### Managed Care Implementation

Please describe the implementation plan for the Alternative Benefit Plan under managed care including member, stakeholder, and provider outreach efforts.

The program was authorized under 1937 authority. The 2014 Affordable Care Act replaces in whole the previously authorized program under the 2005 Deficit Reduction Act authority. The MCO agreement replaced the previously established PAHP agreement for the Idaho Medicare-Medicaid Coordinated Plan (MMCP) effective July 1, 2014. Idaho Medicaid has conducted over twenty web-based seminars from April 2012 forward to engage stakeholders in the development and implementation of changes to the MMCP and the implementation of a new managed care program for duals called "Idaho Medicaid Plus."

Idaho Medicaid hosted over thirty town hall-style meetings for duals statewide in May 2018 to share information and solicit input on the development and implementation of Idaho Medicaid Plus, a mandatory managed care program for duals who have not enrolled in the MMCP. Idaho Medicaid engages in ongoing efforts to educate stakeholders and solicit input via webinars, website postings, public meetings, and member and provider notifications.

### MCO: Managed Care Organization

Identify the date the managed care program was approved by CMS:

Describe program below:

Idaho Medicaid Plus is a mandatory managed care program for Medicaid participants that are dually eligible for Medicare Parts and B and full Medicaid ("full dual eligible") and who have not enrolled in the voluntary Medicare Medicaid Coordinated Plan program (operated under a 1915(a) authority). Idaho Medicaid Plus will be available in counties where there are two or more participating Health Plans, including: Ada, Bannock, Bingham, Bonner, Bonneville, Canyon, Kootenai, Nez Perce, and Twin Falls. Certain populations are excluded, including Medicaid participants on the Adults with Developmental Disabilities 1915(c) waiver program and pregnant women. Tribal members may elect to voluntarily enroll in the program but retain the right to disenroll at any time.

Idaho Medicaid Plus is designed as a Medicaid Long Term Services and Supports (MLTSS) managed care delivery system to administer Medicaid benefits for full dual eligible members. It will be implemented using a phased-in approach: counties will be implemented in succession contingent upon successful implementation in prior geographic areas.
