Objectives

- › Understand how to use the SBS Readiness Checklist to support expansion of the school Medicaid program, compliance with CMS guidance, and other tasks.
- › Identify key takeaways of utilizing the SBS Readiness Checklist to support the evolution of a Medicaid SBS program.

Milestones: Commemorating Anniversaries of the TAC and the BSCA

2023 Comprehensive Guide to Medicaid Services and Administrative Claiming

In consultation with ED and in accordance with Section 11003 of BSCA, CMS released:

1. “Delivering Services in School-Based Settings: A Comprehensive Guide to Medicaid Services and Administrative Claiming.”
2. An accompanying Centers for Medicaid and CHIP Services (CMCS) Informational Bulletin (CIB)

<https://www.medicare.gov/medicaid/financial-management/downloads/sbs-guide-medicare-services-administrative-claiming.pdf>
<https://www.medicare.gov/federal-policy-guidance/downloads/cib051823.pdf>

What the 2023 Comprehensive Guide and CIB do?

- Encourage States to expand their school Medicaid programs beyond Individualized Education Program (IEP) services and students.
- Identify new flexibilities.
- Clarify how payments can be made to school-based providers under Medicaid and Children's Health Insurance Program (CHIP).
- While the new flexibilities are optional, States must come into compliance with the requirements described in the 2023 Comprehensive Guide by July 1, 2026.

Overview of the SBS Readiness Checklist

Introduction to the SBS Readiness Checklist

The SBS Readiness Checklist can help the State with **five tasks** related to CMS' 2023 Comprehensive Guide:

1. Draft a Medicaid State Plan amendment (SPA) to expand services/populations.
2. Adopt certain flexibilities.
3. Assess whether payment methodology described in the State Plan complies with the 2023 Comprehensive Guide and Federal cost regulations.
4. Prepare additional compliance documents:
 - a) SBS Claiming Time Study Implementation Plan (TSIP)
 - b) Interagency Agreement for Medicaid Administrative Claiming
 - c) Third-Party Liability (TPL)
5. Discuss plans for SBS with CMS and across State agencies.

The SBS Readiness Checklist...

- Is **voluntary** for States to use.
- Does not supersede Federal guidance or regulations.
- Is designed to support SBS Medicaid programs and is not intended for application to other Medicaid or CHIP programs.
- Focuses on SBS authority derived from the Medicaid State Plan only.
 - State staff may also need to consider managed care contracts, CHIP, or waivers that authorize coverage and reimbursement of SBS.

Who would use the SBS Readiness Checklist?

- State Medicaid agency (SMA) staff familiar with SPAs can use the SBS Readiness Checklist to understand specific content expected in SBS SPAs.
 - SBS SPAs generally follow regular SPA procedures.
 - CMS has specific expectations for SBS content in the coverage and reimbursement pages.
- SBS program staff can use the SBS Readiness Checklist to understand the SPA process or other program documents.
 - Identifies steps to draft an SBS SPA and other program documents.
 - Includes a link to submit questions to the Medicaid SBS TAC.

Readiness Checklist – Live Demonstration

Readiness Checklist Demonstration Objectives

- Review structure of the workbook.
- Demonstrate three use cases:
 1. Submit a SPA.
 2. Assess whether payment methodology described in the State Plan complies with the 2023 Comprehensive Guide and Federal cost regulations.
 3. Update a TSIP.

Tab 5. Medicaid State Plan Attachment 4.19-B (Reimbursement Pages)

Instructions: Use this tab when completing the SPA pages for Medicaid State Plan Attachment 4.19-B (reimbursement pages), for example, to implement new interim payment flexibilities or change payment methodologies (e.g., from FFS rate to reconciled cost). This tab can also help the State assess whether the State's current payment methodology complies with the [Comprehensive Guide](#) and Federal cost regulations.

First, review the current Medicaid State Plan Attachment 4.19-B and locate any current SBS language. Second, in Table 5.1, read the "required if" row to determine whether Attachment 4.19-B requires updating. If so, reference Table 5.2 while drafting the SPA. Reference Section 1 for all SPAs. In addition, reference the section corresponding to the State's SBS payment methodology (FFS rate (2.1-2.3), cost-based rate (3.1-3.6), or reconciled cost (4.1-4.5)). Include the required information and follow the additional instructions. Use the "Readiness" column to mark the requirements met.

See Table 5.2 row 5.1 for instructions on reporting SBS expenditures on form CMS-64.

Table 5.3 describes requirements for specialized transportation.

The SBS Readiness Checklist is intended to help States develop approvable SPA packages and reduce requests for additional information. The SBS Readiness Checklist does not supersede Federal guidance or regulations, and using the checklist is voluntary.

Table 5.1. Overview of Medicaid State Plan Attachment 4.19-B (Reimbursement Pages)

Purpose	Medicaid State Plan Attachment 4.19-B describes payment for medical care and services, including the payment methodology for SBS. CMS reviews the payment methodology to ensure only Medicaid services, not educational costs, are captured.

Use Case 1: Drafting a SPA

When is an SBS SPA needed?

- To expand services, populations, or authorized providers.
- To change payment methodology:
 - Update rates in a fee schedule
 - Establish an enhanced fee schedule for SBS
 - Change from a fee-for-service (FFS) rate to reconciled cost methodology
- To begin interim payments or change interim payment methodology.
- To align with any significant change in time study methodology.

