Organization and Administration

Provide a description of the organization and functions of the Medicaid agency.

ODM is the single state Medicaid agency designated to administer or supervise the administration of the Medicaid program under Title XIX of the Social Security Act. ODM is responsible for administering the Medicaid Program in Ohio, which includes determining the eligibility policy and criteria, service coverage, and payment policies for the State's Medicaid and CHIP programs.

With a network of more than 70,000 active providers, ODM delivers health care coverage to nearly 2.9 million residents of Ohio on a daily basis. Working closely with stakeholders, advocates, medical professionals, and fellow state agencies, the agency continues to find new ways to modernize Medicaid in Ohio.

ODM's organizational structure is organized along the following lines of authority. The Director oversees the management of the department with Deputy Directors in the following areas of responsibility: Operations; Legal Counsel; Benefits/Policy; Chief of Staff; Clinical Operations; Fiscal Operations; Chief Information Officer; Communications; and Legislation.

The office of Operations provides management and oversight of the operational aspects of the Medicaid program. This includes human resources, business operations, provider enrollment and oversight, claims payment operations, and contracting.

The Office of Legal Counsel provides legal advice and counsel to the Director's Office, program and support areas. The primary responsibility is to assure that implementation of the Ohio Medicaid program meets the requirements of both federal and state law. In addition, the Office of Legal Counsel is responsible for the following:

1. Working with the Ohio Attorney General's Office in litigation matters, judicial reviews, and Chapter 119 Administrative Hearings;

2. Providing oversight and support to program areas as they navigate the Ohio Administrative Code rule filing process, including filing rules with the Common Sense Initiative Office (CSIO), the Joint Committee on Agency Rule Review (JCARR), and requests for approval of emergency rules by the Governor;

3. Developing and overseeing ethics training for all ODM employees, working with human resources department, and providing advice and counsel on ethics law issues on an as-requested basis;

4. Providing legal review of contracts and other procurement documents, working with the ODM contracts office;

5. Reviewing and drafting legislative language for budget proposals, as requested by the Director or program area staff;

6. Assisting in the coordination and response to requests for public records, specifically to ensure that records are released in accordance with federal and state confidentiality laws;

7. Serving as the liaison between ODM and the ODJFS Bureau of State Hearings (although ODM does not routinely review hearing or administrative appeals decisions before they are final, ODM staff charged with the responsibility for eligibility and services functions may review them, and in a case of disagreement with an ODJFS decision, elevates the issue to the Office of Legal Counsel; The Chief Legal Counsel is the head of the Office of Legal Counsel and reports directly to the Medicaid Director); and 8. The Ohio Department of Medicaid is necessarily involved whenever an administrative appeals decision is appealed to the court of common pleas.

Benefits/Policy is primarily responsible for setting and managing policy for the Medicaid program, and is responsible for the supervision of activities in four areas:

1. The Bureau of Health Plan Policy which governs payment policy, coverage policy, and eligibility policy;

2. The Bureau of Managed Care which governs all managed care policy and operations, and will operate Ohio's Medicaid/ Medicare integrated managed care program;

The Bureau of Long-term Care Services and Supports which operates all institutional and Section 1915 Waiver program matters, and manages the operations of components of the Medicaid program operated by other agencies including Mental Health and Alcohol and Drug Addiction Services, Department of Developmental Disabilities, Aging, Health, and Education;
 Benefits/Policy also oversees the team managing the state plan and waiver submission process which involves the negotiation

and establishment of state plan amendments and waiver applications.

The Chief of Staff oversees the central administration of the agency. Responsibilities include:

1. Contract management and procurement;

2. Investigations;

3. Business services;

TN No: OH-16-0015 Ohio Approval Date: 6/24/16 Effective Date: 8/1/2016

4. Oversight of the Office of Human Resources and its staff;

5. Oversight of ODM's Project Management Office, which facilitates and tracks various long-term initiatives undertaken by the Medicaid agency; and

6. The agency's overall program integrity efforts. ODM works closely with the Auditor of State's Office and the Ohio Attorney General to identify instances of fraud, waste, and abuse in order to protect taxpayer dollars. Specifically, the agency's audits and surveillance and utilization sections perform work that serves an integral part in the collaborative program integrity efforts.

The Clinical Operations Office, under the direction of the State Medicaid Medical Director, is responsible for overseeing the clinical components of the Medicaid program, including oversight over ODM's clinical staff. This includes: providing clinical direction to policy staff on coverage and limitations of medical services; managing the prior authorization process; managing clinical improvement projects; providing clinical direction to the contracted managed care plans; and managing grants that have been awarded to Ohio Medicaid designed to improve practice and outcomes for Ohio's most vulnerable citizens.

