Source: Mathematica analysis of Centers for Medicare & Medicaid Services, Health Home Information Resource Center Medicaid Health Homes: SPA Overview, December 2023. <https://www.medicaid.gov/sites/default/files/2023-12/hh-spa-overview-dec-2023.pdf>.

Notes: States are expected to report measures for each approved health home program; thus, states could submit more than one Health Home Core Set report for a reporting cycle. Reporting for each amendment (indicated by a separate State Plan Amendment [SPA] ID Number in the table above) should be included with the original health home program and not as a separate report.

States are expected to report the Health Home Core Set measures when their approved health home program has been in effect for six or more months of the measurement period. For health home program amendments, states are expected to include data affected by the amendment combined with data from the original health home program when the amendment is in effect for six or more months of the measurement period. For more information, contact the TA mailbox at MACQualityTA@cms.hhs.gov.

* The measurement period is January 1, 2023 to December 31, 2023 for the FFY 2024 reporting cycle; and January 1, 2024 to December 31, 2024 for the FFY 2025 reporting cycle.

FFY = Federal Fiscal Year; HIV/AIDS = Human Immunodeficiency Virus/ Acquired Immunodeficiency Syndrome; NA = Not Applicable; SPA = State Plan Amendment.
