Dr. Judy Ann Bigby, Secretary Executive Office of Health and Human Services State of Massachusetts One Ashburton Place Boston, MA 02108

JUN 1 2, 2012

RE: TN 11-012

Dear Dr. Bigby:

We have reviewed the proposed amendment to Attachments 4.19-A and 4.19-B of your Medicaid State plan submitted under transmittal number (TN) 11-012. This amendment proposes to implement Section 2702 of the Affordable Care Act of 2010 (ACA) and the implementing final rule at 42 CFR 447, Subpart A.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a) and 1923 of the Social Security Act and the implementing Federal regulations at 42 CFR 447. We are pleased to inform you that Medicaid State plan amendment 11-012 is approved effective July 1, 2012. We are enclosing the CMS-179 and the amended plan pages.

If you have any questions, please call Novena James-Hailey at (617) 565-1291.

Sincerely,

Cindy Mann
Director, (CMSC)

State Plan under Title XIX of the Social Security Act State: Massachusetts

Methods Used to Determine Rates of Payment for Private Psychiatric Hospital Outpatient Services

Citation

42 CFR 447, 434, 438, and 1902(a)(4), 1902(a)(6), and 1903

Payment Adjustment for Provider Preventable Conditions

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4),1902(a)(6), and 1903 with respect to non-payment for provider-preventable conditions.

Other Provider-Preventable Conditions

The State identifies the following Other Provider-Preventable Conditions for non-payment under Attachment 4.19-B(3) of this State plan, where applicable:

Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.

Additional Other Provider-Preventable Conditions identified below: - None.

No reduction in payment for a provider preventable condition will be imposed on a provider when the condition defined as a PPC for a particular patient existed prior to the initiation of treatment for that patient by that provider.

Reduction in provider payment may be limited to the extent that the following apply: (i) the identified provider preventable conditions would otherwise result in an increase in payment; (ii) the State can reasonably isolate for nonpayment the portion of the payment directly related to treatment for, and related to, the provider preventable condition.

A State plan must ensure that nonpayment for provider-preventable conditions does not prevent access to services for Medicaid beneficiaries.

Payment Method:

EOHHS will pay hospitals in accordance with the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6) and 1903 with respect to non-payment for provider-preventable conditions, effective for dates of service on or after July 1, 2012.

Provider preventable conditions ("PPCs") are defined as those conditions that are identified as Other Provider-Preventable Conditions ("OPPCs") above. The OPPCs include the three National Coverage Determinations (the "NCDs") listed above

When a hospital reports a PCC, MassHealth will not pay for services which the hospital indicates are PPC-related and will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

Approval Date: JUN 12 2012 Effective Date: 07/01/12 TN: 011-012

State Plan under Title XIX of the Social Security Act State: Massachusetts

Methods Used to Determine Rates of Payment for Private Psychiatric Hospital Outpatient Services

The federal non-payment provision also applies to third-party liability and crossover payments by MassHealth

Charges for services, including co-payments or deductions, deemed non-billable to MassHealth are not billable to the member.

In the event that individual cases are identified throughout the PPC implementation period, the Commonwealth shall adjust reimbursements according to the methodology above.

012 Approval Date: JUN 1 2 2012 Effective Date: 07/01/12

C. Provider Preventable Conditions

Citation

42 CFR 447, 434, 438, and 1902(a)(4), 1902(a)(6), and 1903

Payment Adjustment for Provider Preventable Conditions

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4),1902(a)(6), and 1903 with respect to non-payment for provider-preventable conditions.

Other Provider-Preventable Conditions

The State identifies the following Other Provider-Preventable Conditions for non-payment under Attachment 4.19-B(2) (Chronic Disease and Rehabilitation Hospital Outpatient Services) of this State plan where applicable.

- X Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.
- X Additional Other Provider-Preventable Conditions identified below:
- The following Hospital Acquired Conditions as identified by Medicare, as they may be updated by CMS:
 - 1. Foreign object retained after surgery.
 - 2. Air Embolism
 - 3. Blood incompatibility
 - 4. Stage III and IV Pressure Ulcers
 - 5. Falls and Trauma, related to:
 - fractures
 - dislocations
 - intracranial injuries
 - crushing injuries
 - burns
 - other injuries
 - 6. Manifestations of poor glycemic control, including:
 - diabetic ketoacidosis
 - nonketotic hyperosmolar coma
 - hypoglycemic coma
 - secondary diabetes with hyperosmolarity

TN: 011-012 Approval Date: JUN 1 2 2012 Effective Date: 07/01/12

• In addition, the following:

- 1. Intraoperative or immediately postoperative death in a ASA class 1 patient
- 2. Patient death or serious disability associated with the use of contaminated drugs, devices or biologics provided by the healthcare facility.
- 3. Patient death or serious disability associated with the use or function of a device in patient care, in which the device is used or functions other than as intended.
- 4. Patient death or serious disability associated with patient elopement (disappearance)
- 5. Patient suicide or attempted suicide resulting in serious disability, while being cared for in a healthcare facility
- 6. Patient death or serious disability associated with a medication error (e.g., errors involving the wrong drug, wrong dose, wrong patient, wrong time, wrong rate, wrong preparation or wrong route of administration)
- 7. Maternal death or serious disability associated with labor or delivery in a low-risk pregnancy while being cared for in a healthcare facility.
- 8. Death or serious disability (kernicterus) associated with failure to identify and treat hyperbilirubinemia in neonates.
- 9. Patient death or serious disability due to spinal manipulative therapy
- 10. Patient death or serious disability associated with the use of restraints or bedrails while being cared for in a health care facility
- 11. Death or significant injury of a patient or staff member resulting from a physical assault (i.e., battery) that occurs within or on the grounds of a healthcare facility

No reduction in payment for a provider preventable condition will be imposed on a provider when the condition defined as a PPC for a particular patient existed prior to the initiation of treatment for that patient by that provider.

