Dear Mr. Polanowicz:

Enclosed for your records is an approved copy of the MassHealth CarePlus Alternative Benefit Plan (ABP) State plan amendment (SPA) MA 14-0008. This ABP, which was submitted through the Medicaid Model Data Lab (MMDL) on March 17, 2014, meets all federal statutory and regulatory requirements for establishing an ABP. This SPA is approved effective as of January 1, 2014, as requested by the Commonwealth.

CMS is aware that from 01/01/2014 – 09/30/2014, inclusive, the Commonwealth continued to apply the existing State plan limit of 20 (twenty) acute hospital inpatient days per admission for beneficiaries ages 21 and older. This limit applied on a transitional basis to both the Standard ABP and the CarePlus ABP, allowing time for Massachusetts to make the payment systems and contracting adjustments necessary to support the transition to a new prospective payment methodology beginning October 1, 2014.

Approval of this MassHealth CarePlus ABP SPA was contingent upon CMS' receipt of a formal SPA to prospectively remove this 20-day inpatient limit from the Supplements to Attachments 3.1-A and 3.1-B of the State plan, effective October 1, 2014. SPA 14-0017 met this requirement and was approved on October 27, 2014. This completed Massachusetts' transition to the ABP as reflected in this approved SPA 14-0008.

All requirements pertaining to ABPs must be met, including, but not limited to: benefits, payment rates, reimbursement methodologies, cost-sharing State plan pages, and, if applicable, managed care delivery systems (waivers and contracts). Amendments to the State's approved Medicaid program (SPAs, waivers, contracts) may require corresponding amendments to the ABP if the change to the benefit in the approved State plan will be mirrored in the ABP.

Enclosed are copies of the following approved State plan pages to be incorporated into the Massachusetts State plan:

- Attachment 3.1-L, including the following templates:
    - ABP 1, pp 1;
    - ABP 2a, p 1-3;
    - ABP 2c, pp 1-3;
    - ABP 3, pp 1-2;
    - ABP 4, p 1;

- ABP 5, pp 1-35;
- ABP 7, pp 1-2;
- ABP 8, pp 1-3;
- ABP 9, p 1;
- ABP 10, p 1; and
- ABP 11, p 1.

CMS appreciates the significant amount of work your staff dedicated to preparing this State plan amendment. If you have any questions concerning this SPA, please contact Julie McCarthy at (617) 565-1244 or by e-mail at Julie.McCarthy@cms.hhs.gov.

Voluntary Benefit Package Selection Assurances - Eligibility Group under Section 1902(a)(10)(A)(i)(VIII) of the Act — ABP2a

The state/territory has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements. Therefore the state/territory is deemed to have met the requirements for voluntary choice of benefit package for individuals exempt from mandatory participation in a section 1937 Alternative Benefit Plan. **No**

These assurances must be made by the state/territory if the Adult eligibility group is included in the ABP Population.

☑ The state/territory shall enroll all participants in the "Individuals at or below 133% FPL Age 19 through 64" (section 1902(a)(10)(A)(i)(VIII)) eligibility group in the Alternative Benefit Plan specified in this state plan amendment, except as follows: A beneficiary in the eligibility group at section 1902(a)(10)(A)(i)(VIII) who is determined to meet one of the exemption criteria at 45 CFR 440.315 will receive a choice of a benefit package that is either an Alternative Benefit Plan that includes Essential Health Benefits and is subject to all 1937 requirements or an Alternative Benefit Plan that is the state/territory's approved Medicaid state plan not subject to 1937 requirements. The state/territory's approved Medicaid state plan includes all approved state plan programs based on any state plan authority, and approved 1915(c) waivers, if the state has amended them to include the eligibility group at section 1902(a)(10)(A)(i)(VIII).

☑ The state/territory must have a process in place to identify individuals that meet the exemption criteria and the state/territory must comply with requirements related to providing the option of enrollment in an Alternative Benefit Plan defined using section 1937 requirements, or an Alternative Benefit Plan defined as the state/territory's approved Medicaid state plan that is not subject to section 1937 requirements.

