MEDICAID DRUG REBATE PROGRAM

Release No. 10

NOTE TO: All State Medicaid Directors

* * * IMMEDIATE ATTENTION REQUIRED * * *

This notice is to inform you, hopefully, of the last additional drug labeler code that is retroactively effective for the period beginning January 1, 1991. The correspondence for this labeler code was misfiled and just discovered. The new labeler code is 57284 and belongs to the Genderm Corporation which was previously identified to you under their other labeler code of 52761. The contact information is the same for both labeler codes. We ask that you disseminate this information to the pharmacy community as soon as possible. The name and address of the company is as follows:

Genderm Corporation
425 Huehl Road
Northbrook, Illinois 60062
Telephone: (708) 564-5435

Also, we just received a notice from Solvay Pharmaceuticals that Reid-Rowell of Marietta, Georgia (Labeler Code 00032) will become Solvay Pharmaceuticals effective June 14, 1991.

At the request of State technical contact personnel, we are forwarding to you the list containing the names, addresses and telephone numbers of the technical and policy contacts for each State. This information was recently shared with each of the participating drug labelers.

Our personnel remain busy contacting those drug labelers that have not submitted baseline and/or first quarter pricing data. By July 3, we plan to send to each drug labeler a listing of their drug product information to allow them the opportunity to correct existing data or provide new product data before transmission to the States. We remain committed to mailing to you the complete data base on or about July 15.

Finally, we are enclosing another list of those drug labelers that are eligible to participate on July 1. The list is accompanied by the names, addresses and telephone numbers of the legal, financial and technical contacts for each labeler code.

Please continue to refer your questions to us by using the Drug Rebate Hotline number at (301) 966-3249.
