## 5160-3-42 Nursing facilities (NFs): chart of accounts.

- (A) The Ohio department of medicaid (ODM) requires that all facilities file cost reports annually to comply with section 5165.10 of the Revised Code.
- (1) The chart of accounts in table 1 to table 8 of appendix A to this rule is to establish the minimum level of detail to allow for cost report preparation.
  - (2) If the chart of accounts in appendix A is not used by the provider, it is the responsibility of the provider to relate its chart of accounts directly to the cost report.
  - (3) Where a chart of accounts number has sub-accounts that relate directly to a cost report line item, the provider shall capture the information requested so that the information will be broken out for cost reporting purposes.
  - (4) For example, when revenue accounts appear by payer type, it is required that those charges be reported by payer type where applicable; when salary accounts are differentiated between "supervisory" and "other", it is required that this level of detail be reported on the cost report where applicable.
- (B) While the chart of accounts facilitates the level of detail necessary for medicaid cost reporting purposes, providers may find it desirable or necessary to maintain their records in a manner that allows for greater detail than is contained in the chart of accounts in appendix A.
- (1) The chart of accounts in appendix A allows for a range of account numbers for a specified account.
  - (2) For example, account 1001 is listed for petty cash, with the next account, cash, beginning at account 1010. Therefore, a provider could delineate sub-accounts 1010-1, 1010-2, 1010-3, 1010-4, to 1010-9 as separate cash accounts. Providers need only use the sub-accounts applicable for their facility.
- (C) Within the expense section (tables 5, 6, and 7), accounts identified as "salary" accounts are only to be used to report wages for facility employees.
- (1) Wages are to include wages for sick pay, vacation pay and other paid time off, as well as any other compensation to be paid to the employee.
  - (2) Expense accounts identified as "contract" accounts are only to be used for reporting the costs incurred for services performed by contracted personnel employed by the facility to do a service that would otherwise be performed by personnel on the facility's payroll.
  - (3) Expense accounts identified as "purchased nursing services" are only to be used for reporting the costs incurred for personnel acquired through a nursing pool agency.

- (4) Expense accounts designated as "other" can be used for reporting any appropriate nonwage expenses, including contract services and supplies.
  
- (D) Completion of the cost report as required by section 5111.26 of the Revised Code will require that the number of hours paid be reported (depending on facility type of control, on an accrual or cash basis) for all salary expense accounts. Providers' record keeping should include accumulating hours paid consistent with the salary accounts included within the chart of accounts in appendix A.

Instructions for completing the Ohio Department of Medicaid annual Medicaid cost report for nursing facilities (NFs)

**GENERAL INSTRUCTIONS**

**OVERVIEW**

As a condition of participation in the Title XIX Medicaid program, each NF shall file a cost report with the Department. The cost report, including its supplements and attachments, must be filed within ninety days after the end of the reporting period. The cost report shall cover a calendar year. However, if the provider participated in the Medicaid program for less than twelve months during the calendar year, then the cost report shall cover the portion of a calendar year during which the NF participated in the Medicaid program.

If a provider begins operations on or after October 2, the cost report shall be filed in accordance with rule 5160-3-20 of the Ohio Administrative Code (OAC).

For cost reporting purposes, NFs, other than state-operated facilities, shall use the Chart of Accounts as set forth in rule 5160-3-42 of the OAC, or relate its chart of accounts directly to the cost report.

Medicaid Nursing Facility Cost Report

Page 2 of 61

**ELECTRONIC SUBMISSION OF THE MEDICAID COST REPORT**

In accordance with the OAC, all providers are required to use the electronic cost report submission process. Providers should use the Department-sponsored computer software for electronic submission of the cost report.

**FILING REQUIREMENTS**

A complete and adequate Medicaid cost report must be filed with the Department or postmarked on or before ninety days after the end of each facility's reporting period. Pursuant to Ohio Revised Code (ORC) section 5165.10, a provider whose cost report is filed or postmarked after this date, is subject to a reduction of their per diem rate in the amount of two dollars (\$2.00) per resident day, adjusted for inflation. The late file period will begin at the start of the thirty day termination period and continue until the complete and adequate cost report is received by the Department or the facility is terminated from the Medicaid program.

