Ms. Kate Massey
State Medicaid Director
State of Michigan, Department of Community Health
400 South Pine Street
Lansing, Michigan 48933

RE: Michigan State Plan Amendment (SPA) 22-0003

Dear Ms. Massey:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid state plan submitted under transmittal number (TN) 21-0003 effective for services on or after January 1, 2022. This SPA updates the states currently approved DSH pools. The purpose of the pools is to assure funding for costs incurred by facilities providing inpatient hospital services which serve a disproportionate number of low-income patients with special needs. These pools are established and renewed annually.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a), and 1923 of the Social Security Act and the regulations at 42 CFR 447 Subpart C. We hereby inform you that Medicaid State plan amendment 22-0003 is approved effective January 1, 2022. We are enclosing the CMS-179 and the amended plan pages.

If you have any questions, please call Tom Caughey at (517) 487-8598.

Sincerely,

Director

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State of MICHIGAN

Methods and Standards for Establishing Payment Rates Inpatient Hospital Care

c. Distinct Part Rehab Units

DISTINCT PART REHAB UNITS ARE ALLOCATED APPROXIMATELY \$500,000 FOR DSH PAYMENTS. THE SHARE OF THE DSH PAYMENT PAID TO HOSPITALS WITH IV OF AT LEAST 20 PERCENT IS BASED ON A DSH SHARE OF THE FOLLOWING:

Title XIX Charges x Operating Ratio x (IV - 0.2)

2. Special Pools

In addition to the regular DSH pools of \$45,000,000, the single state agency (SSA) is establishing the following special pools:

- ~~a. Effective June 1, 2006, a separate DSH pool will be created annually for areas covered by an Indigent Care Agreement (ICA) approved by the Director of the SSA. The areas covered by an ICA must be within reasonable geographic proximity to the hospital receiving the ICA DSH payment. The ICA must be between the hospital and a partner health care related entity in the area. The ICA must stipulate that direct or indirect healthcare services be provided to low income patients with special needs who are not covered under other public or private health care programs. This pool will be \$172,343,362 in fiscal year 2006, \$147,687,951 in fiscal year 2007, \$122,707,686 in fiscal year 2008, \$110,937,485 in fiscal year 2009, \$125,001,655 in fiscal year 2010, \$107,926,496 in fiscal year 2011, \$124,803,035 in fiscal year 2012, \$111,026,217 in fiscal year 2013, \$86,173,665 in fiscal year 2014, \$10,000,000 in fiscal year 2015, and \$0 in fiscal year 2016 and each subsequent fiscal year. All payments made under (a) in fiscal year 2006 will occur on or after June 1, 2006. No payment will be made under (a) to any hospital with a contractual obligation to forward that payment to a partner health care related entity in the area.~~

~~To be eligible for DSH payments made under (a.), hospitals must meet minimum federal requirements for Medicaid DSH payments and have an approved ICA in place. A table showing the eligible hospitals and their annual allocations from this pool is included in Appendix B.~~

NOTE: SUBSECTION "A." HAS BEEN DELETED. THE NEXT SUBSECTION IS "B."

- b. The single state agency (SSA) is creating a special DSH payment pool of \$2,772,003 million in fiscal year 2005, \$2,764,340 for fiscal years 2006 – 2012, and \$3,500,000 for each subsequent fiscal year.

The purpose of this pool is to:

- Assure continued access to medical care for indigents, and
- Increase the efficiency and effectiveness of medical practitioners providing services to Medicaid beneficiaries under managed care.

The SSA will approve one (1) agreement statewide each state fiscal year. To be eligible for the pool, a hospital must meet the following criteria:

- Meet the minimum federal requirements for DSH eligibility listed in Section III.H.