Reductions in provider payment may be limited to the extent that the following apply: (i) The identified provider preventable conditions would otherwise result in an increase in payment; (ii) The State can reasonably isolate for nonpayment the portion of the payment directly related to treatment for, and related to, the provider preventable condition.

A State plan must ensure that nonpayment for provider-preventable conditions does not prevent access to services for Medicaid beneficiaries.

Payment Method:

EOHHS will pay hospitals in accordance with the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6) and 1903 with respect to non-payment for provider-preventable conditions, effective for dates of service on or after July 1, 2012.

Provider preventable conditions ("PPCs") are defined as those conditions that are identified as

TN: 011-012 Approval Date: JUN 12 2012 Effective Date: 07/01/12

Other Provider-Preventable Conditions ("OPPCs") above. The OPPCs include the three National Coverage Determinations (the "NCDs") and the Additional Other Provider Preventable Conditions ("Additional OPPCs") that are listed above

When a hospital reports a PCC, MassHealth will reduce payments to the Hospital as follows:

- 1. Payments for Outpatient Services: MassHealth will not pay for services which the hospital indicates are PPC-related and will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- 2. Follow-Up Care in Same Hospital: If a hospital reports that it provided follow-up outpatient services that were solely the result of a previous PPC (inpatient or outpatient) that occurred while the member was being cared for at a facility covered under the same hospital license. MassHealth will not pay for the reported follow-up services. If the hospital reports that non-PPC-related services were provided during the follow-up visit, payment will be made, but MassHealth will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

The federal non-payment provision also applies to third-party liability and crossover payments by MassHealth

Charges for services, including co-payments or deductions, deemed non-billable to MassHealth are not billable to the member.

In the event that individual cases are identified throughout the PPC implementation period, the Commonwealth shall adjust reimbursements according to the methodology above.

D. Serious Reportable Events

The non-payment provisions set forth in this Section III.D. apply to the following serious reportable events (SREs), where applicable:

- 1. Infant discharged to the wrong person.
- 2. Any incident in which a line designated for oxygen or other gas to be delivered to a patient contains the wrong gas or is contaminated by toxic substances.
- 3. Any instance of care ordered by or provided by someone impersonating a physician, nurse,

TN: 011-012 Approval Date: 131N 1 2 2012 Effective Date: 07/01/12

pharmacist, or other licensed health care provider.

4. Abduction of a patient of any age.

5. Sexual assault on a patient within or on the grounds of the healthcare facility.

Hospitals are prohibited from charging or seeking payment from MassHealth or the Member for Hospital services that are made necessary by, or are provided as a result of, a serious reportable event occurring on premises covered under the Hospital license that was preventable, within the Hospital's control, and unambiguously the result of a system failure, as described in DPH regulations at 105 CMR 130.332 as in effect on the date of service. Non-reimbursable Hospital services include:

- 1. All services provided during the outpatient visit during which a preventable SRE occurred;
- 2. All services provided during readmissions and follow-up outpatient visits as a result of a non-billable SRE provided:
 - a. at a facility under the same license as the Hospital at which a non-billable SRE occurred; or
 - b. on the premises of a separately licensed hospital with common ownership or a common corporate parent of the Hospital at which a non-billable SRE occurred.
- 3. Charges for services, including co-payments or deductibles, deemed non-billable to MassHealth are not billable to the Member.

Non-payment provisions also apply to third-party liability and crossover payments by MassHealth.

A Hospital not involved in the occurrence of a preventable SRE that also does not meet the criteria in number 2 above, and that provides inpatient or outpatient services to a patient who previously incurred an SRE may bill MassHealth for all medically necessary Hospital services provided to the patient following a preventable SRE.

TN: 011-012 Approval Date: 'JUN 1 2 2012 Effective Date: 07/01/12

State Plan under Title XIX of the Social Security Act State: Massachusetts Methods Used to Determine Rates of Payment for Privately-Owned Psychiatric Hospital Services

C. Provider Preventable Conditions

Citation

42 CFR 447, 434, 438, and 1902(a)(4), 1902(a)(6), and 1903

Payment Adjustment for Provider Preventable Conditions

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6), and 1903 with respect to non-payment for provider-preventable conditions.

Health Care-Acquired Conditions

The State identifies the following Health Care-Acquired Conditions for non-payment under Attachment 4.19-A(2b) (Privately-Owned Psychiatric Hospital Services) of this State plan, where applicable.

Mospital-Acquired Conditions as identified by Medicare other than Deep Vein Thrombosis (DVT)/Pulmonary Embolism (PE) following total knee replacement or hip replacement surgery in pediatric and obstetric patients.

Other Provider-Preventable Conditions

The State identifies the following Other Provider-Preventable Conditions for non-payment under Attachment 4.19-A(2b) (Privately-Owned Psychiatric Hospital Services) of this State plan, where applicable.

Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.

<u>Additional Other Provider-Preventable Conditions identified below:</u>

None.

No reduction in payment for a provider preventable condition will be imposed on a provider when the condition defined as a PPC for a particular patient existed prior to the initiation of treatment for that patient by that provider.

Reductions in provider payment may be limited to the extent that the following apply: (i) The identified provider preventable conditions would otherwise result in an increase in payment; (ii) The State can reasonably isolate for nonpayment the portion of the payment directly related to treatment for, and related to, the provider preventable condition.

A State plan must ensure that nonpayment for provider-preventable conditions does not prevent access to services for Medicaid beneficiaries.

