bridge toward full health care reform implementation in 2014. This proposal allows CA to phase in coverage in individual counties for adults aged 19-64 with incomes at or below 133 percent of the federal poverty level (FPL), who are eligible under the new Affordable Care Act State option and adults between 133 percent - 200 percent of the FPL who are not otherwise eligible for Medicaid; expand the existing Safety Net Care Pool (SNCP) that was established to ensure continued government support for the provision of health care to the uninsured by hospitals, clinics, and other providers; implement a series of infrastructure improvements through a new funding sub-pool, that would be used to strengthen care coordination, enhance primary care and improve the quality of patient care; create coordinated systems of care for Seniors and Persons with Disabilities (SPDs) in counties with new or existing Medi-Cal managed care organizations through the mandatory enrollment of the population into Medicaid managed care plans.

Additional Information: MCO (Optional)

PIHP: Prepaid Inpatient Health Plan

The managed care delivery system is the same as an already approved managed care program.

The managed care program is operating under (select one):

- Section 1915(a) voluntary managed care program.
- Section 1915(b) managed care waiver.
- Section 1115 demonstration.
- Section 1937 Alternative (Benchmark) Benefit Plan state plan amendment.

Identify the date the managed care program was approved by CMS:

Describe program below:

1915 (b) Medi-Cal Specialty Mental Health Services (SMHS) Consolidation. Section 1915 (b) waivers relevant to Specialty Mental Health Services (SMHS) have been in effect in California since 1995. An eighth renewal of the SMHS waiver has been granted for a two year period effective July 1, 2013-June 30, 2015. For the purposes of the SMHS waiver program, persons with special health care needs are adults who have a serious mental disorder and children with a serious emotional disturbance. These beneficiaries are identified through the assessment process by the county Mental Health Plan (MHP) as meeting the SMHS medical necessity criteria. The design of managed care for California's Medi-Cal mental health program was phased in over several years. The State's enabling legislation for this waiver is set forth at Welfare and Institutions (W&I) Code, Sections 14680-14685.1 and 14700-14726.

Transmittal Number: CA - 15-024

Supersedes: CA - 14-033

Approval Date: December 3, 2020

Effective Date: July 1, 2015

Alternative Benefit Plan

All Medi-Cal beneficiaries are enrolled in the SMHS waiver and have access to the services provided through the waiver if they meet the medical necessity criteria. During the eighth waiver renewal SMHS will be provided to the newly eligible adult beneficiaries by the county MHPs. CMS approved a waiver amendment request to include this population on December 26, 2013.

The PIHPs are not at risk for FFP for the cost of services. The SMHS Consolidation waiver program is administered locally by each county's MHP and each county's MHP provides, or arranges for, specialty mental health services for Medi-Cal beneficiaries. MHPs are not paid on a capitated basis; instead, MHPs are paid on a fee-for-service basis.

Beneficiaries are automatically enrolled in the single MHP in their county. The State continues to contractually require MHPs to ensure the availability and accessibility of adequate numbers of institutional facilities, service locations, service sites, and professional, allied and supportive personnel to provide medically necessary services, and ensure the authorization of services for urgent conditions on a one-hour basis.

Beneficiaries are provided with a choice of providers within the MHP and an opportunity to change providers whenever feasible. Although the regulation allows MHPs to limit the beneficiary's choice to two (2) providers, the beneficiary may request an additional change if not satisfied; the opportunity for choice may be limited by feasibility. In most cases, feasibility is linked to the number of providers in the MHP's network.

Access continues to be assured and monitored through state regulations, and the MHP contract, the State's review and approval of any amendments to the MHPs implementation plans for the program on-going contract management by the State; and formal triennial reviews of the MHPs conducted by State staff, and annual External Quality Reviews conducted by the contracted External Quality Review Organization.

Fee-For-Service Options

Indicate whether the state/territory offers traditional fee-for-service and/or services managed under an administrative services organization:

- Traditional state-managed fee-for-service
- Services managed under an administrative services organization (ASO) arrangement

Please describe this fee-for-service delivery system, including any bundled payment arrangements, pay for performance, fee-for-service care management models/non-risk, contractual incentives as well as the population served via this delivery system.

A significant proportion of total Medi-Cal expenditures are generated through the FFS health care delivery system. FFS providers render services and then submit claims for payment that are adjudicated, processed and paid (or denied) by the Medi-Cal program's fiscal intermediary. Generally, Medi-Cal outpatient FFS rates are set at no more than 80% of the California Specific Medicare Rate. The CA-MMIS system reimburses at no more than the maximum allowable rate that is on file in the system. Further, as a result of the Managed Care expansion in California, all 58 counties now participate in a Managed Care system, which prior to the expansion served approximately 74% of the total Medi-Cal population or about 6.0M Medi-Cal beneficiaries in 30 counties. Specified services are carved out of the Managed Care Plans and only reimbursed via FFS, such as county based Specialty Mental Health Services (1915 (b) waiver) and Substance Use Disorder Services, which are reimbursed on a cost-based fee-for-service basis, based on certified public expenditures.
