Re: Title XIX State Plan Amendment, AL #14-0008

Dear Ms. Azar:

We have reviewed the proposed amendment to the Alabama Medicaid State Plan #14-0008 that was received in the Regional Office on December 4, 2014. This state plan amendment allows the Alabama Medicaid Agency to continue allowing eligible primary care physicians that practice in family medicine, general internal medicine or pediatric medicine to receive enhanced payments for certain specified procedure codes for evaluation and management (E&M) services and certain Vaccines for Children (VFC) vaccine administration codes.

Based on the information provided, we are now ready to approve the Medicaid State Plan Amendment AL -14-0008. This SPA was approved on March 03, 2015. The effective date of this amendment is January 1, 2015. We are enclosing the approved form HCFA-179 and plan pages.

If you have any questions, please contact Joseph Raymundo at 404-562-7406.

Sincerely,

//s//

Jackie Glaze
Associate Regional Administrator
Division of Medicaid & Children's Health Operations

Physician Services

Attachment 4.19-B: Physician Services

The state will continue to reimburse for services provided by physicians with a primary specialty designation of family medicine, pediatric medicine or internal medicine as if the requirements of 42 C.F.R. § 447.400 remain in effect. The rates will be those in effect for these services and providers during CY 2014. State of Alabama, general fund fiscal year 2015 appropriations allow for enhanced payments with dates of service January 1, 2015 through September 30, 2015. A provider must meet one of the following requirements listed below to qualify for the Alabama Medicaid Physicians Primary Care Enhanced Rates “Bump” Program.

a. A provider must be Board certified with a specialty or subspecialty designation in family medicine, general internal medicine, or pediatrics that is recognized by the American Board of Medical Specialties (ABMS), the American Board of Physician Specialties (ABPS), or the American Osteopathic Association (AOA), and must actually practice in their specialty.

b. A NON-board certified provider who practices in the field of family medicine, general internal medicine, or pediatrics or a subspecialty under one of these specialties, is eligible if he/she can attest that sixty percent of their paid Medicaid procedures billed are for certain specified procedure codes for evaluation and management (E&M) services and certain Vaccines for Children (VFC) vaccine administration codes during the most recently completed CY or, for newly eligible physicians, the prior month.

Method of Payment

The state has adjusted its fee schedule to make payment at the higher rate for each E&M and vaccine administration code.

Primary Care Services Affected by this Payment Methodology

This payment applies to Evaluation and Management (E&M) billing codes 99201 through 99499 that are considered reimbursable by Alabama Medicaid. A list of codes and current rates are published and maintained on the agency’s website at

http://medicaid.alabama.gov/documents/6.0_Providers/6.6_Fee_Schedules/6.6_Physician_ACA%20Primary_Care_Fee_Schedule_Revised_3-1-14.pdf

Physician Services – Vaccine Administration

The state reimburses vaccine administration services furnished by physicians meeting the requirements of 42 C.F.R. § 447.400(a) at the regional maximum administration fee set by the Vaccines for children program.

The Alabama Medicaid Agency requires VFC administration fees to be billed using the specific product code (vaccine codes).

The following single product (vaccine) codes have been billed in lieu of vaccine administration codes since the inception for the VFC Program in Alabama.

90633 90636 90645 90647 90648 90649 90650 90655 90656 90657 90658 90660
90669 90670 90680 90681 90696 90698 90700 90702 90707 90710 90713 90714
90715 90716 90718 90721 90723 90732 90733 90734 90744 90748.

These codes will be cross walked to procedure 90460 for vaccine administration for eligible providers under 42 C.F.R. § 447.400.
