Jennifer Langer Jacobs  
Assistant Commissioner  
Division of Medical Assistance and Health Services  
New Jersey Department of Human Services  
PO Box 712  
Trenton, NJ 08625-0712

Dear Jennifer Langer Jacobs:

In accordance with 42 CFR 438.6(c), the Centers for Medicare & Medicaid Services (CMS) has reviewed and is approving New Jersey's submission of a proposal for delivery system and provider payment initiatives under Medicaid managed care plan contracts. The proposal was received by CMS on April 3, 2023 and a final, updated proposal on June 7, 2023. The proposal has a control name of NJ\_Fee\_IPH3\_Renewal\_20230701-20240630.

Specifically, the following proposal for delivery system and provider payment initiatives (i.e. state directed payment) is approved:

- Uniform dollar increase for inpatient hospital services provided by hospitals in Essex County, for the rating period covering July 1, 2023 through June 30, 2024, incorporated in the capitation rates through a separate payment term of up to \$240,495,335.

This approval letter does not constitute approval of any Medicaid managed care plan contracts or rate certifications for the aforementioned rating period(s), or any specific Medicaid financing mechanism used to support the provider payment arrangement. All other federal laws and regulations apply. This approval letter only satisfies the regulatory requirement pursuant to 42 CFR 438.6(c)(2) for written approval prior to implementation of any payment arrangement described in 42 CFR 438.6(c)(1). Approval of the corresponding Medicaid managed care plan contracts and rate certifications is still required.

The state is always required to submit a contract action(s) to incorporate the contractual obligation for the state directed payment and related capitation rates that include this payment arrangement.

Note that this payment arrangement and all state directed payments must be addressed in the applicable rate certifications. Therefore, CMS strongly recommends that states share this approval letter and the final approved preprint with the certifying actuary. Documentation of all state directed payments must be included in the initial rate certification as outlined in Section I, Item 4 of the [Medicaid Managed Care Rate Development Guide](#). The state and its actuary must ensure all documentation outlined in the Medicaid Managed Care Rate Development Guide is included in the initial rate certification. Failure to provide all required documentation in the rate certification may cause delays in CMS review. CMS is happy to provide technical assistance to states and their actuaries.

As part of the preprint, the state indicated that this state directed payment will be incorporated into the state's rate certification through a separate payment term. As the payment arrangement is addressed through a separate payment term, CMS has several requirements related to this payment arrangement, including but not limited to the requirement that the state's actuary must certify the aggregate amount of the separate payment term and an estimate of the magnitude of the payment on a per member per month (PMPM) basis for each rate cell. Failure to provide all required documentation in the rate certification may cause delays in CMS review. As the PMPM magnitude is an estimate in the initial rate certification, no later than 12 months after the rating period is complete, the state must submit documentation to CMS that incorporates the total amount of the state directed payment into the rate certification's rate cells consistent with the distribution methodology described in the initial rate certification, as if the payment information (e.g., providers receiving the payment, amount of the payment, utilization that occurred, enrollees seen, etc.) had been known when the rates were initially developed. Please submit this documentation to [statedirectedpayment@cms.hhs.gov](mailto:statedirectedpayment@cms.hhs.gov) and include the control name listed for this review along with the rating period.

**The total dollar amount approved for the separate payment term for this state directed payment is \$240,495,335 within the NJ FamilyCare managed care program.** If the total amount of the separate payment term is exceeded from what was approved under this preprint or, the payment methodology is changed from the approved preprint, CMS requires the state to submit a state directed payment preprint amendment. Please note that if the separate payment term amount documented within the rate certification exceeds the separate payment term amount approved under the preprint, then the state will be required to submit a rate certification amendment to address the inconsistencies between the rate certification and the approved preprint.

If you have questions concerning this approval or state directed payments in general, please contact [StateDirectedPayment@cms.hhs.gov](mailto:StateDirectedPayment@cms.hhs.gov).

