Re: Louisiana State Plan Amendment (SPA) TN 21-0014

Dear Mr. Patrick Gillies:

We have reviewed the proposed amendment to add section 7.4.1 Medicaid Disaster Relief for the COVID-19 National Emergency to your Medicaid state plan, as submitted under transmittal number (TN) 21-0014. This amendment proposes to implement temporary policies, which are different from those policies and procedures otherwise applied under your Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof).

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 *et seq.*), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences of the COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and this state plan provision will no longer be in effect, upon termination of the public health emergency, including any extensions.

The State of Louisiana requested a waiver of public notice requirements applicable to the SPA submission process. Pursuant to section 1135(b)(1)(C) of the Act, CMS is waiving public notice requirements applicable to the SPA submission process. Public notice for SPAs is required under

42 C.F.R. §447.205 for changes in statewide methods and standards for setting Medicaid payment rates, 42 C.F.R. §447.57 for changes to premiums and cost sharing, and 42 C.F.R. §440.386 for changes to Alternative Benefit Plans (ABPs). Pursuant to section 1135(b)(1)(C) of the Act, CMS is approving the state's request to waive these notice requirements otherwise applicable to SPA submissions.

The State of Louisiana also requested a waiver to modify the tribal consultation timeline applicable to this SPA submission process. Pursuant to section 1135(b)(5) of the Act, CMS is also allowing states to modify the timeframes associated with tribal consultation required under section 1902(a)(73) of the Act, including shortening the number of days before submission or conducting consultation after submission of the SPA.

These waivers or modifications of the requirements related to SPA submission timelines, public notice, and tribal consultation apply only with respect to SPAs that meet the following criteria: (1) the SPA provides or increases beneficiary access to items and services related to COVID-19 (such as by waiving or eliminating cost sharing, increasing payment rates or amending ABPs to add services or providers); (2) the SPA does not restrict or limit payment or services or otherwise burden beneficiaries and providers; and (3) the SPA is temporary, with a specified sunset date that is not later than the last day of the declared COVID-19 public health emergency (or any extension thereof). We nonetheless encourage states to make all relevant information about the SPA available to the public so they are aware of the changes.

We conducted our review of your submittal according to the statutory requirements at section 1902(a) of the Act and implementing regulations. This letter is to inform you that Louisiana's Medicaid SPA Transmittal Number 21-0014 is approved effective March 1, 2020. This SPA is in addition to Disaster Relief SPAs approved on April 20, 2020, June 26, 2020, February 22, 2021, March 19, 2021, June 30, 2021, July 9, 2021, and July 21, 2021. Please note that the effective date for the new COVID-19 testing eligibility group described at section 1902(a)(10)(A)(ii)(XXIII) of the Act is March 18, 2020.

Enclosed is a copy of the CMS-179 summary form and the approved state plan pages.

Please contact Tobias Griffin at 214-767-4425 or by email at Tobias.Griffin@cms.hhs.gov if you have any questions about this approval. We appreciate the efforts of you and your staff in responding to the needs of the residents of the State of Louisiana and the health care community.

Section G – Other Policies and Procedures Differing from Approved Medicaid State Plan /Additional Information

As a requirement of the State Plan, the Department, through its contractor, monitors each Local Education Agency's (LEA) claim. As part of that monitoring, service documentation is reviewed to ensure the accuracy of the time study reporting under the CMS approved cost allocation plan. LEAs that fail to provide documentation for at least half of the time study moments tested, are penalized a portion of their cost report reimbursement.

In response to the COVID-19 PHE, the governor closed all schools in the State; therefore, the time study for Q2 2020 was not performed. The time study process was resumed in Q3 2020; however, most of the school districts in Louisiana changed their start date after the quarter began, resulting in a large number of moments not returned or counted as administrative and the results do not accurately represent a valid time study.

To address this, the State respectfully requests to waive the Q2 2020 and the Q3 2020 time study and use the four most recent time study results to calculate the time study percentage used in the 2020 and 2021 cost reports.

TN: 21-0014

Supersedes TN: None – new page

Approval Date: September 17, 2021

Effective Date: March 1, 2020

The School Based Claiming cost settlement calculation is as follows:

Claimable Cost per the Cost Report
Less: State Share
Federal Share of the Cost Report
Less: LDH Admin Fee
Less: Interim Billings
Settlement Subtotal
Less: Monitoring Adjustments
Net Due to or from the LEA

The State will resume its original time study methodology during the first quarter in which the PHE ends.
