

Overview: The Medicaid Section 1115 Eligibility and Coverage Demonstrations Monitoring Report contains information on the following policies:¹

- 1. Premiums or account payments (PR)
- 2. Health behavior incentives (HB)
- 3. Community engagement (CE)
- 4. Retroactive eligibility waivers (RW)
- 5. Non-eligibility periods (NEP)

Each state with an approved eligibility and coverage demonstration will receive a customized version of the Monitoring Report Template that includes each eligibility and coverage policy in its demonstration and the sections applicable for the demonstration overall. If the eligibility and coverage policies are part of a broader section 1115 demonstration, the state should report on the entire demonstration in the sections that apply to all eligibility and coverage demonstrations. In those situations, CMS will work with the state to ensure there is no duplication in the reporting requirements for different components of the demonstration. For more information, the state should contact the section 1115 eligibility and coverage demonstration monitoring and evaluation mailbox (1115MonitoringandEvaluation@cms.hhs.gov), copying the state's CMS demonstration team on the message.

¹ For other eligibility and coverage policies, such as non-emergency medical transportation and marketplace-focused premium assistance, see general guidance for monitoring and evaluation available on Medicaid.gov.

1. Title page for the state's eligibility and coverage demonstration or eligibility and coverage policy components of the broader demonstration

The state should complete this title page at the beginning of a demonstration and submit as the title page of all monitoring reports. The content of this table should stay consistent over time.

This section collects information on the state's section 1115 demonstration overall, followed by information for each eligibility and coverage policy. This form should be submitted as the title page for all eligibility and coverage monitoring reports. The content of this table should stay consistent over time. Definitions for certain rows are provided below the table.

Overall section 1115 demonstration					
State	Iowa				
Demonstration name	Iowa Wellness Plan section 1115 demonstration				
Approval period for section 1115 demonstration	01/01/2020-12/31/2024				
Demonstration year and quarter	EandC DY2Q4				
Reporting period	01/01/2022 - 03/31/2022				
Premiu	ms or account payments				
Premiums or account payments start date ^a	01/01/2020				
Implementation date, if different from premiums or account payments start date ^b	N/A				
Healt	th behavior incentives				
Health behavior incentives start date	01/01/2020				
Implementation date, if different from health behavior incentives start date	N/A				
Retroactive eligibility waiver					
Retroactive eligibility waiver start date	01/01/2020				
Implementation date, if different from retroactive eligibility waiver start date	N/A				

^a **Start date:** For monitoring purposes, CMS defines the start date of the demonstration as the "effective date" listed in the state's STCs at time of eligibility and coverage demonstration approval. For example, if the state's STCs at the time of eligibility and coverage demonstration approval note that the demonstration is effective January 1, 2020 – December 31, 2025, the state should consider January 1, 2020 to be the start date of the demonstration. Note that the effective date of the eligibility and coverage demonstration may differ from the date CMS approved the demonstration.

^b **Implementation date of policy:** The date the state implemented each eligibility and coverage policy in its demonstration.

2. Executive summary (500 words or less)

Iowa continued to work on & develop the new quality metrics for 1115 waiver reporting in the 1st Quarter.

Iowa continues to process passive renewals on recertifications in the 1st Quarter but stopped advancing the renewal date 3 months into the future on the ones that could not be passively renewed. On these recertifications that cannot be passively renewed, renewal dates now remained untouched. This has resulted in several old renewal dates, and the sharp decrease in members eligible for renewal.

In the 1st Quarter, Iowa reduced the number of reviews issued to clients and began focusing more on acting on changes reported. Review forms were still being issued as of the 1st quarter, but at a lower volume than they were before.

The MCO's in the DWP continued outreach efforts to new members this quarter. Both MCO's partner with the IDPH (Iowa Department of Public Health) in various programs to benefit members and the community they live in. One program, named the Lifelong Smiles Coalition, reaches out to homebound elderly members to care for their dental health, as poor dental health has been found to be related to many other health issues, dementia, and other things.

Work continues on the IWP Process Evaluation Report from the Public Policy Center and the University of Iowa. Key stakeholders were interviewed during this quarter, interviews transcribed, and a qualitative analysis was completed. Editing of rough drafts for accuracy are in progress.

Additional information about the IWP can be found at <u>https://dhs.iowa.gov/IHAWP</u>. Please contact Jeanette Brandner at 515-630-9703 or <u>jbrandn@dhs.state.ia.us</u> should you have any questions about this report.