☑ Once an individual is identified, the state/territory assures it will effectively inform the individual of the following:

a) Enrollment in the specified Alternative Benefit Plan is voluntary;

b) The individual may disenroll from the Alternative Benefit Plan defined subject to section 1937 requirements at any time and instead receive an Alternative Benefit Plan defined as the approved state/territory Medicaid state plan that is not subject to section 1937 requirements; and

c) What the process is for transferring to the state plan-based Alternative Benefit Plan.

☑ The state/territory assures it will inform the individual of:

a) The benefits available as Alternative Benefit Plan coverage defined using section 1937 requirements as compared to Alternative Benefit Plan coverage defined as the state/territory's approved Medicaid state plan and not subject to section 1937 requirements; and

b) The costs of the different benefit packages and a comparison of how the Alternative Benefit Plan subject to 1937 requirements differs from the Alternative Benefit Plan defined as the approved Medicaid state/territory plan benefits.

Alternative Benefit Plan

Describe:

Individuals who are categorically eligible for Medicaid including those who are children, pregnant, a parent of a child under age 19, or are disabled are automatically enrolled in MassHealth Standard. Those CarePlus ABP members who later receive a state or SSI-related disability determination would become categorically eligible for Medicaid and are automatically transferred to MassHealth Standard.

Adults 19-64 years old who are only eligible for an ABP and are 19-20 years old, or have voluntarily disclosed on their application that they meet the targeting criteria for our MassHealth Standard ABP, including those who have breast or cervical cancer; or are HIV positive; and those who are referred eligible from the Department of Mental Health because they are receiving services or are on a waiting list to receive such services are automatically enrolled in the MassHealth Standard ABP.

For all other eligible CarePlus ABP members, medically frail self-identification instructions are included in MassHealth CarePlus eligibility notices, which are sent out at initial enrollment and whenever a member is re-determined eligible. These instructions are also in the MassHealth member handbook and the CarePlus enrollment guide. These instructions also include a high-level overview of the differences in benefits between MassHealth Standard ABP and CarePlus ABP; these instructions also specify that there are no cost-sharing differences between the two plans.

Provide a copy of the letter, email text or other communication text that will be used to inform individuals about their options for enrollment.

An attachment is submitted.

When did/will the state/territory inform the individuals?

Self-identification instructions are included in MassHealth CarePlus eligibility notices, which are sent out at initial enrollment and whenever a member is re-determined eligible. These instructions are also in the MassHealth Member Booklet and the MassHealth CarePlus enrollment guide.

Please describe the state/territory's process for allowing individuals in the Section 1902(a)(10)(A)(i)(VIII) eligibility group who meet exemption criteria to disenroll from the Alternative Benefit Plan defined using section 1937 requirements and enroll in the Alternative Benefit Plan defined as the state/territory's approved Medicaid state plan.

CarePlus ABP members who wish to identify as medically frail are instructed to contact the MassHealth Enrollment Center (MEC) to receive choice counseling. MEC staff are trained to accept any member's self-attestation of his or her medically frail status and are able to process transfer requests for medically frail members.

If a CarePlus ABP member identifies as medically frail, staff at the MEC will explain the differences in benefits and managed care options in MassHealth Standard ABP. They will also explain that there are no differences in cost sharing between the two health plans. Medically frail members may, at their option, remain in CarePlus ABP or choose to be enrolled in the MassHealth Standard ABP.

If a medically frail CarePlus ABP member chooses to move to the MassHealth Standard ABP, MEC staff process that request by assigning the member to the appropriate aid category. This triggers the MassHealth system to send out a new eligibility notice and a MassHealth Standard managed care enrollment guide. Members transferred to MassHealth Standard ABP receive benefits as described in MassHealth Standard ABP 8.

☑ The state/territory assures it will document in the exempt individual's eligibility file that the individual:

a) Was informed in accordance with this section prior to enrollment;

b) Was given ample time to arrive at an informed choice; and

Alternative Benefit Plan

c) Chose to enroll in Alternative Benefit Plan coverage subject to section 1937 requirements or defined as the state/territory's approved Medicaid state plan, which is not subject to section 1937 requirements.

Where will the information be documented? (Check all that apply)

☒ In the eligibility system.