TN: 011-012 Approval Date: JUN 1 2 2012 Effective Date: 07/01/12

State Plan under Title XIX of the Social Security Act State: Massachusetts Methods Used to Determine Rates of Payment for Privately-Owned Psychiatric Hospital Services

Payment Method

EOHHS will pay participating psychiatric hospitals and substance abuse and treatment hospitals in accordance with the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6) and 1903 with respect to non-payment for provider-preventable conditions, effective for dates of service on or after July 1, 2012.

Provider preventable conditions ("PPCs") are defined as those conditions that are identified as Health Care-Acquired Conditions ("HCACs") and Other Provider-Preventable Conditions ("OPPCs") above. The OPPCs consist of the three National Coverage Determinations (the "NCDs") that are listed above.

When a hospital reports a PPC that the hospital indicates was not present on admission, MassHealth will reduce payments to the hospital as follows:

1. Inpatient Per Diem Rate:

- a. MassHealth will not pay the Inpatient Per Diem Rate if the hospital reports that only PPC-related services were delivered on that day, and will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- b. MassHealth will pay the Inpatient Per Diem Rate if the hospital reports that non-PPC related services were also delivered on that day, but will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

2. Administrative Day Per-Diem Rate:

- a. MassHealth will not pay the per diem if the hospital reports that only PPC-related services were delivered on that day, and will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- b. MassHealth will pay the per diem if the hospital reports that non-PPC-related services were also delivered on that day, but will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

The federal non-payment provision also applies to third-party liability and crossover payments by MassHealth.

<u>Payment Adjustment for Provider Preventable Conditions</u> – Freestanding Ambulatory Surgery Center (FASC) Services

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4),1902(a)(6), and 1903 with respect to non-payment for provider-preventable conditions.

Other Provider-Preventable Conditions

The State identifies the following Other Provider-Preventable Conditions for non-payment under Attachment 4.19-B of this State Plan (Other Types of Care), for Freestanding Ambulatory Surgery Center (FASC) services, where applicable:

- X Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.
- X Additional Other Provider-Preventable Conditions identified below:
 - The following Hospital Acquired Conditions as identified by Medicare, as they may be updated by CMS:
 - 1. Foreign object retained after surgery
 - 2. Air Embolism
 - 3. Blood incompatibility
 - 4. Stage III and IV Pressure Ulcers
 - 5. Falls and Trauma, related to:
 - fractures
 - dislocations
 - intracranial injuries
 - crushing injuries
 - burns
 - other injuries
 - 6. Manifestations of poor glycemic control, including:
 - diabetic ketoacidosis
 - nonketotic hyperosmolar coma
 - hypoglycemic coma
 - secondary diabetes with hyperosmolarity
 - In addition, the following:
 - 1. Intraoperative or immediately postoperative death in a ASA class 1 patient
 - 2. Patient death or serious disability associated with the use of contaminated drugs, devices or biologics provided by the healthcare facility.
 - 3. Patient death or serious disability associated with the use or function of a device in patient care, in which the device is used or functions other than as intended.

		JUN 1 2 2012		Effective Date: 07/01/12
TN 011-012	Approval Date:		•	Effective Date: U//U1/12
Supersedes: New	•			

- 4. Patient death or serious disability associated with patient elopement (disappearance)
- 5. Patient suicide or attempted suicide resulting in serious disability, while being cared for in a healthcare facility
- 6. Patient death or serious disability associated with a medication error (e.g., errors involving the wrong drug, wrong dose, wrong patient, wrong time, wrong rate, wrong preparation or wrong route of administration)
- 7. Maternal death or serious disability associated with labor or delivery in a low-risk pregnancy while being cared for in a healthcare facility.
- 8. Death or serious disability (kernicterus) associated with failure to identify and treat hyperbilirubinemia in neonates.
- 9. Patient death or serious disability due to spinal manipulative therapy
- 10. Patient death or serious disability associated with the use of restraints or bedrails while being cared for in a health care facility
- 11. Death or significant injury of a patient or staff member resulting from a physical assault (i.e., battery) that occurs within or on the grounds of a healthcare facility

No reduction in payment for a provider preventable condition will be imposed on a provider when the condition defined as a PPC for a particular patient existed prior to the initiation of treatment for that patient by that provider.

Reduction in provider payment may be limited to the extent that the following apply: (i) the identified provider preventable conditions would otherwise result in an increase in payment; (ii) the State can reasonably isolate for nonpayment the portion of the payment directly related to treatment for, and related to, the provider preventable condition.

A State plan must ensure that nonpayment for provider-preventable conditions does not prevent access to services for Medicaid beneficiaries.

Payment Method:

Effective for dates of service on or after July 1, 2012, MassHealth will not pay the FASC for OPPC-related services if the FASC reports an Other Provider Preventable Condition (OPPC). If a future year FASC payment rate is calculated using a data source that would otherwise include the OPPC, all reported OPPC-related costs/services will be excluded from the calculation.

The federal non-payment provision also applies to third-party liability and crossover payments by MassHealth.

Charges for services, including co-payments or deductibles deemed non-billable to MassHelath are not billable to the member.

In the event that individual cases are identified throughout the PPC implementation period, the Commonwealth shall adjust reimbursement according to the methodology above.

