RE: Virginia State Plan Amendment 21-0001

Dear Ms. Kimsey:

The Centers for Medicare & Medicaid Services (CMS) has reviewed Virginia's State Plan Amendment (SPA) 21-0001, Enhanced Behavioral Health – Part 1.

The purpose of this SPA is to implement Assertive Community Treatment, which will replace and serve as an “enhancement” of the current Intensive Community Treatment Service (this will continue to be a service for adults). In addition, the SPA will implement Mental Health Intensive Outpatient Programs, a new service for youth and adults; and Mental Health Partial Hospitalization Programs for Youth and Adults, which will replace the current Partial Hospitalization Program for adults.

This SPA is acceptable. Therefore, we are approving SPA 21-0001 with an effective date of July 1, 2021. Enclosed are the approved SPA pages and signed CMS-179 form.

If you have any questions concerning this information, please contact me at (816) 426-6417, or your staff may contact Margaret Kosherzenko at Margaret.Kosherzenko@cms.hhs.gov or (215) 861-4288.

Sincerely,

James G. Scott, Director
Division of Program Operations

**AMOUNT, DURATION, AND SCOPE OF MEDICAL
AND REMEDIAL CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY
and MEDICALLY NEEDY**

Mental Health Partial Hospitalization

(1) Service definition. Mental Health Partial Hospitalization (MH-PHP) services are short-term, non-residential interventions that are more intensive than outpatient services and that are required to stabilize an individual's psychiatric condition. The service is delivered under physician direction to individuals at risk of psychiatric hospitalization or transitioning from a psychiatric hospitalization to the community. Individuals qualifying for this service must demonstrate a medical necessity for the service arising from behavioral health disorders that result in significant functional impairments in major life activities. The service is non-residential and is not an IMD. The service is provided in accordance with the rehabilitative services benefit requirements at 42 CFR 440.130(d).

This service includes assessment, assistance with medication management, individual and group therapy, skills restoration, and care coordination for individuals who require coordinated, intensive, comprehensive, and multidisciplinary treatment but who do not require inpatient treatment.

(2) Service Components and Provider Qualifications. Provider qualifications for LMHP, LMHP-R, LMHP-RP, LMHP-S, QMHP-A, QMHP-C, and QMHP-E are on page 31, 31.1, and 31.2 of Attachment 3.1A&B, Supp. 1. Provider qualifications for PRS are on page 55 of Attachment 3.1A&B, Supp. 1. Registered Nurses (RN), Licensed Practical Nurses (LPN), and Nurse Practitioners (NP) shall hold an active license issued by the Virginia Board of Nursing. Physicians, Physician Assistants and Occupational Therapists shall hold an active license issued by the Virginia Board of Medicine.

<i>Service Component Definitions –Mental Health Partial Hospitalization</i>	<i>Staff That Provide Service Components</i>
“Assessment” means the face-to-face interaction in which the provider obtains information from the individual or other family members, as appropriate, about the individual's mental health status. It includes documented history of the severity, intensity, and duration of mental health problems and behavioral and emotional issues.	LMHP LMHP-R LMHP-RP LMHP-S Nurse Practitioner Physician Assistant
“Treatment Planning” means the development of a person-centered plan of care that is specific to the individual’s unique treatment needs, developed with the individual, in consultation with the individual's family, as appropriate.	LMHP LMHP-R LMHP-RP LMHP-S Nurse Practitioner, Physician Assistant

Assertive Community Treatment

(1) Service definition. Assertive Community Treatment (ACT) is a rehabilitative benefit provided according to 42 CFR 440.130(d). ACT provides long term needed treatment, rehabilitation, and support services to identified individuals with severe and persistent mental illness especially those who have severe symptoms that are not effectively remedied by available treatments or who because of reasons related to their mental illness resist or avoid involvement with mental health services in the community. ACT services are offered to outpatients outside of clinic, hospital, or program office settings for individuals who are best served in the community. ACT services include assessment, therapy, assistance with medication management, crisis treatment, co-occurring substance use disorder treatment, skills restoration and care coordination activities through a designated multi-disciplinary team of mental health professionals.

(2) Service Components and Provider Qualifications. Provider qualifications for LMHP, LMHP-R, LMHP-RP, LMHP-S, QMHP-A, QMHP-C, QMHP-E, and QPPMH are on page 31, 31.1, and 31.2 of Attachment 3.1A&B, Supp. 1. Provider qualifications for CSAC and CSAC-A are on page 42 of Attachment 3.1A&B, Supp. 1. PRS are on page 55 of Attachment 3.1A&B, Supp. 1. Registered Nurses (RN) and Nurse Practitioners (NP) shall hold an active license issued by the Virginia Board of Nursing and 1 year of experience working with individuals with serious mental illness. Licensed Practical Nurses (LPN) shall hold an active license issued by the Virginia Board of Nursing and three years of experience with individuals with serious mental illness. Physician Assistants shall hold an active license issued by the Virginia Board of Medicine and 1 year of experience working with individuals with serious mental illness. Psychiatrists shall hold an active license issued by the Virginia Board of Medicine.

Mental Health Intensive Outpatient

(1) Service Definition: Mental Health Intensive Outpatient (MH-IOP) is a rehabilitative benefit provided according to 42 CFR 440.130(d). IOP includes skilled treatment services for adults and youth focused on maintaining and improving functional abilities through a time-limited, interdisciplinary approach to treatment. The service is non-residential and is not an IMD.

MH-IOP is based on a comprehensive, coordinated and individualized individual service plan that involves the use of multiple, concurrent service components and treatment modalities. Treatment focuses on symptom reduction, crisis and safety planning, promoting stability and independent living in the community, recovery/relapse prevention and reducing the need for a more acute level of care. This service is provided to individuals who do not require the intensive level of care of inpatient, residential, or partial hospitalization service, but require more intensive services than outpatient services and would benefit from the structure and safety available in the MH-IOP setting.

(2) Service Components and Provider Qualifications. Provider qualifications for LMHP, LMHP-R, LMHP-RP, LMHP-S, QMHP-A, QMHP-C, and QMHP-E are on page 31, 31.1, and 31.2 of Attachment 3.1A&B, Supp. 1. Provider qualifications for PRS are on page 55 of Attachment 3.1A&B, Supp. 1. Registered Nurses (RN), Licensed Practical Nurses (LPN), and Nurse Practitioners (NP) shall hold an active license issued by the Virginia Board of Nursing. Physician Assistants and Occupational Therapists shall hold an active license issued by the Virginia Board of Medicine.
