RESPOND TO THE MONKEYPOX PUBLIC HEALTH EMERGENCY

1. Notwithstanding any other provision in this Attachment, the reimbursement rates for administration of the Monkeypox (Mpox) vaccine will be established at 100 percent of the corresponding Medicare rate in effect on July 26, 2022 for the same or similar service, and will be effective beginning August 17, 2022 through the end of the State public health emergency that was declared on August 1, 2022 as a result of the Mpox outbreak.
  - a. The services described in this section are exempt from the ten percent payment reduction described in paragraph (13) on page 3.3 of this Attachment.
  - b. All Medi-Cal Fee-For-Service rates for Mpox vaccine services are published at: <https://files.medi-cal.ca.gov/rates/rateshome.aspx>.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT  
STATE: California

A1. ALTERNATIVE PAYMENT METHODOLOGY (APM) for time limited payments to Federally Qualified Health Centers (FQHC) and Rural Health Clinics (RHC) to cover additional costs associated with Monkeypox (Mpox) vaccine administration.

- a. APM Reimbursement:
  - i. The supplemental payment will be available at the applicable fee-for-service rate for Mpox vaccine administration when the Mpox vaccine is administered during a Mpox vaccine-only visit. Reimbursement for the supplemental payment will occur at time of billing. When the Mpox vaccine is administered as part of an otherwise billable FQHC/RHC encounter per Attachment 4.19-B, the encounter is reimbursed under the existing PPS/APM per Attachment 4.19-B, and no supplemental payment will be made.
  - ii. The FQHC or RHC provider must agree to receive the APM, and the total amount paid under this APM will not be less than what would be paid under the PPS methodology. The Mpox APM supplemental payment reimbursement from Medi-Cal managed care plans for Mpox vaccine only visits, will be separate from PPS reimbursement.
- b. APM Term:
  - i. Dates of service from August 17, 2022, through the end of the State public health emergency that was declared on August 1, 2022, as a result of the Mpox outbreak.
- c. Eligible Services:
  - i. Mpox vaccine administration pursuant to section 319 of the Public Health Service (PHS) Act, Public Health Emergency (PHE) Determination as the Result of the Consequences of Monkeypox, and as described further below, when administered during a Mpox vaccine-only visit.
