

13. Other diagnostic, screening, preventive, and rehabilitative services, i.e., other than those provided elsewhere in the plan.

d. Rehabilitative services

2. Rehabilitative services provided by alcohol and other drug treatment programs

The following alcohol and other drug treatment services provided in accordance with 42 CFR 440.130(d), Ohio Administrative Code rules governing coverage and reimbursement under the Medicaid program and the certification requirements of the Ohio Department of Alcohol and Drug Addiction Services (ODADAS) under the Ohio Administrative Code are covered as optional rehabilitative services.

Covered alcohol and other drug treatment services do not include services provided to individuals aged 21 – 65 who reside in facilities that meet the Federal definition of an institution for mental disease.

Covered alcohol and other drug treatment services only include services that are rendered by or are rendered under the lawful direction of providers who meet the applicable Federal and/or State definition of a qualified Medicaid provider.

Ambulatory Detoxification

Service Description:

Ambulatory Detoxification as defined in paragraph (X) of rule 3793:2-1-08 of the Administrative Code. Ambulatory Detoxification services means face-to-face interactions with an individual who is suffering mild to moderate symptoms of withdrawal, for the purpose of alcohol and/or drug detoxification. This service shall be directed by a physician, under a defined set of policies and procedures, who is licensed by the state of Ohio medical board.

Eligible Providers:

The following individuals are eligible to provide ambulatory detoxification: a physician, a clinical nurse specialist, a certified nurse practitioner or a registered nurse. A licensed practical nurse is eligible to provide ambulatory detoxification only while under supervision and at the direction of a physician or a registered nurse.

Ambulatory detoxification is measured and reported on a one day unit basis and, therefore, there are no fractions of this unit.

Assessment

Service Description:

Assessment as defined in paragraph (K) of rule 3793:2-1-08 of the Ohio Administrative Code. Assessment service means the evaluation of an individual to determine the nature and extent of his/her abuse, misuse and/or addiction to alcohol and/or other drugs. Assessment services shall consist of time limited, structured, face-to-face sessions.

- (1) Face-to-face assessment sessions can include family members, legal guardians and/or significant others when the intended outcome of sessions is to ascertain the nature and extent of a client's alcohol and/or drug problem.
- (2) Assessment services may be provided at an alcohol and drug addiction program site certified by the Ohio Department of Alcohol and Drug Addiction Services or in the natural environment of the client being served.
- (3) Assessment includes at a minimum, the following information:
 - (a) Presenting problem(s) and/or precipitating factors leading to the need for an assessment;
 - (b) History of alcohol and other drug use by client and family members and/or significant others;
 - (c) Current over-the-counter and prescription medications being used;
 - (d) History of treatment for alcohol and other drug abuse;
 - (e) Medical history;
 - (f) Allergies to include food and drug reactions;
 - (g) Employment history;
 - (h) Educational history;
 - (i) Legal history to include pending charges and parole/probation status;
 - (j) Mental status screen including but not limited to, appearance, attitude, motor activity, affect, mood, speech and thought content;

The following individuals are eligible to provide all components of assessment, including diagnosing, while under supervision: licensed marriage and family therapist, professional counselor, licensed social worker, counselor trainee, or a licensed chemical dependency counselor III.

Eligible Providers:

The following individuals are eligible to provide all components of assessment, excluding diagnosing, while under supervision: licensed practical nurse, chemical dependency counselor assistant, licensed chemical dependency counselor II, psychology assistant, social work assistant, licensed school psychologist, certified school psychologist and students enrolled in an accredited educational institution in Ohio and performing an internship or field placement.

Assessment is measured and reported on a one hour unit basis. Fractions of this unit are allowed in six minute increments represented by tenths.

Case Management ¹

Crisis Intervention

Service Description:

Crisis intervention as defined in paragraph (L) of rule 3793:2-1-08 of the Ohio Administrative Code. A crisis intervention service is a face-to-face interaction with a client that is in response to a crisis or emergency situation experienced by the client, a family member and/or significant other. Crisis intervention begins with an evaluation of what happened during the crisis and the individual's response or responses to it. An individual's reaction to a crisis can include emotional reactions (such as fear, anger, guilt, anxiety, grief), mental reactions (such as difficulty concentrating, confusion, nightmares), physical reactions (such as headaches, dizziness, fatigue, stomach problems), and behavioral reactions (sleep and appetite problems, isolation, restlessness). Information about the individual's strengths, coping skills, and social support networks is also obtained.

¹ Coverage of case management within the rehabilitation section of Ohio's Medicaid state plan will be discontinued as of July 1, 2012.

d. Rehabilitative services

(1) Crisis intervention services can be provided at a program site certified by the Ohio Department of Alcohol and Drug Addiction Services or in the client's natural environment.

(a) Individuals who have unstable medical problems shall be referred to a medical facility.

