## Eligibility Groups - Mandatory Coverage Parents and Other Caretaker Relatives

S25

42 CFR 435.110  
1902(a)(10)(A)(i)(I)  
1931(b) and (d)

**Parents and Other Caretaker Relatives** - Parents and other caretaker relatives of dependent children with household income at or below a standard established by the state.

The state attests that it operates this eligibility group in accordance with the following provisions:

Individuals qualifying under this eligibility group must meet the following criteria:

Are parents or other caretaker relatives (defined at 42 CFR 435.4), including pregnant women, of dependent children (defined at 42 CFR 435.4) under age 18. Spouses of parents and other caretaker relatives are also included.

The state elects the following options:

This eligibility group includes individuals who are parents or other caretakers of children who are 18 years old, provided the children are full-time students in a secondary school or the equivalent level of vocational or technical training.

Options relating to the definition of caretaker relative (select any that apply):

The definition of caretaker relative includes the domestic partner of the parent or other caretaker relative, even after the partnership is terminated.

Definition of domestic partner:

The definition of caretaker relative includes other relatives of the child based on blood (including those of half-blood), adoption or marriage.

Description of other relatives:

Any blood relative within the fifth degree of relationship, including, but not limited to, those of half blood, first cousins once removed, and individuals of preceding generations as denoted by prefixes of grand, great, great-great, or great-great-great (this group includes the sister, brother, aunt, and uncle of the child).

The definition of caretaker relative includes any adult with whom the child is living and who assumes primary responsibility for the dependent child's care.

Options relating to the definition of dependent child (select the one that applies):

# Medicaid Eligibility

The state elects to eliminate the requirement that a dependent child must be deprived of parental support or care by reason of the death, physical or mental incapacity, or absence from the home or unemployment of at least one parent.

The child must be deprived of parental support or care, but a less restrictive standard is used to measure unemployment of the parent (select the one that applies):

Have household income at or below the standard established by the state.

MAGI-based income methodologies are used in calculating household income. Please refer as necessary to S10 MAGI-Based Income Methodologies, completed by the state.

Income standard used for this group

Minimum income standard

The minimum income standard used for this group is the state's AFDC payment standard in effect as of May 1, 1988, converted to MAGI-equivalent amounts by household size. The standard is described in S14 AFDC Income Standards.

The state certifies that it has submitted and received approval for its converted May 1, 1988 AFDC payment standard.

An attachment is submitted.

Maximum income standard

The state certifies that it has submitted and received approval for its converted income standard(s) for parents and other caretaker relatives to MAGI-equivalent standards and the determination of the maximum income standard to be used for parents and other caretaker relatives under this eligibility group.

An attachment is submitted.

The state's maximum income standard for this eligibility group is:

The state's effective income level for section 1931 families under the Medicaid state plan as of March 23, 2010, converted to a MAGI-equivalent percent of FPL or amounts by household size.

The state's effective income level for section 1931 families under the Medicaid state plan as of December 31, 2013, converted to a MAGI-equivalent percent of FPL or amounts by household size.

The state's effective income level for any population of parents/caretaker relatives under a Medicaid 1115 demonstration as of March 23, 2010, converted to a MAGI-equivalent percent of FPL or amounts by household size.

### Reasonable Classification of Individuals under Age 21

S52

42 CFR 435.222  
1902(a)(10)(A)(ii)(I)  
1902(a)(10)(A)(ii)(IV)

**Reasonable Classification of Individuals under Age 21** - The state elects to cover one or more reasonable classifications of individuals under age 21 who are not mandatorily eligible and who have income at or below a standard established by the state and in accordance with provisions described at 42 CFR 435.222.

Yes  No

The state attests that it operates this eligibility group in accordance with the following provisions:

Individuals qualifying under this eligibility group must qualify under a reasonable classification by meeting the following criteria:

Be under age 21, or a lower age, as defined within the reasonable classification.

Have household income at or below the standard established by the state, if the state has an income standard for the reasonable classification.

Not be eligible and enrolled for mandatory coverage under the state plan.

MAGI-based income methodologies are used in calculating household income. Please refer as necessary to S10 MAGI-Based Income Methodologies, completed by the state.

The state covered at least one reasonable classification under this eligibility group under its Medicaid state plan as of December 31, 2013, or under a Medicaid 1115 Demonstration as of March 23, 2010 or December 31, 2013, with income standards higher (including disregarding all income) than the current mandatory income standards for the individual's age.

If not chosen as the maximum income standard, and if higher than the effective income level used under the Medicaid state plan as of March 23, 2010, the state's effective income level for this classification under a Medicaid 1115 Demonstration as of March 23, 2010, converted to a MAGI-equivalent percent of FPL or amounts by household size.

If not chosen as the maximum income standard, and if higher than the effective income level used under the Medicaid state plan as of March 23, 2010, the state's effective income level for this classification under a Medicaid 1115 Demonstration as of December 31, 2013, converted to a MAGI-equivalent percent of FPL or amounts by household size.

Another income standard in-between the minimum and maximum standards allowed, provided it is higher than the effective income level for this classification in the state plan as of March 23, 2010, converted to a MAGI equivalent.

Other Reasonable Classifications Previously Covered

The state covers reasonable classifications of children not covered in the Medicaid state plan as of March 23, 2010, but covered under the Medicaid state plan as of December 31, 2013 or under a Medicaid 1115 Demonstration as of March 23, 2010 or December 31, 2013 with an income standard higher than the current mandatory income standard for the age group.

Yes  No

Additional new age groups or reasonable classifications covered

If the state has not elected to cover the Adult Group (42 CFR 435.119), it may elect to cover additional new age groups or reasonable classifications that have not been covered previously. If the state covers the Adult Group, this additional option is not available, as the standard for the new age groups or classifications is lower than that used for mandatory coverage.

The state does not cover the Adult Group and elects the option to include in this eligibility group additional age groups or reasonable classifications that have not been covered previously in the state plan or under a Medicaid 1115 Demonstration. Any additional age groups or reasonable classifications not previously covered are restricted to the AFDC income standard from July 16, 1996, not converted to a MAGI-equivalent standard.