A provider may request a fourteen-day extension of the cost report filing deadline. Such requests must be made in writing, including an explanation of the reason the extension is being requested, and must demonstrate good cause in order to be granted. Requests should be made to the Rate Setting and Cost Setting Unit, Department of Medicaid.

In the absence of a timely filed complete and adequate cost report, or request for filing extension, a provider will be notified by the Department of its failure to file a complete and adequate cost report and will be given thirty days to file the appropriate cost report and attachments. During this thirty day period, the late filing rate reduction described previously will be assessed. If a provider fails to submit a complete and adequate cost report within this time period, its Medicaid provider agreement will be terminated according to section 5165.106 of the ORC.

**REASONABLE COST**

Please read all instructions carefully before completing the cost report.

Reasonable cost takes into account direct, ancillary support, capital and tax costs of providers of services, including normal standby costs. Departmental regulations regarding the reasonable and allowable costs are contained in Chapter 5160-3 of the OAC. In addition, the following additional provisions establish guidelines and procedures to be used in determining reasonable costs for services rendered by NFs:

- Ohio Revised Code and uncodified state law,
- Regulations (OAC) promulgated by the Department and codified in accordance with state law,
- Principles of reimbursement for provider costs with related policies described in the Centers for Medicare and Medicaid Services (CMS) Publication 15-1,
- Principles of reimbursement for provider costs with related policies described in the Code of Federal Regulations (CFR), Title 42, Part 413.

Ohio Department of Medicaid  
Medicaid Nursing Facility Cost Report

**ROUTINE SERVICES**

The OAC lists covered services for all providers who serve NF residents. The OAC delineates services reimbursed through the cost reporting mechanism of NFs, and the costs directly billed to Medicaid by service providers other than NFs.

**ACCOUNTING BASIS**

Except for county-operated facilities that operate on a cash method of accounting, all providers are required to submit cost data on an accrual basis of accounting. County-operated facilities that utilize the cash method of accounting may submit cost data on a cash basis.

**OHIO MEDICAID COST REPORT FORMS**

The Ohio Medicaid nursing facility cost report is designed to provide statistical data, financial data, and disclosure statements as required by federal and state rules. Exhibits to the cost report are part of the documents that may be required to file a complete cost report. Each exhibit to the cost report must be identified and cross-referenced to the appropriate schedule(s). Please refer to Attachment 3 for instruction on the use of exhibits.

The provider must complete the information requested on each cost report schedule. Except for the cost report schedules and attachments listed below, responses such as "Not Applicable," "N/A," "Same as Above," "Available upon request," or "Available at the time of Audit," will result in the cost report being deemed incomplete or inadequate. Pursuant to sections 5165.10 and 5165.106 of the ORC, an incomplete or an inadequate cost report is subject to a rate reduction of \$2.00 per resident per day, adjusted for inflation, as well as proposed termination of the provider agreement.

2. **Schedule A-1. Summary of Inpatient Days**

**Column 1:** Record the number of ODH-certified beds, by month. If the number of beds certified as nursing facility beds by ODH changed during the middle of any given month, then calculate a weighted average for that particular month rounded to the nearest whole number.

For example:

March 1, 20CY      100 certified beds

March 16, 20CY    120 certified beds

Calculation: (15 days x 100 beds) + (16 days x 120 beds)  
divided by 31 days in month of March = 110.3226

Average Medicaid certified beds for March 20CY = 110

**Column 2:** Record the number of authorized skilled, intermediate, and pending Medicaid patient days, by month.

The day of admission, but not the day of discharge, is an inpatient day. When a resident is admitted and discharged on the same day, this is counted as one inpatient day. Inpatient days include those leave days that are reimbursable under the Ohio Medicaid program. Private leave days are not included as inpatient days. Carry the total on line 13, column 9 forward to Schedule A, line 4, column 1.

Ohio Department of Medicaid  
Medicaid Nursing Facility Cost Report

Column 3  
and 4:

Record the total monthly reimbursable leave days for Medicaid residents [see the OAC - coverage of medically necessary days and limited absences].

NFs report each medically necessary day and limited absence as 50% of an inpatient day. Report days at 50% of inpatient days in columns 3 and 4.