PR.Mod_7.2 Implementation update			
 7.2.1 Describe whether the state has developed or enhanced its systems capabilities as described in the implementation plan for: 7.2.1.i Accepting premiums or account payments 	X		The state is reviewing the process of resuming the accepting and tracking of premiums after the PHE ends.
7.2.1.ii Tracking premiums or account payments			See above
7.2.1.iii Establishing beneficiary accounts (if applicable)	Х		N/A
7.2.1.iv Operationalizing compliance actions (if applicable)	Х		N/A
7.2.2 Describe any additional systems modifications that the state is planning to implement.	Х		No changes
PR.Mod_8. State-specific metrics			
PR.Mod_8.1 Metric trends			
8.1.1 Discuss any data trends related to state-specific metrics. Describe and explain changes (+ or -) greater than two percent.	X		No state specific metrics

Prompt	State has no trends/ update (place an X)	Related metric(s) (if any)	State response
Health behavior incentives			
HB.Mod_1. Health behavior incentives			
HB.Mod_1.1 Metric trends			
1.1.1 Discuss any data trends related to the enrollment among beneficiaries subject to health behavior incentives. Describe and explain changes (+ or -) greater than two percent.	X	HB_1	Due to the public health emergency the state has suspended premiums (contributions) during this quarter and therefore no healthy behaviors have been implemented. Even though the healthy behaviors program is not being implemented, the state was able to pull data associated with this metric.
 1.1.2 Discuss any data trends related to: the below. Describe and explain changes (+ or -) greater than two percent. 1.1.2.i Beneficiaries using all incentivized health behaviors, by service 	X	HB_2	Due to the public health emergency the state has suspended premiums (contributions) during this quarter and therefore no healthy behaviors have been implemented. Even though the healthy behaviors program is not being implemented, the state was able to pull data associated with this metric.
1.1.2.ii Beneficiaries using incentivized health behaviors documented through claims, by service	X	HB_3	Due to the public health emergency the state has suspended premiums (contributions) during this quarter and therefore no healthy behaviors have been implemented. Even though the healthy behaviors program is not being implemented, the state was able to pull data associated with this metric.
1.1.2.iii Beneficiaries using incentivized behaviors not documented through claims, by service	X	HB_4	Due to the public health emergency the state has suspended premiums (contributions) during this quarter and therefore no healthy behaviors have been implemented. Even though the healthy behaviors program is not being implemented, the state was able to pull data associated with this metric.

Prompt	State has no trends/ update (place an X)	Related metric(s) (if any)	State response
1.1.3 Discuss any data trends related to beneficiaries granted a reward, such as premium reductions, financial rewards, or additional covered benefits, for completion of incentivized health behaviors. Describe and explain changes (+ or -) greater than two percent.	Х	HB_5-7	The state does not report these metrics.
HB.Mod_1.2 Implementation update			
 1.2.1 Compared to the demonstration design details outlined in the STCs, describe any changes or expected changes to how the state identifies and defines: 1.2.1.i Beneficiaries subject to health behavior incentives 	X		The state plans to continue communication with CMS on the discontinuance of the healthy benefits and premiums for the DWP once the PHE ends.
1.2.1.ii Beneficiaries exempt from health behaviors incentives	Х		Due to the public health emergency the state has suspended premiums (contributions) during this quarter and therefore no healthy behaviors have been implemented.
1.2.1.iii Incentivized health behaviors that beneficiaries can complete	Х		Due to the public health emergency the state has suspended premiums (contributions) during this quarter and therefore no healthy behaviors have been implemented.
1.2.1.iv Rewards granted for the completion of incentivized health behaviors	Х		Due to the public health emergency the state has suspended premiums (contributions) during this quarter and therefore no healthy behaviors have been implemented.
1.2.1.v Other policy changes	X		Due to the public health emergency the state has suspended premiums (contributions) during this quarter and therefore no healthy behaviors have been implemented.
1.2.2 Describe any communication with beneficiaries about health behavior incentives.			A Healthy Behaviors Member Phone Survey began in the field on 12/2021. The survey continued through 1 st Quarter. Response rates were monitored weekly, and methods were strategized to improve response rates. A second notice of the phone survey was sent to members via postcard to those who hadn't responded.

