Citation Condition or Requirement

1932(a)(1)(A) A. Section 1932(a)(1)(A) of the Social Security Act.

The State of Louisiana enrolls Medicaid beneficiaries on a mandatory basis into managed care entities (managed care organization (MCOs) and/or primary care case managers (PCCMs)) in the absence of section 1115 or section 1915(b) waiver authority. This authority is granted under section 1932(a)(1)(A) of the Social Security Act (the Act). Under this authority, a state can amend its Medicaid state plan to require certain categories of Medicaid beneficiaries to enroll in managed care entities without being out of compliance with provisions of section 1902 of the Act on statewideness (42 CFR 431.50), freedom of choice (42 CFR 431.51) or comparability (42 CFR 440.230). This authority may *not* be used to mandate enrollment in Prepaid Inpatient Health Plans (PIHPs), Prepaid Ambulatory Health Plans (PAHPs), nor can it be used to mandate the enrollment of Medicaid beneficiaries who are Medicare eligible, who are Native Americans (unless they would be enrolled in certain plans—see D.2.ii. below), or who meet certain categories of “special needs” beneficiaries (see D.2.iii. - vii. below)

B. General Description of the Program and Public Process.

For B.1 and B.2, place a check mark on any or all that apply.

1932(a)(1)(B)(i)
1932(a)(1)(B)(ii)
42 CFR 438.50(b)(1)

1. The State will contract with an
- i. MCO
 - ii. PCCM (including capitated PCCMs that qualify as PAHPs)
 - iii. Both

42 CFR 438.50(b)(2)
42 CFR 438.50(b)(3)

2. The payment method to the contracting entity will be:
- i. fee for service;
 - ii. capitation;
 - iii. a case management fee;
In addition to fee for service, Primary Care Providers (PCPs) are paid a management fee per member per month.
 - iv. a bonus/incentive payment;
 - v. a supplemental payment, or
 - vi. other. (Please provide a description below).

3. For states that pay a PCCM on a fee-for-service basis, incentive payments are permitted as an enhancement to the PCCM's case management fee, if certain conditions are met.

If applicable to this state plan, place a check mark to affirm the state has met all of the following conditions (which are identical to the risk incentive rules for managed care contracts published in 42 CFR 438.6(c)(5)(iv)).

- i. Incentive payments to the PCCM will not exceed 5% of the total FFS payments for those services provided or authorized by the PCCM for the period covered.
- ii. Incentives will be based upon specific activities and targets.
- iii. Incentives will be based upon a fixed period of time.
- iv. Incentives will not be renewed automatically.
- v. Incentives will be made available to both public and private PCCMs.
- vi. Incentives will not be conditioned on intergovernmental transfer agreements.
- vii. Not applicable to this 1932 state plan amendment.

CFR 438.50(b)(4)

4. Describe the public process utilized for both the design of the program and its initial implementation. In addition, describe what methods the state will use to ensure ongoing public involvement once the state plan program has been implemented. (Example: public meeting, advisory groups.)

The CommunityCARE program has been operating as a 1915(b)(1) waiver since 1992 and was expanded from 20 parishes in July of 2001 to statewide in December of 2003. The statewide expansion was rolled out in regional increments and included several public meetings/presentations with area health care providers and professional medical organizations. Quarterly meetings are held with the Physicians Advisory Council. This Advisory Council consists of providers, Department officials, recipient advocates, and other interested parties. CommunityCARE is a standing topic on these meeting agendas.

4. Describe how the state identifies the following groups of children who are exempt from mandatory enrollment: *(Examples: eligibility database, self-identification)*
- i. Children under 19 years of age who are eligible for SSI under title XVI;
These children are identified through an eligibility database.
 - ii. Children under 19 years of age who are eligible under section 1902 (e)(3) of the Act;
These children are identified through an eligibility database.
 - iii. Children under 19 years of age who are in foster care or other out-of-home placement;
These children are identified through an eligibility database.
 - iv. Children under 19 years of age who are receiving foster care or adoption assistance.
These children are identified through an eligibility database.

