RE: California State Plan Amendment Transmittal Number 22-0027

Dear Ms. Cooper:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number 22-0027. This amendment, effective July 1, 2022, extends the Private Hospital Supplemental Fund program for the state fiscal year ending 2023.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a), and 1923 of the Social Security Act and the implementing Federal regulations at 42 CFR 447 Subpart C. We have found that the proposed reimbursement methodology complies with applicable requirements and therefore have approved it with an effective date of July 1, 2022. We are enclosing the CMS-179 and the amended approved plan pages.

If you have any questions, please contact Mark Wong at (415) 744-3561 or mark.wong@cms.hhs.gov.

Sincerely,

Rory Howe
Director

**STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
STATE: CALIFORNIA**

SUPPLEMENTAL REIMBURSEMENT FOR QUALIFIED PRIVATE HOSPITALS

This segment of the State Plan describes an enhanced Medi-Cal payment for private hospitals that have a need for assistance in ensuring the availability of essential services for Medi-Cal beneficiaries, and that meet the requirements in Sections A and B below.

The Private Hospital Supplemental Fund Program (PHSF) was established under Social Security Act (SSA) section 1915(b) waiver (and starting in 2005 under a SSA section 1115(a) Medicaid Demonstration) granting the Department of Health Care Services (DHCS) its authority to make PHSF supplemental payments to hospitals participating in the Medi-Cal Selective Provider Contracting Program (SPCP). The SPCP ended on June 30, 2013. This section of Attachment 4.19-A is written to continue the Department's federal authority for State Fiscal Years (SFYs) 2015-16, 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, and 2021-22, and to extend the authority through SFY 2022-23, to provide supplemental reimbursement payments to private hospitals participating in the PHSF.

A. DEFINITION OF A PRIVATE HOSPITAL

A private hospital is defined as a hospital that is Medi-Cal Certified and meets all of the following conditions:

1. Is licensed pursuant to subdivision (a) of section 1250 of the Health and Safety Code, as the law was in effect on July 1, 2015.
2. Is in the Charitable Research Hospital peer group, as set forth in the 1991 Hospital Peer Grouping Report published by the Department, or is not designated as a specialty hospital in the hospital's Office of Statewide Health Planning and Development Annual Financial Disclosure Report for the hospital's latest fiscal year.
3. Does not satisfy the Medicare criteria to be classified as a long-term care hospital.
4. Is a nonpublic hospital, nonpublic converted hospital, or converted hospital as those terms are defined in paragraphs (26) to (28), inclusive, respectively, of subdivision (a) of section 14105.98 of the Welfare & Institutions Code, as the law was in effect on July 1, 2015.

SUPPLEMENTAL REIMBURSEMENT FOR QUALIFIED PRIVATE HOSPITALS

3. The hospital meets the definition of any of the following:
 - a. A large teaching emphasis hospital, as set forth on page 51 and listed on page 57 of the DHS report dated May 1991, entitled "Hospital Peer Grouping", and also satisfies the Medicaid State Plan criteria for DSH status.
 - b. A children's hospital, as the law was in effect on July 1, 2015, and also satisfies the Medicaid State Plan criteria for DSH status.
 - c. Notwithstanding the requirement in subparagraph (A) that a hospital must be listed on page 57 of the DHS report dated May 1991, entitled "Hospital Peer Grouping", any hospital whose license pursuant to chapter 2 (commencing with Section 1250) of division 2 of the Health and Safety Code was consolidated during the 1999 calendar year with a large teaching emphasis hospital that is listed on page 57 of the above-described report shall be eligible.

4. The hospital meets all of the following criteria:
 - a. The hospital satisfies the Medicaid State Plan criteria for DSH status.
 - b. The hospital is a small and rural hospital as defined in section 124840 of the Health and Safety Code, as the law was in effect on July 1, 2015.
 - c. The hospital is a licensed provider of standby emergency services as described in section 70649 of title 22 of the California Code of Regulations, as the law was in effect on July 1, 2015.