Prompt	State has no trends/ update (place an X)	Related metric(s) (if any)	State response
1.2.3 Describe any outreach or educational activities to providers, managed care organizations, or other partners about programs that incentivize particular health behaviors.	Х		The state is reviewing outreach and education activities for reinstating HB after the PHE ends.
1.2.4 Highlight significant demonstration operations or policy considerations that impacted or could impact beneficiary participation, demonstration enrollment or rewards granted for completion of incentivized health behaviors. Note any activity that may accelerate or impede the policy's implementation.	X		Due to the public health emergency the state has suspended premiums (contributions) during this quarter and therefore no healthy behaviors have been implemented.
HB.Mod_2. State-specific metrics			
HB.Mod_2.1 Metric trends			
2.1.1 Discuss any data trends related to state-specific metrics. Describe and explain changes (+ or -) greater than two percent.	Х		Due to the public health emergency the state has suspended premiums (contributions) during this quarter and therefore no healthy behaviors have been implemented.

RW.Mod_1.1 Metric trends			
1.1.1 Discuss any data trends related to beneficiaries subject to retroactive eligibility waivers. Describe and explain changes (+ or -) greater than two percent.	X	Insert the metric related to the trend reported. RW_1-3	The state was able to develop a reporting mechanism for the numerator of the RW_1 metric for the IHAWP plan, however is still unable to report any subpopulations associated with it. The state is unable to report RW_1 at all for the DWP.
RW.Mod_1.2 Implementation update	1	1	
1.2.1 Compared to the demonstration design details outlined in the implementation plan, describe any changes or expected changes to how the state will determine whether beneficiaries are exempt from the retroactive eligibility waiver.	X		No changes anticipated
1.2.2 Compared to the demonstration design details outlined in the implementation plan, describe any modifications or expected modifications to Medicaid applications to reflect the retroactive eligibility waiver.	X		No changes anticipated
1.2.3 Report any modifications to the appeals processes for beneficiaries subject to retroactive eligibility waivers.	X		No modifications to the appeals process.
RW.Mod_2. Develop comprehensive communications	strategy		
RW.Mod_2.1 Metric trends – No metric trend analysis	s is required for t	his reporting topic.	
RW.Mod_2.2 Implementation update			
2.2.1 Compared to the details outlined in the implementation plan, describe any change or expected changes to the state's strategy for communicating to beneficiaries about changes to retroactive eligibility policies.	X		No changes have occurred.
2.2.2 Describe any communication or outreach that was conducted with partner organizations, including managed care organizations and community organizations.	Х		No additional communication has occurred

Prompt	State has no trends/ update (place an X)	Related metric(s) (if any)	State response
2.2.3 Describe any communication or outreach that was conducted with providers.	Х		No additional communication has occurred
RW.Mod_3. State-specific metrics			
RW.Mod_3.1 Metric trends			
3.1.1 Discuss any data trends related to state-specific metrics. Describe and explain changes (+ or -) greater than two percent.	Х		No state specific measures

4. Narrative information on implementation for any demonstration with eligibility and coverage policies

Prompt AD.Mod_1. Metrics and operations for any demonstr for reporting on the state's broader section 1115 dem across states, report for <u>all beneficiaries in the demon</u>	onstration. In su	pport of CMS's eff	forts to simplify data collection and support analysis
AD.Mod_1.1. Metric trends			
1.1.1 Discuss any data trends related to overall enrollment in the demonstration. Describe and explain changes (+ or -) greater than two percent.		AD_1-5	At the end of this quarter, Iowa had 237,760 total enrollees in the Iowa Wellness Plan (IWP). This is a 3.0% increase from the prior quarter. The average number of new enrollees per month over the 1 st quarter was 2,204, decreasing 23% from the prior quarter. This is, in part, to the higher number of new enrollees from the 4 th quarter due to the annual open enrollment period from the federal marketplace. Even though the federal enrollment period was extended partially into the 1 st quarter, the bulk of the eligibility referrals came to Iowa Medicaid in the 4 th Quarter. Although the numbers show children under 19 enrolled in the IWP, these numbers are due to technical errors due to overrides in the eligibility system due to the PHE and are being addressed to correct the issue.