The SBS Readiness Checklist can help the State draft an approvable SPA package.

Use Case 1: How to Use the SBS Readiness Checklist When Drafting a SPA

- Review SBS Readiness Checklist Tab 1, “SPA Package,” to identify required, recommended, and supporting documents.
- Several documents have a corresponding tab. Click on the tab to read complete instructions.

Tab 1. Medicaid State Plan Amendment Package

Instructions: States might need to submit a SPA to change the scope of the school Medicaid program (for example, to include students beyond those with an IEP), modify provider qualifications, or change the payment methodology (for example, to comply with the [Comprehensive Guide](#) by July 1, 2026). To understand the requirements for a SPA package, including required and supporting documents, review Table 1.1 below. Several documents in Table 1.1 have a corresponding tab in the readiness checklist, indicated with a hyperlink. Click on the associated tab to read complete instructions to assess the State's current program document(s) and prepare to update to the document(s) if needed. Submit the completed SPA to CMS through OneMAC.

The SBS Readiness Checklist is intended to help States develop approvable SPA packages and reduce requests for additional information. The SBS Readiness Checklist does not supersede Federal guidance or regulations, and using the checklist is voluntary.

Table 1.1. Documents Required in the SBS SPA Package

#	Document Name	When Required
1	SPA Transmittal Cover Letter	A cover letter is recommended for all SPAs.
2	Form CMS 179, Transmittal of Medicaid State Plan Material	Form CMS-179 is required for all SPAs.
3	Calculations of Fiscal Impact	If the fiscal impact recorded on Form CMS-179 Box 6 represents a decrease or a substantial increase in spending, it is recommended to support the amount by showing calculations.
4	Medicaid (Standard) Funding Questions	Medicaid Funding Questions (sometimes referred to as Standard Funding Questions) are required for all SPAs that amend Attachments 4.19-B.
5	Supporting Documentation for Intergovernmental Transfer (IGT)	CMS may request supporting documentation for IGTs, such as sample signed IGT agreements.
6	Copy of Public Notice	Public notice is required for reimbursement SPAs with any significant change in the methods and standards for setting payment rates for services.
7	Documentation of Tribal Consultation	Tribal consultation is required before SPA submission if (a) one or more Indian Health Programs or Urban Indian Organizations furnishes healthcare services in the State and (b) the SPA is likely to have a direct impact on Indians, Indian Health Programs, or Urban Indian Organizations. Check Medicaid State Plan Section 1.4 for tribal consultation criteria and process timelines. States may have both a regular and expedited process.

Use Case 2: Assessing Compliance

- By July 1, 2026, States must be in compliance with requirements in the 2023 Comprehensive Guide, including a payment methodology that complies with the 2023 Comprehensive Guide and Federal cost principles.

The SBS Readiness Checklist can help the State assess compliance.

Use Case 2: How to Use the SBS Readiness Checklist to Assess Payment Methodology Compliance

- Locate current SBS language in Medicaid State Plan Attachment 4.19-B.
- Compare SBS language in Medicaid State Plan attachment 4.19-B to the checklist of requirements in the SBS Readiness Checklist:
 - Tab 5.2, Required Information and Additional Instructions for Medicaid State Plan Attachment 4.19-B
 - Tab 5.3, Required Information and Additional Instructions for Specialized Transportation
- Use the “Readiness” column to mark the requirements met.

Use Case 3: Updating an SBS Claiming TSIP

When should a TSIP be updated?

- To change to a reconciled cost methodology for direct services.
- To use optional flexibilities in the 2023 Comprehensive Guide.
 - Change sample size to 385 moments + 15% oversample
- To meet requirement in the 2023 Comprehensive Guide for no more than 2 days' notice and 2 days' response window (by July 1, 2026).
- To expand services → update activity codes.
- To add authorized providers → update cost pool composition.
- To make any other change to time study methodology.

The SBS Readiness Checklist can help the State develop an approvable TSIP.

Use Case 3: How to Use the SBS Readiness Checklist to Update an SBS Claiming TSIP

- Tabs 6.2-6.3 assume a Random Moment Time Study (RMTS) is used.
- First, learn the requirements for a RMTS.
 - Use Tab 6.2, Requirements and Steps to Plan a RMTS.
 - Use the “Readiness” column to track requirements met.
- Second, check that the TSIP includes all required information.
 - Use Tab 6.3, Optional Headers and Required Information for a TSIP with a RMTS Methodology.
 - Use the “Readiness” column to track information included.

Technical Assistance Center (TAC)

The TAC seeks to assist and expand the capacity of State Medicaid agencies, local education agencies (LEAs), and school-based entities to provide greater assistance under Medicaid. This will include convening small group stakeholder calls with target audience members, including a special emphasis on schools located in small, rural communities. The TAC also seeks to develop specific resource materials tailored to the specific needs of LEAs and their communities. The primary “target audience” for the TAC is made up of State Medicaid Agencies and their directors/designees, State Education Agencies, LEAs, and School-Based Entities.

CMS and U.S. Department of Education (ED) share a commitment to children and youth by launching a joint-department effort to expand school-based health services, ensuring children have the health services and supports necessary to build resilience and thrive. Therefore, CMS and ED have joined together to provide additional technical assistance (TA), resources and support on the federal funding available for school-based physical and behavioral health services, including how the Government can:

- Support the delivery of these services.
- Help reduce:
