Voluntary Benefit Package Selection Assurances - Eligibility Group under Section 1902(a)(10)(A)(i)(VIII) of the Act **ABP2a**

The state/territory has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements. Therefore the state/territory is deemed to have met the requirements for voluntary choice of benefit package for individuals exempt from mandatory participation in a section 1937 Alternative Benefit Plan.

Yes

Explain how the state has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements.

The State has a rich benefit package and has served adults 19-64 since 2000. The majority of base bench mark benefits are a duplication of benefits that exist in the current state plan. Benefits provided by the base bench mark plan that are not included in the state plan were substituted for state plan benefits not provided by the base bench mark plan. The EHB categories where substitution occurred met the standard of actuarial equivalence.

Managed Care Options

Managed Care Assurance

Managed Care Implementation

Please describe the implementation plan for the Alternative Benefit Plan under managed care including member, stakeholder, and provider outreach efforts.

AHCCCS has implemented a managed care delivery system for Medicaid benefits since 1982. We will utilize the existing systems, infrastructure and resources for the implementation of the ABP.

MCO: Managed Care Organization

The managed care delivery system is the same as an already approved managed care program.

The managed care program is operating under (select one):

- Section 1915(a) voluntary managed care program.
- Section 1915(b) managed care waiver.
- Section 1932(a) mandatory managed care state plan amendment.
- Section 1115 demonstration.
- Section 1937 Alternative (Benchmark) Benefit Plan state plan amendment.

Identify the date the managed care program was approved by CMS:

Alternative Benefit Plan

Describe program below:

The Arizona Health Care Cost Containment System (AHCCCS), the State’s Medicaid Agency, uses federal, state, and county funds to provide health care coverage to the State’s acute, long-term care Medicaid populations and low-income groups. Since 1982, when it became the first statewide Medicaid managed care system in the nation, AHCCCS has operated under a federal Research and Demonstration 1115 Waiver authority that allows for the operation of a total managed care model. AHCCCS makes prospective capitation payments to contracted health plans responsible for the delivery of care to members. The result is a managed care system that mainstreams recipients, allows them to select their providers, and encourages quality care and preventive services. The new adult group is included in the managed care program.

Additional Information: MCO (Optional)

Provide any additional details regarding this service delivery system (optional):

Fee-For-Service Options

Indicate whether the state/territory offers traditional fee-for-service and/or services managed under an administrative services organization:

- Services managed under an administrative services organization (ASO) arrangement

Please describe this fee-for-service delivery system, including any bundled payment arrangements, pay for performance, fee-for-service care management models/non-risk, contractual incentives as well as the population served via this delivery system.

The American Indian/Alaska Native population cannot be mandated to enroll in managed care. The AHCCCS Administration manages a fee-for-service program for those AI/AN members who do not elect to enroll in an MCO. The AHCCCS Administration pays claims for the care provided to AI/AN FFS members both at IHS/638 facilities and non- IHS/638 facilities. The AHCCCS Administration also pays claims for MCO enrolled AI/AN members who elect to receive care at IHS/638 facilities.