TN 011-012 Approval Date: JUN 1 2 2012 Effective Date: 07/01/12 Supersedes: New

<u>Payment Adjustment for Serious Reportable Events</u> – Freestanding Ambulatory Surgery Center (FASC) services **

Serious Reportable Events (SREs)

The State identifies the following serious reportable events for which it applies the following non-payment method for Freestanding Ambulatory Surgery Center (FASC) services under Attachment 4.19-B, where applicable:

- 1. Infant discharged to the wrong person
- 2. Any incident in which a line designated for oxygen or other gas to be delivered to a patient contains the wrong gas or is contaminated by toxic substances.
- 3. Any instance of care ordered by or provided by someone impersonating a physician, nurse, pharmacist, or other licensed healthcare provider
- 4. Abduction of a patient of any age
- 5. Sexual assault on a patient within or on the grounds of a health care facility

Non-Payment Method:

Effective for dates of service on or after July 1, 2012, MassHealth will not pay the FASC for the facility component if an SRE listed above occurs on premises covered by the FASC license that was preventable, within the FASC's control, and unambiguously the result of a system failure, as described in applicable Massachusetts Department of Public Health regulations as in effect on the date of the service. MassHealth will also not pay the FASC the facility component for FASC services that are made necessary by, or are provided as a result of such an SRE.

Nonpayment provisions also apply to third-party liability and crossover payments by MassHealth. Charges for services, including co-payments or deductibles, deemed non-billable to MassHealth are not billable to the member.

	<u>.</u>		
** These Serious Reportal	ble Events are not Provider	Preventable Conditions.

- 3. Patient death or serious disability associated with the use or function of a device in patient care, in which the device is used or functions other than as intended.
- 4. Patient death or serious disability associated with patient elopement (disappearance)
- 5. Patient suicide or attempted suicide resulting in serious disability, while being cared for in a healthcare facility
- 6. Patient death or serious disability associated with a medication error (e.g., errors involving the wrong drug, wrong dose, wrong patient, wrong time, wrong rate, wrong preparation or wrong route of administration)
- 7. Maternal death or serious disability associated with labor or delivery in a low-risk pregnancy while being cared for in a healthcare facility.
- 8. Death or serious disability (kernicterus) associated with failure to identify and treat hyperbilirubinemia in neonates.
- 9. Patient death or serious disability due to spinal manipulative therapy
- 10. Patient death or serious disability associated with the use of restraints or bedrails while being cared for in a health care facility
- 11. Death or significant injury of a patient or staff member resulting from a physical assault (i.e., battery) that occurs within or on the grounds of a healthcare facility

No reduction in payment for a provider preventable condition will be imposed on a provider when the condition defined as a PPC for a particular patient existed prior to the initiation of treatment for that patient by that provider.

Reduction in provider payment may be limited to the extent that the following apply: (i) the identified provider preventable conditions would otherwise result in an increase in payment; (ii) the State can reasonably isolate for nonpayment the portion of the payment directly related to treatment for, and related to, the provider preventable condition.

A State plan must ensure that nonpayment for provider-preventable conditions does not prevent access to services for Medicaid beneficiaries.

Payment Method:

EOHHS will pay hospitals in accordance with the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6) and 1903 with respect to non-payment for provider-preventable conditions, effective for dates of service on or after July 1, 2012.

Provider preventable conditions ("PPCs") are defined as those conditions that are identified as Other Provider-Preventable Conditions ("OPPCs") above. The OPPCs include the three National Coverage Determinations (the "NCDs") and the Additional Other Provider Preventable Conditions ("Additional OPPCs") that are listed above.

TN: 011-012 Supersedes: New

Approval Date: JU

JUN 1 2 2012

When a Hospital reports a PCC, MassHealth will reduce payments to the Hospital as follows:

1. PAPE:

- a. MassHealth will not pay the PAPE if the Hospital reports that only-PPC-related services were delivered during the episode of care, and will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- b. MassHealth will pay the PAPE if the Hospital reports that non-PPC related services were also delivered during the same episode of care, but will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- 2. <u>Outpatient Hospital Payments for Hospital-Based Physician Services</u>: MassHealth will not pay for outpatient Hospital-based physician services reported as PPC-related services.
- 3. Follow-Care in Same Hospital: If a Hospital reports that it provided follow-up outpatient hospital services that were solely the result of a previous PPC (inpatient or outpatient) that occurred while the member was being cared for at a facility covered under the same hospital license., MassHealth will not pay for the reported follow-up services. If the hospital reports that non-PPC-related services were provided during the follow-up episode of care, payment will be made, but MassHealth will exclude all PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

The federal non-payment provision also applies to third party liability and crossover payments by MassHealth.

Charges for services, including co-payments or deductibles, deemed non-billable to MassHealth are not billable to the member.

In the event that individual cases are identified throughout the PPC implementation period, the Commonwealth shall adjust reimbursement according to the methodology above.

TN: 011-012 Supersedes: New

Approval Date:

JUN 1 2 2012

B. Serious Reportable Events

The non-payment provisions set forth in this Section VI.B. apply to the following serious reportable events (SREs), where applicable:

- 1. Infant discharged to the wrong person
- 2. Any incident in which a line designated for oxygen or other gas to be delivered to a patient contains the wrong gas or is contaminated by toxic substances
- 3. Any instance of care ordered by or provided by someone impersonating a physician, nurse, pharmacist, or other licensed health care provider.
- 4. Abduction of a patient of any age.
- 5. Sexual assault on a patient within or on the grounds of the healthcare facility.

Hospitals are prohibited from charging or seeking payment from MassHealth or the Member for Hospital and Hospital-Based Physician services that are made necessary by, or are provided as a result of, a serious reportable event occurring on premises covered under the Hospital license that was preventable, within the Hospital's control, and unambiguously the result of a system failure, as described in DPH regulations at 105 CMR 130.332 as in effect on the date of service. Non-reimbursable Hospital and Hospital-Based Physician services include:

- 1. All services provided during the outpatient visit during which a preventable SRE occurred; and
- 2. All services provided during readmissions and follow-up outpatient visits as a result of a non-billable SRE provided:
 - a. at a facility under the same license as the Hospital at which a non-billable SRE occurred; or
 - b. on the premises of a separately licensed hospital with common ownership or a common corporate parent of the Hospital at which a non-billable SRE occurred.
- 3. Charges for services, including co-payments or deductibles, deemed non-billable to MassHealth are not billable to the Member.