Fiscal Operations assists in the establishment of Medicaid's long and short-term fiscal goals and objectives. The office provides the agency with the overall fiscal administration support through its various unit operations including accounting, purchasing, budgeting, receivables and grants servicing. The office oversees the agency's biennial budget process, provides technical assistance to agency decision-makers and provides monitoring and analysis of agency spending trends. Fiscal Operations consists of:

- 1. Accounts Receivable & Recordkeeping
- 2. Budget
- 3. Medicaid & Title XX
- 4. Rate & Cost Settling
- 5. Rate Methodology
- 6. Interstate Transfer & Sister Agency Claims

The Office of Information Operations provides centralized information technology support for ODM. This structure allows Information Technology staff to provide coordinated support for Medicaid and its various stakeholders. While providing support in a centralized structure, Information Operations has organized applications development, infrastructure, and information technology help functions to support Medicaid program areas. This allows information technology staff to better understand the needs of their customers and meet specific technology related needs.

Communications shares our agency's story with the public and to tout the good work that Ohio Medicaid does throughout the state. In doing so, our communications staff is often engaged with reporters across the state – and country – who wish to learn more about the various reforms, programs, and news coming out of our department. ODM Communications facilitates the ODM website and assists the respective bureaus with stakeholder, consumer, and provider messaging. Agency staff can rely on ODM Communications to assist with event planning, informational materials, fact sheets, presentations, public inquiries, graphic design needs and message planning.

The Legislative Office is the main conduit for legislator, stakeholder, and constituent issues. The Legislative Office is divided into two units which work together to address the concerns of all three of the formerly listed groups:

1. Legislative - deals with any questions on Medicaid policy from interested parties. The legislative liaisons assist with any legislation, the Medicaid portion of the state budget process, Medicaid rules for the JCARR process, as well as representing the Department at Controlling Board hearings. The liaisons represent the Department to outside entities and help coordinate the Director's and Governor's office objectives.

2. Constituent Affairs - assists both legislative offices and constituents directly to respond to specific personal Medicaid case inquiries. The constituent affairs aide receives all necessary information to look into the case and sends it on to the appropriate section for it to be looked into and handled as necessary.

Both units work constantly with almost all other sections of the Department for open communication of information and timely responses on all inquiries.

County Technical Assistance and Compliance staff are State agency employees within the Single State Agency. They are responsible for determination of eligibility for:

• Breast and Cervical Cancer Program (BCCP) Medicaid, in accordance with Section 1902(a)(10)(A)(ii)(XVIII) of the Social Security Act

• Children, pregnant women, individuals over age 65, or individuals who have been determined disabled by the SSA or the State; incarcerated or awaiting adjudication in a Department of Youth Services (DYS) or Department of Rehabilitation and Corrections.

(DRC) operated facility; and are in need of inpatient services in a hospital, nursing facility, or intermediate care facility • Inmates of DRC who have been determined disabled by the SSA or the State and are preparing for release into the community.

Provide a description of the structure of the state's executive branch which includes how the Medicaid agency fits in with other health, human service and public assistance agencies.

The Executive Branch of Ohio government includes the Governor; Lieutenant Governor; State Agencies, Departments, Boards, and Commissions; State Board of Education; Attorney General; Auditor of State; Secretary of State; and Treasurer of State.

The Health and Human Services (HHS) Cabinet consists of the Directors of the Ohio Departments of Medicaid, Job and Family Services, Aging, Health, Developmental Disabilities (DODD), Mental Health and Addiction Services, Youth Services, and Opportunities for Ohioans with Disabilities. The directors report directly to the Governor, but coordinate through the HHS cabinet on topics identified in the Governor's executive order that established the Governor's Office of Health Transformation. ODM contracts with the Departments of Aging and DODD to administer certain waiver components of the Medicaid program in compliance with the terms of those contracts and any rules adopted by the Medicaid director. ODM contracts with ODJFS to conduct all Medicaid hearings and perform designated eligibility functions. Only ODM has the authority to establish Medicaid policies, rules, and regulation, in accordance with 42 CFR 431.10(e).

ODM is Ohio's first Executive-level Medicaid agency and is the Single State Medicaid Agency responsible for the administration and oversight of the Medicaid program in Ohio. ODM works closely with fellow state agencies under the direction of the Governor's HHS cabinet. The Medicaid agency relationship to other cabinet level agencies, including HHS, is set forth in the attached table of organization.