C. PAYMENT METHODOLOGY FOR ELIGIBLE PRIVATE HOSPITALS:

1. Supplemental reimbursement provided by this program will be distributed under a payment methodology based on hospital services provided to Medi-Cal patients at the eligible hospital. The payment methodology for SFYs 2015-16, 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, 2021-22, and 2022-23 will be as described below:

SUPPLEMENTAL REIMBURSEMENT FOR QUALIFIED PRIVATE HOSPITALS

- a. Except for hospitals eligible under B.2, DHCS shall identify DSH eligible hospitals for the applicable fiscal year from the Final DSH Eligibility List adopted by DHCS. If the Final DSH Eligibility List is not available by November 1 of the SFY, then DHCS will utilize the Tentative DSH Eligibility List. DHCS will then identify any private DSH hospitals that meet other criteria for supplemental payment eligibility.
- b. The aggregate supplemental payment amount of \$237,144,384 for SFY 2015-16 and \$236,800,000 for SFYs 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, 2021-22, and 2022-23 will be paid to hospitals as follows:
 - i. If the hospital is eligible to participate in the applicable SFY supplemental program and also participated in the SFY 2014-15 supplemental program, 85 percent of the funding received for SFY 2014-15 will be its amount for the applicable SFY.
 - a. For a hospital eligible in the applicable SFY that did not participate in SFY 2014-15 supplemental program, but had participated in a prior supplemental program year, its amount for the applicable SFY will be 85 percent of the funding it received in its most recent year in which it participated.
 - ii. If the individual hospital's amount determined above in b.i. when divided by the sum of General Acute Care-Electronic Data System Fee For Service (GAC-EDS FFS), Administrative-Electronic Data System Fee For Service (Admin-EDS FFS), and the Well Baby-Electronic Data System Fee For Service (Well Baby-EDS FFS) inpatient days identified in the Final Medi-Cal Utilization Statistics for the current payment year (as specified on page 30, paragraph B of this Attachment), or the Tentative Medi-Cal Utilization Statistics for the current payment year if the Final is not available, as calculated by DHCS, is less than one hundred dollars (\$100) per diem, then the hospital will receive a payment increase to get them up to the \$100 per

diem for its base supplemental payment amount.

- iii. For any hospital eligible in the applicable SFY that has not previously been eligible to participate in PHSF distributions, a base supplemental payment amount for the applicable SFY will be calculated by multiplying a per diem payment of one hundred dollars (\$100) times the sum of the “GAC-EDS FFS”, “Admin-EDS FFS” and the “Well Baby-EDS FFS” inpatient days identified in the Final Medi-Cal Utilization Statistics for the current payment year (as specified on page 30, paragraph B of this Attachment) as calculated by DHCS.

- iv. If a hospital eligible to participate in the SFY 2014-15 supplemental program divides into two or more separately licensed hospitals (i.e., the original licensed hospital and one or more newly licensed hospitals), and where one or more of those separately licensed hospitals continues after the separation to meet the eligibility criteria in Section B. for SFYs 2015-16, 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, 2021-22, or 2022-23, the original licensed hospital’s payment amount for the applicable SFY will be calculated in accordance with steps C.1.b.i. and ii, and the newly licensed hospital’s payment amount for the applicable SFY will be calculated in accordance with step C.1.b.iii. The sum of the amounts calculated for the eligible separately licensed (original and new) hospitals for any of those SFYs shall not exceed the amount calculated for the original licensed hospital and the payment amount for the original licensed hospital will be adjusted by the amount calculated for the eligible newly licensed hospital. If prior to separation, the hospital participated during the previous five state fiscal years in the PHSF payment program, then the surviving, separated PHSF-eligible hospital will be considered to continue to meet the previous five-year participation requirement for payment eligibility.

Conversely, if two or more hospitals eligible to participate in the SFY 2014-15, or are newly eligible to participate in SFY’s 2015-16 or 2016-17 supplemental programs, consolidate and are eligible for SFYs 2015-16, 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, 2021-22, or 2022-23, then the amount calculated for step C.1.b.i for the consolidated hospital is equal to the sum of 85 percent of the pre-

those hospitals that are identified on the Final DSH Eligibility List adopted by DHCS or the Tentative DSH Eligibility List if the Final List is not available by November 1, and have been continuously eligible for PHSF payments during the previous five (5) State Fiscal Year PHSF payment programs and are eligible for the current year.