TN NO.: 22-0003

State of MICHIGAN

***Methods and Standards for Establishing Payment Rates
Inpatient Hospital Care***

f. Government Provider DSH Pool

A special pool for non-state government-owned or operated hospitals will be established and renewed annually. The purpose of the pool is to assure funding for costs incurred by public facilities providing inpatient hospital services which serve a disproportionate number of low-income patients with special needs. The size of the pool will be the lesser of \$88,168,000 for fiscal year 2006, \$62,064,198 for fiscal year 2007, \$49,172,890 for fiscal year 2008, \$73,117,228 for fiscal year 2009 and 2010, \$82,086,703 for fiscal year 2011 through fiscal year 2018, \$94,649,000 for fiscal year 2019 and each subsequent fiscal year, or the calculated Medicaid and uninsured inpatient hospital and outpatient hospital uncompensated care amounts eligible for Federal financial participation. Allocations for individual hospitals will be determined based upon non-reimbursed costs certified as public expenditures in accordance with 42 CFR 433.51.

To be eligible for the Government Provider DSH Pool, the following must apply:

1. Hospitals must meet minimum federal requirements for Medicaid DSH payments; and
2. Hospitals must be non-state government-owned or operated.

~~Medicare 2552 cost reports, supplemented by Michigan Medicaid Forms (MMFs) will be used to determine each hospital's allowable DSH costs eligible for federal financial participation.~~

~~An interim payment and reconciliation process will be employed when making allocations from this pool. Allowable DSH costs will be determined based on information obtained from the cost report periods ending during the second previous state fiscal year. Costs will be obtained from the most recently filed Medicare 2552 cost report and Michigan Medicaid Forms for that period. These costs will be trended to the current state fiscal year using an inflation factor taken from *Health Care Cost Review* published quarterly by Global Insight. Interim payments will then be made.~~

~~Interim payments will be reconciled twice. First, an interim reconciliation of the original payments will be conducted based on updated allowable DSH costs. Information needed to reconcile initial payments will be obtained from hospital Medicare 2552 cost reports filed with the fiscal intermediary and Michigan Medicaid Forms for the applicable reporting period. Second, payments will be adjusted for a final time based on Medicare 2552 cost reports finalized with the fiscal intermediary and Michigan Medicaid Forms for the applicable reporting period.~~

TN NO.: 22-0003

Approval Date: June 7, 2022

Effective Date: 1/1/2022

Supersedes

TN No.: 19-0009

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State of MICHIGAN

***Methods and Standards for Establishing Payment Rates
Inpatient Hospital Care***

Each hospital's data for the formula will be taken from hospital cost reports for cost periods ending during the second previous state fiscal year.

1. $(\text{Hospital Title XIX Outpatient FFS Payments}) / (\text{Hospital Title XIX Outpatient FFS Charges}) = (\text{Hospital Title XIX Outpatient Payment to Charge Ratio})$
2. $(\text{Hospital Uncompensated Outpatient Charges}) - (\text{Hospital Uncompensated Outpatient Payments}) = (\text{Net Hospital Uncompensated Outpatient Charges})$
3. $(\text{Hospital Title XIX Outpatient Payment to Charge Ratio}) \times (\text{Net Hospital Uncompensated Outpatient Charges}) = (\text{Net Hospital Outpatient Uncompensated Title XIX Equivalent Payments})$
4. $(\text{Net Hospital Outpatient Uncompensated Title XIX Equivalent Payments}) / (\sum \text{of all Net Hospital Outpatient Uncompensated Title XIX Equivalent Payments}) = (\text{Outpatient Uncompensated DSH Hospital Pool Factor})$
5. $(\text{Outpatient Uncompensated DSH Hospital Pool Factor}) \times (\text{Outpatient Uncompensated DSH Pool Component Amount}) = (\text{Outpatient Uncompensated DSH Hospital Pool Component Payment})$

Beginning in FY 2015, \$5,000,000 of the large-urban component of the pool will be distributed to reward and incentivize hospitals providing low cost and high quality Medicaid services. The Medicare Value Based Purchasing (VBP) Adjustment Factor will be obtained annually from the Federal Register. Each hospital's respective payment from the \$5,000,000 pool component will be calculated as follows:

