NYS Department of Health  
One Commerce Plaza, Suite 1211  
Albany, New York 12210

Re: NY SPAs 17-0024-D

Dear Ms. Frescatore:

We reviewed the proposed amendment to Attachment 4.19-B of your Medicaid State plan submitted under transmittal numbers (TN) 17-0024 – D. The purpose of this letter is to inform you of their approvals effective January 1, 2017. The amendment proposes to apply a Medicaid incentive payment to certain evaluation and management codes for eligible Advance Primary Care (Federally Qualified Health Centers) who obtain and maintain recognition as an advanced care practitioner in New York's statewide Advanced Primary Care (APC) medical home model.

We conducted our review of the submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a) and 1923 of the Social Security Act and the regulations at 42 CFR 447 Subpart C. Please see enclosed forms CMS-179 and the approved plan pages.

If you have any questions, please contact Patricia I Vasquez at (212) 616-2470.

Sincerely,

A solid black rectangular box used to redact the signature of Michael Melendez.

Michael Melendez, LMSW  
Associate Regional Administrator

23. REMARKS:			

**New York**  
**1(c)(i)(J.1)**

**Advanced Primary Care – Federally Qualified Health Centers**

Effective for periods on and after January 1, 2017 the Commissioner of Health is authorized to recognize certain clinics as Advanced Primary Care (APC) practices to improve health outcomes and efficiency through patient care continuity and coordination of health services. Recognized providers will be eligible for incentive payments for primary care services provided to recipients eligible for Medicaid Fee-For-Service (FFS).

A Federally Qualified Health Center shall mean a general hospital providing outpatient care or a freestanding diagnostic and treatment center, licensed under Article 28 of Public Health Law that is designated as a Federally Qualified Health Center pursuant to section 1861 (aa) of the Social Security Act.

To improve access to high quality primary care services, the Medicaid Advanced Primary Care initiative will provide incentive payments to Federally Qualified Health Centers that meet advanced primary care standards established by the Department. The Department developed the Advanced Primary Care model in consultation with diverse stakeholders as part of the State Health Innovation Plan. The Advanced Primary Care model is a statewide integrated primary care delivery and payment model that was created as part of a Centers for Medicare and Medicaid Innovation (CMMI) State Innovation Model (SIM) Testing grant. The model requires providers to obtain and maintain specific capabilities around patient care quality, access, and outcomes.

Per visit incentive payments will be made to Federally Qualified Health Centers that meet the Department standards for recognition as an advanced primary care practice. There are three levels that correspond to providers' capabilities: Levels 1, 2, and 3. Eligible providers will receive a per-visit incentive payment commensurate with their level of Advanced Primary Care recognition. Incentive payments will be added to claims from recognized advanced primary care providers for visits with evaluation and management codes identified by the Department as primary care. The advanced primary care recognition level for Federally Qualified Health Centers is site-specific. Advanced primary care incentive payments are only applicable to claims when Medicaid is the primary payer.

Appropriate incentive payment amounts will be aligned with established incentive payments for primary care services for Medicaid FFS. Incentive payment amounts were determined based on historic data from an incentive payment paid to primary care providers. Factors that were part of the determination included average primary care visits per year, panel size, and level of advanced primary care practice transformation.

Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers recognized as Advanced Primary Care practices. The agency's fee schedule rates were set as of January 1, 2017, and are effective for services provided on or after that date. All rates are published on the State Department of Health's website, [https://www.health.ny.gov/technology/innovation\\_plan\\_initiative/pcmh/docs/ffs\\_incentive\\_payment\\_rates.pdf](https://www.health.ny.gov/technology/innovation_plan_initiative/pcmh/docs/ffs_incentive_payment_rates.pdf).

To maintain eligibility for incentive payments, Federally Qualified Health Centers must provide data to the Department of Health to permit the Commissioner to evaluate the impact of