The non-payment provision also applies to third-party liability and crossover payments by MassHealth.

A Hospital not involved in the occurrence of a preventable SRE that also does not meet the criteria in number 2 above, and that provides inpatient or outpatient services to a patient who previously incurred an SRE may bill MassHealth for all medically necessary Hospital and Hospital-Based Physician services provided to the patient following a preventable SRE.

Citation

42 CFR 447, 434, 438, and 1902(a)(4), 1902(a)(6), and 1903

Payment Adjustment for Provider Preventable Conditions

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4),1902(a)(6), and 1903 with respect to non-payment for provider-preventable conditions.

Health Care-Acquired Conditions

The State identifies the following Health Care-Acquired Conditions for non-payment under Attachment 4.19-A(2a) (Privately-Owned Chronic Disease and Rehabilitation Inpatient Hospital Services) of this State plan where applicable.

☑ Hospital-Acquired Conditions as identified by Medicare other than Deep Vein Thrombosis (DVT)/Pulmonary Embolism (PE) following total knee replacement or hip replacement surgery in pediatric and obstetric patients.

Other Provider-Preventable Conditions

The State identifies the following Other Provider-Preventable Conditions for non-payment under Attachment 4.19-A(2a) (Privately-Owned Chronic Disease and Rehabilitation Inpatient Hospital Services) of this State plan where applicable.

Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.

☑Additional Other Provider-Preventable Conditions identified below:

- 1. Intraoperative or immediately postoperative death in a ASA class 1 patient
- 2. Patient death or serious disability associated with the use of contaminated drugs, devices or biologics provided by the healthcare facility.
- 3. Patient death or serious disability associated with the use or function of a device in patient care, in which the device is used or functions other than as intended.
- 4. Patient death or serious disability associated with patient elopement (disappearance)
- 5. Patient suicide or attempted suicide resulting in serious disability, while being cared for in a healthcare facility
- 6. Patient death of serious disability associated with a medication error (e.g., errors involving the wrong drug, wrong dose, wrong patient, wrong time, wrong rate, wrong preparation or wrong route of administration)
- 7. Maternal death or serious disability associated with labor or delivery in a low-risk pregnancy while being cared for in a healthcare facility.
- 8. Death or serious disability (kernicterus) associated with failure to identify and treat hyperbilirubinemia in neonates.

State Plan under Title XIX of the Social Security Act State: Massachusetts Methods for Establishing Payment Rates – Privately-Owned Chronic Disease and Rehabilitation Inpatient Hospital Services

9. Patient death or serious disability due to spinal manipulative therapy

10. Patient death or serious disability associated with the use of restraints or bedrails while being cared for in a health care facility

11. Death or significant injury of a patient or staff member resulting from a physical assault (i.e., battery) that occurs within or on the grounds of a healthcare facility

No reduction in payment for a provider preventable condition will be imposed on a provider when the condition defined as a PPC for a particular patient existed prior to the initiation of treatment for that patient by that provider.

Reductions in provider payment may be limited to the extent that the following apply: (i) The identified provider preventable conditions would otherwise result in an increase in payment; (ii) The State can reasonably isolate for nonpayment the portion of the payment directly related to treatment for, and related to, the provider preventable condition.

A State plan must ensure that nonpayment for provider-preventable conditions does not prevent access to services for Medicaid beneficiaries.

Payment Method

EOHHS will pay hospitals in accordance with the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6) and 1903 with respect to non-payment for provider-preventable conditions, effective for dates of service on or after July 1, 2012.

Provider preventable conditions ("PPCs") are defined as those conditions that are identified as Health Care-Acquired Conditions ("HCACs") and Other Provider-Preventable Conditions ("OPPCs") above. The OPPCs include the three National Coverage Determinations (the "NCDs") and the Additional Other Provider Preventable Conditions ("Additional OPPCs") that are listed above.

When a hospital reports a PPC that the hospital indicates was not present on admission, MassHealth will reduce payments to the hospital as follows:

1. Inpatient Per Diem Rate:

- a. MassHealth will not pay the Inpatient Per Diem Rate if the hospital reports that only PPC-related services were delivered on that day and will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- b. MassHealth will pay the Inpatient Per Diem Rate if the hospital reports that non-PPC related services were also delivered on that day but will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- 2. Administrative Per-Diem (AD) Rate:

- a. MassHealth will not pay the per diem if the hospital reports that only PPC-related services were delivered on that day, and will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- b. MassHealth will pay the per diem if the hospital reports that non-PPC-related services were also delivered on that day but will exclude all reported PPCrelated costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- 3. Follow-Up Care in Same Hospital: If a hospital reports that it provided follow-up inpatient hospital services that were solely the result of a previous PPC (inpatient or outpatient) that occurred while the member was being cared for at a facility covered under the same hospital license, MassHealth will not pay for the reported follow-up services. If the hospital reports that non-PPC-related services were provided on any day during the follow-up stay, payment will be made for that day, but MassHealth will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

The federal non-payment provision also applies to third-party liability and crossover payments by MassHealth.

Charges for service, including co-payments or deductibles, deemed non-billable to MassHealth are not billable to the member.

In the event that individual cases are identified throughout the PPC implementation period, the Commonwealth shall adjust reimbursements according to the methodology above.

