Dear Mr. Fitton:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number (TN) 10-019. 2. Special Pools

In addition to the regular DSH pools of \$45,000,000, the single state agency (SSA) is establishing the following special pools:

- a. Effective June 1, 2006, a separate DSH pool will be created annually for areas covered by an Indigent Care Agreement (ICA) approved by the Director of the SSA. The areas covered by an ICA must be within reasonable geographic proximity to the hospital receiving the ICA DSH payment. The ICA must be between the hospital and a partner health care related entity in the area. The ICA must stipulate that direct or indirect healthcare services be provided to low-income patients with special needs who are not covered under other public or private health care programs. This pool will be \$172,343,362 in fiscal year 2006, \$147,687,951 in fiscal year 2007, \$122,707,686 in fiscal year 2008, \$110,937,485 in fiscal year 2009, \$125,001,655 in fiscal year 2010 and \$88,518,500 each subsequent fiscal year. All payments made under (a) in fiscal year 2006 will occur on or after June 1, 2006. No payment will be made under (a) to any hospital with a contractual obligation to forward that payment to a partner health care related entity in the area.

To be eligible for DSH payments made under (a.), hospitals must meet minimum federal requirements for Medicaid DSH payments and have an approved ICA in place. A table showing the eligible hospitals and their annual allocations from this pool is included in Appendix B.

- b. The single state agency (SSA) is creating a special DSH payment pool of \$2,772,003 million in fiscal year 2005 and \$2,764,340 for each subsequent fiscal year.

The purpose of this pool is to:

- Assure continued access to medical care for indigents, and
- Increase the efficiency and effectiveness of medical practitioners providing services to Medicaid beneficiaries under managed care.

The SSA will approve one (1) agreement statewide each state fiscal year. To be eligible for the pool, a hospital must meet the following criteria:

- Meet the minimum federal requirements for DSH eligibility listed in Section III.H.
- Have in place an approved agreement between itself and a university with both a college of allopathic medicine and a college of osteopathic medicine that specifies all services and activities to be conducted.

Detail: Effective for services on or after September 29, 2010, this amendment revises the aggregate amount allocated for payments from the Indigent Care Agreement disproportionate share hospital (DSH) pool and updates the individual hospital payment amounts distributed from this pool. Funding the non-Federal share of these payments comes from intergovernmental transfer's (IGT).

The increase in payments in FFY 2010 and then the reduction in payments for FFY 2011 from the ICA DSH pool is intended to be a movement of these DSH payments between years to both minimize the impact on providers and recipients and avoid the need to make actual payment reductions. According to the State, a portion of their FFY 2010 DSH allotment remains unspent so they are increasing the payments from this pool in FFY 2010 to utilize that unspent DSH allotment. In addition, since the State's FFY 2011 DSH allotment is decreasing, they are reducing the amount of payments from this ICA DSH pool for FFY 2011

Payments made from the ICA pool are to hospitals that have an indigent care agreement in place between the hospital and a partner health care related entity in the area. The areas covered by an ICA must be within reasonable geographic proximity to the hospital receiving the ICA DSH payment. However, the State plan provision for these DSH payments prohibits a payment being made to a hospital that has a contractual obligation to forward that payment to a partner health care related entity in the area. The State plan also identifies the amount of ICA DSH payments per eligible hospital.

Other Considerations: This plan amendment has not generated significant outside interest and we do not recommend the Secretary contact the governor.

Recovery Act Impact: The Regional office has reviewed this state plan amendment in conjunction with the Recovery Act and, based on the available information provided by the State regarding 1) MOE; 2) local match; 3) prompt pay; 4) rainy day funds, and 5) eligible expenditures, the Regional Office believes that the State is not in violation of the Recovery Act requirements noted above.
