RE: TN 22-0079

Dear Director Bassiri:

The Centers for Medicare & Medicaid Services (CMS) has reviewed the proposed New York state plan amendment (SPA) NY-22-0079 to Attachment 4.19-B, which was submitted to CMS on September 30, 2022. This plan amendment implements a 5% rate increase for licensed Continuing Day Treatment, Day Treatment for Children, and Partial Hospitalization services.

We reviewed your SPA submission for compliance with statutory requirements including in sections 1902(a)(2), 1902(a)(13), 1902(a)(30), and 1903 as it relates to the identification of an adequate source for the non-federal share of expenditures under the plan, as required by 1902(a)(2), of the Social Security Act and the applicable implementing Federal regulations.

Based upon the information provided by the state, we have approved the amendment with an effective date of July 1, 2022. We are enclosing the approved CMS-179 and a copy of the new state plan pages.

If you have any additional questions or need further assistance, please contact Jerica Bennett at 410-786-1167 or via email at jerica.bennett@cms.hhs.gov.

Sincerely,

A solid black rectangular box redacting the signature of Todd McMillion.

Continuing Day Treatment Services:

Reimbursement Methodology for Outpatient Hospital Services

Definitions:

- **Group Collateral** - A unit of service in which services are provided to collaterals of more than one individual at the same time. Group Collateral Visit will not include more than 12 individuals and collaterals. Reimbursement for group collateral visits of 30 minutes or more is provided for each individual for whom at least one collateral is present.
- **Units of Service** - Half Day – Minimum two hours
Full Day – Minimum four hours
Collateral Visit – minimum of 30 minutes
Preadmission and Group Collateral Visits – minimum of one hour
Crisis Visit – any duration

Cumulative hours are calculated on a monthly basis. A Half Day visit counts as two hours and a Full Day counts as four hours towards an individual's monthly cumulative hours. Time spent during a crisis, collateral, group collateral, or preadmission visit is excluded from the calculation of monthly cumulative hours. Time spent during a crisis, collateral, group collateral, or preadmission visit is also excluded from the minimum service hours necessary for Half Day and Full Day visits.

When the hours of any single visit include more than one rate because the individual surpassed the monthly utilization amount within a single visit, reimbursement is at the rate applicable to the first hour of such visit.

The agency's fee schedule rate was set as of July 1, 2022 and is effective for services provided on or after that date. All rates are published on the State's website at: https://omh.ny.gov/omhweb/medicaid_reimbursement/excel/cdt-base-rate.xlsx

Reimbursement will include a per-visit payment for the cost of capital, which will be determined by dividing the provider's total allowable capital costs, as reported on the Institutional Cost Report (ICR) for its licensed Mental Health Outpatient Treatment and Rehabilitative Services, Continuing Day Treatment and Day Treatment Services for children, by the sum of the total annual number of visits for all of such services. The per-visit capital payment will be updated annually and will be developed using the costs and visits based on an ICR that is 2-years prior to the rate year. The allowable capital, as reported on the ICR, will also be adjusted prior to the rate add-on development to exclude costs related to statutory exclusions as follows: (1) forty-four percent of the costs of major moveable equipment and (2) staff housing.
