23. REMARKS

MENTAL HEALTH DIAGNOSTIC AND REHABILITATIVE SERVICES

This payment plan covers rehabilitative mental health and substance use disorder services (hereinafter referred to as mental health services).

Rehabilitative mental health services are paid using a uniform fee schedule. Services are defined by HCPCS codes and prices using a fixed fee schedule. Payments are made to providers on a fee-for-service basis for defined units of service. The state-developed fee schedule rates are the same for both governmental and non-governmental providers.

The agency's fee schedule rates for mental health services were set as of July 1, 2016, and are effective for services provided on or after that date. Fee schedule payments are based on the established fee schedule unless a lower amount is billed. All rates are published at <https://medicaid.utah.gov/>.

To ensure continued access to specialized psychiatric pharmacologic management, when physicians and other qualified prescribers allowed under state law include the CG modifier with evaluation and management code 99213, 99214, 99308, 99309, 99310, 99348 or 99349, then the fee in effect for psychiatric pharmacologic management, procedure code 90862, on December 31, 2012, is used to determine payment. The methodology is not applied if the evaluation and management service is billed with any add-on procedure codes allowed by Current Procedural Terminology (CPT) coding for evaluation and management services.
