FEB 27 2014

Ms. Julie Schwab, Director
Division of Medical Services
Department of Human Services
600 East Boulevard Avenue
Department 325
Bismarck, ND 58505-0250

Re: North Dakota 13-015

Dear Ms. Schwab:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number (TN) 13-015. Effective for services on or after July 1, 2013, this amendment provides for a four percent inflationary increase for prospective payment system (PPS), psychiatric and rehabilitation inpatient hospital services.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a) and 1923 of the Social Security Act and the implementing Federal regulations at 42 CFR 447 Subpart C. We are pleased to inform you that Medicaid State plan amendment TN 13-015 is approved effective July 1, 2013. The HCFA-179 and the amended plan pages are attached.

If you have any questions, please contact Christine Storey at (303) 844-7044.

Sincerely,

Cindy Mann
Director

23. REMARKS:			

METHOD FOR REIMBURSING INPATIENT HOSPITAL SERVICES

1. Hospitals paid using Prospective Payment System (PPS).
 - a. In-state hospital service reimbursement paid to all hospitals and distinct part units, except those hospitals and distinct part units specifically identified in Section 2, will be made on the basis of a Prospective Payment System (PPS). The system generally follows the Medicare PPS in terms of the application of the system. PPS uses diagnostic related groups (DRG) to pay for services upon discharge. Medical education costs are excluded from the PPS.
 - b. The base year used for the calculation of the base rate and the capital rate is the year ending June 30, 2007. The base rate and capital rate established for hospitals paid by PPS is effective July 1, 2009. The base rate and capital rate effective shall be increased by four percent effective July 1, 2013.
 - c. Vacated.
 - d. Effective March 1, 2013 the DRG classification and grouper system is the All Patient Refined Diagnosis Related Grouper version 29.
 - e. Vacated
 - f. Vacated.
 - g. A capital payment will be included in the PPS payment for all discharges. Capital payments may not be paid to a transferring hospital.
 - h. Outlier Payments.
 - (1) A cost outlier payment is made when costs exceed a threshold of two times the DRG rate or \$15,000, whichever is greater. Costs above the threshold will be paid at 60 percent of billed charges.
 - (2) A day outlier payment is made when the length of stay for a recipient exceeds one standard deviation from the mean. Each day exceeding the threshold is paid at 60 percent of the per diem rate. The per diem rate is calculated as the hospital's basic DRG payment divided by the national untrimmed arithmetic average length of stay.
 - (3) For DRG's 580-640 relating to neonates:
 - (a) The day outlier payment is calculated at 80% of the per diem rate once the thresholds in paragraph 2 are met; or
 - (b) The cost outlier thresholds are the greater of 1.5 times the DRG rate or \$12,000. Costs above the threshold will be paid at 80 percent of billed charges.

- (4) If the thresholds for both a cost outlier and a day outlier are met, only the day outlier payment method will apply.
- i. Transfers. Payment will be the full DRG payment, inclusive of outliers and capital, to the final hospital. Per diem payments will be made to the transferring hospitals. Total per diem payments to transferring hospitals may not exceed the full DRG payment, exclusive of outliers and capital. Per diem is the basic DRG payment divided by the geometric mean length of stay. A patient may be transferred to another hospital and then transferred back to the original hospital which becomes the final hospital, in such case, the original hospital will not receive per diem payments for the portion of the stay occurring prior to the transfer. The days of stay in the original hospital prior to the transfer out and back will be included as part of the calculation of the full DRG payment, inclusive of outliers and capital.
2. Payments for hospitals excluded from prospective payment system.
- a. Excluded from hospitals paid using PPS are psychiatric, rehabilitation, cancer, long term care, and children's hospitals and psychiatric and rehabilitation distinct part units of hospitals, and hospitals designated as Critical Access Hospitals.
- b. Payment for inpatient psychiatric and rehabilitation services are made using a prospective per diem rate. Effective July 1, 2009 the hospital or distinct part unit per diem rate is calculated based on the lesser of a maximum prospective per diem rate established for each type of service or the hospital's cost to provide the service based on the hospital cost report for the year ended June 30, 2007. The hospital's calculated per diem rate shall be inflated by four percent effective July 1, 2013. The maximum prospective per diem rate effective July 1, 2009 is \$1,020.48 per day for psychiatric services and \$1,519.80 for rehabilitation services.
- c. Effective July 1, 2009 inpatient services furnished by a hospital having an average inpatient length of stay greater than 25 days and designated a long-term care hospital by Medicare shall be paid on a prospective basis using a percentage of charges established using the hospital's most recent audited Medicare cost report available as of June 1 of each year. The percentage of charges as established shall be adjusted annually on July 1. The payment based on a percentage of charges is an all inclusive rate and is not subject to cost settlement.
- d. Payments to cancer and children's hospitals are made based on a reasonable cost basis, using the Medicare methods and standards set forth in 42 CFR 413. An interim payment rate based on the hospital's cost to charge ratio from the latest available cost report will be made until such time as a cost settlement is made. The interim cost to charge ratio for a hospital which has not filed a cost report shall be 70%.
- e. Indian Health Hospitals are paid inpatient per diem rates in accordance with the most recently published Federal Register notice.
- f. Effective July 1, 2007, payments to hospitals designated as Critical Access Hospitals shall be made based on reasonable costs using the Medicare methods and standards set forth in 42 CFR 413. An interim per diem payment rate shall be