Sincerely,

Alexis Gibson  
Acting Director, Division of Managed Care Policy  
Center for Medicaid and CHIP Services

## Section 438.6(c) Preprint

---

42 C.F.R. § 438.6(c) provides States with the flexibility to implement delivery system and provider payment initiatives under MCO, PIHP, or PAHP Medicaid managed care contracts (i.e., state directed payments). 42 C.F.R. § 438.6(c)(1) describes types of payment arrangements that States may use to direct expenditures under the managed care contract. Under 42 C.F.R. § 438.6(c)(2)(ii), contract arrangements that direct an MCO's, PIHP's, or PAHP's expenditures under paragraphs (c)(1)(i) through (c)(1)(ii) and (c)(1)(iii)(B) through (D) must have written approval from CMS prior to implementation and before approval of the corresponding managed care contract(s) and rate certification(s). This preprint implements the prior approval process and must be completed, submitted, and approved by CMS before implementing any of the specific payment arrangements described in 42 C.F.R. § 438.6(c)(1)(i) through (c)(1)(ii) and (c)(1)(iii)(B) through (D). Please note, per the 2020 Medicaid and CHIP final rule at 42 C.F.R. § 438.6(c)(1)(iii)(A), States no longer need to submit a preprint for prior approval to adopt minimum fee schedules using State plan approved rates as defined in 42 C.F.R. § 438.6(a).

Submit all state directed payment preprints for prior approval to:  
[StateDirectedPayment@cms.hhs.gov](mailto:StateDirectedPayment@cms.hhs.gov).

### SECTION I: DATE AND TIMING INFORMATION

## SECTION II: TYPE OF STATE DIRECTED PAYMENT

8. In accordance with 42 C.F.R. § 438.6(c)(2)(ii)(A), describe in detail how the payment arrangement is based on the utilization and delivery of services for enrollees covered under the contract. The State should specifically discuss what must occur in order for the provider to receive the payment (e.g., utilization of services by managed care enrollees, meet or exceed a performance benchmark on provider quality metrics).
- a.  Please use the checkbox to provide an assurance that CMS has approved the federal authority for the Medicaid services linked to the services associated with the SDP (i.e., Medicaid State plan, 1115(a) demonstration, 1915(c) waiver, etc.).

*If checked, please answer all questions in Subsection IIB.*

#### **SUBSECTION IIA: VALUE-BASED PAYMENTS (VBP) / DELIVERY SYSTEM REFORM (DSR):**

*This section must be completed for all state directed payments that are VBP or DSR. This section does not need to be completed for state directed payments that are fee schedule requirements.*

**11.** Provide a brief summary or description of the required payment arrangement selected above and describe how the payment arrangement intends to recognize value or outcomes over volume of services. If “other” was checked above, identify the payment model. The State should specifically discuss what must occur in order for the provider to receive the payment (e.g., meet or exceed a performance benchmark on provider quality metrics).

**12.** In Table 1 below, identify the measure(s), baseline statistics, and targets that the State will tie to provider performance under this payment arrangement (provider performance measures). Please complete all boxes in the row. To the extent practicable, CMS encourages states to utilize existing, validated, and outcomes-based performance measures to evaluate the payment arrangement, and recommends States use the [CMS Adult and Child Core Set Measures](#) when applicable. If the state needs more space, please use Addendum Table 1.A and check this box:

1. Baseline data must be added after the first year of the payment arrangement  
 2. If state-developed, list State name for Steward/Developer.  
 3. If this is planned to be a multi-year payment arrangement, indicate which year(s) of the payment arrangement that performance on the measure will trigger payment.  
 4. If the State is using an established measure and will deviate from the measure steward’s measure specifications, please describe here. Additionally, if a state-specific measure will be used, please define the numerator and denominator here.

**13.** For the measures listed in Table 1 above, please provide the following information:

**a.** Please describe the methodology used to set the performance targets for each measure.

**b.** If multiple provider performance measures are involved in the payment arrangement, discuss if the provider must meet the performance target on each measure to receive payment or can providers receive a portion of the payment if they meet the performance target on some but not all measures?

**c.** For state-developed measures, please briefly describe how the measure was developed?

**14. Is the State seeking a multi-year approval of the state directed payment arrangement?**

Yes  No

- a. If this payment arrangement is designed to be a multi-year effort, denote the State's managed care contract rating period(s) the State is seeking approval for.
- b. If this payment arrangement is designed to be a multi-year effort and the State is **NOT** requesting a multi-year approval, describe how this application's payment arrangement fits into the larger multi-year effort and identify which year of the effort is addressed in this application.

