

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES FOR
OTHER TYPES OF CARE OR SERVICE

- V. Therapy Services (Includes Physical, Occupational and Speech Pathology Therapists), Nursing Services, Counseling Services, Nutrition Services and Audiology Services.

Reimbursement to Therapy Service providers is based on the lower of submitted charges or the state's maximum allowable rate as listed in the Policies and Procedures for Children's Intervention Services and Policies and Procedures for Children's Intervention School Services. The state's maximum allowable rate will be based on 84.645% of Medicare's Resource Based Relative Value Scale (RBRVS) for 2000 for Region 1 (Atlanta). Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers of therapy services and the fee schedule and any annual/periodic adjustments to the fee schedule are published in the Georgia Department of Community Health Policies and Procedures for Children's Intervention Services and Policies and Procedures for Children's Intervention School Services.
