METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES – OTHER TYPES OF CARE 7. HOME HEALTH CARE SERVICES

- A. Payment rates for the home health services are established as follows:
 - 1. The unit of reimbursement for skilled nursing, physical therapy, occupational therapy, and speech/language pathology home health services is one visit up to two and one half hours in length.
 - 2. Home health aide services are billed in basic and extended units. A basic unit is the first part of a visit up to one hour. The extended units are additional increments up to one-half hour each for visits lasting more than one hour. All basic units and all extended units must be at least 15 minutes in length to be reimbursable.
 - 3. The unit of reimbursement for Home Health Telehealth services is one calendar day. The Home Health Agency is reimbursed for one initial visit per client each time the monitoring equipment is installed in the home, and is reimbursed a daily rate for each day the telehealth monitoring equipment is used to monitor and manage the client's care.
 - 4. The cost of supplies used during visits by home health agency staff for the practice of universal precautions, excluding gloves used for bowel programs and catheter care, is included in the maximum unit rate.
- B. Home health providers are reimbursed at the lower of the following:
 - 1. Submitted charges; or
 - 2. Home health fee schedule determined by the Department of Health Care Policy and Financing

Except as otherwise noted in the State Plan, state-developed fee schedule rates are the same for both governmental and private providers. The reimbursement rates were set as of July 1, 2013 and are effective for services provided on or after that date. All rates can be found on the official Web site of the Department of Health Care Policy and Financing at www.colorado.gov/hcpf.