**15. Use the checkboxes below to make the following assurances:**

- a.  In accordance with 42 C.F.R. § 438.6(c)(2)(iii)(A), the state directed payment arrangement makes participation in the value-based purchasing initiative, delivery system reform, or performance improvement initiative available, using the same terms of performance, to the class or classes of providers (identified below) providing services under the contract related to the reform or improvement initiative.
- b.  In accordance with 42 C.F.R. § 438.6(c)(2)(iii)(B), the payment arrangement makes use of a common set of performance measures across all of the payers and providers.
- c.  In accordance with 42 C.F.R. § 438.6(c)(2)(iii)(C), the payment arrangement does not set the amount or frequency of the expenditures.
- d.  In accordance with 42 C.F.R. § 438.6(c)(2)(iii)(D), the payment arrangement does not allow the State to recoup any unspent funds allocated for these arrangements from the MCO, PIHP, or PAHP.

**SUBSECTION IIB: STATE DIRECTED FEE SCHEDULES:**

*This section must be completed for all state directed payments that are fee schedule requirements. This section does not need to be completed for state directed payments that are VBP or DSR.*

**16. Please check the type of state directed payment for which the State is seeking prior approval. Check all that apply; if none are checked, proceed to Section III.**

- c.  Uniform Dollar or Percentage Increase (42 C.F.R. § 438.6(c)(1)(iii)(C))

---

<sup>1</sup> Please note, per the 2020 Medicaid and CHIP final rule at 42 C.F.R. § 438.6(c)(1)(iii)(A), States no longer need to submit a preprint for prior approval to adopt minimum fee schedules that use State plan approved rates as defined in 42 C.F.R. § 438.6(a).

17. If the State is seeking prior approval of a fee schedule (options a or b in Question 16):

- a. Check the basis for the fee schedule selected above.
  - i.  The State is proposing to use a fee schedule based on the **State-plan approved rates** as defined in 42 C.F.R. § 438.6(a).<sup>2</sup>
  - ii.  The State is proposing to use a fee schedule based on the **Medicare or Medicare-equivalent rate**.
  - iii.  The State is proposing to use a fee schedule based on an **alternative fee schedule established by the State**.
    1. If the State is proposing an alternative fee schedule, please describe the alternative fee schedule (e.g., 80% of Medicaid State-plan approved rate)
- b. Explain how the state determined this fee schedule requirement to be reasonable and appropriate.

18. If using a maximum fee schedule (option b in Question 16), please answer the following additional questions:

- a.  Use the checkbox to provide the following assurance: In accordance with 42 C.F.R. § 438.6(c)(1)(iii)(C), the State has determined that the MCO, PIHP, or PAHP has retained the ability to reasonably manage risk and has discretion in accomplishing the goals of the contract.
- b. Describe the process for plans and providers to request an exemption if they are under contract obligations that result in the need to pay more than the maximum fee schedule.
- c. Indicate the number of exemptions to the requirement:
  - i. Expected in this contract rating period (estimate)
  - ii. Granted in past years of this payment arrangement
- d. Describe how such exemptions will be considered in rate development.

---

<sup>2</sup> Please note, per the 2020 Medicaid and CHIP final rule at 42 C.F.R. § 438.6(c)(1)(iii)(A), States no longer need to submit a preprint for prior approval to adopt minimum fee schedules that use State plan approved rates as defined in 42 C.F.R. § 438.6(a).

**19.** If the State is seeking prior approval for a uniform dollar or percentage increase (option c in Question 16), please address the following questions:

- a. Will the state require plans to pay a  uniform dollar amount **or** a  uniform percentage increase? (*Please select only one.*)
- b. What is the magnitude of the increase (e.g., \$4 per claim or 3% increase per claim?)
- c. Describe how will the uniform increase be paid out by plans (e.g., upon processing the initial claim, a retroactive adjustment done one month after the end of quarter for those claims incurred during that quarter).
- d. Describe how the increase was developed, including why the increase is reasonable and appropriate for network providers that provide a particular service under the contract

### **SECTION III: PROVIDER CLASS AND ASSESSMENT OF REASONABLENESS**

**20.** In accordance with 42 C.F.R. § 438.6(c)(2)(ii)(B), identify the class or classes of providers that will participate in this payment arrangement by answering the following questions:

a. Please indicate which general class of providers would be affected by the state directed payment (check all that apply):

- inpatient hospital service
- outpatient hospital service
- professional services at an academic medical center
- primary care services
- specialty physician services
- nursing facility services
- HCBS/personal care services
- behavioral health inpatient services
- behavioral health outpatient services
- dental services
- Other:

b. Please define the provider class(es) (if further narrowed from the general classes indicated above).

