RE: Washington State Plan Amendment (SPA) Transmittal Number 14-0009-ABP (MMDL WA.0800R00.00)

Dear Ms. Teeter and Ms. Lindeblad:

The Centers for Medicare & Medicaid Services (CMS) has completed its review of State Plan Amendment (SPA) Transmittal Number 14-0009-ABP. This SPA defines the new Alternative Benefit Package (ABP) for the new adult expansion group.

This SPA is approved effective January 1, 2014.

All requirements pertaining to ABPs must be met including, but not limited to: benefits, payment rates, reimbursement methodologies, cost-sharing state plan pages, and (if applicable) managed care service delivery systems (waivers and contracts). Amendments to the state's approved Medicaid program (SPAs, waivers, contracts) may require corresponding amendments to the ABP if the change to the benefit in the approved State plan will be mirrored in the ABP.

If you have any additional questions concerning this SPA or require further assistance, please contact me or have your staff contact Maria Garza at 206-615-2542 or Maria.Garza@cms.hhs.gov.

Sincerely,

Carol J.C. Peverly Associate Regional Administrator Division of Medicaid and Children's Health Operations

The state/territory has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements. Therefore the state/territory is deemed to have met the requirements for voluntary choice of benefit package for individuals exempt from mandatory participation in a section 1937 Alternative Benefit Plan.

Explain how the state has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements.

Washington State's Medicaid state plan includes the same coverage of the EHB preventive services, including the federal definition of minimum coverage for the Essential Health Benefit. A state plan amendment is being submitted to sections 3.1-A and B to revise the scope of 1905(a) preventive services, address mental health parity, and provide other benefits authorized by the Washington State legislature (dental coverage, naturopathic services.)