For Example:

January 20CY      100 certified beds

January 20CY      3100 bed days available  
(100 certified beds x 31 days in January)

Actual number of days residents are in facility = 3000

Actual number of days residents out of facility on medical leave = 60

Actual number of days residents are out of facility on therapeutic leave = 40

Report as follows if paid at 50% of an inpatient day:

Column 3	Hospital Leave Days	30	(60 days x 50%)
Column 4	Therapeutic Leave Days	20	(40 days x 50%)

Note that the calculation of inpatient days should round to two decimal places.

Column 5: Total of columns 2, 3, and 4. Carry the total on line 13, column 5 forward to Schedule A, line 7.

Column 6 Record the number of Medicaid managed care days.

Column 7,  
8 and 9: Record the number of inpatient days for non-Medicaid eligible residents, by month. Leave days should not be included in these columns.

Column 10: Record the number of inpatient days for all residents, by month. This column is the sum of columns 5 through 9.

Medicaid Nursing Facility Cost Report

Page 14 of 61

Enter the total number of beds licensed by ODH in column 2. Enter the total number of beds licensed by ODH and certified by Medicaid in column 1. Temporary changes because of alterations, painting, etc. do not affect bed capacity.

Line 3: Total Bed Days:

For column 1, this amount is determined by multiplying the number of days in the reporting period by the number of beds licensed by ODH and certified by Medicaid during the reporting period. Take into account increases or decreases in the number of beds licensed and certified and the number of days elapsed since the increase or decrease in licensed and certified beds.

For column 2, this amount is determined by multiplying the number of days in the reporting period by the number of beds licensed by ODH during the reporting period. Take into account increases or decreases in the number of beds licensed and the number of days elapsed since the increases or decreases.

Line 4: Total Inpatient Days:

For column 1, obtain the answer from Schedule A-1, column 10, line 13. For column 2, enter the total number of inpatient days for the facility for all ODH licensed beds.

Line 5: Percentage of Occupancy:

This amount is the proportion of total inpatient/resident days to total bed days during the reporting period. Obtain the answer by dividing line 4 by line 3.

Line 6: Ancillary/Support Allowable Days:

For computing Ancillary/Support costs, the Department will not recognize an occupancy rate of less than 90%. If percentage of occupancy is 90% or more, enter the number of inpatient days stated on line 4. If percentage of occupancy is less than 90%, enter 90% of the number of bed days stated on line 3 (See the OAC). For providers on the Medicaid program less than 12 months, also consult the OAC.

\*\*\* Number of beds involved in the change" refers only to those beds that were added, replaced, or removed.

Line 4: Total all revenue reported on lines 1a, 2a, and 3a.

**Section B: Costs**

- (2) Natural parent, child, and sibling;
- (3) Adopted child and adoptive parent;
- (4) Stepparent, stepchild, stepbrother, stepsister;

Page 2 of 2:

Also, list any individual owning a 5% or more interest in this provider. Compensation claimed must be for necessary services and related to resident care. Services rendered and compensation claimed must be reasonable based upon the time spent in performing the duty, and reasonable for the duty being performed.

If Schedule C-2, page 1 is completed for a non-owner administrator, then do not complete this page for the non-owner administrator. All other owners, relatives of owners, or owner/administrators identified on page 1 must also be reported on page 2 of Schedule C-2. Chain organizations are generally defined as multiple providers owned, leased, or through any other device, controlled by a single organization. For Medicare and/or Medicaid purposes, a chain organization consists of a group of two or more health care facilities or at least one health care facility and any other business or entity owned, leased, or, through any other device, controlled by one organization. Chain organizations include, but are not limited to, chains operated by for-profit proprietary organizations and chains operated by various religious, charitable, and governmental organizations. A chain organization may also include business organizations engaged in other activities not directly related to health care.

The controlling organization is known as the chain "home office." Typically, the chain "home office":

- Maintains uniform procedures in each facility for handling admissions, utilization review, preparation and processing admission notices and bills, and
- Maintains and centrally controls individual provider cost reports and fiscal records.

Check all that apply to indicate how this provider is affiliated with the home office.

All cost reports submitted by the provider must contain a completed certification signed by an administrator, owner, or responsible officer. The original signature must be notarized.

If the cost report preparer is a company, complete the "Report Prepared by (Company)" line only. If the cost report is completed by an individual, complete the "Report Prepared by (Individual)" line only.