- c. Provide a justification for the provider class defined in Question 20b (e.g., the provider class is defined in the State Plan.) If the provider class is defined in the State Plan, please provide a link to or attach the applicable State Plan pages to the preprint submission. Provider classes cannot be defined to only include providers that provide intergovernmental transfers.
- 21.** In accordance with 42 C.F.R. § 438.6(c)(2)(ii)(B), describe how the payment arrangement directs expenditures equally, using the same terms of performance, for the class or classes of providers (identified above) providing the service under the contract.
- 22.** For the services where payment is affected by the state directed payment, how will the state directed payment interact with the negotiated rate(s) between the plan and the provider? Will the state directed payment:
- a.  Replace the negotiated rate(s) between the plan(s) and provider(s).
  - b.  Limit but not replace the negotiated rate(s) between the plans(s) and provider(s).
  - c.  Require a payment be made in addition to the negotiated rate(s) between the plan(s) and provider(s).
- 23.** For payment arrangements that are intended to require plans to make a payment in addition to the negotiated rates (as noted in option c in Question 22), please provide an analysis in Table 2 showing the impact of the state directed payment on payment levels for each provider class. This provider payment analysis should be completed distinctly for each service type (e.g., inpatient hospital services, outpatient hospital services, etc.). This should include an estimate of the base reimbursement rate the managed care plans pay to these providers as a percent of Medicare, or some other standardized measure, and the effect the increase from the state directed payment will have on total payment. *Ex: The average base payment level from plans to providers is 80% of Medicare and this SDP is expected to increase the total payment level from 80% to 100% of Medicare.*
- If the state needs more space, please use Addendum 2.A and check this box:

**TABLE 2: Provider Payment Analysis**

24. Please indicate if the data provided in Table 2 above is in terms of a percentage of:

- a.  Medicare payment/cost
- b.  State-plan approved rates as defined in 42 C.F.R. § 438.6(a) (*Please note, this rate cannot include supplemental payments.*)
- c.  Other; Please define:

25. Does the State also require plans to pay any other state directed payments for providers eligible for the provider class described in Question 20b?  Yes  No

*If yes, please provide information requested under the column "Other State Directed Payments" in Table 2.*

- 26.** Does the State also require plans to pay pass-through payments as defined in 42 C.F.R. § 438.6(a) to any of the providers eligible for any of the provider class(es) described in Question 20b?  Yes  No

*If yes, please provide information requested under the column “Pass-Through Payments” in Table 2.*

- 27.** Please describe the data sources and methodology used for the analysis provided in response to Question 23.

- 28.** Please describe the State's process for determining how the proposed state directed payment was appropriate and reasonable.

#### **SECTION IV: INCORPORATION INTO MANAGED CARE CONTRACTS**

- 29.** States must adequately describe the contractual obligation for the state directed payment in the state's contract with the managed care plan(s) in accordance with 42 C.F.R. § 438.6(c). Has the state already submitted all contract action(s) to implement this state directed payment?  Yes  No

**a.** If yes:

- i.** What is/are the state-assigned identifier(s) of the contract actions provided to CMS?
- ii.** Please indicate where (page or section) the state directed payment is captured in the contract action(s).

**b.** If no, please estimate when the state will be submitting the contract actions for review.

**SECTION V: INCORPORATION INTO THE ACTUARIAL RATE CERTIFICATION**

*Note: Provide responses to the questions below for the first rating period if seeking approval for multi-year approval.*

**30.** Has/Have the actuarial rate certification(s) for the rating period for which this state directed payment applies been submitted to CMS?  Yes  No

**a.** If no, please estimate when the state will be submitting the actuarial rate certification(s) for review.

**b.** If yes, provide the following information in the table below for each of the actuarial rate certification review(s) that will include this state directed payment.