☐ In the hard copy of the case record.

☐ Other

What documentation will be maintained in the eligibility file? (Check all that apply)

☐ Copy of correspondence sent to the individual.

☐ Signed documentation from the individual consenting to enrollment in the Alternative Benefit Plan.

☒ Other

Describe:

Medically frail members choosing to remain in CarePlus will have a flag associated with their file in the MassHealth eligibility system. Medically frail members who choose to move to MassHealth Standard ABP will be placed in a special MassHealth Standard ABP Medically Frail aid category. All other exempt individuals will be moved to the MassHealth aid category that is related to their eligibility group.

☑ The state/territory assures that it will maintain data that tracks the total number of individuals who have voluntarily enrolled in either Alternative Benefit Plan coverage subject to section 1937 requirements or Alternative Benefit Plan coverage defined as the state/ territory's approved Medicaid state plan, which is not subject to section 1937 requirements.

These assurances must be made by the state/territory if enrollment is mandatory for any of the target populations or sub-populations.

When mandatorily enrolling eligibility groups in an Alternative Benefit Plan (Benchmark or Benchmark-Equivalent Plan) that could have exempt individuals, prior to enrollment:

☑ The state/territory assures it will appropriately identify any individuals in the eligibility groups that are exempt from mandatory enrollment in an Alternative Benefit Plan or individuals who meet the exemption criteria and are given a choice of Alternative Benefit Plan coverage defined using section 1937 requirements or Alternative Benefit Plan coverage defined as the state/territory's approved Medicaid state plan, not subject to section 1937 requirements.

☒ Self-identification

Describe:

CarePlus members may self-identify as exempt at any time after their MassHealth CarePlus eligibility determination. EOHHS has adopted the federal definition of individuals who are medically frail or otherwise have special medical needs as found at 42 CFR 440.315(f). MassHealth accepts CarePlus members' self-attestation of their medically frail status.

Self-identification instructions are included in the MassHealth CarePlus eligibility notices, which are sent out at initial enrollment and whenever a member is re-determined eligible. These instructions are also in the MassHealth member booklet and the MassHealth CarePlus enrollment guide, which MassHealth provides to help members choose a health plan. CarePlus members who wish to identify as medically frail are instructed to contact MassHealth. MassHealth Enrollment Centers (MECs) will provide medically frail members with choice counseling.

Managed Care Assurance

☑ The state/territory certifies that it will comply with all applicable Medicaid laws and regulations, including but not limited to sections 1903(m), 1905(t), and 1932 of the Act and 42 CFR Part 438, in providing managed care services through this Alternative Benefit Plan. This includes the requirement for CMS approval of contracts and rates pursuant to 42 CFR 438.6.

Managed Care Implementation

Please describe the implementation plan for the Alternative Benefit Plan under managed care including member, stakeholder, and provider outreach efforts.

As part of implementing its alternative benefit plans, certain MassHealth programs and coverage types under Massachusetts' 1115 Demonstration ended on December 31, 2013 and members enrolled in those programs and coverage types are receiving coverage under a different program or coverage type, including MassHealth CarePlus, as of January 1, 2014. MassHealth's outreach efforts to members include providing written notice to these members explaining that their coverage is changing, that they are receiving the same or richer benefits starting January 1, 2014, and how to select a health plan. Most members affected by this transition are familiar with the MassHealth managed care delivery system. Such members have previously been required to choose between other MassHealth managed care options (such as an MCO or MassHealth's PCC Plan) or, if not currently in MassHealth, have had commercial coverage similar to MassHealth's managed care delivery system. Therefore, requiring CarePlus members to enroll in a MassHealth managed care option is consistent with Massachusetts' goal of providing continuity for individuals who fluctuate between Medicaid and commercial insurance products. MassHealth customer service is prepared to answer questions from any caller about this transition, including questions about selecting a health plan.

MassHealth has also undertaken outreach efforts to stakeholders and providers. Stakeholders and providers have been kept apprised of MassHealth's implementation through Massachusetts' 1115 Demonstration Amendment process, regular stakeholder meetings, the Alternative Benefit Plan public comment period, and the state regulatory process.