- $(\text{Hospital's Outpatient Uncompensated DSH Hospital Pool Factor}) \times (\text{Hospital's VBP Adjustment Factor}) = (\text{Hospital's Outpatient Uncompensated DSH Value Adjustment factor})$
- $(\text{Hospital Outpatient Uncompensated DSH Value Adjustment Factor}) / (\sum \text{All Hospital Outpatient Uncompensated DSH Value Adjustment Factors}) \times (\text{Total Pool Amount}) = (\text{Outpatient Uncompensated DSH Value Payment})$

Payments to individual hospitals will be limited to the room available under each hospital's specific DSH ceiling. If payments calculated for individual hospitals exceed that hospital's DSH ceiling, the amounts in excess of the ceiling will be placed back into the pool. These amounts will then be reallocated to the remaining hospitals in the pool which have not exceeded the room available under their individual hospital DSH ceiling based on the formula above. This process will be repeated as many times as necessary to expend all funds in the pool.

h. Harper University Hospital DSH Pool

~~Effective for FY 2014, a one year DSH pool will be established totaling \$9,994,952 to be distributed to Harper University Hospital. This pool will be used to reduce uncompensated care the hospital incurs delivering newborns at that location. Harper University Hospital is the largest Medicaid birthing hospital in the state, performing over 3,800 Medicaid newborn deliveries. This equates to 8% of all Medicaid deliveries in the State.~~

3. Public Hospitals DSH Sunset Provision

~~Medicaid DSH payments to public hospitals are made up to the public hospital DSH ceiling as permitted by current federal regulations.~~

~~These payments are authorized to continue through September 30, 2005. The state may submit state plan amendments effective after September 30, 2005 that re-implement the current payment structure or different payment methodologies.~~

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State of MICHIGAN

Methods and Standards for Establishing Payment Rates Inpatient Hospital Care

4. DSH Process

The State will implement a multiple-step DSH process as follows.

Step 1: Initial DSH Calculation Step

Hospital-specific DSH limits, DSH payment allocations and Medicaid utilization rates will be calculated during the State FY as part of its Initial DSH Calculation. Inpatient and outpatient cost and payment data from the hospital's cost reporting period ending during the second previous State FY will be used for the DSH limit, DSH payment and Medicaid utilization rate calculations. The data will be trended to the current FY for DSH limit calculation purposes. The State will trend base year hospital costs using the CMS Hospital Prospective Reimbursement Market Basket to approximate current year costs. Costs will be prorated on a quarterly basis based on the fiscal years of the respective hospitals. The State will also trend base year costs and payments using a volume trend based on changes in the Medicaid caseload from the base year period to the current year to approximate current year volume.

Beginning with State FY 2013, hospitals will be able to decline DSH funds and also request a downward adjustment to their DSH limit during the Initial DSH calculation. Upon receipt of this feedback from hospitals, each hospital's calculated DSH limit will be reduced to the requested amount. If a hospital declines the DSH funds, the State will recalculate DSH amounts with that hospital's limit at zero. To the extent that payment allocations are affected by a hospital's request to reduce its DSH limit or decline DSH payments altogether, payments from the applicable pool(s) will be allocated to other hospitals eligible for payments from the pool(s). If no hospital is eligible to accept the DSH payment during this step, the unpaid amount will be paid to eligible hospitals during the Step 2: ~~Interim~~ FINAL DSH Settlement calculations. No hospital will receive a DSH payment in excess of its initial DSH limit.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State of MICHIGAN

Methods and Standards for Establishing Payment Rates Inpatient Hospital Care

DSH payments will be applied against a hospital's DSH limit in the following order:

1. Institute for Mental Disease Pool
- ~~2. Harper University DSH Pool~~
3. \$45 Million Pool
4. Outpatient Uncompensated Care DSH Pool
5. University with Both a College of Allopathic Medicine and a College of Osteopathic Medicine Pool (University Pool)
- ~~6. Indigent Care Agreements Pool (ICA Pool)~~
7. Government Provider DSH Pool (GP Pool)

Step 2: Interim FINAL DSH Settlement Step

DSH limits, DSH payments and Medicaid utilization rates are recalculated ~~using new cost report data during the Interim DSH Settlement step~~ DURING THE FINAL DSH SETTLEMENT STEP. DSH funds will be reallocated in THE FOLLOWING a manner: ~~that maintains the pool order outlined in the Initial DSH Calculation step.~~

