Meghan Davey Director of Medical Assistance and Health Services Department of Human Services CN 712 Quakerbridge Plaza Trenton, New Jersey 08625-0712

Dear Ms. Davey:

We have reviewed the proposed New Jersey State Plan Amendment (SPA) 18-0013, which was received in the New York Regional Office on November 27, 2018. This SPA clarifies that NJ pays the Medicaid Hospice rates developed annually by the Centers for Medicare and Medicaid Services and also applies the "appropriate local hospice wage index" for the four categories or levels of care provided (routine home care, continuous home care, inpatient respite care, and general inpatient care).

Based on the information provided, SPA 18-0013 was approved on January 3, 2019. The approved effective date of this amendment is October 1, 2018. We are enclosing the approved HCFA-179 inclusive of the pen and ink authorizations and the approved program and reimbursement plan pages.

Should you have any questions or concerns please contact Tara Smith Porcher at (212) 616-2418 or <u>tara.porcher@cms.hhs.gov</u>.

Sincerely.

### STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT Limitations of Amount, Duration and Scope of Services Provided to the Categorically Needy

### 18 Hospice Services

Hospice Services are provided to eligible persons who are terminally ill, regardless of whether they reside in the community or an institution. In addition to satisfying medical and financial criteria, an applicant shall have signed an Election of Hospice Benefits Statement.

Medical criteria which the individual must meet include a diagnosis of a terminal illness, a medical prognosis of a life expectancy of six months or less, as certified or recertified in writing by a licensed physician (M.D. or D.O.).

Participation in hospice is strictly voluntary, and may be revoked. If the individual, after revoking hospice care, desires to do so, he or she may resume care through hospice in a subsequent benefit period.

Hospice benefit periods are limited to those periods specified in Medicare (Title XVIII) law and regulation.

Services covered by hospice include nursing care, physical therapy, occupational therapy, speech-language pathology services, medical social services, homemaker/home health aide services, durable medical equipment and supplies, drugs and biologicals, counseling services, and supervisory physician services and inpatient respite care. Services unrelated to the terminal illness are coordinated by the hospice agency or the physician, in accordance with the plan of care.

Room and board services are provided in a nursing facility (NF) for terminally ill Medicaid recipients who are eligible for and elect to receive hospice care. The applicant must be residing in a Medicaid-approved nursing facility. Hospice provides either routine or continuous home care hospice services to a Medicaid patient in a nursing facility, while room and board services are provided by the nursing facility. Room and board is not billed by the nursing facility, but by the hospice. When the hospice is reimbursed by Medicaid, the hospice in turn passes the amount on to the nursing facility.

Room and board services provided in a NF in conjunction with hospice services are not available if the NF has been designated as providing special programs. Special programs are those programs designed to serve individuals with psychiatric or developmental disability-related diagnoses.

### STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

#### Methods and Standards for Establishing Payment Rates For Non-Institutional Services

#### Reimbursement for Hospice Services:

Reimbursement for hospice services is dependent upon satisfaction of federal requirements regarding written certification/recertification of the patient's terminal illness within specified time periods, by licensed physician's (M.D. or D.O.)

New Jersey Medicaid fee-for-service hospice services are reimbursed on a per diem basis as follows. New Jersey pays the Medicaid Hospice rates developed annually by the Centers for Medicare and Medicaid Services and also applies the "appropriate local hospice wage index" for the five categories or levels of care provided (routine home care, continuous home care, inpatient respite care, general inpatient care and service intensity add-on 7 days pre death). The "appropriate local hospice wage index" is published annually in the Federal Register and is effective October 1 through September 30 of each year.

Medicaid reimbursement for hospice care will be made at predetermined rates for each day the individual receives care under one of the following five categories of levels of hospice care. Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers. The hospice service payment methodology for each category of care is below.

A) Routine Home Care (RHC): Hospice providers are paid at one of two tiers (levels) of RHC. Effective for dates of service on or after October 1, 2018 the two tiers are based on number of days in care:

Tier 1 RHC: Days 1-60 of hospice care (Higher rate)	\$(1 unit= 1 day)
Tier 2 RHC: Days 61+ Beyond (decreased rate)	\$(1 unit=1 day)

There is a 60 days minimum gap in Hospice Services that must elapse to reset the Hospice day count and be eligible for the higher level of RHC reimbursement.

- B) Continuous Home Care Rate (CHC): \$Full Rate /24 hours or (1unit=1 hour)
- C) Inpatient Respite Care Rate:
- \$(1 unit=1 day) \$(1 unit=1 day)
- D) General Inpatient Care Rate:
- E) Service Intensity Add-on, 7 days Pre-Death \$(1unit=15 minutes)

Reimbursement may be made to the hospice provider to cover nursing facility room and board costs (R&B) of hospice members at the following rate:

Hospice NF R&B Per Diem Rate 95% of the NF Per Diem (1 unit=1 day)