(b) Individuals who have unstable psychiatric problems shall be referred to a psychiatric facility.

(c) Individuals who are experiencing withdrawal symptoms from use of alcohol and/or other drugs shall be referred to a person and/or entity that can provide the appropriate level of detoxification services.

(2) Individual service providers of crisis intervention services shall have current training and/or certification, with documentation of same in their personnel files, in the following:

(a) Cardio-pulmonary resuscitation techniques

(b) First aid

(c) De-escalation techniques

Eligible Providers:

The following individuals who also have current training and/or certification, with documentation of same in their personnel files, in Cardio-pulmonary resuscitation techniques, First aid, and De-escalation techniques are eligible to provide all components of crisis intervention and may supervise other providers of crisis intervention: physician, clinical nurse specialist, registered nurse, certified nurse practitioner, psychologist, professional clinical counselor, licensed independent social worker, licensed independent marriage and family therapist, licensed independent chemical dependency counselor and licensed chemical dependency counselor III.

The following individuals who also have current training and/or certification, with documentation of same in their personnel files, in Cardio-pulmonary resuscitation techniques, First aid, and De-escalation techniques are eligible to provide all components of crisis intervention while under supervision: licensed practical nurse, chemical dependency counselor assistant, licensed chemical dependency counselor II, psychology assistant, professional counselor, licensed social worker, social work

Group Counseling

Service Description:

Group counseling as defined in paragraph (O) of rule 3793:2-1-08 of the Ohio Administrative Code. Group counseling means the utilization of special skills to assist two or more individuals in achieving treatment objectives. This occurs through the exploration of alcohol and other drug problems and/or addiction and their ramifications, including an examination of attitudes and feelings, consideration of alternative solutions and decision making and/or discussing information related to alcohol and other drug related problems. Group counseling services shall be provided at a program site certified by the Ohio Department of Alcohol and Drug Addiction Services or in the client's natural environment. The client to counselor ratio for group counseling shall not be greater than 12:1. Group counseling shall be documented per paragraphs (M) and (N) of rule 3793:2-1-06 of the Administrative Code. Group sessions, which focus on helping individuals increase awareness and knowledge of the nature, extent and harm of their alcohol and drug addiction do not have a client to counselor ratio requirement. Such group sessions can consist of lecture, viewing a video or a structured discussion session and shall be documented per paragraph (O)(1) of rule 3793:2-1-06 of the Administrative Code.

Eligible Providers:

The following individuals are eligible to provide group counseling and may supervise other providers of group counseling: physician, clinical nurse specialist, registered nurse, certified nurse practitioner, psychologist, professional clinical counselor, licensed independent social worker, licensed independent marriage and family therapist, licensed independent chemical dependency counselor and licensed chemical dependency counselor III.

The following individuals are eligible to provide group counseling while under supervision: licensed practical nurse, chemical dependency counselor assistant, licensed chemical dependency counselor II, psychology assistant, professional counselor, licensed social worker, counselor trainee, licensed marriage and family therapist, licensed school psychologist, certified school psychologist and students enrolled in an accredited educational institution in Ohio and performing an internship or field placement.

Group counseling is measured and reported on a fifteen minute unit basis and, therefore, fractions of this unit are not allowed.

13. Other diagnostic, screening, preventive, and rehabilitative services, i.e., other than those provided elsewhere in the plan.

d. Rehabilitative services

Individual Counseling

Service Description:

Individual counseling is provided to, or directed exclusively toward, the treatment of the Medicaid eligible individual.

Individual counseling as defined in paragraph (N) of rule 3793:2-1-08 of the Ohio Administrative Code. Individual counseling involves a face-to-face encounter between a client or client and family member and a counselor. Individual counseling means the utilization of special skills to assist an individual in achieving treatment objectives through the exploration of alcohol and other drug problems and/or addiction and their ramifications, including an examination of attitudes and feelings, consideration of alternative solutions and decision making and/or discussing didactic materials with regard to alcohol and other drug related problems. Individual counseling services can be provided at a program site certified by the Ohio Department of Alcohol and Drug Addiction Services or in the client's natural environment.

Eligible Providers:

The following individuals are eligible to provide individual counseling and may supervise other providers of individual counseling: physician, clinical nurse specialist, registered nurse, certified nurse practitioner, psychologist, professional clinical counselor, licensed independent social worker, licensed independent marriage and family therapist, licensed independent chemical dependency counselor and licensed chemical dependency counselor III.

The following individuals are eligible to provide individual counseling while under supervision: licensed practical nurse, chemical dependency counselor assistant, licensed chemical dependency counselor II, psychology assistant, professional counselor, licensed social worker, counselor trainee, licensed marriage and family therapist, licensed school psychologist, certified school psychologist and students enrolled in an accredited educational institution in Ohio and performing an internship or field placement.

