XV. Personal Care Services (cont)

B. Service Rates

The fee schedule was last updated July 1, 2012, to be effective for dates of service on and after July 1, 2012. The updates to the fee schedule were due to the following:

- Adjustments to both the non-training and the training portion of the boarding home rate, and
- Adjustments to the adult family home rate based upon increased training requirements and licensing fee

Effective Jan. 1, 2008, the standard hourly rate for individual-provided personal care is based on comparable service units and is determined by the State legislature, based on negotiations between the Governor's Office and the union representing the workers. The rate for personal care services provided by individual providers consists of provider wages and benefits. Benefits include health insurance, training, and industrial insurance.

The rate for personal care services provided by agencies is based on an hourly unit. The agency rate determination corresponds to the rate for individual providers with an additional amount for employer functions performed by the agency.

The rate for personal care provided in boarding homes is based on a per day unit. Each participant is assigned to a classification group based on the State's assessment of their personal care needs. The daily rate varies depending on the individual's classification group. The rates are based on components for provider staff, operations, and capital costs. The rate paid to residential providers does not include room and board.

The rate for personal care provided in an adult family home is based on a per day unit and is determined by the State legislature, based on negotiations between the Governor's Office and the union representing Adult Family Homes.