**Table 3: Actuarial Rate Certification(s)**

<b>iv.</b>			
<b>v.</b>			

*Please note, states and actuaries should consult the most recent [Medicaid Managed Care Rate Development Guide](#) for how to document state directed payments in actuarial rate certification(s). The actuary’s certification must contain all of the information outlined; if all required documentation is not included, review of the certification will likely be delayed.)*

**c.** If not currently captured in the State’s actuarial certification submitted to CMS, note that the regulations at 42 C.F.R. § 438.7(b)(6) requires that all state directed payments are documented in the State’s actuarial rate certification(s). CMS will not be able to approve the related contract action(s) until the rate certification(s) has/have been amended to account for all state directed payments. Please provide an estimate of when the State plans to submit an amendment to capture this information.

- 31.** Describe how the State will/has incorporated this state directed payment arrangement in the applicable actuarial rate certification(s) (please select one of the options below):
- a.  An adjustment applied in the development of the monthly base capitation rates paid to plans.
  - b.  Separate payment term(s) which are captured in the applicable rate certification(s) but paid separately to the plans from the monthly base capitation rates paid to plans.
  - c.  Other, please describe:
- 32.** States should incorporate state directed payment arrangements into actuarial rate certification(s) as an adjustment applied in the development of the monthly base capitation rates paid to plans as this approach is consistent with the rate development requirements described in 42 C.F.R. § 438.5 and consistent with the nature of risk-based managed care. For state directed payments that are incorporated in another manner, particularly through separate payment terms, provide additional justification as to why this is necessary and what precludes the state from incorporating as an adjustment applied in the development of the monthly base capitation rates paid to managed care plans.
- 33.**  In accordance with 42 C.F.R. § 438.6(c)(2)(i), the State assures that all expenditures for this payment arrangement under this section are developed in accordance with 42 C.F.R. § 438.4, the standards specified in 42 C.F.R. § 438.5, and generally accepted actuarial principles and practices.

- c. Provide information or documentation regarding any written agreements that exist between the State and healthcare providers or amongst healthcare providers and/or related entities relating to the non-federal share of the payment arrangement. This should include any written agreements that may exist with healthcare providers to support and finance the non-federal share of the payment arrangement. Submit a copy of any written agreements described above.

**36. For any state directed payments funded by provider taxes/assessments (option c in Question 34),**

 Yes  No

38.  **For all state directed payment arrangements**, use the checkbox to provide an assurance that in accordance with 42 C.F.R. § 438.6(c)(2)(ii)(E), the payment arrangement does not condition network provider participation on the network provider entering into or adhering to intergovernmental transfer agreements.

## **SECTION VII: QUALITY CRITERIA AND FRAMEWORK FOR ALL PAYMENT ARRANGEMENTS**

- 39.**  Use the checkbox below to make the following assurance, “In accordance with 42 C.F.R. § 438.6(c)(2)(ii)(C), the State expects this payment arrangement to advance at least one of the goals and objectives in the quality strategy required per 42 C.F.R. § 438.340.”
- 40.** Consistent with 42 C.F.R. § 438.340(d), States must post the final quality strategy online beginning July 1, 2018. Please provide:
- a.** A hyperlink to State’s most recent quality strategy:
  - b.** The effective date of quality strategy.
- 41.** If the State is currently updating the quality strategy, please submit a draft version, and provide:
- a.** A target date for submission of the revised quality strategy (month and year):
  - b.** Note any potential changes that might be made to the goals and objectives.

*Note: The State should submit the final version to CMS as soon as it is finalized. To be in compliance with 42 C.F.R. § 438.340(c)(2) the quality strategy must be updated no less than once every 3-years.*

**42.** To obtain written approval of this payment arrangement, a State must demonstrate that each state directed payment arrangement expects to advance at least one of the goals and objectives in the quality strategy. In the Table 7 below, identify the goal(s) and objective(s), as they appear in the Quality Strategy (include page numbers), this payment arrangement is expected to advance. If additional rows are required, please attach.

**43.** Describe how this payment arrangement is expected to advance the goal(s) and objective(s) identified in Table 7. If this is part of a multi-year effort, describe this both in terms of this year’s payment arrangement and in terms of that of the multi-year payment arrangement.