Prompt 1.1.2 Discuss any data trends related to mid-year loss of demonstration eligibility. At a minimum, changes (+ or -) greater than two percent should be described.	State has no trends/ update (place an X)	Related metric(s) (if any) AD_6-10	State response The number of beneficiaries that were determined ineligible for reasons other than renewal increased 4%, and due to a change in circumstances increased 5%. The count of beneficiaries no longer eligible due to transfer to another Medicaid group, decreased 84%. This is due to the field shifting focus more heavily to members reporting changes, rather than processing renewals. The field performed a temporary test during this period of cold-calling members to obtain eligibility information over the phone to process change reports. Members determined to be ineligible still remain on IWP as per the MOE.
1.1.3 Discuss any data trends related to enrollment duration at time of disenrollment. Describe and explain changes (+ or -) greater than two percent.	X	AD_11-13	Not reported by the State of Iowa.
1.1.4 Discuss any data trends related to renewals. Describe and explain changes (+ or -) greater than two percent.		AD_14-22	The average number of beneficiaries who renewed ex parte per month during this quarter is 9,325, down 13% from the prior quarter. The number of beneficiaries due for renewal decreased 33%. This is due to the field's process change in the 1 st quarter that stopped advancing the renewal dates by 3 months for the members who could not be passively renewed, and leaving the renewal dates "as is" instead, letting these dates age.
1.1.5 Discuss any data trends related to cost sharing limits. Describe and explain changes (+ or -) greater than two percent.	X	AD_23	Iowa does not report this metric
1.1.6 Discuss any data trends related to appeals and grievances. Describe and explain changes (+ or -) greater than two percent.	X	AD_24-27	Iowa does not report this metric

Prompt	State has no trends/ update (place an X)	Related metric(s) (if any)	State response	
1.1.7 Discuss any data trends related to access to care. Describe and explain changes (+ or -) greater than two percent.		AD_28-36	There was only a 2% increase in the number of primary care and specialist provider availability. However, there was a 10% decrease in PCP active participation and an 18% decrease in specialist provider participation. Monthly provider townhalls are being held with the Medicaid director, staff, and MCO's to obtain feedback from providers to identify issues of abrasion, and also to celebrate successes. We will continue to monitor trends as we develop a baseline for these newer measures.	
1.1.8 Discuss any data trends related to quality of care and health outcomes. Describe and explain changes (+ or -) greater than two percent.	Х	AD_37-43	Iowa will monitor for trends with the next annual report due in November 2022.	
1.1.9 Discuss any data trends related to administrative costs. Describe and explain changes (+ or -) greater than two percent.	X	AD_44	Iowa will monitor for trends with the next annual report due in November 2022.	
AD.Mod_1.2. Implementation update				
1.2.1 Highlight significant demonstration operations or policy considerations that could positively or negatively impact beneficiary enrollment, compliance with requirements, access to services, timely provision of services, budget neutrality, or any other provision that has potential for beneficiary impacts. Also note any activity that may accelerate or create delays or impediments in achieving the demonstration's approved goals or objectives, if not already reported elsewhere in this document. See Monitoring Report Instructions for more detail.	X		Due to maintenance of effort requirements during the PHE, Iowa has not been disenrolling members thus the enrollment numbers maybe higher than normal.	
AD.Mod_2. State-specific metrics				
AD.Mod_2.1 Metric trends				
2.1.1 Discuss any data trends related to state-specific metrics. Discuss each state- specific metric trend in a separate row. Describe and explain changes (+ or -) greater than two percent.X		N/A		

5. Narrative information on other reporting topics

Prompt	State has no update (place an X)	State response	
1. Budget neutrality			
1.1 Current status and analysis			
1.1.1 Discuss the current status of budget neutrality and provide an analysis of the budget neutrality to date. If the eligibility and coverage policy component is part of a comprehensive demonstration, the state should provide an analysis of the eligibility and coverage policy related budget neutrality and an analysis of budget neutrality as a whole.	X	N/A	
1.2 Implementation update			
1.2.1 Describe any anticipated program changes that may impact financial/budget neutrality.	Х	N/A	

Prompt	State has no update (place an X)	State response		
2. Eligibility and coverage demonstration evaluation update				
2.1 Narrative information				
2.1.1 Provide updates on eligibility and coverage policy evaluation work and timeline. The appropriate content will depend on when this report is due to CMS and the timing for the demonstration. There are specific requirements per Code of Federal Regulations for annual monitoring reports. See Monitoring Report Instructions for more details.		 1st Quarter work on the provider survey for the DWP continues. Data sets were cleaned in preparation for analysis of the survey results. Analysis of the survey data began in the 1st quarter. A Member Experiences Survey for IWP is being developed. During 1st quarter, a project plan was developed for this survey, and timeframes and estimates from vendors were obtained in executing this survey. Survey questions were developed for the NEMT waiver. IWP members who are medically exempt are eligible for NEMT benefits. 		
2.1.2 Provide status updates on deliverables related to the demonstration evaluation and indicate whether the expected timelines are being met and/or if there are any real or anticipated barriers in achieving the goals and timeframes agreed to in the STCs.		The Member Experiences Survey is targeted to be fielded in the summer of 2022. The work on the survey questions for the NEMT waiver had just begun. No timeframe has been set at this time for completion.		
2.1.3 List anticipated evaluation-related deliverables related to this demonstration and their due dates.	X	N/A		

