Dear Mr. Millwee:

We have reviewed the State's proposed amendment to the Texas State Plan submitted under Transmittal Number 10-006, dated March 23, 2010. This amendment updates the fee schedule for Physician Services in the state plan.

Additionally, please note that when the State submits a State Plan Amendment (SPA) that may impact Indians or Indian health providers, CMS will look for evidence of the State's Tribal consultation process for that SPA. Pursuant to the new section 1902(a)(73) of the Act added by section 5006(e) of the American Recovery and Reinvestment Act (ARRA) of 2009, the State must submit evidence to CMS regarding the solicitation of advice prior to submission of the State Plan Amendment. Such consultation must include all federally-recognized tribes, Indian Health Service and Urban Indian Organizations within the State.

Based on the information submitted, we have approved the amendment for incorporation into the official Texas State Plan with an effective date change of January 1, 2010. A copy of the CMS-179 and the approved plan pages are enclosed with this letter.

If you have any questions, please contact Ford J. Blunt at (214) 767-6381.

Sincerely,

A black rectangular redaction box covering the signature of Bill Brooks.

Associate Regional Administrator

- (E) \$23.220 - Effective September 1, 2007 for obstetrical anesthesia services to clients under 21 years of age. Implemented with respect to recipients under age 21 pursuant to the order of the court in *Frew v. Hawkins*, Civil Action #3:93/CV65 (Eastern District – Paris Division) on April 27, 2007 (Corrective Action Order: Adequate Supply of Healthcare Providers).
- (F) \$19.580 - Effective September 1, 2007 for obstetrical anesthesia services to clients 21 years of age and older.
- (d) Access-based fees (ABFs) are developed to account for deficiencies in RBFs relating to adequacy of access to health care services for Medicaid clients and are based upon: (1) historical charges; (2) current total Medicare fee (i.e., RVU times Conversion Factor) for the individual service; (3) review of Medicaid fees paid by other states; (4) survey of providers' costs to provide the individual service; (5) Medicaid fees for similar services; and/or (6) some combination or percentage thereof.
- (e) General guidelines used when updating Medicaid fees for services provided by physicians and certain other practitioners, include, but not limited to the following: updating the Medicaid relative value units (RVUs) to those currently in effect for Medicare and multiplying the updated RVUs by the current Medicaid conversion factor to result in an updated resource-based fee (RBF); increasing the Medicaid conversion factor to increase RBFs for which no RVU update is required in order to increase access to services; changing an existing RBF to an access-based fee (ABF) when the RBF methodology does not provide sufficient access to care; and changing an existing ABF to a RBF as appropriate.
- (f) When a procedure code is nationally discontinued, a replacement procedure code is nationally assigned for the discontinued procedure code, and Medicaid implements the replacement procedure code, a state plan amendment will not be submitted since the fee for the service has not changed.
- (g) All fee schedules are available through the agency's website, as outlined on Attachment 4.19-B, page 1.
- (h) The agency's fee schedule was revised with new fees for physicians effective January 1, 2010, and is effective for services provided on or after that date. This fee schedule was posted on the agency's website on January 9, 2010.
