***Policy and Methods for Establishing Payment Rates  
(Other than Inpatient Hospital and Long Term Care Facilities)***

A. Children's Outpatient Hospital Adjustor Pool

Qualifying children's hospitals will share in an annual outpatient adjustor pool of \$1,122,300 for services provided during the fiscal year in which the payment is calculated. The payment will be made by September 30<sup>th</sup> of each State fiscal year. Payment is applicable for services provided on or after April 1, 2010.

Eligibility for the pool is restricted to freestanding children's hospitals that have incurred outpatient Medicaid charges in excess of \$40 million for hospital fiscal years ending in the second previous state fiscal year. Payments will be made only to hospitals that have accepted cost reports on file with the Medical Services Administration by August 31<sup>st</sup> of the state fiscal year previous to the one in which the payment is made. These data have been subject to review and appeal and will not be changed.

The pool of \$1,122,300 will be distributed to eligible freestanding children's hospitals based on the ratio of the hospital's Title XIX outpatient charges to the sum of the Title XIX outpatient charges for all qualifying hospitals. Each eligible hospital will share in the pool proportionately using the ratio of the hospital's Title XIX outpatient charges to the sum of the Title XIX outpatient charges for all qualifying hospitals.

NOTE: Item B. and page 2b of this Attachment have been deleted. The next item is C. on page 2b.1.