1932(a)(2)
42 CFR 438.50(d)

5. Describe the state's process for allowing children to request an exemption from mandatory enrollment based on the special needs criteria as defined in the state plan if they are not initially identified as exempt. *(Example: self-identification)*

Upon written request and submission of supporting medical documentation to the State, certain medically fragile eligibles may be exempt for a specified period of time, up to one year. The request for exemption must be submitted to the CommunityCARE Program by the beneficiary, specialist, or PCP along with the supporting documentation for consideration on a case-by-case basis. The State reviews the medical documentation and initiates discussions related to the beneficiary's needs with the PCP or specialist and the beneficiary and/or guardian as needed. If the beneficiary's health status (needs) is such that being linked to a PCP could place the recipient's health in jeopardy due to potential delays in seeking treatment, the request is approved. Written approval or denial notification is sent to the appropriate parties. If the request is denied the correspondence advises the recipient of their right to a fair hearing for reconsideration.

H. Enrollment process.

1932(a)(4)
42 CFR 438.50 1. Definitions

i. An existing provider-recipient relationship is one in which the provider was the main source of Medicaid services for the recipient during the previous year. This may be established through state records of previous managed care enrollment or fee-for-service experience, or through contact with the recipient.

ii. A provider is considered to have "traditionally served" Medicaid recipients if it has experience in serving the Medicaid population.

1932(a)(4)
42 CFR 438.50 2. State process for enrollment by default.

Describe how the state's default enrollment process will preserve:

i. the existing provider-recipient relationship (as defined in H.1.i).

Enrollees are first given an opportunity to choose a participating provider. Each month a letter is mailed to new Medicaid eligibles notifying them to choose a PCP by a specific deadline and giving them a toll free number to call when they make their choice. If the potential enrollee does not choose a PCP by the stated deadline, they are then assigned a PCP by default using an electronic auto-assignment process. The auto-assignment process takes into consideration: a) previous linkage if within 90 days and the provider is still within an appropriate geographic area, b) the past one year of claims history for primary care office visits – if multiple providers have been visited during the year, the assignment is made to the provider with the most recent office visit.

ii. the relationship with providers that have traditionally served Medicaid recipients (as defined in H.2.ii).

Physician and physician groups who have traditionally served Medicaid recipients are enrolled in CommunityCARE as PCPs and are available for choice and default assignment.

- iii. the equitable distribution of Medicaid recipients among qualified MCOs and PCCMs available to enroll them, (excluding those that are subject to intermediate sanction described in 42 CFR 438.702(a)(4)); and disenrollment for cause in accordance with 42 CFR 438.56 (d)(2). (Example: No auto-assignments will be made if MCO meets a certain percentage of capacity.)

If there is no history or prior linkage on which to base a linkage, the system then randomly auto-assigns enrollees on a rotation basis to each provider in the appropriate geographic area according to the providers' practice restrictions (e.g. no one over 16, females only over 16, new patients over 21 only).

1932(a)(4)
42 CFR 438.50

3. As part of the state's discussion on the default enrollment process, include the following information:

- i. The state will X /will not use a lock-in for managed care.
- ii. The time frame for recipients to choose a health plan before being auto-assigned will be 10 days.
- iii. Describe the state's process for notifying Medicaid recipients of their auto-assignment. (Example: state generated correspondence.)

Each month following the assignment, the CommunityCARE/KIDMED contractor, on behalf of the State, generates confirmation letters to all enrollees who chose a PCP, changed PCPs or were auto-assigned to a PCP. The letters are mailed to reach the enrollees by the 1st of the month that the linkage is effective, and it provides the linked PCP name, address, and telephone number.

- iv. Describe the state's process for notifying the Medicaid recipients who are auto-assigned of their right to disenroll without cause during the first 90 days of their enrollment. (Examples: state generated correspondence, HMO enrollment packets etc.)

The confirmation letter that is mailed to all enrollees that become linked by choice, change or auto-assignment states the enrollee may change PCPs within 90 days.

1932 (a)(1)(A)(ii)

M. Selective contracting under a 1932 state plan option

To respond to items #1 and #2, place a check mark. The third item requires a brief narrative.

1. The state will ___/will not X intentionally limit the number of entities it contracts under a 1932 state plan option.
2. ___ The state assures that if it limits the number of contracting entities, this limitation will not substantially impair beneficiary access to services.
3. Describe the criteria the state uses to limit the number of entities it contracts under a 1932 state plan option. (Example: a limited number of providers and/or enrollees.)
4. X The selective contracting provision in not applicable to this state plan.
