Notes: Program notes	<p>Montana has four programs that operate under the authority of the 1915(b) waiver. The Passport to Health program is the Primary Care Case Management (PCCM) program. Benefits covered include those that are covered by both the monthly PMPM and FFS benefits that could be delivered by a primary provider participating in the Passport to Health Program. The Team Care program is a sub-program of Passport which began in 2004. The Health Improvement program, the EPCCM program, began in 2009 as an enhancement to Passport. The Tribal HIP program was created in April 2007 as a partnership between the Tribal, State and Federal government to address factors that contribute to health disparities in American Indians eligible for Medicaid residing on a reservation. The Nurse First program is the nurse advice line that began in 2004.</p>
