DEPARTMENT OF HEALTH & HUMAN SERVICES Centers for Medicare & Medicaid Services 1301 Young Street, Room 833 Dallas, Texas 75202

Division of Medicaid & Children's Health, Region VI

December 15, 2009

Our Reference: SPA TX 09-023

Mr. Chris Traylor Associate Commissioner for Medicaid & CHIP Health and Human Services Commission Post Office Box 13247 Mail Code: H100 Austin, Texas 78711

Dear Mr. Traylor:

We have reviewed the State's proposed amendment to the Texas State Plan submitted under Transmittal Number 09-023, dated September 23, 2009. The purpose of this plan amendment is to update the reimbursement rates for tuberculosis (TB) clinics within the physician fee schedule and removes the reimbursement pages for TB clinics because they will be paid under the physician fee schedule. It also updates the TB clinic services coverage page to remove descriptions of physician services.

Based on the information submitted, we have approved the amendment for incorporation into the official Texas State Plan with an effective date change of September 1, 2009. A copy of the CMS-179 and the approved plan pages are enclosed with this letter.

If you have any questions, please contact Ford J. Blunt at (214) 767-6381.

Sincerely,

Bill Brooks

Associate Regional Administrator

9. Clinic Services (Continued).

Tuberculosis (TB) Clinic Services

Subject to the specifications, conditions, limitations, and requirements established by the single state agency or its designee, payment will be made for TB clinic services to eligible recipients by approved providers.

A. TB Clinic Services include:

- 1. Directly Observed Therapy (DOT) Includes the delivery of prescribed anti-tuberculosis medication, direct observation of the patient swallowing the medication, monitoring for side effects, and documentation of the provision of DOT.
- 2. Nursing Assessment Includes conducting a brief mental and physical assessment, referral for social or other medical services, and other assessments per protocol.

B. Provider Qualifications:

- 1. Must be a facility that is not an administrative, organizational, or financial part of a hospital;
- 2. Must be organized and operated to provide TB-related services;
- 3. Must be a local health department or certified by the Texas Department of State Health Services as a provider of TB clinic services; and
- 4. Must employ or have a formal arrangement with a licensed physician(s) (M.D. or D.O.) who assumes professional responsibility for the services provided to the clinic's patients.

State of Texas Attachment 4.19-B Page 1a

1. Physicians and Certain Other Practitioners

- (a) Subject to the qualifications, limitations, and exclusions in the amount, duration and scope of benefits as provided elsewhere in the State Plan, payment to eligible providers of laboratory services, including x-ray services, radiation therapy services, physical and occupational therapists' services, physician services (including anesthesia and physician-administered drugs), podiatry services, chiropractic services, optometric services, dentists' services, psychologists' services, certified respiratory care practitioners' services, maternity clinics' services and tuberculosis (TB) clinic services are reimbursed based on an uniform, statewide, prospective payment system.
- (b) The fees for covered services provided by physicians and certain other practitioners are based upon the determination of adequacy of access to health care services by the Texas Health and Human Services Commission (HHSC), as described in this section.
 - (1) There shall be no geographical or specialty reimbursement differential for individual services.
 - (2) The fees for individual services will be reviewed at least every two years and include:
 - (A) resource-based fees (RBFs) and
 - (B) access-based fees (ABFs).

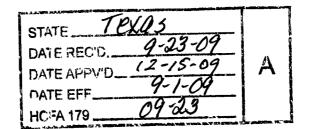

The fee schedule is published quarterly.

- (3) Measures of adequacy of access to health care services include, but are not limited to, the following determinations:
 - (A) adequate participation in the Medicaid program by physicians and certain other practitioners; and/or
 - (B) the ability of Medicaid recipients to receive adequate health care services in an appropriate setting.
- (c) Resource-based fees (RBFs) are based on actual resources required by an economically efficient provider to deliver each individual service and are calculated by multiplying the applicable relative value unit (RVU) times a conversion factor.

State of Texas Attachment 4.19-B Page 1a.2

- (1) \$23.220 Effective September 1, 2007 for obstetrical anesthesia services to clients under 21 years of age. Implemented with respect to recipients under age 21 pursuant to the order of the court in *Frew v. Hawkins*, Civil Action #3:93/CV65 (Eastern District Paris Division) on April 27, 2007 (Corrective Action Order: Adequate Supply of Healthcare Providers).
- (2) \$19.580 Effective September 1, 2007 for obstetrical anesthesia services to clients 21 years of age and older.
- (d) Access-based fees (ABFs) are developed to account for deficiencies in RBFs relating to adequacy of access to health care services for Medicaid clients and are based upon: (1) historical charges; (2) current total Medicare fee (i.e., RVU times Conversion Factor) for the individual service; (3) review of Medicaid fees paid by other states; (4) survey of providers' costs to provide the individual service; (5) Medicaid fees for similar services; and/or (6) some combination or percentage thereof.
- (e) General guidelines used when updating Medicaid fees for services provided by physicians and certain other practitioners, include, but not limited to the following: updating the Medicaid relative value units (RVUs) to those currently in effect for Medicare and multiplying the updated RVUs by the current Medicaid conversion factor to result in an updated resource-based fee (RBF); increasing the Medicaid conversion factor to increase RBFs for which no RVU update is required in order to increase access to services; changing an existing RBF to an access-based fee (ABF) when the RBF methodology does not provide sufficient access to care; and changing an existing ABF to a RBF as appropriate.
- (f) When a procedure code is nationally discontinued, a replacement procedure code is nationally assigned for the discontinued procedure code, and Medicaid implements the replacement procedure code, a state plan amendment will not be submitted since the fee for the service has not changed.
- (g) All fee schedules are available through the agency's website, as outlined on Attachment 4.19-B, page 1.
- (h) The agency's fee schedule was revised with new fees for physicians effective September 1, 2009, and is effective for services provided on or after that date. The updated fee schedule was posted on the agency's website on October 8, 2009.

State: Texas

Brief Description: This amendment updates the reimbursement rates for tuberculosis (TB) clinics within the physician service fee schedule and removes pages for TB Clinics because they will be paid under the physician service fee schedule. It updates the coverage page to remove descriptions of physician services, which are described and covered under item 5 of Appendix 1 to Attachment 3.1-A and 3.1-B. The fee schedule is posted on the state's website and is uniform for governmental and private providers.