**44.** Please complete the following questions regarding having an evaluation plan to measure the degree to which the payment arrangement advances at least one of the goals and objectives of the State's quality strategy. To the extent practicable, CMS encourages States to utilize existing, validated, and outcomes-based performance measures to evaluate the payment arrangement, and recommends States use the [CMS Adult and Child Core Set Measures](#), when applicable.

- a.**  In accordance with 42 C.F.R. § 438.6(c)(2)(ii)(D), use the checkbox to assure the State has an evaluation plan which measures the degree to which the payment arrangement advances at least one of the goals and objectives in the quality strategy required per 42 C.F.R. § 438.340, and that the evaluation conducted will be *specific* to this payment arrangement. *Note:* States have flexibility in how the evaluation is conducted and may leverage existing resources, such as their 1115 demonstration evaluation if this payment arrangement is tied to an 1115 demonstration or their External Quality Review validation activities, as long as those evaluation or validation activities are *specific* to this payment arrangement and its impacts on health care quality and outcomes.

- b. Describe how and when the State will review progress on the advancement of the State’s goal(s) and objective(s) in the quality strategy identified in Question 42. For each measure the State intends to use in the evaluation of this payment arrangement, provide in Table 8 below: 1) the baseline year, 2) the baseline statistics, and 3) the performance targets the State will use to track the impact of this payment arrangement on the State’s goals and objectives. Please attach the State’s evaluation plan for this payment arrangement.

1. If the State will deviate from the measure specification, please describe here. If a State-specific measure will be used, please define the numerator and denominator here. Additionally, describe any planned data or measure stratifications (for example, age, race, or ethnicity) that will be used to evaluate the payment arrangement.

- c. If this is any year other than year 1 of a multi-year effort, describe (or attach) prior year(s) evaluation findings and the payment arrangement's impact on the goal(s) and objective(s) in the State's quality strategy. Evaluation findings must include 1) historical data; 2) prior year(s) results data; 3) a description of the evaluation methodology; and 4) baseline and performance target information from the prior year(s) preprint(s) where applicable. If full evaluation findings from prior year(s) are not available, provide partial year(s) findings and an anticipated date for when CMS may expect to receive the full evaluation findings.

Evaluation Metrics	
Data source(s) and Year(s) of data used to calculate the evaluation metrics.	The data used to calculate the evaluation metrics was sourced from hospital information management systems (Electric Medical Records, Administrative data, Hospital safety reporting) for the first performance year (CY2022). To evaluate future performance, the average national performance is provided as the program baseline for each metric.
Please confirm that the data used to calculate the evaluation metrics was limited to Medicaid Managed Care Enrollees.	We confirm that the data used to calculate the evaluation metrics was limited to Medicaid Managed Care enrollees.
Please confirm that the data used to calculate the evaluation metrics was limited to providers participating in the payment arrangement.	We confirm that the data used to calculate the evaluation metrics was limited to providers participating in the payment arrangement.
Evaluation Methodology	
Please identify the entity conducting the evaluation.	New Jersey Division of Medical Assistance and Health Services' (DMAHS) contracted vendor.
Please describe the analytic methods used to understand the impact of the payment arrangement. For example, comparison groups, pre-post study design, etc.	DMAHS compared the individual performance of each participant against the national average for each quality measure. As the program matures, DMAHS will utilize future performance to analyze each participant's progress in reducing the gap between national average and hospital performance.
Please share any limitations of the state's evaluation plan.	The state's evaluation is intended to view performance over time. This is the first year of data collection.
Findings	
Please share the state's assessment of the impact of this payment arrangement.	New Jersey Division of Medical Assistance and Health Services' (DMAHS) defers an assessment of this program to the next program renewal.
Please share any relevant context (e.g., changes to the managed care program, COVID-19) that may have impacted the evaluation results.	This directed payment program was implemented during the national health emergency caused by COVID-19, which has resulted in dramatic changes in utilization and patient health habits. At this time, it is unknown how the pandemic will impact long-term measure performance.
For all evaluation metrics that did not improve over baseline, please share any plans the state has to address declining performance.	DMAHS will work with Essex County to address performance below national average and to understand improvement initiative at each participating hospital.