	State has no	
	update	
Prompt	(place an X)	State response
3. Other demonstration reporting		
3.1 General reporting requirements		
3.1.1 Describe whether the state foresees the need to make future changes to the STCs, implementation plan, or monitoring protocol, based on expected or upcoming implementation changes.		Iowa will need to make changes to the STCs to remove Dental HB, prior to the end of the PHE. We are in communication with CMS on this issue.
 3.1.2 Compared to the details outlined in the STCs and the monitoring protocol, describe whether the state has formally requested any changes or whether the state expects to formally request any changes to: 3.1.2.i The schedule for completing and submitting monitoring reports 		Iowa has submitted a letter of intent to remove HB & contributions from the Dental Wellness Plan.
3.1.2.ii The content or completeness of submitted monitoring reports and or future monitoring reports	Х	
3.1.3 Describe whether the state has identified any real or anticipated issues submitting timely post-approval demonstration deliverables, including a plan for remediation.		Work is continuing to identify pregnant women in the IWP to ensure there will continue to be no cost sharing for these members once the PHE ends.
3.2 Post-award public forum		
3.2.1 If applicable within the timing of the demonstration, provide a summary of the annual post-award public forum held indicating any resulting action items or issues. A summary of the post-award public forum should be included here for the period during which the forum was held and in the annual monitoring report.	X	N/A

Prompt	State has no update (place an X)	State response
4. Notable state achievements and/or innovations		
4.1 Narrative information		
4.1.1 Provide any relevant summary of achievements and/or innovations in demonstration enrollment, benefits, operations, and policies (1) pursuant to the eligibility and coverage policy hypotheses (or if broader demonstration, then eligibility and coverage policy related) or (2) that served to provide better care for individuals, better health for populations, and/or reduce per capita cost. Achievements should focus on significant impacts to beneficiary outcomes. Whenever possible, the summary should describe the achievement or innovation in quantifiable terms, e.g., number of impacted beneficiaries.		The average number of new enrollees for the IWP per month over the 1 st quarter was 2,204. This demonstrates the continued need for health care coverage for individuals ages 19-64.

Note: States must prominently display the following notice on any display of measure rates based on NCQA technical specifications for 1115 eligibility and coverage demonstration monitoring metrics:

Measures MSC-AD, FUA-AD, FUM-AD, and IET_AD (metrics AD_38A, AD_39, and AD_40) are Healthcare Effectiveness Data and Information Set (HEDIS®) measures that are owned and copyrighted by the National Committee for Quality Assurance (NCQA). HEDIS measures and specifications are not clinical guidelines, do not establish a standard of medical care and have not been tested for all potential applications. The measures and specifications are provided "as is" without warranty of any kind. NCQA makes no representations, warranties or endorsements about the quality of any product, test or protocol identified as numerator compliant or otherwise identified as meeting the requirements of a HEDIS measure or specification. NCQA makes no representations, warranties, or endorsement about the quality of any organization or clinician who uses or reports performance measures and NCQA has no liability to anyone who relies on HEDIS measures or specifications or data reflective of performance under such measures and specifications.

The measure specification methodology used by CMS is different from NCQA's methodology. NCQA has not validated the adjusted measure specifications but has granted CMS permission to adjust. A calculated measure result (a "rate") from a HEDIS measure that has not been certified via NCQA's Measure Certification Program, and is based on adjusted HEDIS specifications, may not be called a "HEDIS rate" until it is audited and designated reportable by an NCQA-Certified HEDIS Compliance Auditor. Until such time, such measure rates shall be designated or referred to as "Adjusted, Uncertified, Unaudited HEDIS rates."

Limited proprietary coding is contained in the measure specifications and HEDIS VS for convenience. Users of the proprietary code sets should obtain all necessary licenses from the owners of these code sets. NCQA disclaims all liability for use or accuracy of any coding contained in the specifications and HEDIS VS.

The American Medical Association holds a copyright to the CPT® codes contained in the measure specifications and HEDIS VS.

The American Hospital Association holds a copyright to the Uniform Billing Codes ("UB") contained in the measure specifications and HEDIS VS. The UB Codes are included with the permission of the AHA. Anyone desiring to use the UB Codes in a commercial product to calculate measure results, or for any other commercial use, must obtain a commercial use license directly from the AHA. To inquire about licensing, contact ub04@aha.org.
