RE:TN 24-0021

Dear Director Fotinos:

The Centers for Medicare & Medicaid Services (CMS) has reviewed the proposed Washington state plan amendment (SPA) to Attachment 4.19-B WA 24-0021, which was submitted to CMS on May 15, 2024. This plan amendment updated the fee schedule effective dates for several Medicaid services.

We reviewed your SPA submission for compliance with statutory requirements including in sections 1902(a)(2), 1902(a)(13), 1902(a)(30), and 1903 as it relates to the identification of an adequate source for the non-federal share of expenditures under the plan, as required by 1902(a)(2), of the Social Security Act and the applicable implementing Federal regulations.

Based upon the information provided by the state, we have approved the amendment with an effective date of April 1, 2024. We are enclosing the approved CMS-179 and a copy of the new state plan pages.

If you have any additional questions or need further assistance, please contact DRR analyst James Moreth at (206) 615-2043 or via email at James.Moreth@CMS.HHS.GOV.

Sincerely,

A solid black rectangular box redacting the signature of Todd McMillion.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON**POLICY AND METHODS USED IN ESTABLISHING PAYMENT RATES FOR EACH OF THE OTHER TYPES OF CARE OR SERVICE LISTED IN SECTION 1905 (A) OF THE ACT THAT IS INCLUDED IN THE PROGRAM UNDER THE PLAN (cont.)**

II. Clinic Services (cont.)

For clients enrolled with a managed care contractor, and effective April 1, 2014, the State anticipates that the managed care contractor will pay each clinic an encounter rate that is at least equal to the PPS rate specific to each clinic.

To ensure that the appropriate amounts are being paid to each clinic, the State will perform an analysis of the managed care contractor's data at least quarterly and verify that the payments made by the managed care contractor in the previous quarter were in compliance with Section 1902(bb)(5)(A) of the SSA. This process will apply to clinics reimbursed under the APM rate methodology and to clinics reimbursed under the PPS rate methodology.

At no time will a managed care organization be at risk for or have any claim to the supplemental payment portion of the rate which will be reconciled to ensure accurate payment of the obligated funds.

Covered services for Medicaid-Medicare patients are reimbursed as detailed in Supplement 1 to Attachment 4.19 (B), pages 1, 2, and 3.

Encounters are limited to one per client per day, except when:

- The client needs to be seen by different practitioners with different specialties; or
- The client needs to be seen multiple times on the same day due to unrelated diagnoses.

D. Non-hospital-owned Freestanding Ambulatory Surgery Centers

Freestanding ambulatory surgery centers (ASCs) are reimbursed in a manner similar to Medicare's ASC reimbursement model in effect prior to January 1, 2008. All ASC procedure codes are fit into one of nine payment groups, with each group having its own payment rate. New procedure codes are associated with the appropriate payment group based on their weights, which are set by CMS under its payment methodology in effect from January 1, 2008, forward. Any new procedure code is put into the payment group containing weights with which it is most similar. The agency pays for the first billed procedure code at 100%, the second at 50% and the third and subsequent procedure codes at zero.

Implantable devices are paid separately. For devices, the ASC bills the agency the amount the facility paid for the device, based on a manufacturer's invoice. The agency pays the invoiced amount.

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of these services. The agency's rates were set as of , April 1, 2024, and are effective for dates of services on and after that date.

See 4.19-B I, General #G, for the agency's website where the fee schedules are published.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON**POLICY AND METHODS USED IN ESTABLISHING PAYMENT RATES FOR EACH OF THE OTHER TYPES OF CARE OR SERVICE LISTED IN SECTION 1905 (A) OF THE ACT THAT IS INCLUDED IN THE PROGRAM UNDER THE PLAN (cont.)**

VI. Dental Services and Dentures

- A. The Medicaid agency pays directly to the specific provider the lesser of the usual and customary charge or a fee based on an agency fee schedule for dentures and dental services that are provided within their specific scope of practice by dentists, dental hygienists, denturists, and dental health aide therapists* (under supervision of a dentist within their scope of practice as defined under state law. The supervising licensed practitioner assumes professional responsibility for the services provided by the unlicensed practitioner and the licensed practitioner bills for services furnished by unlicensed practitioners) throughout the state. There are no geographical or other variations in the fee schedule. **Technical correction: Dental health aide therapists added per SPA 17-0027 approved 6/21/2023 effective 7/23/2017.*
- B. The usual and customary charge is defined as that fee usually charged for a given service by an individual dentist, dental hygienist, dental health aide therapist, or denturist to private patients (e.g., that provider's usual fee) and which fee is within the range of usual fees charged by dentists, dental hygienists, or denturists of similar training and experience.
- C. Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of dentures, dental services and dental hygiene.
- See 4.19-B I, General, #G for the agency's website where the fee schedules are published.
- The agency's fee schedule rate was set as of April 1, 2024, and is effective for services provided on or after that date.
- D. Under the Oral Health Connections pilot program, eligible dental providers are paid an enhanced rate to provide up to three additional periodontal treatments (for a total of four) per calendar year to adult Medicaid clients who have diabetes or who are pregnant. The Oral Health Connections pilot program is effective for dates of service on or after January 1, 2019, through December 31, 2023.
- D. Eligible dental providers are paid an enhanced rate to provide additional dental services to eligible clients age 5 and under as described in Attachment 3.1-A and 3.1-B section 10.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON

VIII. Institutional Services (cont)

A. Outpatient hospital services (cont)

2. Fee Schedule

For non-CAH hospitals and covered services not paid using the OPPS rate, the agency pays the lesser of the usual and customary charge or a fee based on an agency fee schedule for covered procedures.

Services paid using the agency's fee schedule include, but are not limited to, physical therapy, occupational therapy, speech/language therapy, corneal transplants, and other hospital services as identified and published by the agency.

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of outpatient hospital services. The agency's outpatient fee schedule is effective for services provided on and after April 1, 2024. The fee schedule is updated quarterly in a budget neutral manner. See 4.19-B, I, General, #G for the agency's website where the fee schedules are published.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: WASHINGTON

A. Outpatient hospital services (cont)

3. Hospital Outpatient Rate

The “hospital outpatient rate” is a hospital-specific rate having as its base the hospital’s inpatient ratio of costs-to-charges (RCC) adjusted by an outpatient adjustment factor that factors annual cost and charge level changes into the rate. The “hospital outpatient rate” is used to reimburse under OPSS as explained earlier in this subsection, or for non-CAH hospitals exempt from the agency’s OPSS, for all other covered outpatient services (those not mentioned in the previous paragraphs as covered by fee schedule) on the hospital’s outpatient claim.

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of outpatient hospital services. The agency’s outpatient fee schedule is effective for services provided on and after April 1, 2024. See 4.19-B, I, General, #G for the agency’s website where the fee schedules are published.