- f. Round C installment payment shall be for services rendered up to and including the fourth quarter of the applicable SFY and shall be distributed as determined under Section C.1.b.i through v. Round A and B installment payments shall be subtracted from the final adjusted payment amount to determine the Round C payment for each hospital. All hospitals shall be eligible to receive Round C payments if they are eligible under B.2 or are identified as being a DSH Eligible Hospital on the Final DSH Eligibility List for the applicable SFY and meet the eligibility criteria.
- i. For the applicable SFY, if a hospital is eligible under B.1 through B.4 and is paid a Round A and/or B installment payment based on the Tentative Medi-Cal Utilization Statistics for the applicable payment year, the Round A and/or B installment payments will be recalculated based on the Final Medi-Cal Utilization Statistics. The hospital's Round C payment will be adjusted to reflect the under or overpayment it received.
 - ii. For the applicable SFY, if a hospital is eligible under B.1 through B.4 and is paid Round A and/or Round B installment payments based on being identified on the Tentative DSH Eligibility List, but is not identified on the Final DSH Eligibility List, then Round A and B payments will be recovered from the hospital and the hospital will not be eligible for Round C installment payment.
 - iii. Payment(s) received by hospitals from the PHSF for SFYs 2015-16, 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, 2021-22, and 2022-23 will be subject to recovery by the Department, if the Department determines that the hospital fails at any time during the respective fiscal years to meet eligibility criteria for PHSF distributions. If the hospital fails to return the funds within 30 calendar days from time of the Department's notification, the Department may

offset the amount to be recovered against any Medi-Cal payments which otherwise would be payable by the Department to the hospital, pursuant to Welfare and Institutions Code section 14177.

- g. If the fund balance after Round A and B payments is lower than the amount needed to pay in Round C under paragraph C.1.b., then a pro rata amount will be applied to the Round C amounts payable to all eligible hospitals. The total computable received in Round A and B will be subtracted from \$237,144,384 for SFY 2015-16 and \$236,800,000 for SFYs 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, 2021-22, and 2022-23 to determine the remaining balance to be distributed in Round C of the respective SFY. The remaining balance will be divided by the total computable for Round C as determined in C.1.f. That percentage will be applied to each hospital's Round C amount as determined in C.1.f. to determine the Round C pro rata amounts.

D. Additional Supplemental Payments

Based on historical payments, the following private hospitals shall receive additional supplemental funding for SFYs 2015-16, 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, 2021-22, and 2022-23.

No payment under this supplement is dependent on any agreement or arrangement for providers or related entities to donate money or services to a governmental entity.

1. In addition to receiving PHSF payments under Section C, the following private hospitals shall receive additional supplemental payments in the fourth quarter, or soon thereafter as practicable, of each SFY for the listed periods in the listed amounts:

SFY 2015-16

St. Rose Hospital	\$16,000,000

that, in the case of St. Francis Medical Center, the number of prior year uninsured inpatient days will be multiplied by \$2,400. The number of uninsured inpatient days in the prior SFY for purposes of this determination shall be as reported by participating hospitals to, and verified by, the County of Los Angeles as of the February 1 prior to the close of the relevant payment SFY.

The supplemental payments to hospitals under this Section D.2 shall not exceed \$4,000,000 in the aggregate for each SFY. Payments to hospitals shall be reduced on a pro rata basis as necessary to ensure the annual aggregate annual limit is not exceeded. Supplemental payments made under this Section D.2 shall be made in the fourth quarter of the current payment year or soon thereafter as practicable.

E. DEPARTMENT'S RESPONSIBILITIES

1. Medi-Cal reimbursement provided to private hospitals will not exceed applicable federal upper payment limits, including title 42 Code of Federal Regulations sections 447.271 and 447.272.
2. The payments in this Supplement 4 for each SFY will be made no later than the end of the next SFY.