VI. Serious Reportable Events (SREs)

The non-payment provisions set forth in this Section VI apply to the following serious reportable events (SREs), where applicable:

- 1. Infant discharged to the wrong person.
- 2. Any incident in which a line designated for oxygen or other gas to be delivered to a patient contains the wrong gas or is contaminated by toxic substances.
- 3. Any Instance of care ordered by or provided by someone impersonating a physician, nurse, pharmacist or other licensed health care provider.
- 4. Abduction of a patient of any age.
- 5. Sexual assault on a patient within or on the grounds of a health care facility.

Hospitals are prohibited from charging or seeking payment from MassHealth or the Member for hospital services that are made necessary by, or are provided as a result of, a serious reportable event occurring on premises covered under the hospital license that was preventable, within the hospital's control, and unambiguously the result of a system failure, as described in DPH regulations at 105 CMR 130.332 as in effect on the date of service. Non-reimbursable hospital services include:

XI. Provider Preventable Conditions

Citation

42 CFR 447, 434, 438, and 1902(a)(4), 1902(a)(6), and 1903

Payment Adjustment for Provider Preventable Conditions

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4),1902(a)(6), and 1903 with respect to non-payment for provider-preventable conditions.

Health Care-Acquired Conditions

The State identifies the following Health Care-Acquired Conditions for non-payment under Attachment 4.19-A(3) (State-Owned Non-Acute Hospitals) of this State plan where applicable.

<u>X</u> Hospital-Acquired Conditions as identified by Medicare other than Deep Vein Thrombosis (DVT)/Pulmonary Embolism (PE) following total knee replacement or hip replacement surgery in pediatric and obstetric patients.

Other Provider-Preventable Conditions

The State identifies the following Other Provider-Preventable Conditions for non-payment under Attachment 4.19-A(3) (State-Owned Non-Acute Hospitals) of this State plan, where applicable.

X Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient

X Additional Other Provider-Preventable Conditions identified below For State-owned Non-Acute Hospitals operated by the Department of Public Health only, where applicable:

- The following Hospital Acquired Conditions as identified by Medicare, as they may be updated by CMS:
 - 1. Foreign object retained after surgery.
 - 2. Air Embolism
 - 3. Blood incompatibility
 - 4. Stage III and IV Pressure Ulcers
 - 5. Falls and Trauma, related to:
 - fractures
 - dislocations
 - intracranial injuries

- crushing injuries
- burns
- other injuries
- 6. Manifestations of poor glycemic control, including:
 - diabetic ketoacidosis
 - nonketotic hyperosmolar coma
 - hypoglycemic coma
 - secondary diabetes with hyperosmolarity
- In addition, the following:
- 1. Intraoperative or immediately postoperative death in a ASA class 1 patient
- 2. Patient death or serious disability associated with the use of contaminated drugs, devices or biologics provided by the healthcare facility.
- 3. Patient death or serious disability associated with the use or function of a device in patient care, in which the device is used or functions other than as intended.
- 4. Patient death or serious disability associated with patient elopement (disappearance)
- 5. Patient suicide or attempted suicide resulting in serious disability, while being cared for in a healthcare facility
- 6. Patient death or serious disability associated with a medication error (e.g., errors involving the wrong drug, wrong dose, wrong patient, wrong time, wrong rate, wrong preparation or wrong route of administration)
- 7. Maternal death or serious disability associated with labor or delivery in a low-risk pregnancy while being cared for in a healthcare facility.
- 8. Death or serious disability (kernicterus) associated with failure to identify and treat hyperbilirubinemia in neonates.
- 9. Patient death or serious disability due to spinal manipulative therapy
- 10. Patient death or serious disability associated with the use of restraints or bedrails while being cared for in a health care facility
- 11. Death or significant injury of a patient or staff member resulting from a physical assault (i.e., battery) that occurs within or on the grounds of a healthcare facility

No reduction in payment for a provider preventable condition will be imposed on a provider when the condition defined as a PPC for a particular patient existed prior to the initiation of treatment for that patient by that provider.

Reductions in provider payment may be limited to the extent that the following apply: (i) The identified provider preventable conditions would otherwise result in an increase in payment; (ii) The State can reasonably isolate for nonpayment the portion of the payment directly related to treatment for, and related to, the provider preventable condition.

A State plan must ensure that nonpayment for provider-preventable conditions does not prevent access to services for Medicaid beneficiaries.

Payment Method

A. State-Owned Non-Acute Hospitals Operated by the Department of Mental Health

EOHHS will pay hospitals in accordance with the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6) and 1903 with respect to non-payment for provider-preventable conditions, effective for dates of service on or after July 1, 2012.

For inpatient services, provider preventable conditions ("PPCs") are defined as those conditions that are identified as Health Care-Acquired Conditions ("HCACs") and Other Provider-Preventable Conditions ("OPPCs") above. The OPPCs consist of the three National Coverage Determinations (the "NCDs") that are listed above.

For outpatient services, provider preventable conditions ("PPCs") are defined as those conditions that are identified as Other Provider-Preventable Conditions ("OPPCs") above. The OPPCs consist of the three National Coverage Determinations (the "NCDs") that are listed above.

When a hospital reports a PPC that the hospital indicates was not present on admission, MassHealth will reduce payments to the hospital by not paying for services which the hospital indicates are PPC-related, excluding PPC-related costs/services during any retrospective reconciliation, and excluding any PPC-related costs /services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

The federal non-payment provision also applies to third-party liability and crossover payments by MassHealth.

Charges for services, including co-payments or deductibles, deemed non-billable to MassHealth are not billable to the member.