Individual counseling is measured and reported on a fifteen minute unit basis and, therefore, fractions of this unit are not allowed.

13. Other diagnostic, screening, preventive, and rehabilitative services, i.e., other than those provided elsewhere in the plan.

d. Rehabilitative services

Intensive Outpatient

Service Description:

Intensive outpatient as defined in paragraph (Q) of rule 3793:2-1-08 of the Ohio Administrative Code. Intensive outpatient service means structured individual and group alcohol and drug addiction activities and services that are provided at a certified treatment program site for a minimum of eight hours per week with services provided at least three days per week.

- (1) Intensive outpatient services shall be provided at a treatment program site certified by the department of alcohol and drug addiction services.
- (2) Intensive outpatient services shall include the following services:
 - (a) Assessment.
 - (b) Individual counseling.
 - (c) Group counseling.

13. Other diagnostic, screening, preventive, and rehabilitative services, i.e., other than those provided elsewhere in the plan.

d. Rehabilitative services

(d) Crisis intervention as needed.

(e) Case Management²

- (3) Group counseling shall be provided each day intensive outpatient services are offered.

Eligible Providers:

The following individuals are eligible to provide all components of intensive outpatient and may supervise other providers of components of intensive outpatient: physician, clinical nurse specialist, registered nurse, certified nurse practitioner, psychologist, professional clinical counselor, licensed independent social worker, licensed independent marriage and family therapist, licensed independent chemical dependency counselor and licensed chemical dependency counselor III.

The following individuals are eligible to provide all components of intensive outpatient while under supervision: licensed practical nurse, chemical dependency counselor assistant, licensed chemical dependency counselor II, psychology assistant, professional counselor, licensed social worker, counselor trainee, licensed marriage and family therapist, licensed school psychologist, certified school psychologist and students enrolled in an accredited educational institution in Ohio and performing an internship or field placement.

The following individual may provide all components of intensive outpatient, excluding individual and group counseling, while under supervision: social work assistant.

Intensive outpatient is measured and reported on a one day unit and, therefore, fractions of this unit are not allowed.

² Coverage of case management within the rehabilitation section of Ohio's Medicaid state plan will be discontinued as of July 1, 2012.

Laboratory Urinalysis

Service Description:

Laboratory urinalysis as defined in paragraph (R)(1) of rule 3793:2-1-08 of the Ohio Administrative Code. Laboratory urinalysis means the testing of an individual's urine specimen to detect the presence of alcohol and other drugs.

Laboratory testing procedures include:

- (a) Urine specimens for urinalysis/lab analysis can be collected at a program site certified by the Ohio department of alcohol and drug addiction services, in the client's natural environment or at a laboratory.
- (b) Programs that perform urinalysis/lab analysis shall have a standing physician's, clinical nurse specialist's or certified nurse practitioner's order for each client needing this service.
- (c) Programs that perform urinalysis/lab analysis shall have a written procedure for a chain of custody of urine specimens.
- (d) Urine specimens shall be collected in a manner to minimize falsification.
- (e) Containers for urine specimens shall be labeled to reflect:
 - (i) The identification of the person from whom the specimen was obtained.
 - (ii) Date that the specimen was obtained.
- (f) Urinalysis/lab analysis shall be performed by a laboratory that is in compliance with all applicable federal proficiency testing and licensing standards.
- (g) Results of urinalysis/lab analysis testing shall be reviewed by the program staff and a copy of the results placed in the client's file. Positive results shall be shared with the client.

Eligible Providers:

The following individuals are eligible to order and request laboratory urinalysis: physician, clinical nurse specialist or certified nurse practitioner.

The following individuals are eligible to request laboratory urinalysis once an order has been issued: registered nurse, licensed practical nurse, psychologist, psychology

assistant, professional clinical counselor, professional counselor, licensed independent social worker, licensed social worker, social work assistant, counselor trainee, licensed independent marriage and family therapist, licensed marriage and family therapist, licensed independent chemical dependency counselor, chemical dependency counselor assistant, licensed chemical dependency counselor II, licensed chemical dependency counselor III, licensed school psychologist, certified school psychologist or students enrolled in an accredited educational institution in Ohio and performing an internship or field placement.

Laboratory urinalysis is measured and reported on a per screen unit, regardless of the number of panels, and, therefore, there are no fractions of this unit.

13. Other diagnostic, screening, preventive, and rehabilitative services, i.e., other than those provided elsewhere in the plan.

d. Rehabilitative services

Medical/Somatic

Service Description:

Medical/Somatic as defined in paragraph (S) rule 3793:2-1-08 of the Ohio Administrative Code. Medical/somatic services mean medical services, medication administration services and the dispensing of medications in an alcohol and other drug treatment program.

