RE: Connecticut 13-046

Dear Mr. Bremby:

We have reviewed the proposed amendment to Attachments 4.19-A, of your Medicaid State plan submitted under transmittal number (TN) 13-046. This amendment revises the reimbursement language for freestanding chronic disease hospitals. Specifically, the freestanding chronic disease hospital rate section has been updated to reflect actual per diem rate for each applicable chronic disease hospital.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a) and 1923 of the Social Security Act and the implementing Federal regulations at 42 CFR 447. We are pleased to inform you that Medicaid State plan amendment 13-046 is approved effective November 1, 2013. We are enclosing the CMS-179 and the amended plan pages.

If you have any questions, please call Novena James-Hailey at (617) 565-1291.

Sincerely,

Cindy Mann
Director

10. SUBJECT OF AMENDMENT:

This amendment revises the rate language for freestanding chronic disease hospitals. Specifically, the freestanding chronic disease hospital rate section will be updated to reflect changes since the section was last updated in 1987. Rates are not being changed. However, obsolete language is being removed and replaced with the actual per diem rate for each applicable chronic disease hospital. No fiscal impact is associated with this change.

23. REMARKS:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State Connecticut

(3) Payment for Free-Standing Chronic Disease Hospitals

Effective November 1, 2013, freestanding chronic disease hospitals shall be reimbursed a hospital-specific, all-inclusive per diem rate based on Medicare reimbursement principals. The per diem rates for each freestanding chronic disease hospital were established at a percentage of, and shall not exceed, the average per diem reimbursement under Medicare for the cost year ending March 31, 2013. Per Diem rates shall be fixed and will not be subject to an annual inflation factor. Free-Standing Chronic Disease Hospital rates shall be inclusive of hospital-based professional services, both routine and ancillary services.

Effective November 1, 2013, per diem payments to freestanding chronic disease hospitals shall be:

Gaylord Hospital	\$914.32
Hospital for Special Care	\$1,112.35
Mount Sinai Rehabilitation Hospital	\$898.18

In reimbursing out-of-state chronic disease hospitals, one of the following methodologies will be applied per mutual agreement: 1) a fixed percentage calculated based on the ratio between allowed cost for all Connecticut in-state hospitals and total customary charges, 2) the hospital's specific ratio of cost to charges using its most recent Medicare cost report, 3) the Medicaid rate established by the state of location, 4) the lowest in-state per diem rate or 5) a different methodology if required by federal law.

(4) Disproportionate Share Payment Adjustment

This section will define the criteria for deeming hospital's eligible for the disproportionate share payment adjustment and will further define the payment adjustment to be made to the hospitals that qualify.

A. Minimum Requirement

1. In order to qualify as a disproportionate share hospital the criteria stated and defined in Sections 1923(b)(1), 1923(b)(2) or 1923(b)(3) of the Social Security Act must be met; and
2. The hospital must have at least two obstetricians with staff privileges at the hospital who have agreed to provide obstetric services to individuals entitled to such services under a State Medicaid plan. In the case of a hospital located in a rural area (that is, an area outside of a Metropolitan Statistical Area, as defined by the Executive Office of Management and Budget), the term "obstetrician" includes any physician with staff privileges at the hospital to perform non-emergency obstetric procedures.