In the event that individual cases are identified throughout the PPC implementation period, the Commonwealth shall adjust reimbursements according to the methodology above.

B. State-Owned Non-Acute Hospitals Operated by the Department of Public Health

EOHHS will pay hospitals in accordance with the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6) and 1903 with respect to non-payment for

provider-preventable conditions, effective for dates of service on or after July 1, 2012.

For inpatient services, provider preventable conditions ("PPCs") are defined as those conditions that are identified as Health Care-Acquired Conditions ("HCACs") and Other Provider-Preventable Conditions ("OPPCs") above. The OPPCs include the three National Coverage Determinations (the "NCDs") and the Additional Other Provider Preventable Conditions ("Additional OPPCs") that are listed above.

For outpatient services, provider preventable conditions ("PPCs") are defined as those conditions that are identified as Other Provider-Preventable Conditions ("OPPCs") above. The OPPCs include the three National Coverage Determinations (the "NCDs") and the Additional Other Provider Preventable Conditions ("Additional OPPCs") that are listed above.

When a hospital reports a PPC that the hospital indicates was not present on admission, MassHealth will reduce payments to the hospital by not paying for services which the hospital indicates are PPC-related, excluding PPC-related costs/services during any retrospective reconciliation, and excluding any PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

If a hospital reports that it provided follow-up services that were solely the result of a previous PPC (inpatient or outpatient) that occurred while the member was being cared for at a facility covered under the same hospital license, MassHealth will not pay for the reported follow-up services. If the hospital reports that non-PPC-related services were provided during the follow-up stay or visit, payment will be made, but MassHealth will exclude PPC-related costs/services during any retrospective reconciliation and will exclude any PPC-related costs /services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

The federal non-payment provision also applies to third-party liability and crossover payments by MassHealth.

Charges for services, including co-payments and deductibles, deemed non-billable to MassHealth are not billable to the member.

In the event that individual cases are identified throughout the PPC implementation period, the commonwealth shall adjust reimbursements according to the methodology above.

XII. Serious Reportable Events for State-Owned Non-Acute Hospitals Operated by the Department of Public Health

The non-payment provisions set forth in this Section XII apply to the following serious reportable events (SREs) only for state-owned non-acute hospitals operated by the Department of Public Health, where applicable:

TN: 011-012 Supersedes New Approved JUN 1 2 2012 Effective Date: 07/01/12

- 1. Infant discharged to the wrong person.
- 2. Any incident in which a line designated for oxygen or other gas to be delivered to a patient contains the wrong gas or is contaminated by toxic substances.
- 3. Any instance of care ordered by or provided by someone impersonating a physician, nurse, pharmacist, or other licensed health care provider.
- 4. Abduction of a patient of any age.
- 5. Sexual assault on a patient within or on the grounds of a healthcare facility.

Hospitals are prohibited from charging or seeking payment from MassHealth or the Member for Hospital services that are made necessary by, or are provided as a result of, a serious reportable event occurring on premises covered under the Hospital license that was preventable, within the Hospital's control, and unambiguously the result of a system failure, as described in DPH regulations at 105 CMR 130.332 as in effect on the date of service. Non-reimbursable Hospital services include:

- 1. All services provided during the inpatient stay during which a preventable SRE occurred, from the date the SRE occurred through discharge, not to exceed 60 days; and
- 2. All services provided during the outpatient visit during which a preventable SRE occurred; and
- 3. All services provided during readmissions and follow-up outpatient visits as a result of a non-billable SRE provided:
 - a. at a facility under the same license as the Hospital at which a non-billable SRE occurred; or
 - b. on the premises of a separately licensed hospital with common ownership or a common corporate parent of the Hospital at which a non-billable SRE occurred.
- 4. Charges for services, including co-payments or deductibles, deemed non-billable to MassHealth are not billable to the Member.

Non-payment provisions also apply to third-party liability and crossover payments by MassHealth.

A Hospital not involved in the occurrence of a preventable SRE that also does not meet the criteria in number 3 above, and that provides inpatient or outpatient services to a patient who previously incurred an SRE may bill MassHealth for all medically necessary Hospital services provided to the patient following a preventable SRE.

VI. Provider Preventable Conditions

Citation

Payment Adjustment for Provider Preventable Conditions

42 CFR 447,434,438 and 1902(a) (4), 1902 (a) (6) and 1903 The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902 (a) (4), 1902 (a) (6) and 1903 with respect to non-payment for provider-preventable conditions.

Health Care-Acquired Conditions

The State identifies the following Health-Care Acquired Conditions for non-payment under Attachment 4.19-A(1), (Acute Inpatient Hospital Services) under this State plan.

Mospital Acquired Conditions as identified by Medicare other than Deep Vein Thrombosis (DVT)/ Pulmonary Embolism (PE) following total knee replacement or hip replacement surgery in pediatric and obstetric patients.

Other Provider-Preventable Conditions

The State identifies the following Other Provider-Preventable Conditions for non-payment under Attachment 4.19-A(1), (Acute Inpatient Hospital Services) under this State plan.

- Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.
- Additional Other Provider-Preventable Conditions identified below.
- 1. Intraoperative or immediately postoperative death in a ASA class 1 patient
- 2. Patient death or serious disability associated with the use of contaminated drugs, devices or biologics provided by the healthcare facility.
- 3. Patient death or serious disability associated with the use or function of a device in patient care, in which the device is used or functions other than as intended.
- 4. Patient death or serious disability associated with patient elopement (disappearance)
- 5. Patient suicide or attempted suicide resulting in serious disability, while being cared for in a healthcare facility
- 6. Patient death or serious disability associated with a medication error (e.g., errors involving the wrong drug, wrong dose, wrong patient, wrong time, wrong rate, wrong preparation or wrong route of administration)
- 7. Maternal death or serious disability associated with labor or delivery in a low-risk pregnancy while being cared for in a healthcare facility.

