Dear Ms. Brooks-LaSure & Ms. Rashid:

The Guam Medicaid Program acknowledges the approval of the award from CMS for Guam's request for an 1115 demonstration titled, "Guam Alternative Drug Coverage Program Demonstration" (Project Number 11-W-00427/9). We understand that this "demonstration" provides an exemption for Guam from participating in the MDRP in compliance with the requirements in section 1927 for the provision of our prescribed drug coverage consistent with section 1902(a)(54) of the Social Security Act (the Act).

Furthermore, we understand and accept that the continued approval of our demonstration award is contingent on our compliance with the waiver authority and special terms and conditions (STCs) that are stated and set forth in the award letter we received dated April 7, 2023. Since this will be Guam's first demonstration project, we look forward to our continued communications with our project officer, Ms. Felicia Pailen, as we endeavor to complete this project demonstration and meet all the STC requirements.

Sincerely,

Teresita C. Gumataotao
BHCFA (Guam Medicaid) Administrator