- (1) Medical/somatic services shall be delivered at a program site certified by the Ohio department of alcohol and drug addiction services.
- (2) Medical services means those activities performed by a physician, registered nurse or licensed practical nurse to address the physical needs of clients. Medical services include, but are not limited to: health care examinations, health assessments, taking vital signs and reviewing laboratory findings.
 - (a) Medical services shall be delivered by staff who are credentialed by the Ohio board of nursing or by the Ohio state medical board.
 - (b) Providers of medical services shall be supervised by a registered nurse who is registered with the Ohio nursing board or by a physician who is licensed by the Ohio state medical board.
- (3) Medication administration services means the administration or dispensing of medications to clients. This service does not include detoxification, rehabilitation, opioid agonist administration or urinalysis. Only physicians and pharmacists are authorized to dispense medications

Eligible Providers:

The following individuals are eligible to provide all components of medical/somatic and may supervise other providers of medical/somatic: a physician, a clinical nurse specialist, a certified nurse practitioner or a registered nurse.

A licensed practical nurse may provide all components of medical/somatic at the direction of and while under supervision by a physician, a clinical nurse specialist, a certified nurse practitioner or a registered nurse.

Medical/somatic is measured and reported on a one hour unit basis. Fractions of this unit are allowed in six minute increments represented by tenths.

13. Other diagnostic, screening, preventive, and rehabilitative services, i.e., other than those provided elsewhere in the plan.

d. Rehabilitative services

Opioid Agonist Administration

Service Description:

Opioid Agonist Administration as defined in paragraph (T) of rule 3793:2-1-08 of the Ohio Administrative Code. Opioid agonist administration means the administration or dispensing of opioid agonist to an individual only for the treatment of narcotic addiction by an alcohol and other drug treatment program licensed by the Ohio Department of Alcohol and Drug Addiction Services as an opioid agonist program in accordance with section 3793.11 of the Revised Code. Opioid agonist shall be administered and/or dispensed at a program site which is certified as a treatment program by the Ohio Department of Alcohol and Drug Addiction Services and is approved by the U.S. Food and Drug Administration for the use of opioid agonist in the treatment of narcotic addiction.

Eligible Providers:

The following individuals are eligible to provide opioid agonist administration: a physician, a certified nurse practitioner, a clinical nurse specialist, a registered nurse or a licensed practical nurse who has proof of completion of a course in medication administration approved by the Ohio Board of Nursing. Opioid agonist administration is measured and reported on a per dose unit and, therefore, there are no fractions of this unit.

Limitations

The following services are limited to a combined 30 hours when provided to the same person per week, Sunday through Saturday:

- (1) Case management,³
- (2) Group Counseling,
- (3) Individual Counseling, and
- (4) Medical/Somatic.

Beneficiaries younger than age twenty-one can access community alcohol and drug treatment services beyond established limits when medically necessary.

³Coverage of case management within the rehabilitation section of Ohio's Medicaid state plan will be discontinued as of July 1, 2012.

13. Other diagnostic, screening, preventive, and rehabilitative services, i.e., other than those provided elsewhere in the plan.

d. Rehabilitative services

Summary of Provider Qualifications applicable to Community Alcohol and Other Treatment

Please Note: In the following paragraphs, the term "registered with the state of Ohio" means an individual known to the state professional and/or licensing boards as a practitioner who has met the applicable professional requirements.

A physician as defined in Chapter 4731. of the Ohio Revised Code and who is licensed by the state of Ohio Medical board and has demonstrated experience and/or training in substance use disorder treatment.

A clinical nurse specialist or certified nurse practitioner as defined in Chapter 4723. of the Ohio Revised Code and who is licensed and certified by the state of Ohio nursing board and has demonstrated experience and/or training in substance use disorder treatment. A clinical nurse specialist is required to have a Master's degree.

A psychologist as defined in Chapter 4732. of the Ohio Revised Code and who is licensed by the state of Ohio board of psychology and has demonstrated competence in substance use disorder treatment. A psychologist is required to have a doctoral degree or its equivalent.

A psychology assistant who is practicing under the supervision of a psychologist licensed by the state of Ohio board of psychology and has demonstrated competence in substance use disorder treatment.

A professional clinical counselor licensed by the state of Ohio counselor, social worker, and marriage & family therapist board in accordance with Chapter 4757. of the Ohio Revised Code and whose professional disclosure statement includes substance abuse assessment and counseling. A professional clinical counselor is required to have a Master's degree.

A professional counselor licensed by the state of Ohio counselor, social worker, and marriage & family therapist board in accordance with Chapter 4757. of the Ohio Revised Code and whose professional disclosure statement includes substance abuse assessment and counseling. A professional counselor is required to have a Bachelor's or Master's degree.

A licensed independent social worker licensed by the state of Ohio counselor, social worker, and marriage & family therapist board in accordance with Chapter 4757. of the Ohio Revised Code and whose professional disclosure statement includes substance
