Dear Secretary Alexander:

The Centers for Medicare & Medicaid Services (CMS) has completed its review of Pennsylvania's State Plan Amendment (SPA) Transmittal Number 12-026. This SPA is approved effective July 1, 2012, as requested by the Commonwealth.

This amendment revises the rate methodologies for targeted case management (TCM) services for persons with AIDS/HIV and TCM services for children under age three with a developmental delay. This amendment also removes language for TCM services for persons with sickle cell anemia and related hemoglobinopathies, since the service was not implemented. The amendment effectively responds to a companion letter that accompanied the approval of SPA #11-021.

Enclosed, please find the signed CMS 179 form, and the approved SPA pages.

If you have any questions concerning this letter, please contact Rosemary Feild at (215) 861-4278.

Sincerely,
