**Section 22 – Supplemental Payment for Intermediate Care Facility (ICF) Providers**

North Dakota ICF providers that provide services to one or more individuals who meet state adopted criteria thresholds for being behaviorally challenging or medically fragile shall receive a supplemental payment for costs in excess of the budgeted costs that are included in the interim rate for ICF care.

The state shall provide a supplemental payment to each ICF provider based on a total ICF supplemental allotment of 2,473,051 for the period ending June 30, 2014. The allotment to each ICF provider for the supplemental payment is based on the number of individuals, receiving services during July 2013 identified as meeting the state adopted criteria for being behaviorally challenged or medically fragile using the Oregon Assessment tool, times the per client allotment amount calculated by dividing the total amount appropriated for the state fiscal year by the total number of clients statewide who meet the criteria and are receiving any developmental disability services.

The supplemental payment will be paid per quarter beginning July 1, 2013 at the rate of 25% of each provider's allotment. Supplemental payments received must be offset to allowable salary costs in accordance with Section 12(3)(i) of this subsection when the final rate for the provider is established. The supplemental payment must also comply with the Medicare upper payment limit at 42 CFR 447.272.