1. INSTITUTE FOR MENTAL DISEASE POOL
2. \$45 MILLION POOL
3. OUTPATIENT UNCOMPENSATED CARE DSH POOL
4. UNIVERSITY WITH BOTH A COLLEGE OF ALLOPATHIC MEDICINE AND A COLLEGE OF OSTEOPATHIC MEDICINE POOL (UNIVERSITY POOL)
5. GOVERNMENT PROVIDER DSH POOL (GP POOL)
6. UNSPENT FUNDS NOT APPLICABLE TO STEP 1

The State will recalculate hospital-specific DSH limits, DSH payment allocations and Medicaid utilization rates UPON COMPLETION OF THE DSH AUDIT for ~~during the year following the applicable DSH year. Inpatient and outpatient cost and payment data from cost reports with hospital FYs ending during the previous will be utilized for DSH limit, DSH payments, and Medicaid utilization rate recalculations.~~ INPATIENT AND OUTPATIENT COST AND PAYMENT DATA UTILIZED FROM STEP 1 WILL BE REFRESHED TO ACCOUNT FOR ANY COST REPORT CHANGES THAT OCCURRED BETWEEN STEPS DURING THE COST REPORT ACCEPTANCE PROCESS. DSH LIMITS AND MEDICAID UTILIZATION RATES WILL BE CALCULATED USING THE FINAL DSH AUDIT. ~~For example, during 2012, data from hospital cost reports with FYs ending between January 1, 2011 and December 30, 2011, will be used to complete the FY 2011 Interim DSH Settlement calculations. The State will maintain its current pool specific payment allocation during this step.~~

~~Beginning with State FY 2011, hospitals will be able to decline DSH funds and also request a downward adjustment to their DSH limit during the Interim FINAL DSH Settlement. Upon receipt of this feedback from hospitals, each hospital's calculated DSH limit will be reduced to the requested amount.~~

~~If a hospital declines DSH funds, the State will recalculate DSH amounts with that hospital's limit at zero. To the extent that payment allocations are affected by a hospital's request to reduce its DSH limit or decline DSH payments altogether, payments from the applicable pool(s) will be~~

TN NO.: 22-0003

Inpatient Hospital Care***

~~allocated to other hospitals eligible for payments from the pool(s). If no hospital is eligible to accept the DSH payment during this step, the unpaid amount will be paid to eligible hospitals during the Step 3- Final DSH Audit Related DSH Redistribution calculations.~~

No hospital will receive a DSH payment in excess of its ~~Interim~~ AUDITED DSH Settlement limit.

- A. UPON COMPLETION OF THE CALCULATIONS FOR THE FIRST FIVE POOLS OUTLINED IN THE ORDER ABOVE, ANY REMAINING UNSPENT FEDERAL DSH ALLOTMENT WILL BE DISTRIBUTED THROUGH A NEW POOL. THE REMAINING ALLOTMENT WILL BE DISTRIBUTED TO ALL REMAINING ELIGIBLE HOSPITALS PROPORTIONATELY BASED ON THEIR SHARE OF REMAINING AUDITED HOSPITAL-SPECIFIC DSH LIMIT CAPACITY ADJUSTED TO EXCLUDE THE DSH PAYMENT AMOUNTS HOSPITALS RECEIVED FROM THE UNIVERSITY AND GP DSH POOLS. NO HOSPITAL WILL RECEIVE AN ALLOCATION IN EXCESS OF ITS REMAINING AUDITED HOSPITAL-SPECIFIC DSH LIMIT CAPACITY OR OTHER FEDERAL LIMITS. THE FORMULAS TO DISTRIBUTE THESE FUNDS ARE AS FOLLOWS:
1. $(\text{ELIGIBLE HOSPITAL'S REMAINING AUDITED DSH LIMIT CAPACITY} + \text{UNIVERSITY DSH PAYMENT AMOUNT} + \text{GP DSH PAYMENT AMOUNT}) / (\sum \text{OF ALL ELIGIBLE HOSPITALS' AUDITED REMAINING DSH LIMIT CAPACITY} + \text{UNIVERSITY DSH PAYMENT AMOUNT} + \text{GP DSH PAYMENT AMOUNT}) = (\text{HOSPITAL POOL FACTOR})$
 2. $(\text{HOSPITAL POOL FACTOR}) \times (\text{POOL AMOUNT}) = \text{POOL PAYMENT}$