TN: 011-012 Supersedes: New

JUN 1 2 2012

Effective Date: 07/01/12

Approval Date:

- 8. Death or serious disability (kernicterus) associated with failure to identify and treat hyperbilirubinemia in neonates.
- 9. Patient death or serious disability due to spinal manipulative therapy
- 10. Patient death or serious disability associated with the use of restraints or bedrails while being cared for in a health care facility
- 11. Death or significant injury of a patient or staff member resulting from a physical assault (i.e., battery) that occurs within or on the grounds of a healthcare facility

No reduction in payment for a provider preventable condition will be imposed on a provider when the condition defined as a PPC for a particular patient existed prior to the initiation of treatment for that patient by that provider.

Reduction in provider payment may be limited to the extent that the following apply: (i) the identified provider preventable conditions would otherwise result in an increase in payment; (ii) the State can reasonably isolate for nonpayment the portion of the payment directly related to treatment for, and related to, the provider preventable condition.

A State plan must ensure that nonpayment for provider-preventable conditions does not prevent access to services for Medicaid beneficiaries.

Payment Method:

EOHHS will pay hospitals in accordance with the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6) and 1903 with respect to non-payment for provider-preventable conditions, effective for dates of service on or after July 1, 2012.

Provider preventable conditions ("PPCs") are defined as those conditions that are identified as Health Care-Acquired Conditions ("HCACs") and Other Provider-Preventable Conditions ("OPPCs") listed above. The OPPCs include the three National Coverage Determinations (the "NCDs") and the Additional Other Provider Preventable Conditions ("Additional OPPCs") that are listed above.

When a Hospital reports a PPC that the Hospital indicates was not present on admission, MassHealth will reduce payments to the Hospital as follows:

1. SPAD:

- a. MassHealth will not pay the SPAD if the Hospital reports that only PPC-related services were delivered during the first 20 days of the inpatient admission, and will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- b. MassHealth will pay the SPAD if the Hospital reports that non-PPC related services were also delivered during the first 20 days of the inpatient admission, but will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

TN: 011-012 Supersedes: New

JUN 1 2 2012

Effective Date: 07/01/12

Approval Date:

- 2. Psychiatric, Rehabilitation, Administrative Day, Outlier or Transfer Per Diem payments:
 - a. MassHealth will not pay the per diem if the Hospital reports that only PPC-related services were delivered on that day, and will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
 - b. MassHealth will pay the per diem if the Hospital reports that non-PPC related services were also delivered on that day, but will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.
- 3. <u>Inpatient Hospital payments for Hospital-Based Physician Services</u>: MassHealth will not pay for inpatient Hospital-based physician services reported as PPC-related services.
- 4. Follow-up Care in Same Hospital: If a hospital reports that it provided follow-up inpatient hospital services that were solely the result of a previous PPC (inpatient or outpatient) that occurred while the member was being cared for at a facility covered under the same hospital license, MassHealth will not pay for the reported follow-up services. If the Hospital reports that non-PPC-related services were provided during the follow-up stay, payment will be made, but MassHealth will exclude all reported PPC-related costs/services when determining future year payment rates that are calculated using a data source that would otherwise include the PPC.

The federal non-payment provision also applies to third-party liability and crossover payments by MassHealth.

Charges for service, including co-payments or deductibles, deemed non-billable to MassHealth are not billable to the member.

In the event that individual cases are identified throughout the PPC implementation period, the Commonwealth shall adjust reimbursement according to the methodology above.

VII. Serious Reportable Events

This Section VII supersedes in its entirety Section IV.C., above, effective for dates of service on or after July 1, 2012. Effective for dates of service on or after July 1, 2012, the non-payment provisions set forth in this Section VII apply to the following serious reportable events (SREs):

- 1. Infant discharged to the wrong person
- 2. Any incident in which a line designated for oxygen or other gas to be delivered to a patient contains the wrong gas or is contaminated by toxic substances
- 3. Any instance of care ordered by or provided by someone impersonating a physician, nurse, pharmacist, or other licensed health care provider.
- 4. Abduction of a patient of any age.
- 5. Sexual assault on a patient within or on the grounds of the healthcare facility.

Hospitals are prohibited from charging or seeking payment from MassHealth or the Member for Hospital and Hospital-Based Physician services that are made necessary by, or are provided as a result of, a serious reportable event occurring on premises covered under the Hospital license that was preventable, within the Hospital's control, and unambiguously the result of a system failure, as described in DPH regulations at 105 CMR 130.332 as in effect on the date of service. Non-reimbursable Hospital and Hospital-Based Physician services include:

- 1. All services provided during the inpatient admission during which a preventable SRE occurred; and
- All services provided during readmissions and follow-up outpatient visits as a result of a nonbillable SRE provided:
 - a. at a facility under the same license as the Hospital at which a non-billable SRE occurred; or
 - b. on the premises of a separately licensed hospital with common ownership or a common corporate parent of the Hospital at which a non-billable SRE occurred.
- 3. Charges for services, including co-payments or deductibles, deemed non-billable to MassHealth are not billable to the Member.

The non-payment provision also applies to third-party liability and crossover payments by MassHealth.

A Hospital not involved in the occurrence of a preventable SRE that also does not meet the criteria in number 2 above, and that provides inpatient or outpatient services to a patient who previously incurred an SRE may bill MassHealth for all medically necessary Hospital and Hospital-Based Physician services provided to the patient following a preventable SRE.