TN NO.: 22-0003

Approval Date: June 7, 2022

Effective Date: 1/1/2022

Supersedes

TN No.: 14-011

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State of MICHIGAN

Methods and Standards for Establishing Payment Rates Inpatient Hospital Care

Step 3: Final DSH Audit Related DSH Redistribution

If the Final DSH Audit determines that a hospital has been paid in excess of its hospital specific DSH limit, funds will be recovered from hospitals in the following order:

1. ~~Funds from pools allocated exclusively to State government owned or operated, or non-State government owned or operated public hospitals~~
2. ~~All other DSH Pools~~

~~The State will recoup all payments that exceed audited hospital specific DSH limits in the order stated above and then apply the following redistribution process. Only funds that exceed the audited hospital specific DSH limit will be recovered and redistributed:~~

1. ~~Funds recovered from pools allocated exclusively to State government owned or operated, or non State government owned or operated public hospitals are reallocated to other like hospitals up to the lesser of the audited hospital specific limits or other Federal limits. No hospital is to receive a DSH payment that exceeds its audited hospital specific DSH limit. Unspent DSH funds will be added to the "All Other DSH Pools" described in Step 2 below. The formulas to redistribute these recouped funds are as follows:~~
 - a. ~~$(\text{Eligible Hospital's Remaining Audited DSH Limit Capacity}) / (\sum \text{ of all Eligible Hospitals' Audited Remaining DSH Limit Capacity}) = (\text{Hospital Pool Factor})$~~
 - b. ~~$(\text{Hospital Pool Factor}) \times (\text{Pool Amount}) = \text{Pool Payment}$~~
2. ~~Funds recovered from the other DSH pools, plus any unspent DSH funds recouped from pools allocated exclusively to State government owned or operated, or non State government owned or operated public hospitals, are reallocated to all remaining eligible hospitals proportionately based on their share of remaining audited hospital specific DSH limit capacity adjusted to exclude the DSH payment amounts hospitals received from the ICA, University and GP DSH Pools during the Initial DSH Calculation and Interim DSH Settlement steps. No hospital will receive an allocation in excess of its remaining audited hospital specific DSH limit capacity or other federal limits. The formulas to redistribute these recouped funds are as follows:~~
 - a. ~~$(\text{Eligible Hospital's Remaining Audited DSH Limit Capacity} + \text{ICA DSH Payment Amount} + \text{University DSH Payment Amount} + \text{GP DSH Payment Amount}) / (\sum \text{ of all Eligible Hospitals' Audited Remaining DSH Limit Capacity} + \text{ICA DSH Payment Amount} + \text{University DSH Payment Amount} + \text{GP DSH Payment Amount}) = (\text{Hospital Pool Factor})$~~

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State of MICHIGAN

***Methods and Standards for Establishing Payment Rates
Inpatient Hospital Care***

b. ~~(Hospital Pool Factor) x (Pool Amount) = Pool Payment~~

~~Pool payments calculated for individual hospitals that are in excess of a hospital's audited DSH limit will be placed back into that pool. These payments will then be reallocated to the remaining hospitals in that component of the pool which have not exceeded their audited hospital specific DSH limit capacity. The reallocation will be based on the funding formula specified above. Only hospitals with available audited DSH limit capacity will be included.~~

~~In addition, any unspent Federal DSH allotment will be distributed using the formula outlined in Step 3: Final DSH Audit Related DSH Redistribution through a new pool. Funds from this pool will first be allocated to state government owned or operated hospitals up to applicable Federal DSH limits. Any remaining unspent DSH allotment will be allocated proportionally to all other hospitals based on remaining DSH limit capacity.~~
